The United States of America, represented by the Director, Bureau of Outdoor Recreation, United States Department of the Interior, and the State named above (hereinafter referred to as the State), mutually agree to perform this agreement in accordance with the Land and Water Conservation Fund Act of 1965, 78 Stat. 897 (1964), and with the terms, promises, conditions, plans, specifications, estimates, procedures, project proposals, maps, and assurances attached hereto and hereby made a part hereof.

The United States hereby promises, in consideration of the promises made by the State herein, to obligate to the State the amount of money referred to above, and to tender to the State that portion of the obligation which is required to pay the United States' share of the costs of the above project stage, based upon the above percentage of assistance. The State hereby promises, in consideration of the promises made by the United States herein, to execute the project described above in accordance with the terms of this agreement.

The following special project terms and conditions were added to this agreement before it was signed by the parties hereto:

This Agreement is not subject to provisions of Section 8.2(d) and D-4 of the attached General Provision dated December 1965.

The State of New Jersey agrees to comply with the terms and intent of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, 84 Stat. 1894 (1970) and the applicable regulations and procedures of the Department of the Interior implementing such Act.

The State of New Jersey shall transfer to the Hunterdon County Board of Chosen Freeholders all funds granted hereunder.

In witness whereof, the parties hereto have executed this agreement as of the date entered below.

Re: #34-00235  
South Branch Linear Park

Dear Helen:

I am pleased to inform you that we have reviewed the final documents submitted for the completion of the above noted project and found them to be in order. Therefore, we consider the project to be satisfactorily completed.

Please note that actual expenditures are subject to verification at audit.

Sincerely,

Robert W. Johnson  
Chief, State Programs Division

**Title**
The entire acquisition is undeveloped and relatively flat sloping slightly towards the adjacent South Branch of the Raritan River. The vegetation varies from open grassy fields to heavily wooded sections. Recreation opportunities, both passive and active, are unlimited.

Nature studies, picnicking, play fields, and hiking, bicycling, and bridle paths are favorable for the area. Fishing needs can be satisfied with access along the river more readily available to the public. These considerations along with the natural beauty of the site will compliment the Hunterdon County Park System nicely.

**TOTAL ACREAGE ACQUIRED - 784.473+**
DEED

This Deed is made on January 28, 1985.

BETWEEN PAUL C. WIRTZ also known as PAUL WIRTZ

whose address is R.D. 1, Lebanon, New Jersey 08833 referred to as the Grantor,

AND HUNTERDON COUNTY, BOARD OF RECREATION COMMISSIONERS

whose post office address is Main Street, Flemington, New Jersey 08822 referred to as the Grantee.

The words "Grantor" and "Grantee" shall mean all Grantors and all Grantees listed above.

Transfer of Ownership. The Grantor grants and conveys (transfers ownership of) the property described below to the Grantee. This transfer is made for the sum of SIX HUNDRED NINETY ($156,900.00) DOLLARS, the Grantee acknowledges receipt of this money.

Tax Map Reference. (N.J.S.A. 46:15-21) Municipality of Clinton Township Block No. 82 Lot No. 57-1 Account No. __________ No property tax identification number is available on the date of this deed. (Check box if applicable.)

Property. The property consists of the land and all the buildings and structures on the land in the TOWNSHIP of CLINTON County of HUNTERDON and State of New Jersey. The legal description is:

SEE ATTACHED SCHEDULE "A"

The premises are also described, as the result of a new survey by Robert C. Bogart & Associates, as attached Schedule B.

By the acceptance of this conveyance, the Grantee covenants and agrees that, for the purpose of future transfers, the premises herein conveyed will be added to and become one tract with the premises now owned by the Grantee, adjoining the premises hereby conveyed on the Southwest.

Being a portion of the same lands and premises conveyed by Edith A. McClintock, et ux., et al., to Paul Wirtz by deed dated July 1, 1954 and recorded in the Hunterdon County Clerk's Office in Book 540 of Deeds, on page 522, and further being a portion of the same lands and premises conveyed by George E. Melick, et ux. by deed dated August 4, 1959 and recorded in the Hunterdon County Clerk's Office in Book 603 of Deeds, page 531.

