

PUBLIC NOTICE

In accordance with New Jersey Department of Environmental Protection Administrative Order 2021-2025, the Passaic Valley Sewerage Commission (“PVSC”) will hold a virtual public hearing for the purpose of receiving oral and/or written comments on its Title V Air Permit Modification Application submitted to the New Jersey Department of Environmental Protection on July 2, 2021. The virtual hearing will be held on April 26, 2022, from 6:00 pm to 8:30 p.m. Instructions on how to register for and join the meeting are available at <https://www.nj.gov/pvsc>.

PVSC will also receive and consider written comments for 60 days. The written comment period will end at 4:15 pm on Friday, June 3, 2022. No comments will be accepted thereafter. Comments should be addressed to Mr. John Rotolo, Chief Engineer, Passaic Valley Sewerage Commission, 600 Wilson Avenue, Newark, NJ 07105. PVSC will respond to all timely-submitted comments.

The requested modification to its current Title V Air Permit would allow PVSC to operate a Standby Power Generation Facility (the “SPGF”) in accordance with the specifications set forth in the application. The SPGF is one integral part of an overall hazard mitigation program previously approved by the Federal Emergency Management Agency and NJDEP. Interested parties are encouraged to review the complete Title V Air Permit Modification Application, along with an accompanying compliance statement, both of which can be accessed on-line at <http://www.bit.ly/SPGFProject>. Printed copies of the Title V Air Permit Modification Application and the compliance statement are currently available at the following depositories:

Newark Public Library, 5 Washington Street, Newark, NJ 07101
Jersey City Public Library, 472 Jersey Avenue, Jersey City, NJ 07302
Paterson Public Library, 250 Broadway, Paterson, NJ 07501
Johnson Public Library, 274 Main Street, Hackensack, NJ 07601
Elizabeth Public Library, 11 South Broad Street, Elizabeth, NJ 07202

Printed copies are also available upon written request from:

John Rotolo, Chief Engineer
Passaic Valley Sewerage Commission
