

The Draft 2013-2017 New Jersey Statewide Comprehensive Outdoor Recreation Plan (SCORP) is available for review and comment. It has been prepared by the New Jersey Department of Environmental Protection's Green Acres Program. The plan will guide the expenditure of state and federal funds for open space and recreation projects. The preparation of the SCORP maintains the State's ability to receive funding from the Land and Water Conservation Fund (LWCF) which is administered by the National Park Service. New Jersey has received over \$120 million from the LWCF which has been used to preserve over 75,000 acres of land and build 237 park and recreation projects statewide. You may also review the SCORP online at www.state.nj.us/dep/greenacres.

Please share this information with your park and recreation and planning departments.

We are requesting that comments be sent by December 31, 2013 to:

Steven Jandoli
Green Acres Program
Mail Code 501-01 PO Box 420
Trenton, New Jersey 08625-420

Comments may also be sent to: steve.jandoli@dep.state.nj.us