The consideration herein is being paid by way of gift from Grantor to Grantee and no money has exchanged hands for the transfer of this property.

Prepared by:

GEORGE H. ROHRMANN
ATTORNEY AT LAW OF NEW JERSEY
DESCRIPTION OF LOT 61, BLOCK 82
IN THE
TOWNSHIP OF CLINTON
HUNTERDON COUNTY, NEW JERSEY

Beginning at an iron pipe found for a common corner to land of the County of Hunterdon, said iron pipe found marks the termination of Course #8 and the beginning of Course #9 in a deed to the County of Hunterdon, recorded in the Hunterdon County Clerk's Office in Deed Book 790, page 423 and running; thence

(1) Along the line of land of the County of Hunterdon and along the line of land Land Corporation (passing through iron pipes found on line a distance of 135.61' and 535.61' from the beginning of this course), North, eighty-six degrees, seventeen minutes, zero seconds, East (N 86° 17' 00" E), a total distance of six hundred seventy-three and fifty-eight feet (673.58') to an iron pipe set for a common corner to the aforementioned Land Corporation; thence

(2) Along the line of land of Land Corporation, South, ten degrees, seven minutes, zero seconds, West (S 10° 07' 00" W), two hundred twenty-five and fifty-four hundredths feet (225.54') to an iron pipe set for a common corner to the same; thence

(3) Still along the same, South, forty-two degrees, forty-three minutes, zero seconds, East (S 42° 43' 00" E), one hundred seventy-seven and fifty-four hundredths feet (177.54') to an iron pipe found for a common corner to the same, said iron pipe found being on the line of land of Paul Wirtz; thence

(4) Along the line of land of the aforementioned Paul Wirtz and the aforementioned County of Hunterdon (passing through a concrete monument marking a common corner to Wirtz and the County of Hunterdon found 261.83' from the beginning of this course), South, eighty-three degrees, thirty-seven minutes, five seconds, West (S 83° 37' 05" W), a total distance of six hundred thirty-three and forty-eight hundredths feet (633.48') to an iron pipe found for a common corner to the land of the County of Hunterdon; thence

(5) Along the aforementioned land of the County of Hunterdon, North, eighteen degrees, one minute, fifteen seconds, West (N 18° 01' 15" W), three hundred ninety-eight and eighty-six hundredths feet (398.86') to the point and place of beginning.

Containing five and twenty-three hundredths acres (5.23 A.), being the same more or less as surveyed by Robert C. Bogart and Associates, Flemington, New Jersey, December, 1983.
All bearings herein refer to those in the aforementioned Deed Book 790, Page 423.

Subject to a 30' wide right-of-way and easement granted to the Transcontinental Gas Pipeline Corporation as per Deed Book 604, Page 121, Recorded in the Hunterdon County Clerk's Office.

[Signature]

THIS SUBDIVISION APPROVAL DOES NOT INCLUDE OR IMPLY SUBSEQUENT APPROVAL OF BUILDING PLANS OR SEPTIC DISPOSAL FACILITIES.

Promissory by Grantor. The Grantor promises that the Grantor has done no act to encumber the property. This promise is called a "covenant as to grantor's acts" (N.J.S.A. 46:4-6). This promise means that the Grantor has not allowed anyone else to obtain any legal rights which affect the property (such as by making a mortgage or allowing a judgment to be entered against the Grantor).

Signatures. The Grantor signs this Deed as of the day and year last page.

HUNTERDON COUNTY
DOROTHY K. TIRPOK
CLERK

STATE OF NEW JERSEY, COUNTY OF HUNTERDON
I CERTIFY that on JANUARY 28, 1985

PAUL C. WIRTZ a/k/a PAUL WIRZ personally came before me and acknowledged under oath, to my satisfaction, that this person (or if more than one, each person):
(a) is named in and personally signed this Deed;
(b) signed, sealed and delivered this Deed as his or her act and deed; and
(c) made this Deed for $15,690.00 as the full and actual consideration paid or to be paid for the transfer of title. (Such consideration is defined in N.J.S.A. 46:15-5.)

