

Eagles!

Sunday, August 11, 1:30 – 3:00 pm

Photo: Chuck Hantis

In 1982, there was

one

active eagle nest in

New Jersey.

By 2018

there were

185!

How did this happen?

Join Kevin & Karin Buynie, Bald Eagle Project Volunteers, who are completing their 11th season monitoring nests. Learn all about bald eagles and the history of bald eagle conservation in New Jersey.
