SUPERIOR COURT OF NEW JERSEY
LAW DIVISION: ESSEX COUNTY

DOCKET NO.: ESX-L-9868-05 (PASR)

CIVIL ACTION

**SUPPLEMENTAL DISCLOSURE OF
THIRD-PARTY DEFENDANT THE
PORT AUTHORITY OF NEW YORK
AND NEW JERSEY**

To: All parties via electronic platform for service.

Third-party defendant, The Port Authority of New York and New Jersey (hereinafter the “Port Authority”), makes and serves its Supplemental Disclosure in the within matter, pursuant to the terms articulated in Case Management Orders V, VIII and

XII, as follows. The Port Authority makes these Disclosures based upon an initial investigation and on information available at the time of their submission.

Reservations

1. The Port Authority reserves the right to object to the production of any documents or other information on any ground, including relevance and undue burden, and to assert any applicable privilege, including the attorney-client privilege, the work product doctrine, the common interest doctrine, and any other applicable privilege or protection. These disclosures are not intended to prejudice or waive any privileges or objections the Port Authority may have with respect to any outstanding or subsequent requests for discovery.

2. The Port Authority's investigation in this matter is continuing. Accordingly, it reserves the right to supplement, clarify and revise these disclosures to the extent additional information becomes available or is obtained through discovery. Further, the Port Authority reserves the right to amend these disclosures to the extent the claims brought by or alleged against the Port Authority in this litigation are amended and/or clarified by documents produced by any and all other parties.

3. The time period covered by the allegations in the Plaintiffs' Third Amended Complaint is quite long and encompasses several decades. The geographic scope of the Third Amended Complaint is very broad, covering the Newark Bay Complex, which spans the lower 17 miles of the Passaic River, Newark Bay, the lower reaches of the Hackensack River, the Arthur Kill, the Kill van Kull and into adjacent waters and sediments, See Third Amended Complaint, paragraph 1. The Port Authority properties identified in the Third-Party Complaints are: Newark Liberty International Airport

(EWR), Port Newark and Port Elizabeth, Essex County Resource Recovery Facility and the Peripheral Ditch, See Third-Party Complaint “A”, pars. 484-495, 919-931, 953-1001, 1017-1031. Some of these properties are owned and some are leased or partially leased. The acquisition of property was done over a number of years. The scope of the inquiry required by Plaintiffs and Third Party Defendants is accordingly vast and burdensome. The Port Authority is therefore engaged in a continuing investigation and reserves the right to supplement and modify these disclosures.

Supplemental Initial Disclosures

1. A copy of all Documents relating to the following information for the site(s), properties, and/or operations with which the Third-Party Defendant is associated in the Third-Party Complaint:

- i. the release or discharge of Hazardous Materials from or at Third-Party Defendant’s properties or operations.

Response

Without admitting that any release or discharge of Hazardous Materials occurred at any site or property with which it is associated in the Third-Party Complaints, the Port Authority believes any such documents are exempt under the terms of Paragraph “4” of Case Management Order VIII. The Port Authority reserves its right to amend or supplement this response as discovery progresses.

- ii. the operations, manufacturing and/or production processes, of any Hazardous Materials stored or utilized on the property, and any sampling that took place on the property and any sampling or testing of the materials, by-products or waste products used in connection therewith;

Response

The Port Authority believes any such documents are exempt under the terms of Paragraph “4” of Case Management Order VIII. The Port Authority reserves its right to amend or supplement this response as discovery progresses.

- iii. sampling results from environmental, chemical, or biological testing conducted at that Third-Party Defendant's properties; and

Response

The Port Authority believes any such documents are exempt under the terms of Paragraph "4" of Case Management Order VIII. The Port Authority reserves its right to amend or supplement this response as discovery progresses.

- iv. any communications involving that Third-Party Defendant and any branch, department, agency or instrumentality of municipal, State or federal government relating to any discharge or release of Hazardous Materials or this litigation.

Response

Without admitting that any release or discharge of Hazardous Materials occurred at any site or property with which it is associated in the Third-Party Complaints, the Port Authority believes any such documents are exempt under the terms of Paragraph "4" of Case Management Order VIII. The Port Authority reserves its right to amend or supplement this response as discovery progresses.

2. Any documents relating to any industrial waste containing Hazardous Materials that was transported to, processed or treated at, or discharged from any sites and/or properties with which a Third-Party Defendant is associated in the Third-Party Complaints.

Response

Without admitting that any release or discharge of Hazardous Materials occurred at any site or property with which it is associated in the Third-Party Complaints, the Port Authority refers to the attached documents, identified by Bates numbers PA 0000001 through PA 0000667, and reserves its right to amend or supplement this response as discovery progresses.

3. Any insurance or indemnity agreement under which another person or entity may be liable to satisfy all or part of a possible judgment in this action or to indemnify or reimburse for payments made to satisfy said judgment.

Response

Information concerning insurance and indemnity agreements is currently under investigation, research, and evaluation. The Port Authority refers to the attached documents, identified by Bates numbers PA 0000668 through PA 0000917, and reserves its right to amend or supplement this response as discovery progresses.

4. The Port Authority will amend and/or supplement the Supplemental Disclosure as additional information is obtained through investigation and discovery.

5. The Port Authority's Supplemental Disclosures are made without prejudice to its right to change or supplement these responses, its right to assert privileges or objection with respect to any subsequent requests for discovery, and its right to introduce at trial additional evidence and documents as warranted by the development of the facts underlying this litigation.

Respectfully submitted,

DONALD F. BURKE, ESQ.
Attorney for Third-party Defendant
THE PORT AUTHORITY OF NEW YORK
AND NEW JERSEY

By: /s/
Christopher R. Brink, Esq.

Dated: August 30, 2010

CERTIFICATION OF SERVICE

I, Christopher R. Brink, am an attorney-at-law of the State of New Jersey do hereby certify under penalty of perjury:

1. I am a member in good standing of the New Jersey Bar and am associated with the Office of Donald F. Burke, Esq., attorney of record for The Port Authority of New York and New Jersey.
2. I hereby certify that the Port Authority's Supplemental Disclosures were served electronically on all parties that have consented to service by posting on <https://cvg.ctsummation.com> on the date indicated below.
3. I hereby certify that the foregoing statements made by me are true. I am aware that if any of the foregoing statements made by me are willfully false, I am subject to punishment.

/s/
Christopher R. Brink

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-05) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.

Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

EXECUTIVE SUMMARY

STANDARD ENVIRONMENTAL RECORDS

Federal NPL site list

NPL: Also known as Superfund, the National Priority List database is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund program. The source of this database is the U.S. EPA.

A review of the NPL list, as provided by EDR, and dated 03/31/2010 has revealed that there is 1 NPL site within approximately 1 mile of the target property.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>	<u>Map ID</u>	<u>Page</u>
DIAMOND ALKALI CO.	80 LISTER AVE	0 - 1/8 (0.000 mi.)	0	7

Federal CERCLIS list

CERCLIS: The Comprehensive Environmental Response, Compensation and Liability Information System contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

A review of the CERCLIS list, as provided by EDR, and dated 01/29/2010 has revealed that there are 3 CERCLIS sites within approximately 0.5 miles of the target property.

NATIONWIDE CFS	192 TYLER ST	SSW 1/4 - 1/2 (0.451 mi.)	R125	344

Federal CERCLIS NFRAP site List

CERC-NFRAP: Archived sites are sites that have been removed and archived from the inventory of CERCLIS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list this site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. This decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be a potential NPL site.

A review of the CERC-NFRAP list, as provided by EDR, and dated 06/23/2009 has revealed that there is 1 CERC-NFRAP site within approximately 0.5 miles of the target property.

Federal RCRA non-CORRACTS TSD facilities list

RCRA-TSDF: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

A review of the RCRA-TSDF list, as provided by EDR, and dated 02/17/2010 has revealed that there is 1 RCRA-TSDF site within approximately 0.5 miles of the target property.

<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>	<u>Map ID</u>	<u>Page</u>

Federal RCRA generators list

RCRA-LQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

A review of the RCRA-LQG list, as provided by EDR, and dated 02/17/2010 has revealed that there are 2 RCRA-LQG sites within approximately 0.25 miles of the target property.

HWS RE-EVAL: The locations were removed from the Known Contaminated Sites list for a variety of reasons. Some of the sites were taken off the list because they were inactive, some were not assigned a case worker and some were no longer contaminated. Inspectors from the DEP are now undertaking a full re-evaluation of each of the locations statewide. That includes visual and environmental tests to see whether contamination still exists.

A review of the HWS RE-EVAL list, as provided by EDR, and dated 09/20/2007 has revealed that there are 4 HWS RE-EVAL sites within approximately 1 mile of the target property.

EXECUTIVE SUMMARY

State and tribal Brownfields sites

BROWNFIELDS: Brownfields are identified as former or current commercial or industrial use sites that are presently vacant or underutilized, on which there is suspected to have been a discharge of a contamination to the soil or groundwater at concentrations greater than applicable cleanup criteria.

A review of the BROWNFIELDS list, as provided by EDR, and dated 06/01/2010 has revealed that there are 9 BROWNFIELDS sites within approximately 0.5 miles of the target property.

RCRA-NonGen: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

A review of the RCRA-NonGen list, as provided by EDR, and dated 02/17/2010 has revealed that there are 15 RCRA-NonGen sites within approximately 0.25 miles of the target property.

ISRA: The ISRA process begins with determining if the Act applies to your type of business and transaction. The provisions of ISRA only apply to industrial establishments. What is an industrial establishment? The term "industrial establishment" refers to the type of business operations and transactions that would subject a facility to review under ISRA. An industrial establishment must meet each of the following three criteria: The place of business or real property at which such business is conducted, having a North American Industry Classification System (NAICS) code listed in N.J.A.C. 7:26 B - Appendix C subject to the specified exceptions and limitations. The place of business must have been engaged in operations on or after December 31, 1983; and The place of business must involve the generation, manufacture, refining, transportation, treatment, storage, handling, or disposal of hazardous substances or hazardous wastes.

A review of the ISRA list, as provided by EDR, and dated 01/13/2010 has revealed that there are 4 ISRA sites within approximately 0.5 miles of the target property.

Summary Details:

Conditions at listing September 1983): The Diamond Alkali Co. Site occupies about 1 acre immediately adjacent to the Passaic River, in Newark, Essex County, New Jersey. From 1943 through 1968, the company manufactured numerous chemicals on the site, including 2,4,5-trichlorophenol, which is likely to contain dioxin as an impurity. Extensive sampling conducted by EPA and the State has detected extremely high concentrations of dioxin on and off the site. EPA and the State have covered the area of major contamination with plastic tarpaulins. Adjacent transportation routes and residential areas were swept and vacuumed. Workers may have been exposed to dioxin during normal operations, as well as during renovations conducted during the summer of 1982. Another company has since purchased the land. The area is both densely populated and heavily industrialized. Municipal water is drawn from the Wanaque Reservoir, roughly 35 miles from the site. Status June 1984): On March 13, 1984, the State and Diamond entered into an Administrative Order on Consent for a remedial investigation/feasibility study and for on-site cleanup.

Alias Name: PASSAIC RIVER
Alias Address: Not reported
NJ

Site Description: The 80 Lister Avenue property is located in the Ironbound section of Newark, New Jersey. The property occupies approximately 3.4 acres on the north side of Lister Avenue. It is nearly rectangular in shape, extending about 373 feet in an east-west direction and 405 feet north-south. The property is bounded on the north by the Passaic River, on the east by the former-Sergeant Chemical Company (120 Lister Avenue) site subsequently purchased by Diamond Shamrock, at the southeast corner by the Duralac Company property, and on the south and west by Sherwin-Williams Company property. Vehicular access to the property is via a common right-of-way shared with Duralac entering the southeast corner of the property. The property is formally described as Lots 56 and 59 in Block 2438 on the Newark tax maps. As an industrial area that has been occupied for over 100 years, the entire site has been built up with fill. Approximately 6 to 8 feet of cinders, bricks, sand, and rubble have been placed over natural materials. In this process, the site has been intentionally leveled. Total relief across the site is approximately 3 feet with the lowest point along the railroad tracks at the southern boundary. Elevations vary between approximately 7 and 10 feet mean sea level (MSL). Much of the site has been covered with either pavement or gravel. The site is located in the Lower Valley portion of the Passaic River drainage basin. The Lower Valley is the southeasterly portion of the basin lying between the Central Basin and the mouth of Newark Bay. It is characterized as a flat relatively narrow floodplain of 1,000 to 2,000 feet in width, abutting low rolling hills. From Dundee Dam to the mouth of Newark Bay, the river is a tidal estuary and is navigable. The site is approximately three miles upstream from the mouth of Newark Bay. The closest known surface water gauging station on the Passaic River is at Little Falls, New Jersey, which is approximately twenty-six river miles upstream from the site. The gauging station is also upstream from the Dundee Dam, and therefore, river elevations at this station are much higher than river elevations at the site, and thus are not representative of site conditions. Industrial development on the site is reported to date from the 1870's. Drawings from 1914, revised in 1922, show the site to be part of the Lister Agricultural Chemical Company property which extended for some distance along the Passaic River. This plant site also included most of the other nearby industrial sites. It was during the period of ownership by Lister that the site reached its present dimensions following filling along the south shore of the Passaic River to form the northernmost 30 percent of the property. Much of the remainder of the site is also filled with the granular material reportedly used to fill the marsh land that existed in the natural state. Several buildings were on the site including the Lister power plant, which remains today as the chemical manufacturing building. When Lister Agricultural Chemical Company ceased operations the property was subdivided largely along the lines that form the present property boundaries and was sold. A 1.8-acre parcel (the northeast portion of the present site) was eventually acquired by the Kolker Chemical Works, Inc., which, by the mid-1940's, was operating an agricultural chemicals plant on the site. This was the beginning of the manufacturing operations that are related to the current conditions at the site. Kolker was an early producer of both dichlorodiphenyl trichloroethane (DDT) and the phenoxy herbicides. The exact dates when manufacture started is not known, but it is

believed that DDT production was underway before the end of World War II and that herbicide production started by 1948. In addition to DDT and the phenoxy herbicides, other products of interest produced on the site included hexachlorobenzene (HCB), ovex (a miticide), Lindane and low gamma-benzene hexachloride (low gamma-BHC). Several derivatives of benzene sulfonyl chloride and sulfonates were also made, but these were all low volume products. In all cases, manufacture started with readily available raw materials and the principal intermediates were made on the site. The principal products made on the site by Kolker were DDT and the phenoxy herbicides. Ownership by Kolker ceased in March 1951 when the Kolker Chemical Works was acquired by Diamond Alkali Company (Diamond Shamrock Chemicals Company). During this period the manufacture of several products was either transferred to other locations or discontinued, leaving the phenoxy herbicides as the only products of the plant. A major impetus for this change was an explosion in February 1960 which destroyed several plant processes. When rebuilt the plant only included processes for the manufacture of the phenoxy herbicides and their intermediates. Modernization and expansion continued during the 1960's, more than doubling total phenoxy capacity, to 15 million pounds per year. The changes started in 1955 with the transfer of Lindane manufacture to another location. Production of low gamma-BHC continued until 1957 or 1958 when it also was relocated. The biggest change, however, was the transfer of DDT production, which was moved to Texas in late 1958 or early 1959. During the late 1950's several process changes were instituted to improve the operating efficiency of the plant. Among these was a change instituted around 1956 to the trichlorophenol (TCP) process effluent with the installation of an industrial sewer connecting to the Passaic Valley Sewerage Commission (PVSC) Lister Avenue line. Following installation of that connection, most of the plant process wastes were discharged through the PVSC treatment plant. An explosion in the TCP unit during February 1960 destroyed the large five-story building in which it and several other plant processes had been located. Following the explosion, a decision was made to limit future production to the phenoxy herbicides, ending output of HCB, ovex and the benzene sulfonyl chloride derivatives. A larger site was required for rebuilding the plant on the scale desired, so an adjacent 1.6-acre parcel (consisting of the southwest portion of the present site) was leased from the Triplex Oil and Refining Company (later Walter Ray Holding Company). This site, which had been used for reclaiming oil, contained several buildings and large tanks which were razed to permit installation of a new laboratory and office building, a maintenance shop/warehouse building, and a tank farm for flammable raw materials along the west side of the property. Following demolition of the remains of the damaged building, a new process building devoted to the manufacture of sodium trichlorophenol (NaTCP), 2,4-dichlorophenol (2,4-DCP), monochloroacetic acid (MCA), and by-product hydrochloric acid (HCl) was erected along the river near what had been the north end of the old building. Following this construction, the manufacture of the intermediates was carried out in the new buildings, leaving the old but undamaged chemical manufacturing building for the production of 2,4-dichlorophenoxyacetic acid (2,4-D), 2,4,5-trichlorophenoxyacetic acid (2,4,5-T), and their esters and amines. The process building remains largely unchanged to this day. The only addition was equipment installed in 1967 to purify the NaTCP by removing dioxin. The period 1963 to 1967 saw several major projects in the 2,4-D and 2,4,5-T manufacturing areas which were designed to improve working conditions, improve product quality, and expand capacity. Operation at the plant continued until August 1969 when it was shut down. The production units were cleaned out as they were shut down, and between September and December the remaining raw materials and products were sold and shipped. The plant was listed for sale and remained idle throughout 1970 until it was purchased by Chemicaland Corporation in March 1971. It is

noted that Chemicaland actually purchased the 1.8 acres and improvements owned by Diamond Shamrock, which then assigned rights to the 1.6 acres it had leased from Walter Ray Holding Company to Chemicaland. Following purchase of the property by Chemicaland, equipment was installed for the manufacture of benzyl alcohol which was to be made and sold by Cloray NJ Corporation, an affiliate of Chemicaland. Production of benzyl alcohol was not profitable, so an attempt was made to expand their product line by manufacturing on a toll basis. These efforts were all unsuccessful and production ceased during the summer of 1973. In September 1973, Chemicaland contracted with Diamond Shamrock to produce 2,4-D on a toll basis and started rehabilitating the plant so that it could again make 2,4-D. Rehabilitation of the plant was completed sometime during the spring of 1974 and production of 2,4-D resumed. Limited quantities of 2,4-D were produced during the summer of 1974, but none was delivered to Diamond Shamrock under the contract. Operations were suspended and the plant staff was laid off in September 1974. Arrangements were then made by Chemicaland to produce 2,4-D on a toll basis for a second time and work resumed in February 1975. Limited quantities of 2,4-D were being produced by April 1975. Production of 2,4-D continued for the next 22 months, but output varied widely. Chemicaland scavenge equipment from unused processes such as TCP purification and 2,4,5-T for use in their 2,4-D unit and made temporary repairs to bypass failed equipment. The only major addition to the process known to have been made by Chemicaland was the installation of a second 2,4-D reactor during May 1976. However, this addition was soon negated by the failure of the original reactor. The maximum monthly output of 2,4-D by Chemicaland was reported to be about 500,000 pounds. In November 1976, while they were considering acquisition of Chemicaland, Occidental Chemical Company assumed control of the management of the plant and continued to manage the plant until February 24, 1977, when they returned control of the plant to Chemicaland. Because Chemicaland did not have the resources to continue operating without the support of Occidental, they laid off all plant personnel and shut down the plant on February 24, 1977. The property remained idle through 1980, but the ownership changed as William Leckie (the successor to Walter Ray Holding Company) purchased the 1.8 acres owned by Chemicaland in a tax sale, consolidating ownership in his name. In March 1981 Leckie sold the site to Marisol, Inc. Little is known of the use of the property by Marisol, but eventually this company started cleaning and clearing the site. Concerning the cleanup, it is known that: - The product left in the equipment when the plant was shut down on February 24, 1977, was removed and placed in drums, of which 570 remain on site today. - Some equipment known to be on the site following the shutdown was removed. - Warehouse space and tankage was leased to SCA Corporation which used it in conjunction with waste disposal operations at their neighboring plant. The date that SCA started to use the site is not exactly known, but was prior to the summer of 1982. During the spring of 1983, SCA continued to lease and use a portion of the site, while Marisol was working to prepare the office building for occupancy. This was the situation in May 1983 when results of samples taken in April by the USEPA showed high levels of dioxin on the site and New Jersey Department of Environmental Protection (NJDEP) moved to control access to the property. Upon the discovery of the presence of high concentrations of TCDD in May of 1983, the site was evacuated and secured. All exposed soils were covered with geofabric to prevent potential migration of contamination by surface runoff and wind blown particulates. In addition, the site is guarded 24 hours per day. These provisions have been maintained and are currently in place. A Record of Decision addressing Operable Unit 1 of the site was completed in September 1987.

Environmental Interest/Information System

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

CERCLIS (Comprehensive Environmental Response, Compensation, and Liability Information System) is the Superfund database that is used to support management in all phases of the Superfund program. The system contains information on all aspects of hazardous waste sites, including an inventory of sites, planned and actual site activities, and financial information.

ICIS (Integrated Compliance Information System) is the Integrated Compliance Information System and provides a database that, when complete, will contain integrated Enforcement and Compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain Enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions. This information is maintained in ICIS by EPA in the Regional offices and it Headquarters. A future release of ICIS will replace the Permit Compliance System (PCS) which supports the NPDES and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities occurring in the Region that support Compliance and Enforcement programs. These include; Incident Tracking, Compliance Assistance, and Compliance Monitoring.

Environmental Interest/Information System

NJ-NJEMS (New Jersey - New Jersey Environmental Management System).
The Department of Environmental Protection (NJDEP) manages large
databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource
Conservation and Recovery Act (RCRA) program through the tracking of
events and activities related to facilities that generate, transport,
and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA
program staff to track the notification, permit, compliance, and
corrective action activities required under RCRA.

