Comes now Third-Party Defendant Tate & Lyle Ingredients Americas, Inc.,

(“Respondent”) and for its Initial Disclosure in accordance with Case Management Order V provides the following specific information:

**Reservations**

1. Respondent reserves the right to object to the production of any documents or other information on any ground, including relevance and undue burden, and to assert any applicable privilege, including the attorney-client privilege, the work product doctrine, the common interest doctrine, and any other applicable privilege or protection. These disclosures are not intended to prejudice or waive any privileges or objections Respondent may have with respect to any outstanding or subsequent requests for discovery.

2. Respondent’s investigation in this matter is continuing. Accordingly, it reserves the right to supplement, clarify, and revise these disclosures to the extent additional information becomes available or is obtained through discovery. Further, Respondent reserves the right to amend these disclosures to the extent the claims brought by or alleged against Respondent in this litigation are amended.

3. The time period covered by the allegations in the Plaintiffs’ Second Amended Complaint is quite long and encompasses at least six decades. The geographic scope of the Second Amended Complaint is also quite broad, covering the ‘Newark Bay Complex,’ which spans the ‘lower 17 miles of the Passaic River, Newark Bay, the lower reaches of the Hackensack River, the Arthur Kill, the Kill van Kull, and into adjacent waters and sediments.’ Second Amended Complaint, ¶ 1. The scope of inquiry required by Plaintiffs and Third-Party Defendants is accordingly quite broad and potentially burdensome. Respondent is therefore engaged in a continuing investigation and reserves the right to supplement and modify these

disclosures.

**Initial Disclosures**

a. The name, address and telephone number, as may be known of each individual likely to have discoverable information, along with the subjects of that information, that relates to any alleged discharge or release of pollutants, contaminants and/or hazardous substances (“Pollutants”) into the Newark Bay Complex (as these terms are defined in the Second Amended Complaint and the Third-Party Complaints) from the site(s) and/or properties with which the disclosing party is associated in the Third-Party Complaint (“Alleged Discharges”);

Respondent responds that it sold the business that related to the site in 1978. Respondent does not know what knowledge the employees of that business may have of matters relating to the issues in this case. Based on the breadth of the allegations in the case, any of those former employees, and perhaps others, could have knowledge that Respondent may eventually identify and use to support its defenses. Therefore, Respondent reserves the right to supplement its responses to disclosures 3(a) and 3(b).

c. The name, address and telephone number, as may be known, of any and all past or present owners, lessees or operators at the site(s) and/or properties with which it is associated in the Third-Party Complaint and the dates of such ownership, lease or operation, as may be known;
