Farmer Regulations

See *General Hunting Regulations*, page 24.

Farmer License Exemption

Farmers and the immediate members of their family who also reside on the farm may hunt, trap and fish on the farm without being licensed or possessing a valid rifle permit. This exemption does not apply to a tenant or employee who is not an immediate family member. **All fish and wildlife laws and regulations, season dates and bag limits that apply to the hunting and fishing seasons also apply to farmers.** All harvest tagging and reporting requirements apply; use self-made tags where appropriate.

Definitions

- ♦ **Farm** – must meet qualifications under NJ Farmland Assessment Act of 1964. See www.state.nj.us/agriculture/divisions/anr/pdf/farmlandassessmentoverview.pdf.
- ♦ **Farmer Exemption** – A farmer and members of the immediate family who also reside on the farm may hunt, trap, and fish on the farm without being licensed or possessing a valid rifle permit. This exemption does not apply to a tenant or employee who is not an immediate family member.
- ♦ **Immediate Family** – includes the spouse, mother, father, parent, child, grandchild, stepchild, stepparent, legal guardian, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandparent, great grandparent, brother, sister, stepsister, stepbrother, brother-in-law and sister-in-law of the farm owner or lessee *who reside on the farm*. All hunting, fishing and trapping laws must be followed.

CID Requirement

All farmers hunting deer must have a Conservation Identification Number (CID). Farmers who already receive free farmer deer or turkey permits, and farmers who have purchased a hunting license/permit and/or freshwater fishing license since 2006 already have an assigned, permanent CID.

Register for a free CID# online at the link below. No purchase is required but you must create a profile in the online license sales site. From our homepage at NJFishandWildlife.com, click on the **shopping cart icon** to enter our License Sales Site. Follow the instructions to create a profile. Your 9-digit CID will display on screen once your profile has been completed.

Farmers must follow all the same harvest reporting regulations as for non-farmers. **Occupant farmers who are exempt from the license requirement will not have tags for Fall Bow, Six-Day Firearm or Winter Bow seasons.** Immediately upon harvest, make a paper tag or use the Harvest Report Tag on page 31. When reporting your **occupant farmer** deer harvest, select the **'I am a farmer without tags'** option. For harvest reporting information on deer, see page 32; for turkey, see page 52. To report a deer harvest, call (855) 448-6865 or online at www.NJ.WildlifeLicense.com.

Hunting Permits for Farmers

The occupant of a farm may allow his or her dog to run at large on land he or she occupies, except while *any* deer season is open.

Farmers must possess the appropriate permit to legally hunt the farm during any hunting or trapping season which requires a permit. **Permits are provided free to all qualified farmers for the following seasons:** Permit Bow, Permit Muzzleloader and Permit Shotgun deer seasons; the spring and fall Turkey Permit seasons. Sunday bowhunting for deer is legal only on state wildlife management areas and private property.

Farmer Application period: June 1–August 1.

New farmers must submit an application to obtain free turkey, deer permits. Applications are available on our website at NJFishandWildlife.com/farmer.htm under Farmer Certification Application for Deer and Turkey Permits. Print out both pages and use the instruction sheet to fill out the application. Applications are also available at your local county agricultural extension office.

Once approved, farmers may claim their farmer permits online (self-print on plain paper) or at any license agent. The dates when permits will become available are listed below.

Farmer Deer Permits

- ♦ Farmers may claim deer permits beginning MONDAY, Sept. 13, 2021 at 10 a.m. at any license agent or via the internet sales site.
- ♦ Approved farmers are eligible for one free antlerless bow, shotgun, and muzzleloader permit and one free Antlered Buck Permit for each of the three permit seasons. **If a farmer claims their FARMER Buck Permit, they cannot purchase a regular Antlered Buck Permit.** Likewise, if a farmer first purchases an Antlered Buck Permit, the farmer cannot claim a Farmer Buck Permit. The Antlered Buck Permit is valid for any zone in which the farmer has an antlerless zone-specific permit for the season.
- ♦ Two types of farmer permits—occupant and non-occupant farmer as identified below—allow the applicant to decide for which permit it is easiest to qualify. Farmers who must change the occupancy status for their deer permit should call (609) 292-1473.
- ♦ Farmers may also purchase regular deer permits in addition to the free farmer permits. If hunting elsewhere from the farm on which you reside, a valid hunting license is required. See *Deer Permit Information*, page 39.

Occupant Farmer Deer Permits

- ♦ Applicants must be the owner, lessee or members of the immediate family who reside on the farm property. Land must be at least five acres, tax assessed as farmland. Occupant permits are valid only on the farm property where the applicant resides.

Non-Occupant Farmer Deer Permits

- ♦ Applicants are not required to live on the farm property. Farmer(s) and immediate family may

qualify, up to a total of five people. Must actively till at least 30 acres of land which is tax-assessed as farmland. Woodlots do not qualify.

- ♦ To apply for leased farmland, *a copy of all leases authorizing the agricultural and hunting uses of the land must be attached to the application.*
- ♦ Non-occupant permits are valid only on private land within the deer management zone designated on the permit and are not valid on public lands within that zone.
- ♦ An applicant who lives on a farm and actively tills at least 30 acres may apply either as an occupant or a non-occupant.
- ♦ A valid hunting license must be in possession in order to claim Non-occupant Farmer Permits.