PCS (Permit Compliance System) is a computerized management
information system that contains data on National Pollutant Discharge
Elimination System (NPDES) permit holding facilities. PCS tracks the
permit, compliance, and enforcement status of NPDES facilities.

Environmental Interest/Information System

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AIRS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

The NEI (National Emissions Inventory) database contains information on stationary and mobile sources that emit criteria air pollutants and their precursors, as well as hazardous air pollutants (HAPs).

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

US EPA TRIS (Toxics Release Inventory System) contains information from facilities on the amounts of over 300 listed toxic chemicals that these facilities release directly to air, water, land, or that are transported off-site.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

PCS (Permit Compliance System) is a computerized management information system that contains data on National Pollutant Discharge Elimination System (NPDES) permit holding facilities. PCS tracks the permit, compliance, and enforcement status of NPDES facilities.

NJ-NJEMS (New Jersey - New Jersey Environmental Management System).
The Department of Environmental Protection (NJDEP) manages large
databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource
Conservation and Recovery Act (RCRA) program through the tracking of
events and activities related to facilities that generate, transport,
and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA
program staff to track the notification, permit, compliance, and
corrective action activities required under RCRA.

Owner/Op end date: Not reported

Handler Activities Summary:

U.S. importer of hazardous waste: Unknown
Mixed waste (haz. and radioactive): Unknown
Recycler of hazardous waste: No
Transporter of hazardous waste: Unknown
Treater, storer or disposer of HW: No
Underground injection activity: No
On-site burner exemption: Unknown
Furnace exemption: Unknown
Used oil fuel burner: No
Used oil processor: No
User oil refiner: No
Used oil fuel marketer to burner: No
Used oil Specification marketer: No
Used oil transfer facility: No
Used oil transporter: No
Off-site waste receiver: Commercial status unknown

Historical Generators:

Date form received by agency: 01/01/2006
Facility name: B P NORTH AMERICA PETROLEUM INC
Classification: Conditionally Exempt Small Quantity Generator

Date form received by agency: 04/22/1981
Facility name: B P NORTH AMERICA PETROLEUM INC
Classification: Large Quantity Generator

Violation Status: No violations found

Evaluation Action Summary:

Evaluation date: 01/17/1984
Evaluation: NON-FINANCIAL RECORD REVIEW
Area of violation: Not reported
Date achieved compliance: Not reported

Environmental Interest/Information System

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AIRS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

The NEI (National Emissions Inventory) database contains information on stationary and mobile sources that emit criteria air pollutants and their precursors, as well as hazardous air pollutants (HAPs).

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

US EPA TRIS (Toxics Release Inventory System) contains information from facilities on the amounts of over 300 listed toxic chemicals that these facilities release directly to air, water, land, or that are transported off-site.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

PCS (Permit Compliance System) is a computerized management information system that contains data on National Pollutant Discharge Elimination System (NPDES) permit holding facilities. PCS tracks the permit, compliance, and enforcement status of NPDES facilities.

Hazardous Waste Summary:

Waste code: D001
Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSKEY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET, WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Waste code: D002
Waste name: A WASTE WHICH HAS A PH OF LESS THAN 2 OR GREATER THAN 12.5 IS CONSIDERED TO BE A CORROSIVE HAZARDOUS WASTE. SODIUM HYDROXIDE, A CAUSTIC SOLUTION WITH A HIGH PH, IS OFTEN USED BY INDUSTRIES TO CLEAN OR DEGREASE PARTS. HYDROCHLORIC ACID, A SOLUTION WITH A LOW PH, IS USED BY MANY INDUSTRIES TO CLEAN METAL PARTS PRIOR TO PAINTING. WHEN THESE CAUSTIC OR ACID SOLUTIONS BECOME CONTAMINATED AND MUST BE DISPOSED, THE WASTE WOULD BE A CORROSIVE HAZARDOUS WASTE.

Waste code: D035
Waste name: METHYL ETHYL KETONE

Waste code: F003
Waste name: THE FOLLOWING SPENT NON-HALOGENATED SOLVENTS: XYLENE, ACETONE, ETHYL ACETATE, ETHYL BENZENE, ETHYL ETHER, METHYL ISOBUTYL KETONE, N-BUTYL ALCOHOL, CYCLOHEXANONE, AND METHANOL; ALL SPENT SOLVENT MIXTURES/BLENDS CONTAINING, BEFORE USE, ONLY THE ABOVE SPENT NON-HALOGENATED SOLVENTS; AND ALL SPENT SOLVENT MIXTURES/BLENDS CONTAINING, BEFORE USE, ONE OR MORE OF THE ABOVE NON-HALOGENATED SOLVENTS, AND, A TOTAL OF TEN PERCENT OR MORE (BY VOLUME) OF ONE OR MORE OF THOSE SOLVENTS LISTED IN F001, F002, F004, AND F005, AND STILL BOTTOMS FROM THE RECOVERY OF THESE SPENT SOLVENTS AND SPENT SOLVENT MIXTURES.

Waste code: F005
Waste name: THE FOLLOWING SPENT NON-HALOGENATED SOLVENTS: TOLUENE, METHYL ETHYL KETONE, CARBON DISULFIDE, ISOBUTANOL, PYRIDINE, BENZENE, 2-ETHOXYETHANOL, AND 2-NITROPROPANE; ALL SPENT SOLVENT MIXTURES/BLENDS CONTAINING, BEFORE USE, A TOTAL OF TEN PERCENT OR MORE (BY VOLUME) OF ONE OR MORE OF THE ABOVE NON-HALOGENATED SOLVENTS OR THOSE SOLVENTS LISTED IN F001, F002, OR F004; AND STILL BOTTOMS FROM THE RECOVERY OF THESE SPENT SOLVENTS AND SPENT SOLVENT MIXTURES.

Environmental Interest/Information System

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AFS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

The NEI (National Emissions Inventory) database contains information on stationary and mobile sources that emit criteria air pollutants and their precursors, as well as hazardous air pollutants (HAPs).

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

US EPA TRIS (Toxics Release Inventory System) contains information from facilities on the amounts of over 300 listed toxic chemicals that these facilities release directly to air, water, land, or that are transported off-site.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and

corrective action activities required under RCRA.

US EPA Risk Management Plan (RMP) database stores the risk management plans reported by companies that handle, manufacture, use, or store certain flammable or toxic substances, as required under section 112(r) of the Clean Air Act (CAA).

Hazardous Waste Summary:

Waste code: D001
Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSLEY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET, WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Waste code: D002
Waste name: A WASTE WHICH HAS A PH OF LESS THAN 2 OR GREATER THAN 12.5 IS CONSIDERED TO BE A CORROSIVE HAZARDOUS WASTE. SODIUM HYDROXIDE, A CAUSTIC SOLUTION WITH A HIGH PH, IS OFTEN USED BY INDUSTRIES TO CLEAN OR DEGREASE PARTS. HYDROCHLORIC ACID, A SOLUTION WITH A LOW PH, IS

USED BY MANY INDUSTRIES TO CLEAN METAL PARTS PRIOR TO PAINTING. WHEN THESE CAUSTIC OR ACID SOLUTIONS BECOME CONTAMINATED AND MUST BE DISPOSED, THE WASTE WOULD BE A CORROSIVE HAZARDOUS WASTE.

Waste code: F002
Waste name: THE FOLLOWING SPENT HALOGENATED SOLVENTS: TETRACHLOROETHYLENE, METHYLENE CHLORIDE, TRICHLOROETHYLENE, 1,1,1-TRICHLOROETHANE, CHLOROBENZENE, 1,1,2-TRICHLORO-1,2,2-TRIFLUOROETHANE, ORTHO-DICHLOROBENZENE, TRICHLOROFLUOROMETHANE, AND 1,1,2-TRICHLOROETHANE; ALL SPENT SOLVENT MIXTURES/BLENDS CONTAINING, BEFORE USE, A TOTAL OF TEN PERCENT OR MORE (BY VOLUME) OF ONE OR MORE OF THE ABOVE HALOGENATED SOLVENTS OR THOSE LISTED IN F001, F004, OR F005, AND STILL BOTTOMS FROM THE RECOVERY OF THESE SPENT SOLVENTS AND SPENT SOLVENT MIXTURES.

Environmental Interest/Information System

NJ-NJEMS (New Jersey - New Jersey Environmental Management System).
The Department of Environmental Protection (NJDEP) manages large
databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource
Conservation and Recovery Act (RCRA) program through the tracking of
events and activities related to facilities that generate, transport,
and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA
program staff to track the notification, permit, compliance, and
corrective action activities required under RCRA.

Environmental Interest/Information System

NJ-NJEMS (New Jersey - New Jersey Environmental Management System).
The Department of Environmental Protection (NJDEP) manages large
databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource
Conservation and Recovery Act (RCRA) program through the tracking of
events and activities related to facilities that generate, transport,
and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA
program staff to track the notification, permit, compliance, and
corrective action activities required under RCRA.

Environmental Interest/Information System

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

CERCLIS (Comprehensive Environmental Response, Compensation, and Liability Information System) is the Superfund database that is used to support management in all phases of the Superfund program. The system contains information on all aspects of hazardous waste sites, including an inventory of sites, planned and actual site activities, and financial information.

Event date:	12/01/2000
Event:	CA772ID
Event date:	08/01/2002
Event:	Current Human Exposures under Control, Yes, Current Human Exposures Under Control has been verified. Based on a review of information contained in the EI determination, current human exposures are expected to be under control at the facility under current and reasonably expected conditions. This determination will be re-evaluated when the Agency/State becomes aware of significant changes at the facility.
Event date:	01/03/2003
Event:	Igration of Contaminated Groundwater under Control, Yes, Migration of Contaminated Groundwater Under Control has been verified. Based on a review of information contained in the EI determination, it has been determined that migration of contaminated groundwater is under control at the facility. Specifically, this determination indicates that the migration of contaminated groundwater is under control, and that monitoring will be conducted to confirm that contaminated groundwater remains within the existing area of contaminated groundwater. This determination will be re-evaluated when the Agency becomes aware of significant changes at the facility.

Environmental Interest/Information System

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AIRS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

US EPA TRIS (Toxics Release Inventory System) contains information from facilities on the amounts of over 300 listed toxic chemicals that these facilities release directly to air, water, land, or that are transported off-site.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AFS is the national repository for *information concerning airborne pollution in the United States*. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Hazardous Waste Summary:

Waste code: D001

Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSKEY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET, WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Waste code: D018

Hazardous Waste Summary:

Waste code: D001

Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSKEY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET, WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Waste code: F003

Waste name: THE FOLLOWING SPENT NON-HALOGENATED SOLVENTS: XYLENE, ACETONE, ETHYL ACETATE, ETHYL BENZENE, ETHYL ETHER, METHYL ISOBUTYL KETONE, N-BUTYL ALCOHOL, CYCLOHEXANONE, AND METHANOL; ALL SPENT SOLVENT MIXTURES/BLENDS CONTAINING, BEFORE USE, ONLY THE ABOVE SPENT NON-HALOGENATED SOLVENTS; AND ALL SPENT SOLVENT MIXTURES/BLENDS CONTAINING, BEFORE USE, ONE OR MORE OF THE ABOVE NON-HALOGENATED SOLVENTS, AND, A TOTAL OF TEN PERCENT OR MORE (BY VOLUME) OF ONE OR MORE OF THOSE SOLVENTS LISTED IN F001, F002, F004, AND F005, AND STILL BOTTOMS FROM THE RECOVERY OF THESE SPENT SOLVENTS AND SPENT SOLVENT MIXTURES.

Environmental Interest/Information System

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AIRS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

NCDB (National Compliance Data Base) supports implementation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Toxic Substances Control Act (TSCA). The system tracks inspections in

DELTECH RESIN COMPANY (Continued)

1000324566

regions and states with cooperative agreements, enforcement actions, and settlements.

The NEI (National Emissions Inventory) database contains information on stationary and mobile sources that emit criteria air pollutants and their precursors, as well as hazardous air pollutants (HAPs).

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

US EPA TRIS (Toxics Release Inventory System) contains information from facilities on the amounts of over 300 listed toxic chemicals that these facilities release directly to air, water, land, or that are transported off-site.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

ICIS (Integrated Compliance Information System) is the Integrated Compliance Information System and provides a database that, when complete, will contain integrated Enforcement and Compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain Enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions. This information is maintained in ICIS by EPA in the Regional offices and at Headquarters. A future release of ICIS will replace the Permit Compliance System (PCS) which supports the NPDES and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities occurring in the Region that support Compliance and Enforcement programs. These include; Incident Tracking, Compliance Assistance, and Compliance Monitoring.

PCS (Permit Compliance System) is a computerized management information system that contains data on National Pollutant Discharge Elimination System (NPDES) permit holding facilities. PCS tracks the permit, compliance, and enforcement status of NPDES facilities.

US EPA Risk Management Plan (RMP) database stores the risk management plans reported by companies that handle, manufacture, use, or store certain flammable or toxic substances, as required under section 112(r) of the Clean Air Act (CAA).

Environmental Interest/Information System

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AIRS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

NCDB (National Compliance Data Base) supports implementation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Toxic Substances Control Act (TSCA). The system tracks inspections in regions and states with cooperative agreements, enforcement actions, and settlements.

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

US EPA TRIS (Toxics Release Inventory System) contains information from facilities on the amounts of over 300 listed toxic chemicals that these facilities release directly to air, water, land, or that are transported off-site.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

ICIS (Integrated Compliance Information System) is the Integrated Compliance Information System and provides a database that, when complete, will contain integrated Enforcement and Compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain Enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions. This information is maintained in ICIS by EPA in the Regional offices and its Headquarters. A future release of ICIS will replace the Permit Compliance System (PCS) which supports the NPDES and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities occurring in the Region that support Compliance and Enforcement programs. These include; Incident Tracking, Compliance Assistance, and Compliance Monitoring.

PCS (Permit Compliance System) is a computerized management information system that contains data on National Pollutant Discharge Elimination System (NPDES) permit holding facilities. PCS tracks the permit, compliance, and enforcement status of NPDES facilities.

Environmental Interest/Information System

NJ-NJEMS (New Jersey - New Jersey Environmental Management System).
The Department of Environmental Protection (NJDEP) manages large
databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource
Conservation and Recovery Act (RCRA) program through the tracking of
events and activities related to facilities that generate, transport,
and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA
program staff to track the notification, permit, compliance, and
corrective action activities required under RCRA.

Environmental Interest/Information System

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System

NJ-NJEMS (New Jersey - New Jersey Environmental Management System).
The Department of Environmental Protection (NJDEP) manages large
databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource
Conservation and Recovery Act (RCRA) program through the tracking of
events and activities related to facilities that generate, transport,
and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA
program staff to track the notification, permit, compliance, and
corrective action activities required under RCRA.

Hazardous Waste Summary:

Waste code: D001
Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSKEY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET, WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Waste code: D009
Waste name: MERCURY

Waste code: U028
Waste name: 1,2-BENZENEDICARBOXYLIC ACID, BIS(2-ETHYLHEXYL) ESTER

Waste code: U107
Waste name: 1,2-BENZENEDICARBOXYLIC ACID, DIOCTYL ESTER

Environmental Interest/Information System

NCDB (National Compliance Data Base) supports implementation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Toxic Substances Control Act (TSCA). The system tracks inspections in regions and states with cooperative agreements, enforcement actions, and settlements.

The NEI (National Emissions Inventory) database contains information on stationary and mobile sources that emit criteria air pollutants and their precursors, as well as hazardous air pollutants (HAPs).

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

US EPA TRIS (Toxics Release Inventory System) contains information from facilities on the amounts of over 300 listed toxic chemicals that these facilities release directly to air, water, land, or that are transported off-site.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

ICIS (Integrated Compliance Information System) is the Integrated Compliance Information System and provides a database that, when complete, will contain integrated Enforcement and Compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain Enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions. This information is maintained in ICIS by EPA in the Regional offices and it Headquarters. A future release of ICIS will replace the Permit Compliance System (PCS) which supports the NPDES and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities occurring in the Region that support Compliance and Enforcement programs. These include; Incident Tracking, Compliance Assistance, and Compliance Monitoring.

Environmental Interest/Information System

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AIRS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System

AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AIRS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.

US EPA Assessment, Cleanup and Redevelopment Exchange System (ACRES) is an federal online database for Brownfields Grantees to electronically submit data directly to EPA.

NJ-NJEMS (New Jersey - New Jersey Environmental Management System). The Department of Environmental Protection (NJDEP) manages large databases of environmental information in this integrated system.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

ICIS (Integrated Compliance Information System) is the Integrated Compliance Information System and provides a database that, when complete, will contain integrated Enforcement and Compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain Enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions. This information is maintained in ICIS by EPA in the Regional offices and it Headquarters. A future release of ICIS will replace the Permit Compliance System (PCS) which supports the NPDES and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities occurring in the Region that support Compliance and Enforcement programs. These include; Incident Tracking, Compliance Assistance, and Compliance Monitoring.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

STANDARD ENVIRONMENTAL RECORDS

Federal NPL site list

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 03/31/2010	Source: EPA

	Data Release Frequency: Quarterly

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Federal Delisted NPL site list

DELISTED NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

Federal CERCLIS list

CERCLIS: Comprehensive Environmental Response, Compensation, and Liability Information System

CERCLIS contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

	Data Release Frequency: Varies

Federal CERCLIS NFRAP site List

CERCLIS-NFRAP: CERCLIS No Further Remedial Action Planned

Archived sites are sites that have been removed and archived from the inventory of CERCLIS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list this site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. This decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be a potential NPL site.

Federal RCRA non-CORRACTS TSD facilities list

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

State- and tribal - equivalent CERCLIS

SHWS: Known Contaminated Sites in New Jersey

The Known Contaminated Sites in New Jersey includes sites under the purview of the Site Remediation Program which have contamination present at levels greater than the applicable cleanup criteria for soil and/or groundwater standards. The sites appearing in Known Contaminated Sites in New Jersey are classified as either active, where the site is assigned to a specific remedial program area, or pending, where the site is awaiting assignment to a specific remedial program area. Sites where no further action (NFA) designation has been given are not included in this report unless there are other areas of identified contamination which have not been remediated. This report includes sites being remediated under all of the various regulatory programs administered by the Site Remediation Program such as: Federal Superfund Program, Federal Resource Conservation and Recovery Act (RCRA), New Jersey's Industrial Site Recovery Act (ISRA), New Jersey's Underground Storage of Hazardous Substances Act, New Jersey's Spill Compensation and Control Act, New Jersey's Solid Waste Management Act, New Jersey's Water Pollution Control Act.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

HWS RE-EVAL: Site Re-Evaluation Report

The locations were removed from the Known Contaminated Sites list for a variety of reasons. Some of the sites were taken off the list because they were inactive, some were not assigned a case worker and some were no longer contaminated. Inspectors from the DEP are now undertaking a full re-evaluation of each of the locations statewide. That includes visual and environmental tests to see whether contamination still exists.

Date of Government Version: 09/20/2007

HIST HWS: Known Contaminated Sites Listing

The Known Contaminated Sites in New Jersey report is a municipal listing of sites where contamination of soil and/or ground water is confirmed at levels greater than the applicable cleanup criteria or standards. Remedial activities are underway or required at the sites with an on-site source(s) of contamination and at locations where the source(s) of contamination is unknown. Sites with completed remedial work that require engineering and/or institutional controls have reporting measures in place to ensure the effectiveness of past actions, and some include maintenance and/or monitoring

State and tribal registered storage tank lists

UST: Underground Storage Tank Data

Registered Underground Storage Tanks. UST's are regulated under Subtitle I of the Resource Conservation and Recovery Act (RCRA) and must be registered with the state department responsible for administering the UST program. Available information varies by state program.

Date of Government Version: 02/06/2010	Source: Department of Environmental Protection
Date Data Arrived at EDR: 03/12/2010	Telephone: 609-341-3121
Date Made Active in Reports: 03/30/2010	Last EDR Contact: 05/17/2010
Number of Days to Update: 18	Next Scheduled EDR Contact: 08/30/2010
	Data Release Frequency: Varies

MAJOR FACILITIES: List of Major Facilities

Major facilities means all facilities, located on one or more contiguous or adjacent properties owned or operated by the same person, having total combined storage capacity of 20,000 gallons or more for hazardous substances other than petroleum or petroleum products, or 200,000 gallons or more for hazardous substances of all kinds.

Date of Government Version: 05/18/2010	Source: Department of Environmental Protection
Date Data Arrived at EDR: 05/21/2010	Telephone: 609-292-1690
Date Made Active in Reports: 06/28/2010	Last EDR Contact: 07/19/2010
Number of Days to Update: 38	Next Scheduled EDR Contact: 11/01/2010
	Data Release Frequency: Varies

INDIAN UST R7: Underground Storage Tanks on Indian Land

The Indian Underground Storage Tank (UST) database provides information about underground storage tanks on Indian land in EPA Region 7 (Iowa, Kansas, Missouri, Nebraska, and 9 Tribal Nations).

Date of Government Version: 04/01/2008	Source: EPA Region 7
Date Data Arrived at EDR: 12/30/2008	Telephone: 913-551-7003
Date Made Active in Reports: 03/16/2009	Last EDR Contact: 08/11/2010
Number of Days to Update: 76	Next Scheduled EDR Contact: 11/15/2010
	Data Release Frequency: Varies

INDIAN UST R10: Underground Storage Tanks on Indian Land

The Indian Underground Storage Tank (UST) database provides information about underground storage tanks on Indian land in EPA Region 10 (Alaska, Idaho, Oregon, Washington, and Tribal Nations).

