NJ Division of Fish and Wildlife Skillful Angler Awards Program P.O. Box 400 Trenton, NJ 08625-0400

Skillful Angler Awards Program

The Skillful Angler Awards Program is designed to supplement the New Jersey Record Fish Program. It is comprised of three categories: Adult (for anglers age 16 and older), Junior (under age 16) and Catch and Release (based on length). A clear, side-view photo that allows accurate species identification must be included with each application. All photo entries become property of the Division of Fish and Wildlife and will not be returned.

The Skillful Angler Awards program acknowledges that many anglers catch freshwater and marine fish that are not record size, but are still worthy of recognition because the size and weight of the fish sufficiently tested the angler's skill. The program is open to resident and non-resident anglers. All fish must be caught in New Jersey waters using a hook and line during legally open seasons.

Anglers qualifying for a Skillful Angler award receive a certificate and a bronze pin to adorn their fishing hat or jacket. Only one pin and certificate per species regardless of category will be awarded annually to each participant, but an angler may submit applications for larger fish caught even after

At the end of the year, special recognition is given to anglers who catch the largest fish in each species category. The winner of each category receives a special commemorative gift recognizing his or her accomplishment as the best of New Jersey's Skillful Anglers.

Fish must be measured from the tip of the nose (with mouth closed) to the tip of the tail. For Adult/Junior categories, fish must be weighed and measured by fishing license agents, tackle shops or authorized Fish and Wildlife fisheries biologists.

Minimum requirements for each freshwater species:

	Adult Weight (lbs., oz.)	Junior Weight (lbs., oz.)	Catch and Release (inches)
Largemouth bass	6 .	4 .	21″
Smallmouth bass	4 .	3 .	19″
Striped bass hybrid	8.	6 .	24″
Striped bass	30 .	25 .	40″
Bullhead	2	1 lb., 8 oz .	14″
Carp			
Channel catfish			
Crappie			
Muskellunge			
Yellow perch			
Chain pickerel			
Northern pike			
American shad			
Brook trout			
Brown trout			
Lake trout			
Rainbow trout			
Sunfish			
Walleye			
•		, -	

Note: The New Jersey State Record Fish Program requires a separate application and is based on weight alone. Scale certification documentation and a weighmaster's signature are necessary. Other rules apply. Visit Fish and Wildlife's Web site at www.njfishandwildlife.com for a complete list of current state records.

New Jersey State Record Freshwater Sport Fish

The Record Fish Program honors the largest species of fish caught in New Jersey. It revolves around a specific list of eligible freshwater and saltwater species, and is based on weight alone; there are no line classes. Scale certification documentation, specifically the Certificate of Inspection/Test Report and Registration Certificate issued by the New Jersey Office of Weights and Measures as well as a weighmaster's signature are necessary. Other rules apply.

The Record Fish Program now accepts 103 species: 31 freshwater, 72 saltwater. The objective of this program is to increase awareness of fishing opportunities for species that are regularly sought and routinely found in or off the New Jersey coast.

For more information, an application or a complete list of state record fish, visit New Jersey Division of Fish and Wildlife's Web site at www.NJFishandWildlife.com.

- * Denotes historical record
- ** Denotes fish has been certified by the IGFA as a world record

Stop the Spread of Invasive species!

Invasive Fish Species such as Northern snakeheads, flathead catfish, koi or goldfish must not be stocked or returned to the water! If you catch a northern snakehead or flathead catfish immediately call Fish and Wildlife at (908) 236-2118.

Must have all three characteristics:

- 1) Upper white lobe on caudal fin,
- 2) Protruding lower jaw,3) Tail NOT deeply forked

It is illegal to transport any fish, *including* game species, from one water-body to another. It is illegal to stock any fish in New Jersey without a Permit!

- ➤ DRAIN all water from bait buckets and live wells
- ➤ REMOVE all weeds from boats and trailers
- ➤ CHECK boats and motors for zebra mussels
- > DRY boats and trailers completely between launches

DON'T HELP THEM SPREAD!

 Zebra mussels look like small clams with a yellowish or brownish "D"-shaped shell, usually with alternating dark and light colored stripes.
 They can be up to two inches long, but most

- They can be up to two inches long, but most are under an inch. Zebra mussels usually grow in clusters containing numerous individuals and are generally found in shallow, nutrient rich water.
- Zebra mussels are the ONLY freshwater mollusk that can firmly attach itself to solid objects—rocks, dock pilings, boat hulls, water intake pipes, etc.

- Note the date and precise location where the mussel or its shell was found.
- Take the mussel (several if possible) with you and store in rubbing alcohol. DO NOT THROW IT BACK IN THE WATER
- IMMEDIATELY call Dr. Michael Weinstein, New Jersey Sea Grant Headquarters, (732) 872-1300 extension 21

Health Advisory

For Eating Fish And Crabs Caught In New Jersey Waters Fish Smart — Eat Smart

ishing provides enjoyable and relaxing recreation. Fish are an excellent source of protein and other nutrients and play a role in maintaining a healthy, well-balanced diet. Many anglers enjoy cooking and eating their own catch. However, elevated levels of potentially harmful chemical contaminants, such as dioxin, polychlorinated biphenyls (PCBs), pesticides and mercury have been found in certain fish and crabs in some New Jersey waters, and fish consumption advisories have been adopted to guide citizens on safe consumption practices.