[Seal]

GEORGE H. HOERNER
Attorney at Law of New Jersey

END OF DOCUMENT
ATTACHMENT C
February 28, 1985

Honorable Thomas H. Kean
Governor of New Jersey
State House
Trenton, NJ  08625

Dear Governor Kean:

Pursuant to N.J.S.A. 13:8A-47b and N.J.A.C. 7:36-1 of the Green Acres Rules and Regulations, the Hunterdon County Park System requests permission to allow the Transcontinental Gas Pipeline Corporation (Transco) to construct a thirty feet wide easement across a portion, (2.69 acres), of the South Branch Nature Preserve which consists of approximately 780 acres.

The County of Hunterdon participated in the 1971 and 1974 Green Acres Local Acquisition Programs and the 1978 Green Acres Local Development Program. With the receipt of such grant funding the County falls under provisions of the Green Acres legislation and operating rules and regulations previously filed with the State House Commission.

Transco, an interstate natural gas transmission company, proposes to install and operate 12.37 miles of 36" diameter pipeline through Somerset and Hunterdon Counties for the purpose of expanding the capacity of their existing pipeline system. This is necessary to meet the anticipated demands of growing communities in this region. The new pipeline will run directly parallel and adjacent to their existing easement, as it is termed looping the existing pipeline, the method recommended by the Federal Energy Regulatory Commission. Looping the existing system whenever possible lessens the overall right-of-way requirements on the property, reduces the amount of damages to the property, and provides an existing access and egress for the movement of equipment and materials.

An attempt to avoid the South Branch Nature Preserve entirely would force the pipeline route through a developed area north of the park property resulting in additional costs above the projected figure of $12 million as well as prolonging the completion of the project.

Adequate soil erosion and sediment control measures will be implemented during and after construction. All required Department of Environmental Protection permits will be obtained by Transco.
Honorable Thomas H. Kean  
Governor of New Jersey  
Page 2  
February 28, 1985  

The Hunterdon County Park System will receive $5,300 in exchange for the 2.69 acres of easement property. This amount, established by the Department of Transportation in accordance with Green Acres Procedures, will be held in escrow for future acquisition of lands contiguous to the South Branch Nature Preserve.

On December 18, 1984, a public hearing was held by the County regarding this project. No objections were voiced at that time.

Review of the proposal by the Green Acres staff indicates the benefits derived by the County will adequately compensate for the diversion of parkland.

Approval of this application would release the State's interest in a portion of the South Branch Nature Preserve, as shown on the attached graphic illustration, to be used as described above. This action would be accomplished through the filing of a Release from Green Acres Contract with the Hunterdon County Clerk’s office.

It is my recommendation that the State House Commission approve this matter in accordance with provisions of N.J.S.A. 13:8A-47b.

Sincerely,

[Signature]
RELEASE FROM GREEN ACRES CONTRACT

Made this 18th day of April, 1985 by the STATE OF NEW JERSEY, Department of Environmental Protection hereinafter referred to as "State" and the County of Hunterdon, acting by and through the Hunterdon County Park System of the State of New Jersey, hereinafter referred to as "Local Unit".

WHEREAS, by various Instruments, Local Unit placed upon the premises described therein certain agreements and restrictions which Local Unit is now desirous of having part of said premises released therefrom; and

WITNESSETH: that in consideration of Local Unit having met the requirements of the statutes heretofore recited State hereby releases and extinguishes the agreements and restrictions contained in the original Green Acres Acquisition Contract dated October 2, 1973, and recorded in the Hunterdon County Clerk's Office on October 4, 1973 in Deed Book 773, Page 315, and from the agreements and restrictions contained in all other Green Acres Acquisition and/or Development Contracts recorded thereafter as they apply to the lands and premises described in Schedule A annexed hereto and made a part hereof.