Date of Government Version: 05/04/2010	Source: EPA Region 10
Date Data Arrived at EDR: 05/05/2010	Telephone: 206-553-2857
Date Made Active in Reports: 05/27/2010	Last EDR Contact: 08/02/2010
Number of Days to Update: 22	Next Scheduled EDR Contact: 11/15/2010
	Data Release Frequency: Quarterly

INDIAN UST R4: Underground Storage Tanks on Indian Land

The Indian Underground Storage Tank (UST) database provides information about underground storage tanks on Indian land in EPA Region 4 (Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee and Tribal Nations)

Date of Government Version: 05/19/2010	Source: EPA Region 4
Date Data Arrived at EDR: 05/21/2010	Telephone: 404-562-9424
Date Made Active in Reports: 08/09/2010	Last EDR Contact: 08/02/2010
Number of Days to Update: 80	Next Scheduled EDR Contact: 11/15/2010
	Data Release Frequency: Semi-Annually

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

INDIAN UST R9: Underground Storage Tanks on Indian Land

The Indian Underground Storage Tank (UST) database provides information about underground storage tanks on Indian land in EPA Region 9 (Arizona, California, Hawaii, Nevada, the Pacific Islands, and Tribal Nations).

Date of Government Version: 05/27/2010	Source: EPA Region 9
Date Data Arrived at EDR: 05/28/2010	Telephone: 415-972-3368
Date Made Active in Reports: 08/09/2010	Last EDR Contact: 08/02/2010
Number of Days to Update: 73	Next Scheduled EDR Contact: 11/15/2010
	Data Release Frequency: Quarterly

INDIAN UST R8: Underground Storage Tanks on Indian Land

The Indian Underground Storage Tank (UST) database provides information about underground storage tanks on Indian land in EPA Region 8 (Colorado, Montana, North Dakota, South Dakota, Utah, Wyoming and 27 Tribal Nations).

Date of Government Version: 05/24/2010	Source: EPA Region 8
Date Data Arrived at EDR: 05/27/2010	Telephone: 303-312-6137

Number of Days to Update: 74	Next Scheduled EDR Contact: 11/15/2010
	Data Release Frequency: Quarterly

INDIAN UST R1: Underground Storage Tanks on Indian Land

The Indian Underground Storage Tank (UST) database provides information about underground storage tanks on Indian land in EPA Region 1 (Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont and ten Tribal Nations).

Date of Government Version: 02/19/2009	Source: EPA, Region 1
Date Data Arrived at EDR: 02/19/2009	Telephone: 617-918-1313
Date Made Active in Reports: 03/16/2009	Last EDR Contact: 08/02/2010
Number of Days to Update: 25	Next Scheduled EDR Contact: 11/15/2010
	Data Release Frequency: Varies

INDIAN UST R6: Underground Storage Tanks on Indian Land

The Indian Underground Storage Tank (UST) database provides information about underground storage tanks on Indian land in EPA Region 6 (Louisiana, Arkansas, Oklahoma, New Mexico, Texas and 65 Tribes).

Date of Government Version: 05/03/2010	Source: EPA Region 6
Date Data Arrived at EDR: 05/05/2010	Telephone: 214-665-7591
Date Made Active in Reports: 05/27/2010	Last EDR Contact: 08/02/2010
Number of Days to Update: 22	Next Scheduled EDR Contact: 11/15/2010
	Data Release Frequency: Semi-Annually

INDIAN UST R5: Underground Storage Tanks on Indian Land

The Indian Underground Storage Tank (UST) database provides information about underground storage tanks on Indian land in EPA Region 5 (Michigan, Minnesota and Wisconsin and Tribal Nations).

Date of Government Version: 02/11/2010	Source: EPA Region 5
Date Data Arrived at EDR: 02/11/2010	Telephone: 312-886-6136
Date Made Active in Reports: 04/12/2010	Last EDR Contact: 08/02/2010
Number of Days to Update: 60	Next Scheduled EDR Contact: 11/15/2010
	Data Release Frequency: Varies

FEMA UST: Underground Storage Tank Listing

A listing of all FEMA owned underground storage tanks.

Date of Government Version: 01/01/2010	Source: FEMA
Date Data Arrived at EDR: 02/16/2010	Telephone: 202-646-5797
Date Made Active in Reports: 04/12/2010	Last EDR Contact: 07/19/2010
Number of Days to Update: 55	Next Scheduled EDR Contact: 11/01/2010
	Data Release Frequency: Varies

State and tribal institutional control / engineering control registries

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

ENG CONTROLS: Declaration Environmental Restriction/Deed Notice Sites

Legal Document that restricts the use of contaminated property; holds owner(s) to the regulatory/statutory requirements for cleanup.

Date of Government Version: 02/17/2010
Date Data Arrived at EDR: 04/13/2010
Date Made Active in Reports: 04/27/2010
Number of Days to Update: 14

Source: Department of Environmental Protection

Next Scheduled EDR Contact: 11/15/2010
Data Release Frequency: Annually

ADDITIONAL ENVIRONMENTAL RECORDS

Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites

Included in the listing are brownfields properties addresses by Cooperative Agreement Recipients and brownfields properties addressed by Targeted Brownfields Assessments. Targeted Brownfields Assessments-EPA's Targeted Brownfields Assessments (TBA) program is designed to help states, tribes, and municipalities--especially those without EPA Brownfields Assessment Demonstration Pilots--minimize the uncertainties of contamination often associated with brownfields. Under the TBA program, EPA provides funding and/or technical assistance for environmental assessments at brownfields sites throughout the country. Targeted Brownfields Assessments supplement and work with other efforts under EPA's Brownfields Initiative to promote cleanup and redevelopment of brownfields. Cooperative Agreement Recipients-States, political subdivisions, territories, and Indian tribes become Brownfields Cleanup Revolving Loan Fund (BCRLF) cooperative agreement recipients when they enter into BCRLF cooperative agreements with the U.S. EPA. EPA selects BCRLF cooperative agreement recipients based on a proposal and application process. BCRLF cooperative agreement recipients must use EPA funds provided through BCRLF cooperative agreement for specified brownfields-related cleanup activities.

Local Lists of Hazardous waste / Contaminated Sites

US CDL: Clandestine Drug Labs

A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

LIENS: Environmental LIENS

A listing of properties with environmental liens. The listing includes sites from the Site Remediation & Waste Management Program Sites where the Department has placed either a 1st Priority or Regular Spill Fund Lien against. 1st Priority Type Lien - a lien placed against the property where the discharge occurred providing that the owners of the property have some responsibility towards the discharge. First Priority Lien is superior to other types of liens. Non-Priority (Regular) Type Lien - a lien placed against the Responsible Party & their revenues and all real and personal property, other than the real property comprising the location of the discharge.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

Date of Government Version: 01/05/2009	Source: Department of Energy
Date Data Arrived at EDR: 05/07/2009	Telephone: 505-845-0011

	Data Release Frequency: Quarterly

FTTS INSP: FIFRA/ TSCA Tracking System - FIFRA (Federal Insecticide, Fungicide, & Rodenticide Act)/TSCA (Toxic Substances Control Act)

A listing of FIFRA/TSCA Tracking System (FTTS) inspections and enforcements.

Date of Government Version: 04/09/2009	Source: EPA
Date Data Arrived at EDR: 04/16/2009	Telephone: 202-566-1667
Date Made Active in Reports: 05/11/2009	Last EDR Contact: 06/01/2010
Number of Days to Update: 25	Next Scheduled EDR Contact: 09/13/2010
	Data Release Frequency: Quarterly

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

Date of Government Version: 10/19/2006	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/01/2007	Telephone: 202-564-2501
Date Made Active in Reports: 04/10/2007	Last EDR Contact: 12/17/2007
Number of Days to Update: 40	Next Scheduled EDR Contact: 03/17/2008

	Data Release Frequency: Quarterly

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

Date of Government Version: 04/17/1995	Source: EPA
Date Data Arrived at EDR: 07/03/1995	Telephone: 202-564-4104

ISRA: ISRA Database

The ISRA process begins with determining if the Act applies to your type of business and transaction. The provisions of ISRA only apply to industrial establishments. What is an industrial establishment? The term "industrial establishment" refers to the type of business operations and transactions that would subject a facility to review under ISRA.

An industrial establishment must meet each of the following three criteria: The place of business or real property at which such business is conducted, having a North American Industry Classification System (NAICS) code listed in N.J.A.C. 7:26 B - Appendix C subject to the specified exceptions and limitations. The place of business must have been engaged in operations on or after December 31, 1983; and The place of business must involve the generation, manufacture, refining, transportation, treatment, storage, handling, or disposal of hazardous substances or hazardous wastes.

EDR PROPRIETARY RECORDS

EDR Proprietary Records

Manufactured Gas Plants: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

USGS TOPOGRAPHIC MAP

Target Property Map:	40074-F2 ELIZABETH, NJ
Most Recent Revision:	1995

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

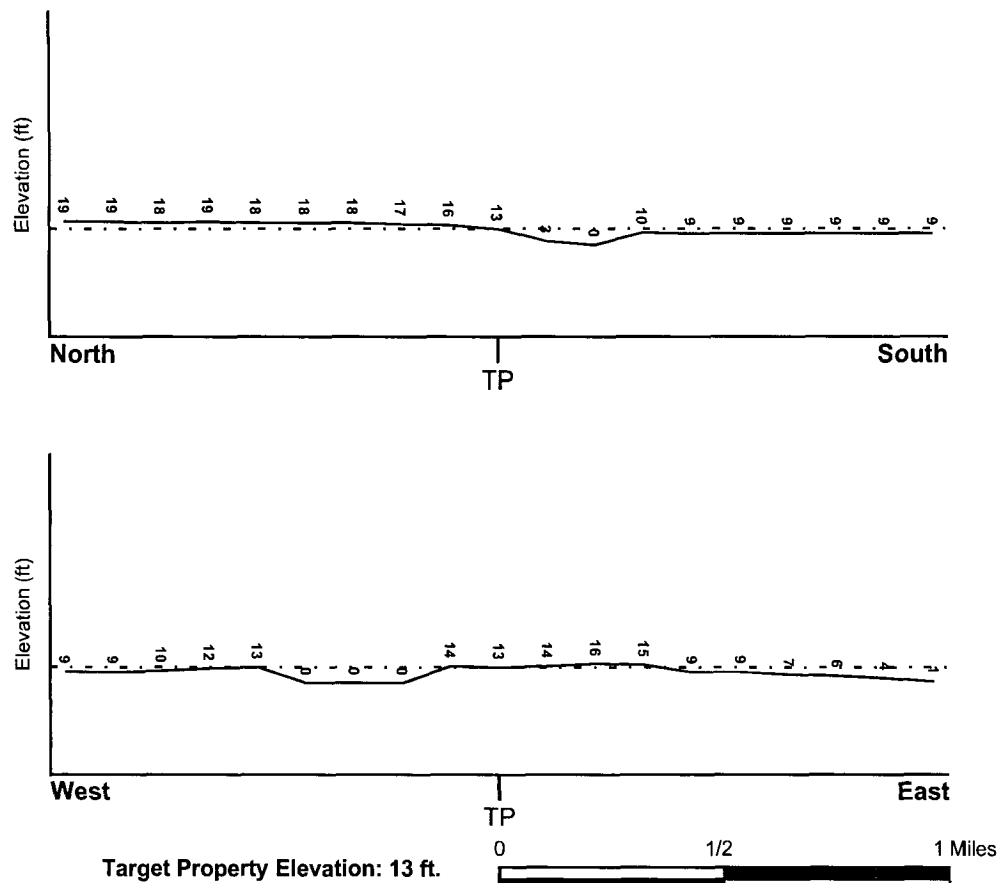

TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General SW

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

FEMA FLOOD ZONE

<u>Target Property County</u>	<u>FEMA Flood</u>
ESSEX, NJ	<u>Electronic Data</u>
	YES - refer to the Overview Map and Detail Map

<u>NWI Quad at Target Property</u>	<u>NWI Electronic</u>
ELIZABETH	<u>Data Coverage</u>
	YES - refer to the Overview Map and Detail Map

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Site-Specific Hydrogeological Data:*

Search Radius:	1.25 miles
Location Relative to TP:	1/4 - 1/2 Mile ENE
Site Name:	T&J Landfill
Site EPA ID Number:	NJD000416420
Groundwater Flow Direction:	East
Inferred Depth to Water:	20 feet.
Hydraulic Connection:	Information is not available about the hydraulic connection between the unstratified drift or till (surficial aquifer) and the lower aquifer.
Sole Source Aquifer:	A sole source aquifer is not present at or near the site
Data Quality:	Information is inferred in the CERCLIS investigation report(s)

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

<u>MAP ID</u>	<u>LOCATION</u> <u>FROM TP</u>	<u>GENERAL DIRECTION</u> <u>GROUNDWATER FLOW</u>

* ©1996 Site-specific hydrogeological data gathered by CERCLIS Alerts, Inc., Bainbridge Island, WA. All rights reserved. All of the information and opinions presented are those of the cited EPA report(s), which were completed under a Comprehensive Environmental Response Compensation and Liability Information System (CERCLIS) investigation.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

Soil Map ID: 1

Soil Component Name: Urban land

Soil Surface Texture: material

Hydrologic Group: Class D - Very slow infiltration rates. Soils are clayey, have a high water table, or are shallow to an impervious layer.

Soil Drainage Class: Well drained

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: Low

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
	Upper	Lower		AASHTO Group	Unified Soil		
1	0 inches	11 inches	material	Not reported	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 141 Min: 42	Max: 6 Min: 5.6
2	11 inches	16 inches	gravelly sand	Not reported	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 141 Min: 42	Max: 6 Min: 5.6
3	16 inches	25 inches	gravelly sand	Not reported	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 141 Min: 42	Max: 6 Min: 5.6
4	25 inches	37 inches	loamy sand	Not reported	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 141 Min: 42	Max: 6 Min: 5.6
5	37 inches	59 inches	gravelly loamy sand	Not reported	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 141 Min: 42	Max: 6 Min: 5.6

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Soil Map ID: 2

Soil Component Name: Water

Soil Surface Texture: material

Hydrologic Group: Class D - Very slow infiltration rates. Soils are clayey, have a high water table, or are shallow to an impervious layer.

Soil Drainage Class:
Hydric Status: Unknown

Corrosion Potential - Uncoated Steel: Not Reported

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

No Layer Information available.

LOCAL / REGIONAL WATER AGENCY RECORDS

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)

Source: United States Geologic Survey

EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

HYDROLOGIC INFORMATION

Flood Zone Data: This data, available in select counties across the country, was obtained by EDR in 2003 & 2009 from the Federal Emergency Management Agency (FEMA). Data depicts 100-year and 500-year flood zones as defined by FEMA.

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002 and 2005 from the U.S. Fish and Wildlife Service.

State Wetlands Data: Wetlands Inventory

HYDROGEOLOGIC INFORMATION

AQUIFLOW^R Information System

Source: EDR proprietary database of groundwater flow information

EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

GEOLOGIC INFORMATION

Geologic Age and Rock Stratigraphic Unit

Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Services

The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Services (NRCS)

Telephone: 800-672-5559

SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Services, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

DRAFT

**Summary of Environmental Actions
BP Petroleum Bulk Storage Facility
Intersection of Port and Navy Streets**

Date of Action	Action	Summary of Action/Comments	Source/ Attachment
January 31, 1978	Release of 1.25 million gallons of No. 4 oil from Tank 108	Spill occurred while property was occupied by Coastal Oil. Product recovery was conducted through May 24, 1978. A post release inspection of Tank 108 revealed a hole in a tank floor plate.	Summary of the Environmental Review and Findings, Roy F. Weston, Inc., November 21, 1994.
February 2, 1983	Release of 42,000 gallons of No. 6 oil due to overfill into unpaved dike area.	Spill occurred while the property has been occupied by BP. BP signed ACO with NJDEP to remediate exposed surface soil with Dried Bacteria Cultures (DBC). No documentation of successful completion of remedial action.	Summary of the Environmental Review and Findings, Roy F. Weston, Inc., November 21, 1994.
May 16 and 18, 1983	Reports of oil leaking into the channel through the bulkhead. Leaking fuel pipes were found.	No additional information is currently available.	Letter from the PANYNJ to BP Marine dated Feb. 7, 1995.
September 4, 1986	Hydraulic Site Assessment Report prepared by Converse Consultants East for BP where vertical permeability was measured in the containment basin.	The soils were determined to be inadequate to vertically contain an oil spill and prevent impact to groundwater until the meadow mat is reached.	Summary of the Environmental Review and Findings, Roy F. Weston, Inc., November 21, 1994.
November 1986	17 shallow (each 11 feet deep) groundwater monitoring wells installed for BP by Handex.	No additional information is currently available.	Site Investigation Report, Roy F. Weston, Inc., April 1994.
October 6, 1992	Oil sheen discovered on the City Channel (Newark Bay) approximately 900 feet south of the BP facility.	A Remedial Investigation Report prepared by Ground Water Associates, Inc for BP summarized the results of an investigation performed in response to the discovery. A subsurface soil boring program was conducted in the vicinity of a pipeline access pit. The report identified two separate plumes of free product contamination migrating along unidentified pathways.	Summary of the Environmental Review and Findings, Roy F. Weston, Inc., November 21, 1994.
October 15, 1992	Spill Notification to NJDEP - NJDEP Spill Case No. 92-10-15-1235-22 assigned.	Evidence of a petroleum release was discovered while Port Authority excavated for a shallow signpost foundation at the intersection of Port and Navy Streets.	Site Investigation Report, Roy F. Weston, Inc., April 1994.
April 1994	Roy F. Weston completed a Site Investigation Report for Port Street and Navy Street on behalf of PANYNJ.	Weston conducted a visit of the site and adjacent BP terminal, NJDEP file review, and a soil and groundwater investigation. The investigation consisted of advancing 41 soil boring and the installation of 5 shallow monitoring wells and one deep monitoring well. Soil was screened with PID. 27 confirmatory soil samples were analyzed for TPHC, BNA, VOC, MTBE, TBA, and lead. Groundwater was analyzed for TPHC, VOC, MTBE, TBA, BNA, and lead. Free product was present in 2 shallow monitoring wells. TPHC was detected in soil samples along the exterior of the dike wall downgradient of Tank 108. TPHC concentrations in soil decreased with distance from the dike wall (TPHC ranged from 186 ppm to 29,600 ppm). The groundwater flow was determined to be easterly.	Site Investigation Report, Roy F. Weston, Inc., April 1994. Soil and Groundwater Analytical Summary Tables and Boring and Monitoring Well Locations Figure are attached.
April 21, 1994	Handex completed a Remedial Investigation Update Report on behalf of BP.	Handex completed this report to present the results of 3 subsurface soil samples and to describe the interim groundwater/free product recovery measures performed in response to the October 6, 1992 release. No groundwater samples were collected. TPHC, BTEX, and BNA TICs were detected below NJDEP criteria. Based on the results, additional soil sampling and a groundwater investigation is warranted. (No description of recovery measures is provided.)	Summary of the Environmental Review and Findings, Roy F. Weston, Inc., November 21, 1994.

DRAFT

Summary of Environmental Actions
BP Petroleum Bulk Storage Facility
Intersection of Port and Navy Streets

Date of Action	Action	Summary of Action/Comments	Source/ Attachment
August 24, 1994	Handex completed a Site Investigation Report completed on behalf of BP. Report summarizes investigation conducted on subsurface water conditions inside containment wall.	TPHC was detected in the soil and groundwater. Handex observed the presence of liquid phase hydrocarbon film on the water table, free product was identified in one temporary well, and hydrocarbon stained soils at the water table were observed. Based on Weston's review, methods used to collect data were bias against finding free product, such as the equilibration time of "a few hours" was far too short.	Site Investigation Report of Interior Dike Wall Area, Handex, August 24, 1994
August 31, 1994	Handex completed a Soil Stockpile Investigation Report on behalf of BP.	Handex completed this report to investigate the quality of soil that was temporarily stockpiled outside the BP facility by PANYNJ. Five grab soil samples were collected and analyzed for TPHC, VOCs, SVOCs, and metals. TPHC was detected in two samples and SVOCs were slightly above NJDEP criteria.	Site Investigation Report of Surface Soil Along Port and Navy Streets, Handex, August 31, 1994
February 28, 1995	NJDEP response letter regarding Handex Reports dated August 1994 to BP Marine	NJDEP concurs with Weston's report that additional investigation is needed and that the Handex report (8/94) supports that contaminated soils exist within the subsurface soils of the diked area. NJDEP requested a final remedial action report for the discharge from Tank 106.	NJDEP letter dated Feb. 28, 1995 to BP Marine
April 22, 1998	Woodward-Clyde completed a Preliminary Free Product Investigation on behalf of BP.	WC advanced seven borings at the intersection of Port and Navy streets to delineate the extent of free product and determine the groundwater flow direction. Free product was not observed in any of the temporary monitoring wells; however, the presence of a light sheen (less than 0.01 feet) was observed in SB1, SB2, and SB6. WC also observed digging activities of 49 post holes into the water table. Free product was not observed on the water, except in post holes nearest to SB5 and downgradient of the former concrete fuel bunkers. Groundwater flow was determined to be south-southeast. Figures 2 and 3 (Groundwater Contour Diagrams) were missing from the report. Locations of the post holes were not included.	Preliminary Free Product Investigation, Woodward-Clyde, April 22, 1998
			Boring locations and Groundwater Elevation table attached.

P. O. Box 2909
Trenton, New Jersey 08625

Attn: Mr. Thomas Allen

Dear Mr. Allen:

Tom, please accept this letter as a follow up report for your file since your last visit to our Port Newark Terminal. At that time, we discussed the future plans concerning Tank #108 Dike Area.