Farmer Turkey Permits

Farmers may claim **fall** season turkey permits beginning MONDAY, September 13, 2021 at 10 a.m. at any license agent. Farmer Turkey Permits are only for Occupant Farmers on their farm property. Farmers may claim **spring** season turkey permits beginning MONDAY, March 28, 2022 at 10 a.m. If you experience a problem obtaining the fall permit at a license agent, call (609) 292-1473.

Fall Turkey Season is now open in all Turkey Hunting Areas. Farmers may also purchase regular turkey permits in addition to the free farmer permits.

Wildlife Damage Management Options for Farmers

See NJFishandWildlife.com/farmer.htm#damage.

Noise Cannons: Farmers experiencing losses to deer and other wildlife can apply for a permit to use a noise cannon. Noise cannons can be an LP exploder, acetylene exploder, carbide exploder, or any other mechanical device approved by the N.J. Division to scare or repel birds, deer or other wildlife. Interested farmers should contact the regional Fish and Wildlife law office (page 18, 80) for information and permit application.

Damage Permits for Deer, Black Bear, Turkey, Geese

For farmer deer management options, see NJFishandWildlife.com/pdf/farmer-deer_brochure.pdf.

Farmers experiencing **deer damage** may apply for a Deer Depredation Permit which allows for the take of deer outside of the normal hunting season. See NJFishandWildlife.com/depredationpermits.htm.

Farmers experiencing **black bear damage**, contact the NJ DEP Hotline toll-free at 1 (877) 927-6337 (1-877-WARNDEP).

Farmers experiencing **damage from wild turkeys** should contact the Wildlife Control Unit at (908) 735-8793 or write NJ Div. of Fish and Wildlife-WCU, 141 Van Syckels Rd., Hampton, NJ 08827 to arrange for an on-site inspection.

Resident geese are classified as a migratory game bird and are protected by federal law. Farmers experiencing damage to crops due to resident geese may apply for a permit to manage them by contacting the U.S. Department of Agriculture

Regulations in **red** are new this year.

New Jersey's Outstanding Deer Program showcases the fine quality deer produced in the Garden State while recognizing the hunters who harvested them with a bow, crossbow, shotgun or muzzleloading rifle. Our Program follows the measuring standards developed by the Boone and Crockett Club. This scoring system gives credit to antler length, spread, number of points, mass and symmetry.

Joining the program's regular Open Division is a **Youth Division** for hunters ages 10–16 with eased entry requirements reduced by 10 points (inches) for all **Antler** categories and a reduction in the **Weight** category requirements by 10 or 20 pounds for doe and buck, respectively. (See table below for minimum entry requirements.)

Legally harvested deer must be taken under the Boone and Crockett-defined rules of fair chase. Deer taken from enclosed hunting lands are not eligible.

Applications are due Nov. 1 — NO EXCEPTIONS. No entry fee.

All deer must be scored by an official measurer. Visit our website at NJFishandWildlife.com/outdeer.htm for program background, rules, score/entry forms plus a **list of official measurers**. (See page bottom at *Entering the Outstanding Deer Program*. Follow link at second page bottom.)

Don't wait for the approaching deadline to schedule with an official measurer. Racks waiting at the taxidermy shop can be "borrowed" for scoring then returned to the taxidermist for mounting. A rack is easier and safer to transport and measure than a mount. **Ask your taxidermist to have the mount completed by Dec. 31 to be ready for the January Deer Classic.** (See page 72.)

Weight categories recognize exceptional body size as determined by the **field-dressed weight, all vitals removed**. See chart for minimum eligible weights. Bucks must be weighed on a certified scale† (no truck scales**) with the weighmaster's signature on a letterhead receipt or on the entry form, available on our website. Does must be weighed either on a Fish and Wildlife regional office scale or on a certified scale with signature proof, as above.

Any properly licensed hunter, resident or non-resident, is eligible to enter their deer **harvested from the previous year's hunting seasons**. Deer must be taken in accordance with New Jersey wildlife laws and regulations.

Official entry consists of the **original** score sheet, hunter information page plus a clear photo of the hunter with their deer, preferably a field photo from the day of harvest. Forms with instructions are available on Fish and Wildlife's website NJFishandWildlife.com/outdeer.htm.

For questions, email Fish and Wildlife at NJFishandWildlife@dep.nj.gov or call (908) 637-4125. **Qualifying entries for deer harvested during the 2021–22 hunting seasons will be recognized at the 2023 Garden State Deer Classic.**

Join Fish and Wildlife in celebrating New Jersey's outstanding white-tailed deer at the January at the Garden State Outdoor Sportsmen's Show in Edison. See ad on page 72 for more information.

The table at right lists the **top-scoring deer and the hunters who harvested them during the 2019–20 deer hunting seasons, not the most recent 2020–21 hunting seasons**. Current season harvests will be honored at the January 2023 Deer Classic and printed in next year's *2023 Hunting & Trapping Digest*.

Thermal Sales and Consulting

229-669-9748

For \$500 per night, per person, we take you on the ultimate night hog hunt! We use highly modified 4x4 luxury vans equipped with long range thermal optics, hooked up to the huge screen inside the van. This allows us to take 4 hunters per van (2 vans), in comfort and cover 1000's of acres a night in search of wild hogs. Once we spot them from the van or with the thermal drone, we stalk in very close, and try to kill every hog we see! If we put you in front of 20 hogs at 60 yards, with the best gear money can buy, how many will YOU get?? Come find out!!