Attachments: Schedule A - Motes and bounds description of the lands released.
A strip of land, 30.00 feet in width, over and across lands described in a certain deed from Helen Melick, widow to County of Hunterdon dated September 30, 1977 and recorded in the Office of the Clerk of Hunterdon County on September 30, 1977 in Deed Book B19, on Page 852, parallel and adjacent to an existing right-of-way, 30.00 feet in width, described in a certain right-of-way agreement from George E. Melick, et ux to the Transcontinental Gas Pipe Line Corporation dated July 15, 1958 and recorded in the Office of the Clerk of Hunterdon County on July 30, 1958 in Deed Book 389, on Page 574, the boundary lines of the total 60.00 foot right-of-way are parallel with, 45.00 feet northerly and 15.00 feet southerly, measured at right angles, from an existing 30 inch pipeline of the Transcontinental Gas Pipe Line Corporation. The proposed 30.00 foot right-of-way is further described as follows:

BEGINNING at a point in the westerly property line of the Grantor being common with the easterly right-of-way of Conrail Railroad on the west, said point being distant southerly along the same, on a curve to the left having a radius of 922.00 feet, an arc distance of 31.79 feet and a chord of South 12 degrees 49 minutes 30 seconds West, 31.79 feet to a point in the northerly line of the above mentioned existing 30.00 foot right-of-way; thence,

1. Along said westerly property line of the Grantor, on a curve to the left, having a radius of 922.00 feet, an arc distance of 31.79 feet and a chord of South 12 degrees 49 minutes 30 seconds West, 31.79 feet to a point in the northerly line of the above mentioned existing 30.00 foot right-of-way; thence,

2. South 57 degrees 51 minutes 26 seconds East, along the northerly line of the existing 30.00 foot right-of-way, 538.00 feet to a point in the easterly property line of the Grantor being common with Rae V. Braidwood Brokaw on the east, said point also being in the middle of the south branch of the Raritan River; thence,

3. North 24 degrees 12 minutes 32 seconds East, still along said easterly property line of the Grantor, 30.29 feet to a point in the middle of the south branch of the Raritan River; thence,

4. North 57 degrees 51 minutes 26 seconds West, 345.21 feet to the point of BEGINNING.

The proposed permanent easement contains 0.37 acres, more or less, as shown on Transcontinental Gas Pipe Line Corporation Drawing No. 25-06-1000/ E-60752-0, Revision 0, which is hereby incorporated and made a part hereof.

October 19, 1984
A strip of land, 30.00 feet in width, over and across lands described in a certain conservation easement from Robert Garrison, et ux to County of Hunterdon dated November 1, 1976 and recorded in the Office of the Clerk of Hunterdon County on November 3, 1976 in Deed Book 006, on Page 458; and being part of the lands described in a certain deed from Robert J. Garrison, et ux to Rae V. Braidwood Brokaw dated October 10, 1976 and recorded in the Office of the Clerk of Hunterdon County on November 8, 1976 in Deed Book 006, on Page 687, parallel and adjacent to an existing right-of-way, 30.00 feet in width, described in a certain right-of-way agreement from George E. Melick, et ux to the Transcontinental Gas Pipe Line Corporation dated July 15, 1958 and recorded in the Office of the Clerk of Hunterdon County on July 30, 1958 in Deed Book 589, on Page 574, the boundary lines of the total 60.00 foot right-of-way are parallel with, 45.00 feet northerly and 15.00 feet southerly, measured at right angles, from an existing 30 inch pipeline of the Transcontinental Gas Pipe Line Corporation. The proposed 30.00 foot right-of-way is further described as follows:

BEGINNING at a point in the easterly line of the Grantor being common with the County of Hunterdon on the east, said point being distant southerly along the same, 7.59 feet from a spike therein, and running; thence,

1. North 57 degrees 17 minutes 00 seconds West, 1228.23 feet to a point; thence,

2. North 63 degrees 25 minutes 12 seconds West, 319.37 feet to a point in the westerly line of the Grantor being common with the County of Hunterdon on the west, said point also being in the middle of the south branch of the Raritan River; thence,

3. South 18 degrees 38 minutes 46 seconds West, still along the westerly line of the Grantor, 30.29 feet to a point in the middle of the south branch of the Raritan River, said point also being in the northerly line of the above mentioned 30.00 foot existing right-of-way; thence,

4. South 63 degrees 25 minutes 12 seconds East, along the northerly line of the existing 30.00 foot right-of-way, 313.59 feet to a point; thence,

5. South 57 degrees 17 minutes 00 seconds East, still along the same, 1229.44 feet to a point in the previously mentioned easterly line of the Grantor; thence,

6. North 27 degrees 21 minutes 30 seconds East, along the easterly line of the Grantor, 30.13 feet to the point of BEGINNING.