At this time, all work has stopped in Dike Area. Future plans are to start after the Heating Season, April 1979, when our men come off the Winter Shift Schedule. Tom, prior to this time I will contact you, and set-up date for you to come on site, so we can review the existing conditions of dike soil and make some plans to correct the problems in this tank dike area.

Since your visit, we added two more feet of fill dirt, where temporary cut was made in concrete dike containing wall, giving us more protection, just in case we did have another problem.

Tom, the big factor in regards to containment is that, thru the heating season the two tanks in this area turn over every week and are never both full at the same time. As fast as they get filled, the trucks are taking it out.

Tom, we sure appreciate the way you have worked with us on this accident.

Thanks again.

Yours truly,

Charles McGuire

MEMONEW JERSEY STATE DEPARTMENT OF ENVIRONMENTAL PROTECTIONTO Spill FileFROM Thomas J. AllenDATE July 20, 1978SUBJECT Coastal Oil Company, Doremous Avenue, Newark - OHMP Case # 78-1-31-6

On January 31, 1978, I investigated a spill report at the above noted facility. My investigation disclosed that an estimated 30,000 BBL's of #4 oil was spilled into a diked area due to a rupture in a storage tank. Oil was seeping through a fire wall into a concrete vault but Coastal Oil personnel were pumping this oil back into the diked area. There was minor seepage through an expansion joint but this was readily contained by use of sand.

I met with Mr. Charles Boggs, Vice President and discussed clean up strategy with him. Since 38,000 BBL's were still in the tank and leaking, efforts were concentrated on the removal of the remaining oil in the tank by use of barge. Once the oil was brought to a level below the leak transfer of the oil in the dike could start.

On February 1, 1978, I spoke with Mr. Boggs by telephone. He informed me that the oil in the tank and dike area had reached equal levels. The oil in the tank is still being pumped into barges and removal of the oil in the dike would start by days end. Mr. Boggs estimated that the oil in the dike would be removed by late evening on February 2, 1978. At 1530 Lt. Commander Dougherty U.S.C.G. informed me pumping of the dike area had started and the level of oil has noticeably lowered.

February 2, 1978

On scene and met with Mr. Charles McGuire, operations manager. They are currently pumping from both the tank and dike at the rate of 500 BBL's per hour. An additional pump should be working shortly that will increase the total pumping rate to approximately 1,000 BBL's per hour. There is approximately 2,000 BBL's remaining in the tank and an estimated 8,000 BBL's in the dike. At the time of the initial discharge the oil was heated to 68° F. 401

I met with P.O. Sattler and Ens. Del Bueno, U.S.C.G. and viewed clean up operations with them. The oil level in the dike has lowered approximately 8 inches since my last visit. All appears to be going well with an estimated 48 hours of pumping time left.

February 15, 1978

Spoke with Mr. McGuire. He informed me that everything was working out well until the recent snow storms. The oil in the dike area had been lowered to a point where ground surface was becoming visible in some areas. An inspection of the tank revealed a hole in the floor plate.

February 22, 1978

Spoke with Mr. McGuire. The solidifying oil in the tank bottom will be removed by vacuum truck tomorrow. Contractor has been hired for the remaining clean up work. Andax Environmental Corporation, 416 Edgewood Place, Rutherford, NJ 07070, (201-939-1358).

March 1, 1978

Spoke with Mr. McGuire. Oil is still floating to ground surface and being removed by vacuum truck. A sump system has been installed in one corner of the dike and continually pumps an oil/water mixture. In all, an estimated 2,000 BBL's of liquid (oil and water) have been removed from the dike area since February 23, 1978. Operations will continue in this manner until the thaw begins, at which time additional sumps will be installed.

March 14, 1978

Spoke with Mr. McGuire. Oil is still being pumped from the dike as the melting snow and ice lifts it. There is still some oil trapped under several inches of ice. Almo Anti Pollution has been hired to remove this oil by vacuum truck. In addition to Almo, three diaphragm pumps and one vacuum pump are also being utilized.

March 21, 1978

Received call from Ch. McGuire. Approximately 100 BBL's or less remain in several small pools. Almo and Coastal transfer pumps are being used to pump the oil into their slop tank.

March 29, 1978

On scene and met Mr. McGuire. Most of the free oil has been removed. Oil pockets remain scattered within the dike area and are being removed by vacuum truck. Sumps will be installed when all of the free oil is removed.

April 17, 1978

Received call from Ch. McGuire. The dike area was flooded with approximately six inches of water to lift the oil. It worked quite well and vacuum trucks were used to remove the oil. Clean up is now nearing completion.

May 24, 1978

Called Ch. McGuire. They are now in the tank and cleaning it out. The dike area has been flooded again and a small amount of oil was lifted. Clean up should be complete in the near future.

July 12, 1978

Received a call from Ch. McGuire. He informed me that they are now preparing to remove the contaminated soil from within the dike. To do so, a section of the dike will have to be removed so that a ramp can be built to allow the bulldozer access. A minimum of 3 to 4 feet will remain in tact to provide dike protection

- 3 -

for the other tank in the dike system. This tank (# 107) has a capacity of 96,000 BBL's. Since the dike was constructed to contain the capacity of both tanks (192,000 BBL's) there should be more than adequate dike protection. As an added precaution through tank 107 inventory will be reduced and dirt will be stockpiled near the dike opening.

July 20, 1978

Received a call from Ch. McGuire. A 10 foot section of the dike wall was removed on July 13, 1978, to provide access for equipment to enter. An earthen ramp 4 feet high was put in its place. Both tanks are empty of all product. The dike is expected to be out of service for approximately 4 to 6 weeks.

LEASE and AGREEMENT, dated as of February 28, 1986 (as the same may be amended or supplemented from time to time in accordance with its terms, this "Lease"), between THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY (together with its successors and assigns, "Lessor"), a bi-state agency created by Compact between the States of New York and New Jersey with the consent of the Congress of the United States and having its principal office at One World Trade Center, New York, New York and AMERICAN REF-FUEL COMPANY OF ESSEX COUNTY (together with its permitted successors and assigns in accordance with this Lease, "Lessee"), a New Jersey partnership having an office at 14701 St. Mary's, Houston, Texas 77079.

RECITALS

WHEREAS, Lessor has determined that it is in the public interest to lease the Property to Lessee (capitalized terms used herein shall have the respective meanings set forth in paragraph 2 below, and, to the extent such definitions are not set forth in paragraph 2 below, such capitalized terms used herein shall have the respective meanings ascribed thereto in the Service Agreement as in effect on the date hereof (not including any amendment thereto));

NOW, THEREFORE, Lessor and Lessee covenant and agree as follows:

1. Lease of the Property; Governing Documents; Occupancy of the Improvements. (a) Commencing on the Commencement Date, upon the terms and conditions herein specified,

Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Property. The aforesaid letting is subject to (i) any state of facts shown on a survey satisfactory to Lessee in accordance with Section 2.02(9) of the Service Agreement and (ii) any exceptions to title set forth in a policy of title insurance satisfactory in form and substance to Lessee in accordance with Section 2.01(14) and Section 2.02(14) of the Service Agreement. In accordance with the Sale Agreement, Lessor shall have title to the Improvements until such time as title thereto may be transferred to Lessee pursuant to the Sale Agreement.

(b) Notwithstanding any provision of this Lease to the contrary, in the event of any conflict or inconsistency between the terms and provisions of this Lease and the terms and provisions of any of the Controlling Documents, the terms and provisions of the Controlling Documents shall govern during the respective terms of such Controlling Documents, provided, however, that (i) this sentence shall not apply to the terms and provisions of this paragraph 1 or of paragraphs 10, 33 and 35 of this Lease, and, in the event of any such conflict or inconsistency under the Controlling Documents with respect to the provisions in the paragraphs of this Lease referred to in this clause (i), such provisions in such paragraphs of this Lease shall govern, and (ii) in the event of a breach by Lessor or Lessee of any of the terms and provisions of the Controlling Documents, the rights and remedies of the non-breaching party shall be as

set forth in the Controlling Documents, and such non-breaching party shall not have any additional rights or remedies under this Lease in respect of such breach, and provided, further, that clause (ii) above shall not limit the rights or remedies of the non-breaching party with respect to breaches by Lessor or Lessee of the terms and provisions of this Lease (excluding breaches based on the terms and provisions set forth in the Controlling Documents), and provided, further, that, notwithstanding clause (i) above, enforcement by the Authority of its rights under any of the Controlling Documents shall not be construed to be a violation of Lessor's obligations under paragraph 33 below. Lessor and Lessee hereby agree that those paragraphs or subparagraphs of this Lease which contain an opening sentence to substantially the following effect: "The provisions of this paragraph (or subparagraph) shall have no force or effect until the Renewal Terms", shall have no force or effect until after the Primary Term Expiration Date, but shall be in full force and effect during any Renewal Terms.

(c) Commencing on the Commencement Date and continuing until the earlier to occur of (i) the expiration or termination of this Lease or (ii) the date on which title to the Improvements vests in Lessee in accordance with the Sale Agreement, Lessor hereby grants to Lessee, and Lessee hereby accepts from Lessor, the right to use and occupy the Improvements in accordance with the terms and conditions of

this Lease and the Controlling Documents, subject to the provisions of paragraph 1(b) above. After title to the Improvements vests in Lessee in accordance with the Sale Agreement, Lessee's right to use and occupy the Improvements shall be based on Lessee's ownership thereof, but such use and occupancy shall be subject to and in accordance with the terms and conditions of this Lease and the Controlling Documents, subject to the provisions of paragraph 1(b) above.

2. Definitions. As used in this Lease, the words and terms listed in this section shall have the following meanings and include the plural as well as the singular. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words "include", "includes" and "including" shall be deemed to be followed by the phrase "without limitation". Capitalized terms used in this Lease without definition in this paragraph 2 shall have the respective meanings ascribed thereto in the Service Agreement as in effect on the date hereof (not including any amendment thereto).

Acquisition Date. The term "Acquisition Date" has the meaning ascribed to it in paragraph 16(f) below.

Additional Appraiser. The term "Additional Appraiser" has the meaning ascribed to it in paragraph 28(c) below.

Additional Improvements. The term "Additional Improvements" means capital improvements constructed or to be constructed on or in connection with the Premises after the date hereof, other than the Original Improvements, together

with any replacements of, or substitutions to, said capital improvements. (This definition shall in no event limit Lessee's obligations to comply with paragraph 3 below.)

Affiliate. The term "Affiliate" means, with respect to any Person, any other Person controlling, controlled by, or under common control with, such Person. For purposes of this definition, "control" when used with respect to a Person means direct or indirect beneficial ownership of more than a one-half voting interest in the voting securities of such Person and in the case of the Authority, also includes any subsidiary of the Authority, and in the case of the City or County, includes Persons who control, directly or indirectly, or direct, or cause the direction of the management and policies of, such Person.

Applicable Revenues. The term "Applicable Revenues" has the meaning ascribed to it in Schedule C hereto.

Area. The term "Area" means any of Area A, Area B, Area C, Area D, Area E or Area F.

Area A. The term "Area A" means that certain parcel of land described as Parcel 1 in Schedule A hereto.

Area B. The term "Area B" means that certain parcel of land described in Annex 3 to Schedule H hereto.

Area C. The term "Area C" means that certain parcel of land described in Annex 4 to Schedule H hereto.

Area D. The term "Area D" means that certain parcel of land described in Annex 2 to Schedule H hereto.

Area E. The term "Area E" means that certain parcel of land described in Annex 5 to Schedule H hereto.

Area F. The term "Area F" means that certain parcel of land described in Annex 6 to Schedule H hereto.

Authority. The term "Authority" means The Port Authority of New York and New Jersey, a bi-state agency created by Compact between the States of New York and New Jersey with the consent of the Congress of the United States and having its principal office at One World Trade Center, New York, New York 10048.

Available Cessation Period. The term "Available Cessation Period" means, as of any date of determination, a period as to each Renewal Period (as defined below) equal to the excess, if any, of (x) the Allocated Cessation Days (as defined below) over (y) the aggregate number of days within such Renewal Period, computed from the commencement of such Renewal Period, which constituted Cessation Days. Notwithstanding the foregoing, (A) if, at any time during any Cessation Period which extends for more than one hundred and eighty (180) days, Lessee ceases, for a period of one hundred and eighty (180) days or more, to use reasonable efforts to enter into contracts with other parties for the processing of Acceptable Waste, the then current Available Cessation Period shall be reduced to zero, but such reduction of such current Available Cessation Period shall not affect the Available Cessation Periods for any subsequent Renewal Periods, (B) if one or more Cessation Periods occur

within the last four (4) years of any Renewal Period (the "Prior Renewal Period"), then (i) in no event shall the Available Cessation Period for the immediately subsequent Renewal Period (the "Subsequent Renewal Period") be deemed, prior to four (4) years after the end of the last Cessation Period during the Prior Renewal Period, as of any date, to exceed (x) seven hundred and thirty (730) days less (y) the aggregate number of days, computed as of such date, within the four (4) year period ending on such date, which constituted Cessation Days and (ii) upon the expiration of four (4) years after the end of the last Cessation Day occurring in the Prior Renewal Period, clause (i) above shall be of no further force and effect with respect to the Subsequent Renewal Period (but such termination of the effectiveness of such clause (i) shall not in any event be deemed to increase or decrease the actual aggregate number of days, occurring within such Subsequent Renewal Period, which constituted Cessation Days, nor shall such termination of the effectiveness of such clause (i) limit any rights of Lessor as may have accrued in respect of any Extended Cessation that may have occurred prior to such termination), (C) the Available Cessation Period shall be deemed to be increased in accordance with paragraph 16 below, (D) the Available Cessation Period for each Renewal Period shall be extended by the number of days that any Cessation Periods in such Renewal Period are caused or extended by an Event of Force Majeure (other than an Event of Force Majeure which constitutes a

Force Majeure Interruption) as to which Lessee is complying with its obligation to eliminate, as soon as reasonably possible, the cause of such Event of Force Majeure, in accordance with, and subject to, paragraph 36 below, and (E) notwithstanding clause (D) above, a Cessation Period shall not be deemed to exist during a period which constitutes a Force Majeure Restoration. For purposes of determining whether Lessee is using reasonable efforts as aforesaid, the standard applied shall be that of a prudent owner of the Improvements. As used herein, the term "Renewal Period" shall mean each of the following: (i) the first and second Renewal Terms, (ii) the third and fourth Renewal Terms, and (iii) the fifth and sixth Renewal Terms. As used herein, the term "Allocated Cessation Days" shall mean, for each Renewal Period, seven hundred and thirty (730) days, provided, however, that if the Service Agreement terminates or expires either prior to the Actual Acceptance Date thereunder or on any date prior to the tenth anniversary of the Actual Acceptance Date, then the term "Allocated Cessation Days" shall mean, (x) as to the Renewal Period which constitutes the first and second Renewal Terms, seven hundred and thirty (730) days multiplied by a fraction, (I) the numerator of which is the number of years (including portions thereof) during the period from the day immediately following the Primary Term Expiration Date to the twentieth anniversary of the last day of the month in which there occurs the later to occur of the Primary Term Expiration Date or

the Renewal Term Measurement Date and (II) the denominator of which is ten (10) years and (y) as to all subsequent Renewal Periods, seven hundred and thirty (730) days.

Available Reconstruction Period. The term "Available Reconstruction Period" means, for all the Renewal Terms, the excess, if any, of (x) one thousand and ninety-five (1095) days over (y) the aggregate number of days during all of the Renewal Terms, computed from the commencement of the first Renewal Term, during which there was a Reconstruction, and it is expressly understood that the number of days during which there was a Reconstruction shall be computed on a cumulative basis for all of the Renewal Terms. Notwithstanding the foregoing, (A) if at any time when Lessee has commenced, but has not completed, a Reconstruction, Lessee ceases, for a period of six (6) months or more, to use reasonable efforts to complete the Improvements which are intended to be constructed by Lessee in connection with such Reconstruction, the Available Reconstruction Period shall be reduced to zero, (B) the Available Reconstruction Period shall be deemed to be increased in accordance with paragraph 16 below, (C) the Available Reconstruction Period shall be extended by the number of days that the completion of the Improvements which are intended to be constructed by Lessee in connection with a Reconstruction is delayed by an Event of Force Majeure (other than an Event of Force Majeure which constitutes a Force Majeure Interruption) as to which Lessee is complying with its obligation to eliminate, as soon as

reasonably possible, the cause of such Event of Force Majeure, in accordance with, and subject to, paragraph 36 below, and (D) notwithstanding clause (C) above, a Reconstruction shall not be deemed to exist during a period which constitutes a Force Majeure Restoration.

BFI. The term "BFI" means Browning-Ferris Industries, Inc., a Delaware corporation.

Business Day. The term "Business Day" means each day which is a Monday, Tuesday, Wednesday, Thursday or Friday and is not (i) a legal holiday in the State of New Jersey or in the State of New York or (ii) a day on which national banking institutions are authorized or required to be closed in the State of New Jersey or in the State of New York.

Casualty. The term "Casualty" has the meaning ascribed to it in paragraph 13(a) below.

Cessation Day. The term "Cessation Day" means any day occurring in any Renewal Term during which there exists a Cessation of Operations, excluding (i) all days occurring within any Initial Construction, Force Majeure Restorations, Maintenance Periods or Reconstructions and (ii) as to each Lease Year of each Renewal Term, the first thirty (30) days in such Lease Year, whether or not consecutive, during which a Cessation of Operations exists and which do not occur within any Initial Construction, Force Majeure Restorations, Maintenance Periods or Reconstructions, provided, however, that a Cessation Day shall not be deemed to exist at any time other than during a Renewal Term.

Cessation of Operations. The term "Cessation of Operations" means, as to any day in any Renewal Term, the occurrence of either of the following: (i) no Acceptable Waste is processed at the Improvements and disposed of through mass burning technology on such day or (ii) less than six hundred (600) Tons of Acceptable Waste is processed at the Improvements and disposed of through mass burning technology on such day.

Cessation Period. The term "Cessation Period" means any period which constitutes either a single Cessation Day or two or more consecutive Cessation Days during a Renewal Term.

City. The term "City" means the City of Newark, New Jersey.

Clause (i) Liability Costs. The term "Clause (i) Liability Costs" has the meaning ascribed to it in paragraph 35(b) below.

Clause (ii) Liability Costs. The term "Clause (ii) Liability Costs" has the meaning ascribed to it in paragraph 35(b) below.

Commencement Date. The term "Commencement Date" means the Construction Date under the Service Agreement.

Company Support Agreement. The term "Company Support Agreement" means the agreement among BFI, Air Products and Chemicals, Inc. and American REF-FUEL Company of Essex County, dated as of February 28, 1986, as the same may be

amended or supplemented from time to time in accordance with its terms and the terms of the Service Agreement.

Construction Easement. The term "Construction Easement" has the meaning ascribed to it in paragraph 27(a) below.

Controlling Documents. The term "Controlling Documents" means the Sale Agreement, the Service Agreement and the Escrow Agreement.

County. The term "County" means the County of Essex, New Jersey, including all of its administrative, contracting and regulatory agencies and offices.

Default. The term "Default" has the meaning ascribed to it in paragraph 21.

Default Termination Notice. The term "Default Termination Notice" has the meaning ascribed to it in paragraph 16 (a) hereof.

Discovery Coverage. The term "Discovery Coverage" has the meaning ascribed to it in paragraph 15(h) below.

District. The term "District" means the geographical boundaries of the Essex County Solid Waste Management District as of the date of this Lease, as formed and so designated pursuant to N.J. Stat. Ann. § 13:1E-1, et seq., which geographical boundaries are congruent with the geographical boundaries of the County as of the date of this Lease.

Escalation Factor. The term "Escalation Factor", for any period of time, means an amount equal to the sum of:

- (i) 50 percent of a fraction, the numerator of which is the Consumer Price Index for all Urban Consumers for N.Y., N.Y. - Northeastern N.J. ("CPI-U") for the month in which such Escalation Factor is calculated and the denominator of which is the CPI-U for the month of January, 1985; and
- (ii) 30 percent of a fraction, the numerator of which is the Producer Price Index for Finished Goods ("PPIFG") for the month in which such Escalation Factor is calculated and the denominator of which is the PPIFG for the month of January, 1985; and
- (iii) 20 percent of a fraction, the numerator of which is the Finished Steel Composite Price ("FSCP") set forth in Iron Age magazine for the month in which such Escalation Factor is calculated and the denominator of which is the FSCP for the month of January, 1985;

provided, however, that if any of such indexes or prices is not available at any time that such Escalation Factor is to be calculated, the calculation shall be made using a comparable index or price reasonably satisfactory to Lessor and Lessee and if the base used in any such index or price is altered, such Escalation Factor shall be calculated to reflect the actual percentage change in such index or price from such index or price for January, 1985 to the date on which such Escalation Factor is calculated.

Escrow Agent. The term "Escrow Agent" means Midlantic National Bank acting in the capacity of escrow agent under the Escrow Agreement, and any successors or assigns permitted under the Escrow Agreement.

Escrow Agreement. The term "Escrow Agreement" means the Escrow and Security Agreement among the Escrow Agent, the Authority and American REF-FUEL Company of Essex County, dated as of February 28, 1986, as the same may be amended or supplemented from time to time in accordance with its terms.

