1. **NJPDES-1 Form**: Complete all applicable items. Instructions are provided on the form. (Note: Item 5. Please briefly state as clearly as possible why you are applying. For example, state the nature of facility, the square footage of the buildings, the maximum daily population the facility is designed to serve, type and size of proposed disposal system, design flows, etc. Provide as much descriptive information on the discharge and the source of the discharge as possible.) If you would like to do business electronically, please complete and submit the “Agreement To Do Business Electronically” that is included with this form.

2. **FORM A**: This form replaces EPA’s NPDES Form-2A & Technical Form#1. Detailed instructions are provided on the form.

3. **FORM SIU-1**: Submit one form for each Significant Indirect User (SIU) not previously served by the applicant and reported to the Department. If there is no such SIU, or the treatment system is privately owned and operated, submit one copy of the form indicating NONE in response to the request for “User Name”.

4. **FORM C**: Detailed instructions are provided on the form.

5. **LOCAL NOTICE: EVIDENCE OF PERMIT APPLICATION SUBMISSION TO THE AFFECTED SEWERAGE ENTITY(IES) AND MUNICIPALITY**: Submit copies of the signed and dated notices that were sent along with the application to the affected sewerage entity(ies) and municipality via “Certified Mail Return Receipt Requested” or by other means, and copies of the dated certified mail return receipts or other means of verification of receipt.

**NOTE**: Prior to submitting an application to the Department, submit the following to the affected sewerage entity(ies) and municipality in accordance with N.J.A.C. 7:14A-4.3(a)13:

1. A copy of the permit application.
2. A written notice (Certified Mail Return Receipt Requested or by other means which allows verification of the date of receipt) that the sewerage entity(ies) and municipality must submit to the Department written comments or objections regarding the proposed discharge or activity within 30 days of receipt of said notice. The Department shall consider these comments in determining whether to issue a draft permit in accordance with N.J.A.C. 7:14A-15.6.

6. **CONSISTENCY DETERMINATION**: Submit evidence that a Water Quality Management Plan (WQMP) amendment approval or favorable consistency determination has been applied for and received, or indicate the reasons otherwise. **NOTE**: Renewal or modification of existing permitted activities that do not propose significant modifications as determined by the Department, do not require a formal consistency determination review, but shall not conflict with WQMP plans.

7. **FORM R**: Instructions are provided with the form. If your facility has been issued a SQAR General Notice of Authorization, you do not have to submit a Form R.

8. **TREATMENT FLOW DIAGRAM**: Include a line drawing of the wastewater flow through the facility showing all treatment units and disposal areas. Include a residual management flow schematic where applicable. Please read further instructions on forms A & C.

9. **TOPOGRAPHIC MAP**: A USGS topographic map or a copy of the applicable portion (7.5 minute quadrangle series on which an outline of the site is drawn and serves as a focal point for an area that represents 1 mile beyond the property boundary of the facility). Please read further instructions on forms A & C.

10. **FACILITY DIAGRAM**: A diagram showing the location of the facility. Please read further instructions on forms A & C.
