TO: Honorable Members of the New Jersey State Legislature

FROM: Robert A. Briant, Jr., Vice Chairman of the Board, New Jersey Infrastructure Bank

SUBJECT: State Fiscal Year 2019 First Amended Interim Financing Program Project Priority List for Short-Term Funding in the New Jersey Environmental Infrastructure Financing Program

Overview – The New Jersey Infrastructure Bank (the “NJIB”) is pleased to present to the New Jersey State Legislature, an amended Project Priority List (“PPL”) consisting of three hundred and seventy nine (379) projects at a total estimated cost of \$3.86 billion, including thirty-seven (37) additional projects for which applications were received since March 15, 2018, the cut-off date for the previous PPL, for State Fiscal Year (“SFY”) 2019. This amended PPL is submitted in accordance with the NJIB’s Enabling Act, P.L. 1985, Chapter 334, as amended (“Enabling Act”) and is a complete compilation of all projects seeking financing.

Background – Since issuing the first loan in 1987, the NJIB has partnered with the Department of Environmental Protection (“DEP”) to jointly fund and manage the annual New Jersey Environmental Infrastructure Financing Program (“NJEIFP”), which provides efficient, low-cost financing for environmental infrastructure projects. The NJEIFP leverages Federal and State Revolving Funds (“SRF”), offered at a zero-percent interest, with NJIB publicly issued AAA-rated bonds to provide the lowest possible interest rate loans to participants for the construction and long-term funding of environmental infrastructure projects.

Short-Term Loan Priority List – As part of the NJEIFP, the NJIB issues short-term loans to facilitate the construction process. The NJIB’s Enabling Act requires that any project receiving short-term financing must be included on the interim financing PPL submitted to the Legislature and must be sponsored by an eligible borrower. The PPL for SFY2019 was submitted to the Legislature as part of the NJEIFP’s SFY2019 Priority System and Project Priority List in January 2018 (the “January Report”). It was also submitted to the Legislature in May 2018 as part of the NJIB Financing Program Base SFY2019 and Superstorm Sandy Financial Plan (the “May Report”), limited to projects receiving authorization to award construction on or before March 15, 2018. The Enabling Act (P.L.2016, c. 30) authorizes the NJIB to amend the Priority List four times during the fiscal year. This submission serves as the first such amendment.

Projects – The First Amended Interim Financing Program Priority List for SFY2019 submitted herewith reflects the revision of the estimated cost of one (1) project (identified in **BOLD**) and the addition of thirty-seven (37)

new projects (identified in **Green**). As is customary, the SFY2019 Priority List is presented as two project lists;

- Clean Water projects are listed in Appendix A, and
- Drinking Water projects in Appendix B.

The projects are presented alphabetically with project prioritization information. The NJEIFP's project prioritization methodology is the means by which limited financing program funds are distributed among eligible projects. The detailed ranking methodologies for Clean Water and Drinking Water Projects were set forth in the NJEIFP's Federal FY2018 Intended Use Plans available at:

<https://www.njib.gov/njeit/program-publications>.