Events of Force Majeure. The term "Events of Force Majeure" means any act, event or condition occurring on or after the date of this Lease that has had, or may reasonably be expected to have, a material and adverse effect on a right or an obligation of either or both of Lessee or Lessor under this Lease, or a material and adverse effect on the Premises or the timely design, construction, start-up, operation or maintenance of the Premises, if such act, event or condition is beyond the reasonable control of the party relying thereon as justification for not performing under this Lease (for this purpose, any act, event or condition which causes any increase in costs which are the subject of the indemnifications set forth in paragraph 35 or costs which are the result of the willful or negligent action or inaction of a party shall not be deemed to have a material and adverse effect). A failure by the County to perform obligations which Lessor has agreed under the Service Agreement to cause the County to perform, or a failure by the

County to perform its obligations under the County Service Contract which directly results in an effect on Lessor's or Lessee's obligations under this Lease, as a result of an event described in the first sentence of this definition or in clause (a), (b), (c) or (d) of this definition, shall constitute an Event of Force Majeure. For the purposes of the preceding sentence, Change in Law shall not include Changes in Law or events described in clause (b) of this definition effected by the City, the County or any lesser included municipality. Events of Force Majeure shall include the following:

(a) an act of God, landslide, lightning, earthquake, fire, explosion, flood, nuclear radiation, acts of a public enemy, war, blockade, insurrection, riot, civil disturbance, strike, work slowdown, or similar industrial or labor action or any similar occurrence, or a condemnation or other taking by or on behalf of any public, quasi-public or private entity; but not including reasonably anticipated weather conditions for the geographic area of the Premises;

(b) the suspension, termination, interruption, denial or failure of renewal or continuation of any Permit, Disposal Permit or any official governmental permit, official governmental license, official governmental consent, official governmental authorization or official governmental approval required for the transportation of Residue or Hazardous Waste (each an "event"); provided, however, that (i) such event shall not be the result of (1) the willful or

negligent action or inaction of the party to this Lease which is relying thereon and, in the case of Lessee, of its failure to design, construct, reconstruct, start-up, operate or maintain the Improvements in accordance with this Lease and with its obligations under such Permit, license, consent, authorization or approval, (2) a Disposal Site Operator Failure or (3) the willful or negligent action or inaction of a Residue Transporter or a Hazardous Waste Transporter other than a failure due to (y) with respect to Lessee, an Article X Event or, on or after the Actual Acceptance Date, an Event of Force Majeure or, with respect to Persons other than Lessee, due to an Event of Force Majeure or (z) with respect to Lessee, any components or portions of Contract Waste, Excess Contract Waste or Mitigated Waste or Company Waste obtained by Lessor or with respect to Lessor, any components or portions of Company Waste not obtained by Lessor and (ii) neither the contesting in good faith of any such event nor the failure so to contest shall be construed as a willful or negligent action or inaction of such party; and provided, further, that if Lessee does not contest any such event, Lessor may at its sole cost and expense (including reasonable attorney's fees) in good faith direct Lessee to contest such event;

(c) a Change in Law;

(d) the loss of or inability to obtain any utility services, including water, sewerage, fuel oil, gasoline and electric power other than that generated by the Improve-

ments, necessary for operation of the Improvements or any Disposal Site, if such loss, or inability is not the result of the willful or negligent action or inaction of Lessee in the case of the Improvements or of the Disposal Site Operator, Lessor or the County in the case of a Disposal Site or the result of a Disposal Site Operator Failure;

(e) any change by the purchaser of electrical energy and generation capacity or thermal energy pursuant to an Electric Sales Contract or a Thermal Energy Sales Contract, respectively, of the location of the point of interconnection with the Improvements' electric distribution system or the Improvements' thermal energy distribution system, respectively, or in the equipment necessary for Lessee to make such interconnection;

(f) any surface or subsurface condition, including the presence of Hazardous Waste and excluding Geotechnical Conditions, at the Property (1) discovered after the date hereof (other than such conditions which (A) Lessee had actual knowledge of at the date hereof, or (B) result from Lessee's, the Contractor's, or their Subcontractors', Materialmen's or agents' acts or omissions for which Lessee shall indemnify Lessor under paragraph 35(c) below) or (2) determined by any court or governmental unit or agency after the date hereof to require a redesign or change in the physical structure or operation of the Improvements, provided, however, that for purposes of this clause (f) Lessee shall not be deemed to have had, at the

date hereof, "actual knowledge" of any such surface or sub-surface condition at the Property, other than the Geotechnical Conditions, in view of which the Mitigation Plan is or will be formulated; and

(g) the delivery to, or acceptance at, the Improvements, or the Processing, of Hazardous Waste.

Extended Cessation. The term "Extended Cessation" means the occurrence of a Cessation Day during any Renewal Term after the applicable Available Cessation Period has been reduced to zero days.

Extended Force Majeure Restoration. The term "Extended Force Majeure Restoration" means any of the following: (a) a Force Majeure Restoration which extends beyond a period equal to the sum of (i) the period from the date of commencement of the Force Majeure Decision Period to the date of Lessee's notice to Lessor pursuant to paragraph 26(c) below of Lessee's election to commence the work described in clause (ii) below and (ii) the period required for the completion of the applicable restoration, alteration or removal of, or the applicable addition to, the Improvements (it being understood that completion of such work shall include the obtaining of all necessary governmental or regulatory approvals, permits, consents, authorizations and/or licenses, if any, with respect to the ownership, occupation or use of the Improvements), including any construction of Additional Improvements, assuming that such work on the Improvements has been commenced promptly after the notice

from Lessee to Lessor, pursuant to paragraph 26(c) below, of Lessee's election to commence such work and that such work has been prosecuted to completion with due diligence or (b) in the event of a Taking or Casualty which constitutes a Force Majeure Interruption, the failure by Lessee, within the applicable Force Majeure Decision Period after the occurrence of the Taking or the Casualty, to give a notice to Lessor as required by paragraph 26(c) below in the event of a Taking or Casualty, of Lessee's election to commence work on the Improvements, unless such Taking or Casualty ceases to cause, within the applicable Force Majeure Decision Period following such Taking or Casualty, the continuance of a Cessation of Operations.

Extended Initial Construction. The term "Extended Initial Construction" means either (i) if the Service Agreement expires or terminates prior to the Scheduled Acceptance Date, as such Scheduled Acceptance Date is determined in accordance with the Service Agreement as of the date of expiration or termination of the Service Agreement, an Initial Construction which extends beyond the fifth anniversary of such Scheduled Acceptance Date, or (ii) if the Service Agreement expires or terminates on or after the Scheduled Acceptance Date, an Initial Construction which extends beyond the fifth anniversary of such Scheduled Acceptance Date, provided, however, that in the case of either clause (i) or clause (ii) above, the period of time an Initial Construction may extend beyond the fifth anniversary of the

Scheduled Acceptance Date before becoming an Extended Initial Construction shall be extended by the number of days (in no event to exceed one thousand eight hundred and twenty-five (1,825) days) that the occurrence of the NJDEP Permit Date is delayed by any Events of Force Majeure.

Extended Period Termination Notice. The term "Extended Period Termination Notice" has the meaning ascribed to it in paragraph 26(e).

Extended Reconstruction. The term "Extended Reconstruction" means the occurrence of a Reconstruction during any Renewal Term, after the Available Reconstruction Period has been reduced to zero days.

Extra Land. The term "Extra Land" means any land (i) fee title to which is held by Lessor, (ii) which is encumbered by any or all of the easements described in Item No. 1 to Schedule H hereto and (iii) which is not Third Party Land, provided, however, that Extra Land shall not include any land not within the legal description of the easement area created by the aforesaid easements.

Fair Market Value. The term "Fair Market Value" means collectively, the Fair Market Value of Basic Rent, the Fair Market Value of the Extra Land, the Fair Market Value of the Improvements and the Fair Market Value of the Property.

Fair Market Value of Basic Rent. The term "Fair Market Value of Basic Rent" for any Renewal Term means the then current annual fair market rental for the applicable Renewal Term which would be paid by a lessee under a bona fide lease

which demised only land to such lessee having substantially the same value at such time as the Property would have at such time (i) if the Property was unencumbered by this Lease, (ii) if the Property was vacant and had not been improved by the Improvements and (iii) assuming such lessee was subject to the restriction that the demised land could only be used for industrial purposes, provided, however, that for purposes of considering the Property as not improved by the Improvements, the calculation of the value of the Property shall nevertheless take into account any removal of pollutants or contaminants from the Property effected by Lessor or any party acting on behalf of Lessor (including Lessee, if not done at Lessee's expense).

Fair Market Value of the Extra Land. The term "Fair Market Value of the Extra Land" means, in connection with an Option Land Notice delivered by Lessor to Lessee in accordance with paragraph 32(a) below, the then current fair market value of any Extra Land which is included in such Option Land Notice; in determining said current fair market value, such Extra Land shall be considered as encumbered by any liens, encumbrances, easements, restrictions, defects, irregularities in title, rights-of-way and servitudes (including any applicable easements created in accordance with paragraph 27 below) existing as of the date of delivery of such Option Land Notice by Lessor to Lessee, and such fair market value of such Extra Land shall be based upon the purchase price which would be paid for such Extra Land at an

arms-length sale to a purchaser of the Third Party Land set forth in such Option Land Notice, provided that such fair market value shall not include the value of any Improvements located on such Extra Land but shall include the value of any other structures or other improvements located on such Extra Land, including any access roads, drainage ditches and utility connections, and provided, further, that such fair market value shall also take into account any removal of pollutants or contaminants from such Extra Land effected by Lessor or any party acting on behalf of Lessor (including Lessee, if not done at Lessee's expense).

Fair Market Value of the Improvements. The term "Fair Market Value of the Improvements" at any time means the then current fair market value of the Improvements then located on the Property based upon the purchase price which would be paid for said facilities at an arms-length sale to an unrelated third party, provided, however, that in no event shall such fair market value be deemed to be less than the then net salvage value (i.e. the gross salvage value less the costs of effecting the salvage) of the Improvements, assuming the seller had a one year period to sell and dismantle the same.

Fair Market Value of the Property. The term "Fair Market Value of the Property" means, at any time, as to the Property (in the event of a Taking of all of the Property) or as to the affected portion of the Property (in the event of a Taking of less than all of the Property), the then

current fair market value of the Property (or such affected portion) considered as encumbered by this Lease, based upon the purchase price which would be paid for the Property (or such affected portion) at an arms-length sale to an unrelated third party, provided, however, that the aforesaid fair market value of the Property (or such affected portion) shall not include the value of all or any portion of the Improvements but shall nevertheless take into account any removal of pollutants or contaminants from the Property effected by Lessor or any party acting on behalf of Lessor (including Lessee, if not done at Lessee's expense).

Fixtures. The term "Fixtures" means all fixtures, except for Lessee's Equipment, now or hereafter permanently affixed to the Property or the buildings, machinery or equipment included in the Improvements.

Force Majeure Decision Period. The term "Force Majeure Decision Period" means (a) as to any Force Majeure Restoration resulting from a Force Majeure Interruption which is not a Casualty or a Taking, a period of two (2) years from the occurrence of the Force Majeure Interruption or (b) in the case of a Force Majeure Restoration resulting from a Casualty or a Taking, the greater of (x) a period of two (2) years from the occurrence of the Force Majeure Interruption or (y) the period from the occurrence of such Force Majeure Interruption to the earlier to occur of (i) the fifth anniversary of the occurrence of the Casualty or Taking or (ii) the date which is one hundred and eighty (180) days after

the date of payment to Lessee of the total amount of insurance or condemnation proceeds, or other compensation, to be paid to Lessee in respect of such occurrence.

Force Majeure Interruption. The term "Force Majeure Interruption" means an Event of Force Majeure (i) which interferes with the use, operation or construction of the Improvements, (ii) which causes the commencement or continuance of a Cessation of Operations and (iii) either (a) which constitutes a Casualty or Taking or (b) which does not constitute a Casualty or Taking but as to which (1) Lessee determines in good faith that the performance of any restoration, alteration or removal of, or any addition to, the Improvements, including any construction of Additional Improvements, would enable Lessee to eliminate the Cessation of Operations and (2) Lessee gives Lessor notice pursuant to paragraph 26(c) below of Lessee's election to treat such Event of Force Majeure as a Force Majeure Interruption and to commence the performance of such work, provided, however, that with respect to any Event of Force Majeure which does not constitute a Casualty or a Taking, (x) such Event of Force Majeure shall not be deemed to be a Force Majeure Interruption unless and until Lessee gives Lessor the notice referred to in clause (iii)(b)(2) above and (y) upon the giving of such notice by Lessee to Lessor, such Event of Force Majeure shall be deemed to be a Force Majeure Interruption as of the date such Event of Force Majeure occurred.

Force Majeure Restoration. The term "Force Majeure Restoration" means the period from (i) the occurrence of any Force Majeure Interruption to (ii) the date of completion of any restoration, alteration or removal of, or any addition to, the Improvements, including any construction of Additional Improvements (it being understood that completion of such work shall include the obtaining of all necessary governmental or regulatory approvals, permits, consents, authorizations and/or licenses, if any, with respect to the ownership, occupation or use of the Improvements), which in any such case is performed in connection with such occurrence of a Force Majeure Interruption.

Full Term Easement. The term "Full Term Easement" has the meaning ascribed to it in paragraph 27(a) below.

Grandparents. The term "Grandparents" means Air Products and Chemicals, Inc., a Delaware corporation, and BFI and their respective permitted successors in interest from time to time.

Host Municipality Agreement. The term "Host Municipality Agreement" means the agreement among the City, the County and the Authority dated as of May 15, 1985 and attached as Schedule 5 to the Service Agreement, as the same may be amended or supplemented from time to time in accordance with its terms and the terms of the Service Agreement.

Improvements. The term "Improvements" means, as of any date, all buildings, improvements and Fixtures, including Original Improvements and Additional Improvements, located

on the Property on such date, including, but not limited to, the attachments, appliances, equipment, machinery, and other articles attached to said buildings and improvements (other than Lessee's Equipment), together with spare parts and other items of tangible personal property (other than Lessee's Equipment) then used in connection with said buildings, machinery or equipment and located on the Property on such date, and including, unless the context otherwise requires, any grading and landscaping of the Property. (This definition shall in no event limit Lessee's obligations to comply with paragraph 3 below.)

Initial Construction. The term "Initial Construction" means the period from (i) the Construction Date to (ii) the NJDEP Permit Date.

Institutional Lender. The term "Institutional Lender" means any of the following:

- (a) Lessor;
- (b) any Partner, Parent or Grandparent of Lessee or any Affiliate thereof; or
- (c) any of the following entities having at least \$100,000,000.00 in gross assets:
 - (i) institutions, companies or other entities which are subject to the supervision, regulation and control of the Banking Department or the Insurance Department of either the State of New York or the State of New Jersey;

(ii) institutions, companies or other entities whose principal activities are subject to the supervision, regulation and control of a department, agency or other governmental authority (however denominated) of any State of the United States having jurisdiction over banks, insurance companies, savings and loan associations or similar entities;

(iii) institutions, companies or other entities whose principal investment activities are subject to the supervision, regulation and control of the Comptroller of the Currency, the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, the Federal Home Loan Bank Board or the Federal Reserve Board (or their successors) or of any other agency, department or instrumentality of the United States of America exercising similar functions as such entities or having supervisory and regulatory authority similar to that of the Banking Department or Insurance Department of either the State of New York or the State of New Jersey;

(iv) pension, retirement or profit sharing plans, trusts or systems whose investments are regulated (1) by the laws of the United States of America or (2) by the laws of any State of the United States of America or (3) by any public agency of the United States;

(v) the Federal Home Loan Bank but only if its status as a governmental entity would give it no greater rights as a Leasehold Mortgagee than the rights a non-governmental entity would have as a Leasehold Mortgagee hereunder; or

(vi) any of the above described entities acting as a trustee under a trust indenture, bond resolution or similar agreement for the benefit of bondholders or other parties, or any such bondholders or other parties under such indenture, resolution or agreement.

Land. The term "Land" means that certain parcel of land described in Annex 1 to Schedule H hereto.

Lease. The term "Lease" has the meaning ascribed to it in the introductory statement.

Leasehold Mortgage. The term "Leasehold Mortgage" means any mortgage made in accordance with the terms and conditions of this Lease which is held by an Institutional Lender, which mortgage encumbers all or any part of Lessee's estate created by this Lease and secures indebtedness of Lessee for money borrowed, together with any amendments thereto entered into by Lessee and the Leasehold Mortgagee which holds such mortgage, which amendments are made in accordance with the terms and conditions of this Lease.

Leasehold Mortgagee. The term "Leasehold Mortgagee" at any time means the Person then holding a Leasehold Mortgage in accordance with the terms and conditions of this Lease.

Leasehold Mortgagee Notice. The term "Leasehold Mortgagee Notice" has the meaning ascribed to it in paragraph 16(a) below.

Lease Year. The term "Lease Year" means (i) with respect to the Primary Term, each of the 12-month periods beginning October 1 and ending September 30 during the Primary Term, except that the first Lease Year shall commence on the Commencement Date and shall end on the following September 30, and the last Lease Year during the Primary Term shall end concurrently with the Primary Term Expiration Date and (ii) with respect to the Renewal Terms, the period from the day immediately following the Primary Term Expiration Date to the first anniversary of the last day of the month in which the Primary Term Expiration Date occurs and each successive 12-month period ending on each subsequent anniversary of such last day of such month, provided that the last Lease Year shall end concurrently with the termination or expiration of this Lease.

Legal Requirements. The term "Legal Requirements" means all provisions of federal, state, municipal and local laws, enactments, ordinances, orders, rules and regulations relating to the design, construction, startup, operation, maintenance, alteration, reconstruction and use of the Improvements, or the use and occupancy of the Premises, applicable to the Improvements or the Premises or which would be applicable to the Improvements or the Premises if the

Improvements and Premises were not included within the properties constituting an additional facility of the Authority.

Lessee. The term "Lessee" has the meaning ascribed to it on page 1 of this Lease.

Lessee Construction. The term "Lessee Construction" means any Reconstruction, Force Majeure Restoration, construction of Additional Improvements, maintenance of, repair to, addition to, alteration of, removal of, removal from, substitution for, replacement of, rebuilding of, modification of or reconstruction of the Improvements performed or caused to be performed by Lessee during any Renewal Term.

Lessee Indemnified Parties. The term "Lessee Indemnified Parties" has the meaning attributed to it in paragraph 10(b).

Lessee's Equipment. The term "Lessee's Equipment" means inventory, trade fixtures, machinery or equipment which are owned by Lessee or third parties and which are not so permanently affixed to the Property or the Improvements as to be incapable of being removed without material, irreparable injury to the Property or the Improvements, provided, however, that Lessee's Equipment shall exclude any spare parts or other items of tangible personal property which either are owned by Lessor pursuant to the Sale Agreement or as to which the pledges, liens or security interests created by the Sale Agreement are applicable and provided, further, that Lessee's Equipment shall include, (i) during the term of the Sale Agreement, any spare parts or other items of

tangible personal property which are not either owned by Lessor pursuant to the Sale Agreement or subject to the pledges, liens or security interest created by the Sale Agreement and (ii) after the term of the Sale Agreement, any spare parts or other items of tangible personal property owned by Lessee or third parties.

Lessor. The term "Lessor" has the meaning ascribed to it on page 1 of this Lease.

Lessor Indemnified Parties. The term "Lessor Indemnified Parties" has the meaning ascribed to it in paragraph 10(a).

Local Laws. The term "Local Laws" has the meaning ascribed to it in paragraph 24(c) below.

Maintenance Period. The term "Maintenance Period" means any period, occurring within a Renewal Term, during which (i) because Lessee has determined in good faith to perform or cause to be performed necessary or appropriate maintenance work on the Improvements (including maintenance work performed at a location other than the Premises), a Cessation of Operations has occurred and is continuing and (ii) Lessee performs or causes to be performed such maintenance work with due diligence (it being understood that the performance of maintenance work may include, without limitation, any work in connection with removal of the affected portions of the Improvements, transport to and from any location where maintenance is to be performed and reinstallation of the affected portions of the Improve-

ments), provided, however, that in no event shall a Maintenance Period be deemed to be longer than the period required to perform such maintenance work with due diligence.

Materials Recovery Site. The term "Materials Recovery Site" means Area B.

Net Proceeds. The term "Net Proceeds" has the meaning ascribed to it in paragraph 13(a) below.

Net Revenues. The term "Net Revenues" has the meaning ascribed to it in Schedule C hereto.

NJDEP Permit Date. The term "NJDEP Permit Date" means the date that the New Jersey Department of Environmental Protection or any successor department or agency (the "NJDEP") issues its initial five year Certificate to Operate pursuant to the NJDEP Air Permit, with respect to the Original Improvements.

Operating Data. The term "Operating Data" has the meaning ascribed to it in paragraph 37(a) below.

Option Commencement Date. The term "Option Commencement Date" has the meaning ascribed to it in paragraph 18 below.

Option Land. The term "Option Land" means the Third Party Land and Extra Land required to be set forth in an Option Land Notice.

Option Land Notice. The term "Option Land Notice" has the meaning ascribed to it in paragraph 32(a) below.

Original Improvements. The term "Original Improvements" has the meaning ascribed to it in paragraph 5 below.

(This definition shall in no event limit Lessee's obligations to comply with paragraph 3 below.)

Parents. The term "Parents" means Air Products, Inc., a Delaware corporation, and BFI Energy Systems, Inc., a Delaware corporation, each, respectively, as owner of 100% of the stock of Air Products Ref-Fuel of Essex County, Inc. and BFI Energy Systems of Essex County, Inc., and their respective successors in interest from time to time.

Partners. The term "Partners" means Air Products Ref-Fuel of Essex County, Inc., a New Jersey corporation, and BFI Energy Systems of Essex County, Inc., a New Jersey corporation, and their respective successors in interest from time to time.

Percentage Rent. The term "Percentage Rent" has the meaning ascribed to it in paragraph 6(c) below.