The current list of fish consumption advisories consists of statewide, regional and waterbody-specific warnings for a variety of fish species and fish consumers. The New Jersey Department of Environmental Protection and the Department of Health and Senior Services have prepared literature to help you make informed choices about which fish to eat and how to reduce your exposure to these harmful chemicals. The Fish Smart-Eat Smart Fish Advisory Guide includes contaminant information, advisory charts plus preparation and cooking methods to reduce contaminant levels, as well as specific guidelines, advice and prohibitions for people at high risk, such as children, pregnant women and women of child-bearing age. The Fish Smart-Eat Smart Fish Advisory Guide also includes Web site links to Pennsylvania, Delaware and New York for information about fish consumption advisories for shared waters.

Check online for fish consumption advisories on the local water body in which you fish! Go to www.state.nj.us/dep/dsr

The Fish Smart-Eat Smart Fish Advisory Web site now includes a Geographic Information System (GIS) map linked to current fish consumption advisories statewide. For example, to see the latest

mercury or PCB advisories for your area, just select the county by clicking on the map. The page will show the water body location, fish species and any advisories that apply. This new Web site feature makes it easy to find current fish consumption advisories for the specific water body in which you fish.

To reduce exposure to harmful chemical contaminants when preparing and eating the fish species taken from the identified waters, it is essential to follow the guidelines provided. The DEP encourages you to consult the Fish Smart-Eat Smart Fish Advisory Guide or Web site www.FishSmartEatSmartNJ.org when making decisions about eating recreationally caught fish and crabs.

The fish consumption advisories, Fish Smart-Eat Smart Fish Advisory Guide and Fish Smart-Eat Smart Fish Advisory Web site are each updated periodically and are available in print or online through these agencies:

FREE Freshwater Fishing Days

June 9 and 10, 2007

On these two days, residents and non-residents may fish New Jersey's public fresh waters without a license or trout stamp. All other regulations, including size and daily catch limits, remain in effect.

Grants available to help teachers get fishing education into their curriculum

Halth and physical education teachers can receive up to \$5,000 to establish a fishing and/or boating program in their schools. The grant is open to all K12 health and physical education teachers who are members of the American Alliance for Halth, Physical Education, Recreation and Dance. Deadline for application is March 72007

For more information on the physical-education grants, visit the Future Fisherman Foundation at wwwfuturefishermanorg/pegrant.To learn more about fishing opportunities for students, contact Jessica Griglak of New Jersey Division of Fish and Wildlife at **(98) 8**74125 or visit wwwNJFishandWildlifecom.

Kids Can Let Their Creativity Go Wild in NJ Fish Art & Writing Contest

New Jersey students in grades four through eight are invited to enter New Jersey Division of Fish and Wildlife's 2006 Fish Art and Writing Contest to win special prizes, including a chance to go fishing at the Pequest Trout Hatchery & Natural Resource Education Center on opening day of trout season.

Contestants will create an original drawing or painting of a fish found in New Jersey, depicted in its natural habitat. The artwork may be acrylic, watercolor, oil, oil pastel, crayon or ink. Finished size should be approximately eight inches by 10 inches.

Entries must be postmarked by **Friday, March 10, 2006**. All entries become the property of Fish and Wildlife and cannot be returned.

This art and writing contest is based on the Aquatic WILD activity "Fishy Who," Who," designed for grades five through eight. For details and a full description of this educational activity, visit Fish and Wildlife's Web site: www.njfishandwildlife.com. This activity helps teachers meet the following New Jersey Science Standards:

5.5 Life Science Grade 4: A1, A2 Grade 6: C1 Grade 8: B1, B2

5.10 Environmental Studies Grade 6: A1, B1

Sixth grader Eric Kang of Mount Pleasant Middle School took first place in his category.

ADVERTISEMENTS

New Jersey State Federation of Sportsmen's Clubs, Inc.

WE WORK TO ...

- PROTECT YOUR INTEREST IN RESPONSIBLE MANAGEMENT OF FISH AND WILDLIFE
- PROMOTE CONSERVATION OF NEW JERSEY'S NATURAL RESOURCES

WE ARE... "THE FEDERATION"

It's a coalition of hunters, anglers, trappers, recreational shooters and others who have an interest in enjoying—and preserving—the great outdoor opportunities available in New Jersey.

It's an alliance that includes individual sportsmen, local fishing/hunting clubs, statewide groups and chapters of large, well-known sportsmen/conservation organizations. The members of the Federation have an official say in all policies, recommendations and proposals that the Federation advances.

The members of the Federation have a direct impact on fish and wildlife policies of New Jersey. By LAW the Federation fills six of the 11 seats on the Fish and Game Council.

Visit us at www.NJSFSC.org

The Division of Fish and Wildlife (DFW) in the NJ Department of Environmental Protection (DEP) is the state agency charged with managing all fish, game and wildlife programs in the state. The NJ Fish and Game Council was created by law and empowered to adopt the Fish and Game Code and advise the DEP Commissioner and the DFW on the management of fish, wildlife and habitat. Sportsmen appointees enact wildlife-related law and influence wildlife policy. Each of the Fish and Game Council members selected by the Federation maintains close contact with us to keep us informed and to understand our positions on various issues.

Involvement from interested sportsmen—JUST LIKE YOUhas made a real difference, and will continue to do so.

If you care about

- Wise management of fish and wildlife populations
- Protection and enhancement of our natural lands and waters
- Preservation of our traditional outdoor sports

If you want to

- Meet others who share similar interests
- Keep informed on current issues affecting NJ sportsmen
- Have fun and participate in Federation-sponsored activities: dinners, conventions, clay target shoots, jamborees, tournaments, etc.

Then get involved!

NJSFSC Membership provides one million dollars of sportsmen

Memberships: ____\$30 Includes monthly newspaper and insurance
