

**NJDEP MASTER LIST OF SUBMITTED
LOCAL MUNICIPAL NOISE ORDINANCES**

March 10, 2025

Pursuant to N.J.S.A. 13:1G-21 and N.J.A.C. 7:29-1.8 a local noise ordinance establishing specific sound level limits must meet with the written approval of the New Jersey Department of Environmental Protection. To the best of our knowledge, this list is accurate and complete. However, individual jurisdictions should review their files, as a letter from the Department regarding the approval status of a local ordinance supersedes the information contained herein. If a discrepancy is found, please notify the Department. Please be aware that the Department does not, nor have the authority to, review or approve municipal noise nuisance codes or those based upon the “plainly audible” standard (i.e., codes without specific decibel limits). Some jurisdictions listed here as having a code which was disapproved may have subsequently adopted such a code.