Permitted Liens. The term "Permitted Liens" means (i) this Lease, (ii) defects, encumbrances, irregularities in title, easements, rights-of-way, servitudes and restrictions, in each case existing as of the Construction Date, (iii) liens for taxes or assessments not yet payable, or payable without the addition of any interest or penalty, or being contested as permitted by paragraph 20, (iv) construction liens or mechanics' or materialmen's liens incurred in the ordinary course of business for sums which under the terms of the related contracts are not at the time due, provided that (1) Lessee complies with the requirements of paragraph 9 with respect thereto and (2) this provision

shall not be construed as an acknowledgment that such mechanics' or materialmen's liens can attach to the Premises, (v) the Sale Agreement, the Escrow Agreement and any Leasehold Mortgage entered into in accordance with this Lease, (vi) easements, rights-of-way, servitudes, restrictions and such other like minor defects, encumbrances, and irregularities in the Premises which (1) do not materially impair the use of the Premises or the value or marketability thereof, (2) are, during the respective terms of the Controlling Documents, made only and if to the extent expressly permitted pursuant to such Controlling Documents, (3) arise out of Lessee's use of the Premises in accordance with paragraph 3 of this Lease and (4) do not extend beyond the date of expiration or termination of this Lease and (vii) any lien or encumbrance for the satisfaction and discharge of which either a sum of money is on deposit with the Escrow Agent or a payment bond has been furnished in accordance with paragraph 9 of this Lease.

Person. The term "Person" means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization, government or any agency or political subdivision thereof, or any agency, bi-state agency or other entity created under or existing pursuant to the Compact Clause of the United States Constitution.

Premises. The term "Premises" means the Property and the Improvements.

Primary Term. The term "Primary Term" means the period commencing on the Commencement Date and ending at the date of expiration or earlier termination of the Service Agreement, as set forth therein, inclusive of the three extensions provided for therein to the extent exercised by the Authority and inclusive of any other extension of the term of the Service Agreement pursuant to Section 5.07 thereof.

Primary Term Expiration Date. The term "Primary Term Expiration Date" means the last day of the Primary Term.

Proceeds Trustee. The term "Proceeds Trustee" has the meaning ascribed to it in paragraph 13 below.

Property. The term "Property" means the real property described in Schedule A hereto, as said Schedule A may be amended from time to time to include any easements, rights or appurtenances created or obtained pursuant to paragraph 27 below, and all other easements, rights and appurtenances now or hereafter relating by their express terms to such real property to the extent such other easements, rights and appurtenances (a) are owned by Lessor, (b) may be transferred, in whole or in part, to Lessee and (c) would be necessary for Lessee's full use of the Premises for the purposes permitted by paragraph 3 below, but excluding the Improvements from all of the aforesaid real property.

Property Taking Award. The term "Property Taking Award" has the meaning ascribed to it in paragraph 13(a) below.

Reconstruction. The term "Reconstruction" means the period from (i) the date on which work in connection with any addition to, or alteration or removal of, the Improvements, including any construction of Additional Improvements, renders all or substantially all of the Improvements inoperable to (ii) the date of completion of such work to the extent that all or a substantial portion of the Improvements are operable, excluding any periods which constitute Initial Construction, Force Majeure Restorations, or Maintenance Periods.

Renewal Exercise Date. The term "Renewal Exercise Date" has the meaning ascribed to it in paragraph 28 below.

Renewal Term. The term "Renewal Term" means (i) the period commencing on the day immediately following the Primary Term Expiration Date and ending on the fifth anniversary of the last day of the month in which the Primary Term Expiration Date occurs, and (ii) the five successive five year periods commencing on the fifth, tenth, fifteenth, twentieth and twenty-fifth anniversaries of said day immediately following the Primary Term Expiration Date, and in each case, unless this Lease shall sooner expire or be terminated pursuant to any provision hereof, ending at 12:00 midnight on the applicable Term Expiration Date, provided, however, that if the Service Agreement expires or terminates prior to the Scheduled Service Expiration Date, then the following shall apply:

(A) if the Service Agreement expires or terminates on or after the tenth anniversary of the Actual Acceptance Date under the Service Agreement, the term "Renewal Term" shall mean each of the following: (i) the period from the day immediately following the Primary Term Expiration Date to the fifth anniversary of the last day of the month in which the Primary Term Expiration Date occurs and (ii) up to five successive five year periods commencing on the fifth, tenth, fifteenth, twentieth, and twenty-fifth anniversaries of the first day of the month immediately following the month in which the Primary Term Expiration Date occurs;

(B) if the Service Agreement expires or terminates prior to the Actual Acceptance Date under the Service Agreement or prior to the tenth anniversary of the Actual Acceptance Date, the term "Renewal Term" shall mean each of the following: (i) the period from the day immediately following the Primary Term Expiration Date to the fifteenth anniversary of the last day of the month in which there occurs the later to occur of the Primary Term Expiration Date or the Renewal Term Measurement Date and (ii) up to five successive five year periods commencing on the fifteenth, twentieth, twenty-fifth, thirtieth, and thirty-fifth anniversaries of the first day of the month immediately following the month in which such later date occurs; and

(C) in no event shall any Renewal Term established pursuant to clause (B) above extend beyond the fortieth anniversary of the Renewal Term Measurement Date.

Renewal Term Measurement Date. The term "Renewal Term Measurement Date" means (i) the Actual Acceptance Date under the Service Agreement or (ii) if the Service Agreement terminates or expires prior to the Actual Acceptance Date, the NJDEP Permit Date.

Replacement Lessee. The term "Replacement Lessee" means a Person which has been approved by Lessor, pursuant to paragraph 19(e) below, as a new Lessee under this Lease.

Sale Agreement. The term "Sale Agreement" means the Conditional Sale Agreement between American REF-FUEL Company of Essex County and the Authority, dated as of February 28, 1986, as the same may be amended or supplemented from time to time.

Schedule. The term "Schedule" means an exhibit, schedule or annex which is incorporated in, and forms a part of, this Lease, including any amendments, supplements or revisions thereto.

Scheduled Service Expiration Date. The term "Scheduled Service Expiration Date" means the scheduled expiration date of the Service Agreement in accordance with Section 9.01 thereof, as such date is actually extended pursuant to the terms of the Service Agreement, without taking into account any provisions of the Service Agreement which permit a ter-

mination of the Service Agreement prior to such scheduled expiration date (as such date is actually extended as aforesaid).

Selling Lessor. The term "Selling Lessor" has the meaning ascribed to it in paragraph 32(a) below.

Service Agreement. The term "Service Agreement" means the Service Agreement between the Authority and American REF-FUEL Company of Essex County, dated as of February 28, 1986, as the same may be amended or supplemented from time to time in accordance with its terms.

Taking. The term "Taking" has the meaning ascribed to it in paragraph 13(a) below.

Taking/Casualty Termination Date. The term "Taking/Casualty Termination Date" has the meaning ascribed to it in paragraph 13(b) below.

Taxes and Assessments. The term "Taxes and Assessments" has the meaning ascribed to it in paragraph 8(a) below.

Technical Data. The term "Technical Data" has the meaning ascribed to it in paragraph 37(a) below.

Term Expiration Date. The term "Term Expiration Date" means, as to the Primary Term, the Primary Term Expiration Date and, as to each Renewal Term, the termination or expiration date therefor as established in accordance with the definition of the term "Renewal Terms" (or such earlier date as such Renewal Term shall expire or terminate in accordance with this Lease).

Termination Notice. The term "Termination Notice" has the meaning ascribed to it in paragraph 16(a) below.

Third Party Land. The term "Third Party Land" has the meaning ascribed to it in paragraph 32(a) below.

Third Persons. The term "Third Persons" means Persons other than (i) Lessor Indemnified Parties, (ii) Lessee Indemnified Parties and (iii) Lessor, the City and the County and their respective Affiliates, officers, members, employees, agents and lesser included municipalities.

3. Use. The provisions of this paragraph 3(a) shall have no force or effect until the Renewal Terms. Lessee, its agents and employees may use the Premises exclusively for any or all of the following purposes (and for no other purposes whatsoever): constructing, owning and operating facilities for solid waste processing and disposal through mass burning technology (i.e., a technology or type of Solid Waste combustion system whereby Acceptable Waste is fired in a furnace having a grate system which permits substantially complete burn-out of Acceptable Waste) and related steam and electrical power generation and distribution, resource recovery and sale, administrative offices to effect the foregoing and related business purposes (including all purposes contemplated by the Service Agreement and construction of necessary access ways and parking facilities), and for no other purpose, provided, however, that (i) Lessee shall not be obligated by this provision to operate said facilities, (ii) the provisions of clause (i) of this proviso shall not

limit Lessor's rights in the event of an Extended Cessation, Extended Force Majeure Restoration, Extended Initial Construction or Extended Reconstruction and (iii) the Premises shall not be used for the permanent or long term storage of Solid Waste.

4. Terms. (a) The Property is leased for the Primary Term.

(b) The term of this Lease shall, unless Lessee otherwise elects in accordance with paragraph 4(c) below, be extended as provided in paragraph 4(c) below for up to six (6) successive Renewal Terms, each Renewal Term having the duration established in accordance with the definition of the term "Renewal Term" in paragraph 2 above.

(c) Unless this Lease has terminated on or before the occurrence of a Term Expiration Date, this Lease shall be automatically renewed for each of the Renewal Terms following the Primary Term Expiration Date except if on or before six (6) months prior to the Term Expiration Date of the Primary Term or the then current Renewal Term (other than the final Renewal Term), Lessee shall notify Lessor in writing that Lessee elects not to renew this Lease, provided, however, that this provision is subject to the rights of Leasehold Mortgagees pursuant to paragraph 16(b) below.

(d) During each Renewal Term, the terms, covenants and conditions contained herein shall be deemed to be in effect for the applicable Renewal Term, except that any terms, covenants, or conditions hereof that are expressly

made inapplicable to such Renewal Term shall not apply during such Renewal Term.

(e) If (i) Lessee has mortgaged this Lease to a Leasehold Mortgagee in accordance with paragraph 19(c) below and (ii) Lessee has assigned to any such Leasehold Mortgagee, as collateral, all or any of Lessee's options to elect not to renew the term of this Lease, then Lessor agrees to recognize such assignment and agrees to be bound by an election not to renew the term of this Lease as exercised by a Leasehold Mortgagee to whom Lessee has so assigned its options to not renew. If any Leasehold Mortgage provides that the Leasehold Mortgagee shall have the right (a) to elect not to renew under paragraph 4(c) above or (b) to exercise Lessee's right to terminate this Lease under any provision hereof, then any notice from Lessee required under paragraph 4(c) or under any paragraph of this Lease giving such termination right to Lessee shall, if such Leasehold Mortgage so requires, be effective only if given by Lessee and the Leasehold Mortgagees holding all Leasehold Mortgages which contain such a provision.

(f) Subject to the rights of any Leasehold Mortgagee under paragraph 4(e) above, notwithstanding any other provision of this Lease to the contrary, upon the Primary Term Expiration Date, Lessee may, at any time thereafter prior to the second anniversary of the later to occur of such Primary Term Expiration Date or the Renewal Term Measurement Date, in Lessee's sole discretion, terminate this

Lease by giving Lessor at least sixty (60) days notice thereof prior to such second anniversary, and this Lease shall terminate on the date set forth in such notice as the Lease termination date.

(g) In the event that, prior to the Construction Date, Lessor or Lessee terminates the Service Agreement pursuant to Section 2.03(a) or (b), as the case may be, of the Service Agreement, then this Lease shall terminate effective as of such date of termination of the Service Agreement.

5. Construction of Original Improvements and Completion. Lessee shall cause to be erected upon the Property, in accordance with and to the extent required by the Service Agreement and the Sale Agreement, the Plant described therein. Said Plant, together with all substitutions and replacements thereto, are herein collectively called the "Original Improvements".

6. Rent. (a) Lessee shall pay to Lessor in lawful money of the United States, as fixed annual basic rent for the Property, during each Lease Year of the Primary Term, the sum of \$1.00 payable on October 1 of each Lease Year.

(b) During each Lease Year of each of the Renewal Terms, Lessee shall pay to Lessor, in lawful money of the United States, as annual basic rent for the Property during each Lease Year, a sum equal to the Fair Market Value of Basic Rent established for such Renewal Term, which Fair Market Value of Basic Rent shall be payable monthly in ad-

vance in equal monthly installments on the first day of each calendar month occurring during each such Renewal Term, provided, however, that if the first Renewal Term shall commence on a day other than the first day of a calendar month, the first such monthly installment shall be prorated on a daily basis for such portion of such calendar month following the commencement date of such Renewal Term and provided, further, that if any Renewal Term terminates or expires on a day other than the last day of a calendar month, then such final monthly installment shall be prorated on a daily basis for the portion of such calendar month preceding the date of termination or expiration of such Renewal Term. If the Fair Market Value of Basic Rent for any Renewal Term has not been established prior to the commencement of such Renewal Term, Lessee shall make payments of the Fair Market Value of Basic Rent (i) in the case of the first Renewal Term, based on the average of Lessee's good faith estimate thereof made pursuant to paragraph 28 below and Lessor's good faith estimate thereof as set forth in a notice from Lessor to Lessee (but until Lessor's good faith estimate is received by Lessee, Lessee shall make payments based on Lessee's good faith estimate) and (ii) in the case of the second Renewal Term and subsequent Renewal Terms, based on the Fair Market Value of Basic Rent established for the immediately preceding Renewal Term. If the Fair Market Value of Basic Rent established pursuant to paragraph 28 is different from the amount actually paid by

Lessee, Lessee shall, if the amount so established is higher than the amount Lessee has actually paid, promptly pay to Lessor the additional amounts due and, if the amount so established is less than the amount Lessee has actually paid, receive a credit against basic rent due thereafter.

(c) In addition to the annual basic rent referred to in paragraph 6(b) above, during each Lease Year of each of the Renewal Terms, Lessee shall pay to Lessor, in lawful money of the United States, an annual percentage rental (the "Percentage Rent") determined in accordance with Schedule C hereto, which Percentage Rent shall be payable in monthly installments in accordance with this paragraph 6(c). The Percentage Rent shall be paid in accordance with the following terms:

(i) The computation of Percentage Rent for each Lease Year, or a portion of a Lease Year as hereinafter provided, shall be individual to such Lease Year, or such portion of a Lease Year, and without relation to any other Lease Year, or any other portion of any Lease Year.

(ii) Lessee shall pay the Percentage Rent as follows: on the 20th day of the first month following the month in which the first Renewal Term commences, and on the 20th day of each and every month thereafter including the month following the end of each Lease Year in any Renewal Term, Lessee shall render to Lessor a statement certified by a responsible fiscal officer

of Lessee (or a responsible fiscal officer of a partner of Lessee) showing its Applicable Revenues for the preceding month and its cumulative Applicable Revenues from the date of the commencement of the Lease Year for which the report is made through the last day of the preceding month. Simultaneously with the submission of each such monthly statement Lessee shall pay to Lessor an amount equivalent to the percentage set forth in Schedule C applied to all of Lessee's Applicable Revenues shown in such monthly statement. Within ninety (90) days following the end of each Lease Year of each Renewal Term, Lessee shall (i) render to Lessor a statement certified by a responsible fiscal officer of Lessee (or a responsible fiscal officer of a partner of Lessee) showing Lessee's Applicable Revenues for such Lease Year, and (ii) recalculate on the basis of such statement the amount of the Percentage Rent due to Lessor hereunder for such Lease Year in accordance with Schedule C hereto. If such recalculation shall show that additional Percentage Rent is due Lessor hereunder, then such additional Percentage Rent shall be paid by Lessee to Lessor within the ninety (90) day period referred to in the immediately preceding sentence, and if such recalculation shall show that Lessee has paid Lessor excess Percentage Rent during such Lease Year, then the amount of such excess shall be credited against Lessee's future Percentage Rent obligations

under this Lease (or, if the Lease has terminated or expired, such excess shall be credited to Lessee's other unpaid obligations hereunder and if Lessee has no such other unpaid obligations hereunder, then such excess shall be paid by Lessor to Lessee). The aforesaid statements shall set forth, with respect to both the monthly and cumulative Applicable Revenues (in the case of each monthly statement) and with respect to the Applicable Revenues for each Lease Year (in the case of each yearly statement), all of the following: (i) the Net Revenues, (ii) the aggregate amount deducted from gross revenues from sales of electricity in Lessee's determination of Net Revenues and (iii) gross tipping fees (as defined in Schedule C).

(iii) Upon any termination or expiration of this Lease, (1) Lessee shall, within thirty (30) days after the effective date of such termination or expiration, pay as Percentage Rent for the month in which this Lease is terminated or expires the amount of the monthly installment of Percentage Rent for such month calculated in accordance with Schedule C, and (2) Lessee shall, within ninety (90) days after the effective date of termination or expiration, (A) render to Lessor a certified statement of Applicable Revenues for the Lease Year in which the effective date of termination or expiration falls, and (B) pay an amount equal to the remainder of (x) the amount equal to the percentage

stated in Schedule C multiplied by the Applicable Revenues of Lessee for such Lease Year, less (y) the total of such Percentage Rent payments previously made for such Lease Year.

(d) In respect of the payment of Percentage Rent, Lessor and Lessee shall have the rights and obligations, as to audits, recordkeeping and other matters, described on Schedule D hereto.

(e) The provisions of paragraphs 6(c) and 6(d) above, and of this paragraph 6(e), shall survive any expiration or termination of this Lease.

7. Net Lease. Subject to paragraph 35 below, it is expressly agreed that this Lease is an absolutely net lease. From and after the date hereof, Lessee shall pay and discharge, without deduction, abatement or setoff, as additional rent, punctually as and when the same shall be due and payable without penalty, (i) all taxes, assessments and payments required to be paid by Lessee pursuant to paragraph 8 below, (ii) each and every other cost and expense of every kind and nature whatsoever in any manner connected with or arising out of the construction, operation, maintenance, alteration, repair, rebuilding, use or occupancy of the Premises, other than under any agreement described in clauses (A) and (B) below, and (iii) each and every cost and expense of every kind and nature whatsoever for the payment of which Lessor, Lessee or the Premises is, or shall or may be or become liable which arises out of or is connected with

any agreement relating in any way to the Premises or to this Lease, excepting only (A) any agreement entered into by Lessor to which Lessee is not a party (unless such payments are to be made by Lessee pursuant to the express provisions of paragraph 8 below), and (B) any agreement to which both Lessee and Lessor are parties to the extent that such agreement expressly provides that Lessee shall not be obligated to reimburse Lessor for the costs and expenses incurred by Lessor thereunder; provided, however, that Lessee shall not be obligated to pay or discharge any tax, assessment or payment or any cost and expense which arises out of or is connected with any Legal Requirements, to the extent that Lessor is obligated to pay such tax, assessment, payment, cost or expense pursuant to paragraph 8 or 35 hereof and provided, further, that Lessee shall pay all applicable payroll taxes and vending machine license fees imposed on Lessee by the City in connection with the Premises.

8. Taxes and Assessments; Compliance with Law. (a)

As used in this Lease, the term "Taxes and Assessments" means all taxes, assessments, levies, fees, water and sewer rents and charges, and all other governmental charges, general and special, ordinary and extraordinary, foreseen and unforeseen, which are, at any time during the term hereof, imposed or levied upon or assessed against (A) the Premises, (B) the basic rent, Percentage Rent, additional rent or other sums payable hereunder or other revenues arising under this Lease (if and to the extent that such Taxes and Assess-

ments on such rent or other sums or other revenues are not imposed in lieu of a franchise, income or similar tax) or (C) this Lease or the leasehold estate hereby created. Subject to paragraphs 20 and 35 hereof, Lessee shall pay (i) all Taxes and Assessments, including Taxes and Assessments which arise in respect of the operation, possession or use of the Premises (unless such tax is imposed in lieu of a franchise, income or similar tax); (ii) all sales, use and similar taxes at any time levied, assessed or payable on account of the acquisition, leasing, use of the Premises or sales made thereat or therefrom (unless such tax shall be imposed in lieu of a franchise, income or similar tax); and (iii) all charges for utilities, communications and other services rendered or used on or about the Premises. Lessee shall not be required to pay any franchise, estate, inheritance, transfer, income or similar tax of Lessor. Subject to paragraph 20 hereof, Lessee will furnish to Lessor, promptly after demand therefor, proof of payment of all items referred to above which are payable by Lessee. If any such Tax and Assessment may legally be paid in installments, Lessee may pay such Tax and Assessment in installments; in such event, Lessee shall be liable only for the portion of such installments which relate to and are assessed for the term hereof. Subject to paragraph 21 below, for the period prior to commencement of the Primary Term or subsequent to the expiration or termination of this Lease, Lessee shall

have no obligation to pay any taxes or other charges referred to in this paragraph 8(a).

(b) The provisions of this paragraph 8(b) shall have no force or effect until the Renewal Terms. Subject to paragraphs 7, 20, 33 and 35 hereof, Lessee shall comply with and cause the Premises to comply with all Legal Requirements, including obtaining and maintaining any applicable vending licenses required by the City under the Host Municipality Agreement, provided, however, that a breach by Lessee of its obligations under this paragraph 8(b) which does not present a clear and present danger to the public arising out of noncompliance with Legal Requirements involving fire, health or safety shall not in any event constitute a Default pursuant to paragraph 21 hereof, and provided, further, that the preceding proviso shall not limit any rights of Lessor, or obligations of Lessee, under paragraphs 10 and 24(c) hereof. Subject to paragraphs 20 and 35 hereof, Lessee will obtain and keep in full force and effect, or take whatever acts are necessary to cause to be obtained and kept in full force and effect, all material governmental or regulatory approvals, permits, consents, authorizations and/or licenses, if any, with respect to the ownership, occupation or use of the Premises, required of Lessee, Lessor or any other party having any interest in the Premises or the use thereof, provided, however, that (i) Lessee shall not be so obligated by this provision in respect of the operation of the Improvements, if, and to the extent that, the Improve-

ments are not being operated, (ii) the provisions of clause (i) of this proviso shall not limit Lessor's rights in the event of an Extended Cessation, Extended Force Majeure Restoration, Extended Initial Construction or Extended Reconstruction and (iii) this paragraph 8(b) shall not limit any rights of Lessor under paragraph 24(c) hereof nor diminish any obligations of Lessee in connection therewith. To the extent any such material governmental or regulatory approvals, permits, consents, authorizations and/or licenses are required of Lessor and cannot be obtained or maintained by Lessee without Lessor taking actions, Lessor agrees to take whatever actions are required and cannot be taken by Lessee to obtain, or keep in full force and effect, such approvals, permits, consents, authorizations and/or licenses and, subject to paragraph 35, Lessee agrees to bear Lessor's reasonable costs of such actions. Subject to Lessee's right to use the Premises in accordance with paragraph 3 hereof, Lessee will not do or permit any act or thing which constitutes a public or private nuisance.