The proposed easement contains 1.97 acres, more or less, as shown on Transcontinental Gas Pipe Line Corporation Drawing No. 25-06-1000/ X-59192-0, Revision 2, which is hereby incorporated and made a part hereof.
A strip of land, 30.00 feet in width, over and across lands described in a certain deed from Land Corporation to County of Hunterdon dated June 2, 1975 and recorded in the Office of the Clerk of Hunterdon County on June 28, 1975 in Deed Book 790, Page 423, parallel and adjacent to an existing right-of-way, 30.00 feet in width, described in a certain right-of-way agreement from George E. Melick, et ux to the Transcontinental Gas Pipe Line Corporation dated July 15, 1938 and recorded in the Office of the Clerk of Hunterdon County on July 30, 1938 in Deed Book 569, Page 574, the boundary lines of the total 60.00 foot right-of-way are parallel with, 45.00 feet northerly and 15.00 feet southerly, measured at right angles, from an existing 30 inch pipeline of the Transcontinental Gas Pipe Line Corporation. The proposed 30.00 foot right-of-way is further described as follows:

BEGINNING at a point in the easterly property line of the Grantor being common with Oak Knoll Village on the east, said point being distant southeasterly along the same, 108.37 feet from a rebar therein, and running; thence,

1. North 66 degrees 18 minutes 29 seconds West, 1074.47 feet to a point; thence,

2. North 61 degrees 30 minutes 59 seconds West, 144.44 feet to a point; thence,

3. North 66 degrees 46 minutes 22 seconds West, 573.43 feet to a point in the westerly property line of the Grantor in common with Rae V. Brokaw on the west, said point being distant southerly along the same, 447.07 feet from a P. H. nail therein; thence,

4. South 17 degrees 52 minutes 08 seconds West, still along the same, 30.13 feet to a point in the northerly line of the above mentioned existing right-of-way; thence,

5. South 66 degrees 46 minutes 22 seconds East, along the northerly line of the existing right-of-way, 369.26 feet to a point; thence,

6. South 61 degrees 30 minutes 59 seconds East, still along the same, 144.32 feet to a point; thence,

7. South 66 degrees 18 minutes 29 seconds East, still along the same, 1122.34 feet to a point in the previously mentioned easterly property line of the Grantor; thence,

8. North 33 degrees 32 minutes 40 seconds West, along the easterly property line of the Grantor, 55.43 feet to the point of BEGINNING.

The proposed Easement contains 1.25 acres, more or less, as shown on Transcontinental Gas Pipe Line Corporation Drawing No. 25-06-1000/ C-37326-8, Revision 0, which is hereby incorporated and made a part hereof.

ATTACHMENT E
James D. Bloemker
Staff Archaeologist
Williams / Transco Pipeline
2800 Post Oak Boulevard (77056)
Post Office Box 1396
Houston, Texas 77251-1396

Dear Mr. Bloemker:

As Deputy State Historic Preservation Officer for New Jersey, in accordance with 36 CFR Part 800: Protection of Historic Properties, as published in the Federal Register on December 12, 2000 (65 FR 77725-77739) and amended on July 6, 2004 (69 FR 40544-40555), I am providing continuing consultation comments for the following proposed undertaking:

Hunterdon, Essex, Passaic, and Bergen Counties
Williams Northeast Supply Link Project
Phase I Cultural Resources Survey
Federal Energy Regulatory Commission

The consultation comments below are in reply to the following cultural resources survey report received at the Historic Preservation Office (HPO) on May 21, 2012 for the above-referenced undertaking:

This is a report revised and expanded to respond to HPO consultation comments transmitted in HPO-B2012-093, February 17, 2012, regarding the identification of historic architectural properties.
800.4 Identification of Historic Properties

Historic Architectural Resources

The submitted report provides a survey form for each of 10 architectural (above ground) properties and a National Register of Historic Places evaluation (Table 6.1, page 6.1) with the following evaluation:

16 Pleasant View Road  Not Eligible
2 Springhouse Court  Not Eligible
(previously 63 Payne Road)  Not Eligible
21 Cratetown Road  Not Eligible
137 Lilac Road  Not Eligible
250 Hamden Road  Not Eligible
77 Sidney Road  Not Eligible
85 Sidney Road  Not Eligible
80 Pittstown Road  Not Eligible under Criterion A, B or C
16 Race Street  Not Eligible
22 Race Street  Not Eligible

As Deputy State Historic Preservation Officer for New Jersey, I concur with the conclusions of the submitted report as presented in Table 6.1, cited above. Please note that the recommendation of the submitted report that 80 Pittstown Road (Boss Farm) is eligible for inclusion in the National Register of Historic Places (NRHP) under Criterion D is being considered by HPO staff in response to the separate submission of a Phase II archaeological report for this particular property. HPO comments regarding the NRHP eligibility of 80 Pittstown Road under Criterion D will be transmitted separately from this letter.

Please feel free to contact Vincent Maresca of my staff at (609) 633-2395 or Vincent.Maresca@dep.state.nj.us with any questions regarding archaeology or Charles Scott at (609) 633-2396 or Charles.Scott@dep.state.nj.us regarding above ground historic properties.

Sincerely,

Daniel D. Saunders
Deputy State Historic Preservation Officer

C:  Ms. Zana Wolf, URS

Ms. Kimberly D. Bose, Secretary  
Federal Energy Regulatory Commission  
888 First St., N.E.  
Washington, D.C. 20426

Dear Ms. Bose:

As Deputy State Historic Preservation Officer for New Jersey, in accordance with 36 CFR Part 800: Protection of Historic Properties, as published in the Federal Register on December 12, 2000 (65 FR 77725-77739) and amended on July 6, 2004 (69 FR 40544-40555), I am providing consultation comments for the following proposed undertaking:

**Hunterdon County, Countywide**  
**Williams Northeast Supply Link, Stanton Loop**  
**Phase II Archaeological Survey**  
**Boss Farm Site (28-Hu-492)**  
**Federal Energy Regulatory Commission**

Summary: This new SHPO Opinion finds the Boss Farm Site (28-Hu-492) is eligible for inclusion on the National Register of Historic Places under Criterion D for the potential to add important information in history. It is necessary to determine ways by which to avoid, minimize and/or mitigate effects to this property.

The comments below are in response to the following archaeological report submitted to the Historic Preservation Office (HPO) for review on July 3, 2012:

Miller, Patricia, et al.  

800.4 Identifying Historic Properties
The Boss Grist Mill Site (28-Hu-492) was identified during Phase I archaeological survey in advance of the proposed Northeast Supply Link Project. Phase I field survey of the Area of Potential Effects (APE) identified mid-to late nineteenth century artifacts and evidence of two possible privies and a house foundation. Phase I survey initially identified the site as the location of a grist mill and farm; Phase II research and survey has clarified the site’s use as agricultural and domestic, therefore the author suggests a change in the site name from Boss Grist Mill Site to Boss Farm Site. The Phase II survey was undertaken to further investigate the house foundation, identify and sample features and gather further evidence to aid in dating the overall assemblage. A house foundation, one privy, three trash pits and sheet midden yard deposits were identified and sampled during the excavation. The assemblage is dominated by domestic and architectural cultural material from the mid-to late nineteenth century related to the occupation of the house site. The Boss Farm Site is located on the 111 acre property purchased by William Boss in the 1820s. The Boss family operated a farm and tannery on the site until the 1850s when the property was converted solely to agricultural use. The Boss family owned and operated this property for 100 years, during which time multiple generations lived in two houses located on the property, including the extant 1850s house outside of the APE, and the archaeologically identified (c. 1820s) house site. The identification of features with datable artifacts and possible stratified deposits could contribute to an understanding of changes in household status and activities through time.

