

Rebuild by Design Drilling Schedule (updated 2/17/2020)

Fieldwork will be occurring in the area of Weehawken Cove near the 1600 Block of Willow Avenue. If you have any questions please contact rbd-hudson@nj.gov

Rebuild by Design:

The Engineering Team for Rebuild by Design will be drilling one soil boring at the vacant lot north of Harborside Park, east of Park Avenue near 16th Street on Thursday 2/13/2020 and Friday 2/28/2020. Minor noise will result from this work between 8 AM and 4 PM, in compliance with the City's noise ordinance. This geotechnical investigation is part of the engineering design analysis for the \$230 million federally-funded Rebuild