(c) The provisions of this paragraph 8(c) shall have no force or effect until the Renewal Terms. Lessor shall, or shall cause other Persons, to take or omit such actions as may be required from time to time to achieve compliance with the following conditions arising under the Permits and draft Permits as of the date of this Lease and any modifications or supplements thereto and any similar conditions which may be imposed under future Permits: (i)

New Jersey Department of Energy requirements for recycling development (section 18 of the NJDEP Certificate of Approved Registration and Engineering Design Approval); (ii) refuse truck route designation and enforcement (section 23 of such Certificate); and (iii) Phase II of the NJDEP Site Mitigation Plan (section 5(b) of such Certificate and Schedule 25 to the Service Agreement) with respect to that portion of the Land that is not included in the Property. In addition, if the Service Agreement terminates on or prior to the Actual Acceptance Date, Lessor shall, or shall cause other Persons, to take or omit such actions (to the extent such actions have not already been taken or omitted) as may be required from time to time to achieve compliance with the following conditions arising under the Permits and draft Permits as of the date of this Lease and any modifications or supplements thereto and any similar conditions which may be imposed under future Permits: (i) emission offset requirements, including those set forth in paragraph G entitled "Emission Offsets" of attachment 1 to the NJDEP Air Permit; (ii) Phase I of the NJDEP Site Mitigation Plan (section 5(a) of such Certificate); (iii) access road flood mitigation plan (section 11 of such Certificate); (iv) Fairmont Chemical Company well monitoring (condition 5 of the NJDEP Water Allocation Permit); and (v) Transcontinental Pipeline Co. easement conditions (condition 9 of the NJDEP Waterfront Development Water Quality Certificate). Lessee

shall provide such reasonable cooperation as may be requested by Lessor.

9. Liens. Lessee agrees to accept its interest in the Premises subject to any Permitted Liens existing of record with respect to the Premises as of the Construction Date under the Service Agreement, and subject to any other Permitted Liens existing with respect to the Premises as of the Construction Date under the Service Agreement that either (i) were not created or caused to be created by Lessor or any Person claiming through or under Lessor with respect to the Premises (which claims derive from the act(s) of Lessor) or (ii) were expressly consented to in writing by Lessee, and Lessee shall promptly remove and discharge any charge, lien, security interest or other encumbrance upon Lessee's interest in the Premises except Permitted Liens or any lien arising in respect of any obligation assumed by Lessor pursuant to paragraphs 8, 32 or 35, provided, however, that if, during or in respect of any period when the Authority is Lessor, Lessee is served with a stop notice pursuant to N.J. Stat. Ann. § 2A: 44-77 (West 1952), Lessee shall immediately obtain and deliver to the Person serving such stop notice a payment bond in an amount equal to that claimed under said stop notice and deliver to each of the Escrow Agent (during the term of the Escrow Agreement) and the Chief Engineer a copy of such payment bond. Such payment bond shall be signed by one or more surety companies which are corporations authorized to do business as sureties in

the State of New Jersey and which appear on the list of the United States Department of the Treasury in effect at the time of issuance of such payment bond. In addition, the aggregate underwriting limitations on any one risk as set forth in the aforementioned list shall equal or exceed the penal sum of such payment bond. Subject to paragraph 20 hereof, Lessor shall promptly remove and discharge any charge, lien, security interest or other encumbrance upon the Premises, or any interest therein, hereunder arising in respect of any obligation assumed by Lessor pursuant to paragraphs 8 or 35 if the failure to so remove or discharge would subject Lessee to any criminal penalties. The provisions of this paragraph 9 are subject to paragraph 35 below.

10. Indemnification. (a) Lessee agrees that it shall protect, indemnify and hold harmless Lessor and its respective commissioners, officers, members, employees and agents (the "Lessor Indemnified Parties") and the City and the County from and against all liabilities, actions, damages, claims, demands, judgments, losses, costs, expenses or suits or actions and reasonable attorney's fees, including those of Lessor's Law Department, arising from the acts or omissions of Lessee, its agents, employees, representatives, contractors or subcontractors in connection with any design, construction, reconstruction, start-up, operation, maintenance or use of the Improvements, or any use or occupancy of the Premises, and, subject to paragraph 20(c) below, shall defend Lessor in any suit, including appeals, (i) for per-

sonal injury to, or death of, Third Persons, including claims for the payment of workers' compensation by other than employees of Lessor, and (ii) for loss of, or damage to, property of Third Persons, arising out of the acts or omissions of Lessee, its agents, employees, representatives, contractors or subcontractors in connection with any design, construction, reconstruction, start-up, operation, maintenance or use of the Improvements. Lessee is not, however, required to reimburse or indemnify any Lessor Indemnified Party, the City or the County for loss or claim due to negligence or other wrongful conduct of any such Person, or due to Lessee's failure to accept or Process Acceptable Waste at the Improvements in accordance with the Service Agreement. In the event that any action shall be brought against Lessor or any Lessor Indemnified Party which is covered by the indemnity provided in this paragraph 10(a) and Lessee shall assume the defense thereof, such defense shall include, the employment and direction of counsel and the payment of all expenses of such defense incurred by Lessee or reasonably incurred by Lessor prior to or in connection with the defense of such action by Lessee, including the fees and disbursements of such counsel; provided, however, that in any such defense Lessee shall comply with paragraph 20(c) below.

(b) Lessor agrees that it shall protect, indemnify and hold harmless Lessee, its Partners, Parents and Grandparents and their respective officers, members, employees and agents (the "Lessee Indemnified Parties") from and

against all liabilities, actions, damages, claims, demands, judgments, losses, costs, expenses or suits or actions and reasonable attorney's fees, including those of Lessee's legal department and the legal departments of the Grandparents, arising from the acts or omissions of Lessor, its agents, employees or representatives in connection with Lessee's design, construction, reconstruction, start-up, operation, maintenance or use of the Improvements, or any use or occupancy of the Premises, and Lessor's use of Lessee's disposal services, and shall defend the Lessee Indemnified Parties in any suit, including appeals, (i) for personal injury to, or death of, Third Persons and (ii) for loss of, or damage to, property of Third Persons, arising out of the acts or omissions of Lessor, its agents, employees or representatives, in connection with Lessee's design, construction, reconstruction, start-up, operation, maintenance or use of the Improvements and Lessor's use of Lessee's disposal services or Lessee's failure to comply with municipal, local or departmental laws, ordinances, orders, resolutions, rules or regulations pursuant to a notice from Lessor to Lessee delivered pursuant to paragraph 20(d). Lessor is not, however, required to reimburse or indemnify a Lessee Indemnified Party for loss or claim due to negligence or other wrongful conduct of any such party or due to Lessor's, the City's or the County's failure to deliver, or cause to be delivered, Acceptable Waste to the Improvements in accordance with the Service Agreement. In the event that

any action shall be brought against Lessee or any Lessee Indemnified Party which is covered by the indemnity provided by this paragraph 10(b) and Lessor shall assume the defense thereof, such defense shall include the employment and direction of counsel and the payment of all expenses of such defense incurred by Lessor or reasonably incurred by Lessee prior to or in connection with the defense of such action by Lessor, including the fees and disbursements of such counsel.

(c) This paragraph 10 shall not apply to the extent that the indemnities provided in Section 9.06 of the Service Agreement apply. Nothing contained in this paragraph 10 shall be construed to limit, broaden or otherwise offset the indemnities provided in paragraph 35 below. Except as herein otherwise specifically provided, nothing in this Lease is intended or shall be construed to confer upon any Person other than Lessor and Lessee, any right, remedy or claim under or by reason of this Lease, this Lease being for the sole and exclusive benefit of Lessor and Lessee. The provisions of this paragraph 10 shall survive any expiration or termination of this Lease.

11. Maintenance and Repair. The provisions of this paragraph 11 shall have no force or effect until the Renewal Terms. Subject to paragraphs 8(b), 24(c), 13 and 35 hereof, Lessee shall maintain the Property in a lawful condition. Subject to paragraphs 8(b), 24(c) and 35, Lessee shall maintain and repair the Premises in the same manner as a prudent

owner of the Premises would maintain and repair same, provided, however, that Lessee shall not be obligated by this provision to operate the Improvements and provided, further, that if the Improvements are not being operated, Lessee's obligations in respect of maintenance and repair of the Improvements shall, subject to paragraphs 8(b), 24(c) and 35, be limited to the actions a prudent owner of the Premises would take with respect to the Premises during a period when the Improvements were not being operated. Except to the extent referred to above, Lessee shall not be required to maintain, repair or rebuild the Improvements or to maintain the Premises. Nothing in this paragraph 11 shall limit Lessee's liability to Lessor under paragraph 10(a) in respect of maintenance or repair of the Premises in the event of a third party claim.

12. Alterations. (a) The provisions of this paragraph 12 shall have no force or effect until the Renewal Terms. Subject to paragraphs 3, 8(b), 11, 17 and 24(c) hereof, Lessee may, at its expense, (a) make additions to and alterations and removals of, and from, the Improvements, (b) construct Additional Improvements and (c) make substitutions and replacements for the Improvements; provided that such work shall (i) except with respect to the removal of all or part of the Improvements (if such removal is permitted by paragraph 17 below and is not performed in connection with any addition to or rebuilding of the Improvements (including any construction of Additional Improvements)), be

consistent with use of the Improvements in accordance with paragraph 3 above and (ii) substantially maintain, upon completion of the work, the exterior aesthetic quality of any remaining portion of the Improvements consistent with the aesthetic quality requirements of Article X of the Service Agreement.

(b) Lessee undertakes to pay all amounts rightfully due by Lessee to Subcontractors, Materialmen and Workers, and all amounts rightfully due by Lessee to other Third Persons arising out of or in connection with or because of the performance of any Lessee Construction, and to take all necessary and appropriate steps to cause all Subcontractors to pay all such amounts rightfully due by such Subcontractors to their Subcontractors, Materialmen and Workers.

(c) Lessee agrees that it shall protect, indemnify and hold harmless the Lessor Indemnified Parties from and against all claims made for loss or damage to any property of Subcontractors, Materialmen and others performing the Lessee Construction, occurring at any time prior to completion of removal of such property from the Premises or the vicinity thereof, and for all costs and expenses incurred by such parties in the defense, settlement or satisfaction thereof, including attorneys' fees, and if so directed by Lessor, Lessee shall, subject to paragraph 20(c) below, defend the Lessor Indemnified Parties and shall defend the City and the County against any such claims.

(d) The Chief Engineer or the Authority Project Manager shall be present daily at the Land during the performance of the Mitigation Plan. The Chief Engineer shall have the right to order Lessee to cease the performance of that portion of the Lessee Construction required by the Mitigation Plan without regard to whether or not Lessee is in compliance with the Mitigation Plan, provided, however, that an arbitration decision pursuant to paragraph 12(e) below in favor of Lessee shall terminate any such order of the Chief Engineer. If the Chief Engineer shall order Lessee to cease performance under this paragraph and Lessee complies with such order, paragraph 35(b) shall apply to any liability imposed upon Lessee which would not have arisen had Lessee continued performance of that portion of the Lessee Construction pursuant to the Mitigation Plan. If the Chief Engineer shall order Lessee to cease performance under this paragraph and Lessee shall fail to comply with such order (except to the extent that such failure to comply is the result of an order and/or judgment of a federal, state or local court, administrative agency or government body) paragraph 35(b) shall not apply to any liability imposed upon Lessee which would not have arisen had Lessee complied with such order to cease performance and paragraph 35(c) shall apply to any liability imposed upon Lessor which would not have arisen had Lessee complied with such order to cease performance. Paragraph 12(e) below shall apply with respect to all disputes arising under this paragraph 12(d).

(e) In order to provide a prompt and efficient resolution of disputes arising pursuant to paragraph 12(d) above which require primarily the exercise of engineering judgment at the lowest possible cost, the parties hereby establish the following procedure to be in existence and available for use during the term of this Lease. If, after exchanging all pertinent information, Lessee and Lessor fail to resolve any such dispute within fourteen (14) days with respect to any matter(s) requiring primarily the exercise of engineering judgment (with the exceptions provided in paragraph 24(c) and as otherwise provided in this Lease), such failure shall be deemed an engineering dispute and, exclusive of any other remedy, Lessor or Lessee, following such fourteen (14) days, by notice to the other party, may request in writing a determination as to (i) the subject matter of such dispute and (ii) the damages or remedies that are due to Lessor or Lessee, if any, under the terms of this Lease, by an Independent Engineer to be selected as provided below. Such Independent Engineer shall assume exclusive jurisdiction over the dispute and shall be required to make a determination which shall be final and binding upon Lessor and Lessee and which shall not be subject to appeal. Within twenty (20) days from the later of (a) the selection of the Independent Engineer pursuant to this paragraph 12(e) or (b) in the event an Independent Engineer has been previously selected and would assume exclusive jurisdiction over the dispute, the receipt by the Independent Engineer of a copy

of such written request for such determination, the Independent Engineer shall render a written determination of the dispute. Lessor and Lessee each shall submit in writing a statement of its position with supporting facts and data to the Independent Engineer within ten (10) days after the later of the selection of the Independent Engineer pursuant to this paragraph 12(e) or the receipt by the Independent Engineer of such copy of the written request for such determination. Lessor, with the approval of Lessee and at a cost or expense shared equally by the parties, shall select a nationally recognized independent consulting engineer or engineering firm having knowledge of and expertise with respect to the subject matter of the dispute. In the event an Independent Engineer has not been previously selected and would not assume exclusive jurisdiction over the dispute, if, within ten (10) Business Days after the notice delivered to Lessee or Lessor pursuant to this paragraph 12(e) Lessee or Lessor have not agreed upon the selection of such engineer or firm, such an engineer or firm shall be expeditiously selected by the President of the American Arbitration Association or his designee. Any firm so selected shall within five (5) Business Days of its selection designate an individual who is a licensed professional engineer having experience with the subject matter of the dispute and who is a member or employee of such firm. Any such firm and the Independent Engineer shall deliver to Lessee an executed confidentiality agreement in substantially the form annexed

to the DBA Project License as Appendix III. The Independent Engineer shall have at all times such access to the Premises and all records as are required for him expeditiously to carry out his function in accordance with this paragraph 12(e). Unless otherwise agreed in writing, Lessee and Lessor shall continue to perform their respective obligations under this Lease during any proceeding by the Independent Engineer in accordance with this paragraph 12(e). Any proceedings held by the Independent Engineer shall be held at a location mutually agreeable to Lessee and Lessor, which agreement shall not be unreasonably withheld.

13. Condemnation and Casualty. (a) During the term of the Escrow Agreement, (1) the Escrow Agreement shall govern the application of the monies (collectively, the "Net Proceeds") arising from any award, compensation or insurance payment (other than any insurance payment under business interruption insurance) to which Lessee or Lessor may become entitled by reason of its interest in the Premises (i) if the Premises or any part thereof are damaged or destroyed by fire or other casualty (any such fire or other casualty being herein referred to as a "Casualty") or (ii) if the use, occupancy or title of the Premises or any part thereof is permanently taken, requisitioned or sold in, by or on account of any eminent domain proceeding or other similar action by any Person having the power of eminent domain (any occurrence of the character referred to in this clause (ii) being herein referred to as a "Taking") and (2) all Net

Proceeds shall be paid to the Escrow Agent under the Escrow Agreement. The provisions of this paragraph 13 shall govern as to the rights and obligations of the parties with respect to all Net Proceeds after the term of the Escrow Agreement, provided, however, that during the term of the Escrow Agreement, the provisions of this paragraph 13 shall govern, in the case of a Taking, with respect to the portion of the Net Proceeds which is equal to the Property Taking Award. As used herein, the term "Property Taking Award" shall mean, with respect to a Taking of the Property or any portion thereof, either (i) in the event that the final court judgment effecting the Taking allocates a portion of the Net Proceeds to the fair market value of Lessor's right, title and interest in the Property or portion thereof being taken in the Taking, with the Property or such portion thereof being considered as encumbered by this Lease, then the Property Taking Award shall mean such allocated portion of the Net Proceeds or (ii) in the event that the final court judgment does not allocate a portion of the Net Proceeds in accordance with clause (i) above, then the Property Taking Award shall mean the Fair Market Value of the Property, as determined in accordance with paragraph 28 below. Lessee shall take all appropriate action in connection with each such proceeding, action, negotiation, prosecution and adjustment and shall pay all expenses thereof. Lessor shall be permitted to participate in any such proceeding at Lessor's own expense, provided, however, that if, by the nature

of such proceeding, Lessor is either (x) required to so participate or (y) required to take all actions in such proceeding in lieu of Lessee taking such actions, Lessor, at Lessee's sole expense, shall, subject to paragraph 20(c), so participate or take such actions in the manner reasonably directed by Lessee for the purposes of obtaining fair compensation and collecting such compensation. Leasehold Mortgagees shall have the right to participate in any such proceedings to the extent provided in the applicable Leasehold Mortgages, provided, however, that if a Leasehold Mortgagee participates in any such proceeding, such Leasehold Mortgagee shall not have greater rights in such proceeding than are accorded to Lessee under this Lease in respect of such proceeding.

(b) If a Taking shall occur with respect to all of the Premises, then this Lease, and the letting hereunder, shall terminate on the Taking/Casualty Termination Date. If (1) the Service Agreement shall have expired or have terminated or, as a result of the occurrence of a Casualty or a Taking, the Service Agreement shall expire or terminate, and (2) either (A) a Taking shall occur with respect to a substantial portion of the Premises (but less than all of the Premises) and such Taking shall, in the good faith judgment of Lessee, render the Premises unsuitable for such restoration as would restore the Premises to substantially the use existing immediately prior to such occurrence, or (B) in the good faith judgment of Lessee, the

proceeds of the applicable insurance (in the case of a Casualty) or condemnation awards (in the case of a Taking with respect to less than all of the Premises) shall be insufficient to pay for such restoration as would restore the Premises to substantially the use existing immediately prior to such occurrence, then, in the case of either (A) or (B) above, Lessee shall give notice of such unsuitability or insufficiency, as the case may be, promptly to Lessor (which notice, in any event, shall not be given later than the last day of the Force Majeure Decision Period applicable to the occurrence of such Casualty or Taking), and this Lease shall terminate on the Taking/Casualty Termination Date, provided, however, that it is expressly understood that Lessee shall have no right to terminate this Lease in accordance with this sentence or the immediately preceding sentence unless and until the Service Agreement shall terminate or expire. Pursuant to this paragraph 13(b), this Lease, and the letting hereunder, shall terminate on the date (the "Taking/Casualty Termination Date") which shall be the earlier to occur of (i) 30 days after the giving of the notice from Lessee referred to in the immediately preceding sentence or (ii) the later to occur of (x) the date on which title to the entire Premises vests in the Person effecting the Taking or (y) the date of notice to Lessee that title to the entire Premises has so vested in such Person. During the term of the Escrow Agreement, all Net Proceeds shall be payable to the Escrow Agent thereunder and shall be applied

by the Escrow Agent in accordance with the Escrow Agreement, provided, however, it is expressly understood that, in the event of a Taking of the Property or any portion thereof, that portion of the Net Proceeds equal to the Property Taking Award shall be paid to Lessor. After the term of the Escrow Agreement, all Net Proceeds shall be payable either (A) if a Leasehold Mortgage exists, to the Institutional Lender which holds the Leasehold Mortgage having the most senior record priority (it being understood that such Institutional Lender shall be obligated to apply such Net Proceeds in accordance with this Lease) or (B) if no Leasehold Mortgage exists, to a trustee to be mutually agreed upon by Lessor and Lessee (the Escrow Agent during the term of the Escrow Agreement, together with any Person designated to receive Net Proceeds pursuant to this sentence, being herein collectively termed the "Proceeds Trustee"). All Net Proceeds shall be distributed on the Taking/Casualty Termination Date (or as promptly thereafter as the Net Proceeds shall be received by the Proceeds Trustee) in the following order of priority:

(1) with respect to a distribution of Net Proceeds with respect to a Taking or a Casualty during the term of the Escrow Agreement: first, to Lessor, in the event of a Taking (and not in the event of a Casualty), that portion of the Net Proceeds equal to the Property Taking Award; and second, as determined in accordance with the Escrow Agreement;

(2) with respect to a distribution of Net Proceeds with respect to a Taking after the term of the Escrow Agreement: first, to Lessor, that portion of the Net Proceeds equal to the Property Taking Award; second, the excess to any Leasehold Mortgagees, in order of seniority of lien, to the extent required by any Leasehold Mortgages; and third, the balance, if any, to Lessee; and

(3) with respect to a distribution of Net Proceeds with respect to a Casualty after the term of the Escrow Agreement: first, to any Leasehold Mortgagees, in order of seniority of lien, to the extent required by any Leasehold Mortgages; and second, the balance, if any, to Lessee.