Therefore, as the Deputy State Historic Preservation Officer for New Jersey, I find the Boss Farm Site (28-Hu-492) is eligible for inclusion on the National Register of Historic Places under Criterion D for the potential to add important information to the history of Hunterdon County, specifically the long-term occupation by one family can providing information of changes in rural life-ways through time. In consequence, this is a new SHPO opinion of eligibility.

800.5 Assessment of Adverse Effects

While the identification of historic properties at sites 28-Hu-561 through 28-Hu-563 is ongoing, the project as presently designed, will adversely effect the Boss Farm Site. If impacts to the site cannot be avoided, analysis must be provided exploring alternatives to minimize and/or mitigate impacts.

If consultation results in a determination that mitigation is appropriate, the above referenced report provides appropriate data recovery research questions. However, the Report’s Phase III Data Recovery Plan proposes the excavation of fifteen 5-foot by 5-foot test units, or a 2.5 percent sample, followed by mechanical soil stripping to investigate the house foundation and adjacent yard areas. A 5 percent sample, or thirty 5-foot square excavation units, is more appropriate to provide controlled sampling of site deposits, activity areas, basement or crawlspace deposits and foundation construction details prior to mechanical stripping of the site. Finally, any Data Recovery Plan will require a public outreach component to be determined through continuing consultation.

Report Editorial Comment
The Report Phase II site plan (Figure 4.8) does not clearly illustrate the site limit or location of features and test units. Also, a discussion with graphic representation of artifact density, particularly in the yard areas, would have been helpful in understanding site limits, activity areas and material culture distribution across the site and for better understanding the proposed Phase III Data Recovery methodology.

Additional Comments:

Thank you again for providing this opportunity for review and comment on the potential for this project to affect historic properties. We look forward to continued consultation to resolve the adverse effects on the Boss Farm Site. Please reference the HPO project number 11-0871 in any future calls, emails, submission or written correspondence to help expedite your review and response. If you have any questions, please feel free to contact Vincent Maresca of my staff at (609-633-2395).

Sincerely,

Buffalo Corporate Center, 368 Pleasant View Drive
Lancaster, New York 14086
Fax Number: (716) 684-0844

Reference: Transco Northeast Supply Link Project
Hunterdon, Essex, Passaic, Bergen, and Hudson Counties, New Jersey

The U.S. Fish and Wildlife Service (Service) has reviewed the above-referenced proposed project pursuant to the Endangered Species Act of 1973 (87 Stat. 884, as amended; 16 U.S.C. 1531 et seq.) (ESA) to ensure the protection of federally listed endangered and threatened species. The following comments do not address all Service concerns for fish and wildlife resources and do not preclude separate review and comment by the Service as afforded by other applicable environmental legislation.

A known occurrence or potential habitat for the following federally listed or candidate species is located on or near the project's impact area. However, the Service concurs that the proposed project is not likely to adversely affect federally listed or candidate species for the reasons listed below.

<table>
<thead>
<tr>
<th>Species</th>
<th>Basis for Determination</th>
</tr>
</thead>
<tbody>
<tr>
<td>Indiana bat (Myotis sodalis), endangered</td>
<td>According to your December 5, 2011 and July 9, 2012 letters, Transco will implement the following conservation measures within the range of this species. (1) Tree clearing will be 16.81 acres temporary and 2.4 acres permanent; 8.66 acres of compensatory mitigation will include planting of tree species likely to provide suitable bat roosts. (2) Transco will preferentially preserve high-quality roost trees where possible. (3) Transco will seasonally restrict tree clearing from April 1 to September 30.</td>
</tr>
<tr>
<td>bog turtle (Clemmys muhlenbergii), threatened</td>
<td>(1) No new bog turtle occurrences were documented during field surveys. (2) The only known bog turtle occurrence in the action area is associated with Wetland W-ST-12-002. Based on the final crossing plan for this wetland, dated July 2012, the Service concurs that the project is not likely to adversely affect the bog turtle or its habitat.</td>
</tr>
</tbody>
</table>

Note: The Service recommends inclusion of the above-listed conservation measures as conditions of any Federal or State authorization of the subject project.

Except for the above-mentioned species, no other federally listed or proposed threatened or endangered flora or fauna under Service jurisdiction are known to occur within the proposed project’s impact area. Therefore, no further consultation pursuant to the ESA is required. If additional information on federally listed species becomes available, or if project plans change, this determination may be reconsidered.

