- Waterbodies

as of 9/19/25

All motorized vehicles operating on unimproved roads must be street legal, registered, insured and operated by a licensed driver. Vehicles and operators are subject to the motor vehicle laws of the State of New Jersey, N.J.S.A. 39:1-1, et seq.

Roads in Wharton State Forest traverse sandy and frequently unimproved conditions. Visitors are encouraged to approach roads with caution and check-in with the Forest office for current conditions.

Temporary road closures may occur at any time due to weather, maintenance or State Park Service operational needs. Updates will be posted to dep.nj.gov/wharton/.

What is hunting access? Dotted lines identify access for those actively engaged in hunting. Hunters may access these areas with a legal motorized vehicle during an active hunting season with a valid New Jersey hunting license per Fish and Wildlife regulations. Hunters should be prepared for difficult conditions.
