

Backyard Naturalist

Nature Art

Directions

Think of something that you would like to create outside using all natural materials. Do you want your creation to be big? Small? Laying on the ground or a 3-D sculpture? Your creativity is your only limitation.

Go explore your yard for things to help you create your art. Sticks, feathers, rocks, shells, acorns, ferns, flowers, etc. are all great items. Look for different textures to create what you want.

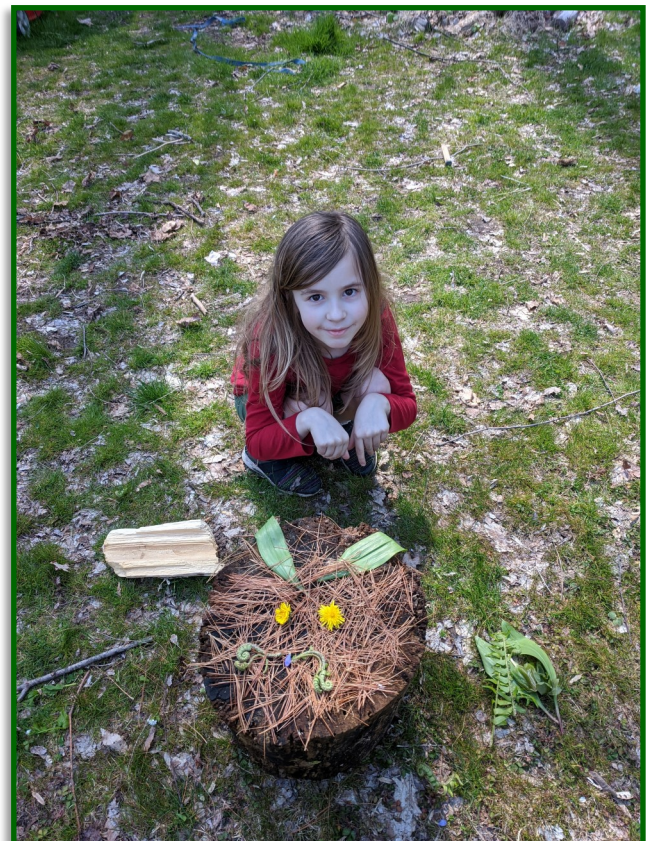

Look up artists who have created nature art, such as Andy Goldsworthy, Andrew Rogers and Simon Beck to see how these land artists are using nature in art.

Fish made of sticks, pine branches, corn husks and dandelions.

Rabbit made of slate, corn husks, mayapples, walnuts, pine needles and dandelions.

Rabbit made of pine needles, ramps, dandelions and fiddlehead ferns.