Please refer to this office’s web site at http://www.fws.gov/northeast/njfieldoffice/Endangered/ for further information including federally listed and candidate species lists, procedures for requesting ESA review, the National Bald Eagle Management Guidelines, and contacts for obtaining information from the New Jersey Natural Heritage and Endangered and Nongame Species Programs regarding State-listed and other species of concern.

Re: Williams Gas Pipeline - Tranaco N.E. Supply Link Project - Stanton Loop

Dear Ms. Mochrie:

Thank you for your data request regarding rare species information for the above referenced project site in Union, Franklin, Clinton and Readington Townships, Hunterdon County.

Searches of the Natural Heritage Database and the Landscape Project (Version 3 for the highlands region, Version 2.1 elsewhere) are based on a representation of the boundaries of your project site in our Geographic Information System (GIS). We make every effort to accurately transfer your project bounds from the topographic map(s) submitted with the Request for Data into our Geographic Information System. We do not typically verify that your project bounds are accurate, or check them against other sources.

We have checked the Natural Heritage Database and the Landscape Project habitat mapping for occurrences of any rare wildlife species or wildlife habitat on the referenced site. Please see Table 1 for species list and conservation status.

Table 1 (on referenced site).

We have also checked the Natural Heritage Database for occurrences of rare plant species or ecological communities. The Natural Heritage Database does not have any records for rare plants or ecological communities on or within 1/4 mile of the site.

A list of rare plant species and ecological communities that have been documented from Hunterdon County can be downloaded from http://www.state.nj.us/dep/parksandforests/natural/heritage/countylist.html. If suitable habitat is present at the project site, the species in that list have potential to be present.

Status and rank codes used in the tables and lists are defined in EXPLANATION OF CODES USED IN NATURAL HERITAGE REPORTS, which can be downloaded from http://www.state.nj.us/dep/parksandforests/natural/heritage/nhpcodes_2008.pdf.

If you have questions concerning the wildlife records or wildlife species mentioned in this response, we recommend that you visit the interactive I-Map-NJ website at the following URL, http://www.state.nj.us/dep/gis/depsplash.htm or contact the Division of Fish and Wildlife, Endangered and Nongame Species Program at (609) 292 9400.

Thank you for consulting the Natural Heritage Program. The attached invoice details the payment due for processing this data request. Feel free to contact us again regarding any future data requests.

Sincerely,

Herbert A. Lord

LETTER OF CERTIFICATION

TRANSCONTINENTAL GAS PIPELINE CO, LLC
2800 POST OAK BLVD, SUITE 900
HOUSTON TX 77056

Pursuant to the New Jersey Soil Erosion and Sediment Control Act, Chapter 251, P.L. 1975, the Hunterdon County Soil Conservation District has reviewed the plans for this project and certifies the Soil Erosion and Sediment Control Plan.

Project #: 12-99-003

Re: TRANSCO-NORTHEAST SUPPLY LINK - STANTON LOOP
   Block: N/A, Lot: N/A
   Misc. (99)

PLAN DATE: January 13, 2012

LATEST REVISIONS: January 13, 2012

Certification of the submitted and identified plans is subject to any outside agency review, approval and/or permit as may be determined by such outside agency to be required. Nothing contained herein shall be interpreted as excusing any such review, permit and/or approval by any municipal, county, state or federal reviewing agency or department prior to construction and implementation of the plans as certified and approved herein.

This approval is limited to the soil erosion, sedimentation and related stormwater management controls specified in this plan. It is not authorization to engage in the proposed land use unless the municipality, or other controlling agency has previously approved such use.

The District requires 48-hour written notification prior to the start of land disturbance. Please be advised that failure to do so is considered a violation of State law.

All revisions and municipal, county, state or federal renewals of this project will require resubmission and approval by the District. Any condition(s), if stated above, are to be incorporated into any subsequent plan revisions. In no case shall this approval extend beyond three and one-half years from the original certification date.

FOR THE DISTRICT,

[Signature]
John Van Nuys
District Chairman