(c) If, after the occurrence of a Casualty or a Taking, this Lease does not terminate pursuant to paragraph 13(b) above, then this Lease shall, subject to Lessor's rights under paragraph 26 in respect of Force Majeure Interruptions, continue in full force and effect, and Lessee shall cause the Premises to be put in a condition which complies with the requirements of paragraph 11 above, but Lessee shall have no affirmative obligation to repair the damage to the Improvements caused by such event (except to the extent, if any, required by paragraph 11 above), although Lessee may elect, at its option, to restore all or any portion of the Improvements, and may pay for such restoration from the Net Proceeds after any application of such

Net Proceeds to payments to Lessor or any Leasehold Mortgagees in accordance with the following provisions of this paragraph 13(c). Notwithstanding the immediately preceding sentence, if a Taking shall occur with respect to a portion of the Premises, then this Lease, and the letting hereunder, shall, with respect to such portion only, terminate on the earlier of (x) the date on which title to such portion vests in the Person effecting the Taking or (y) the date of notice to Lessee that title to such portion has so vested in such Person, and, notwithstanding anything in this Lease to the contrary, such portion shall thereafter no longer be a part of the Premises, the Property or the Improvements under this Lease. All Net Proceeds shall be payable to the Proceeds Trustee, and all Net Proceeds shall be paid in the order of priority set forth in paragraph 13(b) above. If, during any Renewal Term, any Net Proceeds from a condemnation award are paid to Lessor as aforesaid, then the basic annual rent payable hereunder, for the period from the date on which title to the affected portion of the Premises vests in the Person effecting the taking to the Term Expiration Date of such Renewal Term, shall be reduced on an equitable basis, taking into account the amount and character of the portion of the Property so taken, provided, however, that no Percentage Rent or rent other than basic annual rent shall be reduced.

(d) In the event of any temporary condemnation or taking by eminent domain, (i) this Lease shall, subject to

the other provisions hereof, remain in effect for the remainder of the term hereof, (ii) Lessee's obligation to pay basic rent, Percentage Rent, additional rent and all other rent provided for herein and any other sum herein provided shall continue unabated and (iii) Lessee shall be entitled to receive the entire Net Proceeds payable during or in respect of the remainder of the term hereof by reason of such temporary condemnation or taking.

(e) In the event of each Taking or Casualty, unless Lessee shall have terminated this Lease pursuant to paragraph 13(b), Lessee's obligation to pay basic rent, Percentage Rent, additional rent and all other rent provided for herein and any other sum herein provided, shall continue unabated, except as otherwise provided in paragraph 13(c) above.

(f) The provisions of this paragraph 13 shall survive any expiration or termination of this Lease.

14. Additional Improvements. The provisions of this paragraph 14 shall have no force or effect until the Renewal Terms. The Additional Improvements, if any, shall be constructed by Lessee at its sole cost, expense and risk and in conformity with, and subject to, the provisions of paragraph 12 above.

15. Insurance. (a) The provisions of this paragraph 15 shall have no force or effect until the Renewal Terms. Lessee in its own name as assured shall, to the extent such policies are available in the insurance marketplace at rea-

sonable cost, secure and pay the premium or premiums for such policies of insurance as are set forth in Schedule G, provided, however, that if the policies of insurance set forth in Schedule G are not available in the insurance marketplace at reasonable cost, then Lessee shall obtain other policies of insurance, to the extent such other policies are available in the insurance marketplace at reasonable cost, which afford coverages and amounts which approximate as closely as possible the coverages and amounts of the policies set forth in Schedule G. Each such policy shall be maintained in such amounts, forms and terms and with such minimum limits of liability as are provided in Schedule G (or in such amounts, forms and terms and with such minimum limits of liability as close as possible thereto as are available in the insurance marketplace at reasonable cost), shall cover any design, construction, reconstruction, start-up, operation and maintenance of the Improvements by Lessee under this Lease as well as Lessee's occupancy of the Premises, and shall be effective throughout all of the Renewal Terms. All policies of insurance required by this paragraph 15, except policy number 4 listed on Schedule G, shall name Lessor as an additional insured (unless Lessor directs otherwise pursuant to paragraph 15(b) below), and each Leasehold Mortgagee, as an additional insured, and, except for policy numbers 2 and 4 listed on Schedule G, shall contain a contractual liability endorsement covering the indemnification obligations assumed by Lessee pursuant

to paragraph 10(a) above. Each policy of insurance required by this paragraph 15 shall provide that the insurers shall have no recourse against Lessor for payment of any insurance premium, provided, however, that Lessor shall have the option of paying any such premium in order to prevent cancellation of insurances for non-payment of premium.

All policies of insurance required by this paragraph 15 shall be written by insurance companies which have received a financial rating of at least A, XII from A.M. Best Company (or its equivalent, if such ratings are no longer available) and which are duly licensed to do business in the State of New Jersey or are subject to service of process in the State of New Jersey or the State of New York, provided, however, that any policy of insurance required by this paragraph 15 may be written by any insurance company or insurer approved by Lessor, which approval shall not be unreasonably withheld. The minimum insurance amounts specified in Schedule G with respect to each type of insurance set forth therein shall be adjusted once for each Renewal Term, as of the first day of each such Renewal Term, so that such amounts are equal in each case, for each Renewal Term, to the minimum insurance amounts specified in Schedule G multiplied by the Escalation Factor for the calendar month immediately preceding the month in which the first day of such Renewal Term occurs.

Lessee and Lessor may mutually agree in writing to modify Schedule G, provided, however, that Lessee, with

Lessor's approval, which shall not be unreasonably withheld, may modify Schedule G in the event that any insurance referred to in Schedule G cannot be obtained, continued, renewed or replaced at reasonable cost, and provided, further, that each such modification shall reflect the maximum amounts, forms, terms and deductible limits that are available in the insurance marketplace at reasonable cost. No such modification shall be an amendment to this Lease. Lessee shall consult with Lessor to the maximum extent feasible in the circumstances with respect to obtaining or renewing any insurance referred to in Schedule G.

(b) Lessor shall, unless Lessor requests otherwise, be added as an additional insured in any policy of liability insurance required by this paragraph 15, except policy number 4 listed on Schedule G, provided, however, that Lessor may, at any time after such a request not to be added as an additional insured, direct otherwise in writing, in which case Lessee shall cause Lessor to be so added.

(c) As to any insurance required by this paragraph 15, a certified copy of each of the policies or a certificate or certificates evidencing the existence thereof, or binders, shall, to the extent the same have not been previously delivered to Lessor, be delivered to Lessor within ten (10) days after the expiration or termination of the Service Agreement. In the event any binder is delivered, it shall be replaced within thirty (30) days by a certified copy of the policy or a certificate. All poli-

cies, certificates or binders delivered pursuant to this paragraph 15(c) shall be delivered to:

The Port Authority of New York and New Jersey
One Path Plaza
Jersey City, New Jersey 07306
Attention: Manager, Risk Management

or such other or additional Persons as Lessor may from time to time designate by notice to Lessee. Lessee shall use all reasonable efforts to deliver a renewal policy to Lessor at least fifteen (15) days prior to the expiration date of each policy to be renewed, except for any policy expiring after the date of expiration of the term of the letting under this Lease, as the same may be from time to time extended. If any such renewal policy cannot be so provided, Lessee shall use all reasonable efforts to provide to Lessor evidence of renewal coverage in the form of a signed binder, cover note or certificate of insurance. To the extent obtainable, any such binder, cover note or certificate shall provide that such coverage remains in full force and effect for the period to be covered by such renewal policy when issued. Lessee shall not cancel any insurance policy required by this paragraph 15 without the written consent of Lessor, which consent shall not be unreasonably withheld. All policies of insurance required by this paragraph 15 shall, if obtainable, contain a valid provision or endorsement that the policy may not be cancelled, terminated, changed or modified by the insurer without the insurer having given at least sixty (60) days' written advance notice thereof to both Lessor and Lessee.

(d) This paragraph 15(d) shall only apply with respect to periods when the Authority is Lessor, but, if the Authority ceases to be Lessor, this paragraph 15(d) shall remain in effect as to any action or proceeding which relates to the Authority, regardless of when such action or proceeding may have arisen or may arise. Each policy of insurance required by this paragraph 15 shall contain a provision that in any action or proceeding under or in connection with such policy, the insurer shall not, without obtaining express advance permission from the General Counsel of the Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Authority, its commissioners, officers, agents or employees, the governmental nature of the Authority and the provisions of any statutes respecting suits against the Authority or the immunity from taxes of the Authority or its obligations, unless such insurer shall have first obtained the express advance written permission to raise such defense from the General Counsel of the Authority.

(e) Each insurance policy required by this paragraph 15 shall be subject to such normal exclusions relating to nuclear risks, war risks and other remote perils as are generally imposed by insurers on similar properties. All policies of insurance required by this paragraph 15 shall provide coverage for occurrences during the policy period without limitation as to discovery and/or filing of any claim, if such coverage is obtainable at reasonable cost,

and if such coverage is not obtainable at reasonable cost, Lessee shall, in addition to the policies of insurance set forth in Schedule G, purchase unlimited discovery period coverage, if obtainable at reasonable cost. All policies of insurance required by this paragraph 15 shall, to the extent such endorsements are obtainable, be endorsed to include the following:

(I) In the event of any claim being made by reason of personal injury, including death, by whomsoever suffered, including but not limited to any employee or employees of one insured hereunder for which another insured hereunder is or may be liable, then this policy shall cover such insured against whom a claim is made or may be made in the same manner as if separate policies had been issued to each insured hereunder.

(II) In the event of claims being made by reasons of property damage, regardless of who owns the property, for which another insured is or may be liable, then this policy shall cover such insured against whom a claim is made or may be made in the same manner as if separate policies had been issued to each insured hereunder.

(III) The coverage afforded by this policy of insurance shall be primary and without the right of contribution from any other insurances that are carried (or self-insured) by each of the named insureds with

respect to their interest. Any similar insurance shall be considered excess insurance.

(IV) The coverage afforded by this policy of insurance to any named insured shall not be invalidated by any act or negligence of any other named insured.

(f) Either party hereto may contest, or require the other to contest on its behalf (in the event that one party hereto reasonably determines not to contest and the other party requires the first party to contest, the first party shall be entitled to recover from the other party its costs and expenses, including reasonable attorneys' fees, upon submission of Cost Substantiation to the other party) any denial of coverage, or denial of a specific claim, under any insurance policy obtained pursuant to this paragraph 15. Any settlement or rejection of a proposed settlement under a contest pursuant to this paragraph 15 shall be subject to the approval of both Lessor and Lessee, which approval shall not be unreasonably withheld by either party.

(g) During the term of the Escrow Agreement, the claim proceeds arising from any insurance required by this paragraph 15 (other than such proceeds payable to or for the account of Third Persons) shall be promptly paid to the Escrow Agent for deposit and application in accordance with the Escrow Agreement.

(h) In the event (i) Lessee is unable to obtain the policies of insurance set forth in Schedule G at reasonable cost or (ii) Lessee is unable to obtain at reasonable

cost either (x) unlimited discovery period coverage or (y) coverage for occurrences during the policy period without limitation as to discovery and/or filing of any claim (the coverages described in clauses (x) and (y) are collectively referred to as "Discovery Coverage"), Lessee shall promptly so notify Lessor in writing, which notice shall also state the policies of insurance which afford coverages and minimum limits of liability which approximate as closely as possible the coverages and minimum limits of liability of the policies set forth in Schedule G, or the coverages which approximate as closely as possible Discovery Coverage, as the case may be, available in the insurance marketplace at reasonable cost. Until such time as (I) Lessor notifies Lessee that the policies or coverages set forth in the aforementioned notice from Lessee to Lessor are acceptable to Lessor, or (II) an arbitration proceeding pursuant to this paragraph 15(h) determines which policies or coverages are available in the insurance marketplace at reasonable cost, Lessee shall maintain the policies or coverages set forth in the aforementioned notice from Lessee to Lessor with respect to the Premises. Within thirty (30) days of Lessor's receipt of the aforementioned notice from Lessee to Lessor, Lessor shall advise Lessee whether the policies of insurance or the coverages specified in such notice are acceptable to Lessor. If such policies or such coverages are acceptable to Lessor, Lessee shall continue to maintain such policies or such coverages. If such policies or such coverages are

not acceptable to Lessor, Lessor and Lessee shall attempt, promptly and in good faith, to resolve their differences. If Lessor and Lessee are unable to so resolve their differences within thirty (30) days of Lessor's advising Lessee that such policies or such coverages are unacceptable to Lessor, then such differences shall be resolved in an arbitration proceeding in which the arbitrators shall determine (A) whether the policies of insurance and minimum limits of liability therefor set forth in Schedule G, or whether any Discovery Coverage, is available in the insurance marketplace at reasonable cost, and (B) if such policies of insurance with such minimum limits of liability or such Discovery Coverage is not available in the insurance marketplace at reasonable cost, which policies of insurance which afford coverages and minimum limits of liability which approximate as closely as possible the coverages and minimum limits of liability of the policies set forth in Schedule G, or which afford coverages which approximate as closely as possible Discovery Coverage, are available in the insurance marketplace at reasonable cost. Any determination by the arbitrators pursuant to this paragraph 15(h) shall be final and binding upon Lessor and Lessee, and Lessee shall, following any such determination, promptly obtain such policies of insurance or such coverages determined by the arbitrators in accordance with this paragraph 15(h) to be available in the insurance marketplace at reasonable cost. Arbitration pursuant to this paragraph 15(h) shall be by three arbi-

trators; one being appointed by Lessor, one being appointed by Lessee and the third being appointed by the other two arbitrators. In the event the arbitrator appointed by Lessor and the arbitrator appointed by Lessee cannot within thirty (30) days after their appointment agree on the appointment of the third arbitrator, then such third arbitrator shall be appointed in accordance with the then existing rules of the American Arbitration Association or any successor association. Arbitration shall be in accordance with the then existing rules of the American Arbitration Association or any successor association. Each party shall pay the costs of the arbitrator such party selects, and the cost of the third arbitrator shall be borne equally by Lessor and Lessee.

(i) If the policies of insurance set forth in Schedule G, or if Discovery Coverage, is available in the insurance marketplace but either (I) Lessor and Lessee agree that such policies of insurance or such Discovery Coverage are not available in the insurance marketplace at reasonable cost or (II) an arbitration proceeding pursuant to paragraph 15(h) above has determined that such policies of insurance or such Discovery Coverage are not available in the insurance marketplace at reasonable cost, then, in either such case, Lessor may nevertheless direct Lessee to obtain such policies of insurance set forth in Schedule G or such Discovery Coverage, provided that Lessor shall reimburse Lessee for the difference between the actual cost of such policies

of insurance set forth in Schedule G or such Discovery Coverage and the amount that either Lessor and Lessee have agreed or an arbitration proceeding pursuant to paragraph 15(h) above has determined to be the reasonable cost for such policies of insurance or such Discovery Coverage as are available in the insurance marketplace at reasonable cost.

16. Rights of Leasehold Mortgagees. (a) Copies of all default notices and all notices relating to the termination of this Lease shall, as a condition to the effectiveness of such notices hereunder, be given to each Leasehold Mortgagee which has requested copies of such notices by giving notice to Lessor pursuant to paragraph 19(c) below. Lessor agrees that if Lessor shall become entitled to serve a notice of termination of the term of this Lease (i) upon the occurrence and during the continuance of a Default, as provided in paragraph 21(b) below or (ii) upon the occurrence of an Extended Cessation, Extended Initial Construction, Extended Force Majeure Restoration or Extended Reconstruction, as provided in paragraph 26(e) below, Lessor will, in any such case, at the time such notice of termination is served on Lessee and before exercising any rights Lessor may have under this Lease in connection with such notice of termination, give to all Leasehold Mortgagees a further written notice (the "Leasehold Mortgagee Notice") which includes a copy of the notice of termination and states the event or events upon which the notice of termination is predicated. As used herein, (i) the term "Default

Termination Notice" means any notice of termination of the term of this Lease given pursuant to paragraph 21(b) below, and (ii) the term "Termination Notice" means any Default Termination Notice or Extended Period Termination Notice. Lessor agrees to accept the cure of an event giving rise to a Termination Notice by a Leasehold Mortgagee as if and with the same force and effect as though done by Lessee, provided that such cure by a Leasehold Mortgagee shall be commenced and prosecuted in accordance with the provisions of this paragraph 16. Subject to paragraph 16(h) below, upon the service of a Leasehold Mortgagee Notice which includes a Default Termination Notice, any Leasehold Mortgagee shall have the right to remedy any Default set forth in such Default Termination Notice that is susceptible of cure by a Leasehold Mortgagee without acquiring possession of the Premises, if such Leasehold Mortgagee (i) sends to Lessor a written notice within twenty (20) days of the date such Leasehold Mortgagee receives the Leasehold Mortgagee Notice specifying that such Leasehold Mortgagee elects to commence the cure of the Default set forth in the Default Termination Notice, (ii) simultaneously with the giving of such notice to Lessor, pays to Lessor any and all arrears in rent, including basic rent and (to the extent then determinable by such Leasehold Mortgagee) Percentage Rent, due to Lessor under this Lease as of the date of such notice, and (iii) within a period of thirty (30) days after the service of the Leasehold Mortgagee Notice, cures the Default set forth in

the Default Termination Notice (and upon the curing of such Default within such thirty (30) day period, the Default Termination Notice describing the Default, and the corresponding Leasehold Mortgagee Notice, shall be null and void and of no further force or effect), provided, however, that in the case of any such Default which cannot with due diligence be cured within such thirty (30) day period and is susceptible of cure by a Leasehold Mortgagee without acquiring possession of the Premises, if a Leasehold Mortgagee shall commence promptly to cure the same and thereafter prosecute the correction thereof with due diligence, then the time within which such Default may be cured, and the effective date of termination of this Lease as specified in the Default Termination Notice, shall, so long as a Leasehold Mortgagee diligently prosecutes the cure of such Default, be automatically extended for such period as is reasonably necessary to complete the correction thereof with due diligence (and upon the correction of such Default within such extended period, the Default Termination Notice describing the Default, and the corresponding Leasehold Mortgagee Notice, shall be null and void and of no further force or effect). If either (I) each Leasehold Mortgagee to whom a Leasehold Mortgagee Notice and a Default Termination Notice have been sent fails to notify Lessor within twenty (20) days after the service of the Leasehold Mortgagee Notice that such Leasehold Mortgagee intends to commence the cure of the Default set forth in the Default Termination

Notice, or (II) the most senior Leasehold Mortgagee which notifies Lessor of such Leasehold Mortgagee's intention to commence the cure of the Default set forth in the Default Termination Notice within twenty (20) days after the service of the Leasehold Mortgagee Notice then fails to cure such Default within thirty (30) days after the service of the Leasehold Mortgagee Notice or such longer period as is reasonably necessary to complete such cure with due diligence, as provided in the immediately preceding sentence, then the effective date of termination of this Lease pursuant to such Default Termination Notice shall not be deemed to have been extended beyond the date of such failure by such Leasehold Mortgagee(s) and Lessor shall thereafter be entitled to exercise any rights and remedies it may have under paragraph 21 hereof and elsewhere in this Lease resulting from a termination of this Lease. Subject to paragraph 16(h) below, in case of the occurrence and continuance of either (i) a Default which has given rise to a Default Termination Notice and which either is not susceptible of being cured by a Leasehold Mortgagee without acquiring possession of the Premises or is not susceptible of being cured by a Leasehold Mortgagee regardless of whether or not the Leasehold Mortgagee acquires possession of the Premises, or (ii) an Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction which has given rise to an Extended Period Termination Notice, Lessor agrees that if, within thirty (30) days after the giving of the Leasehold Mortgagee

Notice accompanied by the appropriate Termination Notice, a Leasehold Mortgagee shall:

(x) either cure the event giving rise to the Termination Notice to the extent possible without acquiring possession of the Premises or commence to cure such event to the extent possible without acquiring possession of the Premises and thereafter prosecute the cure thereof with due diligence to the extent possible without acquiring possession of the Premises,

(y) notify Lessor of its election to proceed with due diligence promptly to acquire possession of the Premises in connection with the foreclosure of the Leasehold Mortgage or the taking of a deed or assignment in lieu thereof, or to foreclose the Leasehold Mortgage or otherwise to extinguish Lessee's interest in this Lease, and

(z) execute and deliver to Lessor a written instrument wherein the Leasehold Mortgagee unconditionally guarantees to Lessor that, until such Leasehold Mortgagee notifies Lessor that such Leasehold Mortgagee is discontinuing its efforts to acquire possession, foreclose or otherwise extinguish Lessee's interest in this Lease, such Leasehold Mortgagee shall cure any events upon which the Termination Notice was predicated to the extent that such events can be cured by the payment of money to Lessor or to any third party,

then the effective date of termination of this Lease, as specified in the Termination Notice, will be automatically extended, and Lessor will postpone the re-entering and re-possessing of the Premises, for such period or periods of time as may be necessary for such Leasehold Mortgagee, with the exercise of due diligence, to do the following: (1) to complete the cure of the event giving rise to the Termination Notice to the extent possible without acquiring possession of the Premises, and (2) to acquire possession, foreclose or otherwise extinguish Lessee's interest in this Lease, as aforesaid (it being understood that the period for commencement of any of such actions by any Leasehold Mortgagee shall be extended for the sixty (60) day period referred to in paragraph 16(g) below), and, thereafter, to cure or cause to be cured all the events giving rise to the Termination Notice which are susceptible of being cured by a Leasehold Mortgagee upon acquiring possession of the Premises (it being understood and agreed that an Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction is not susceptible of being cured by a Leasehold Mortgagee under any circumstances, provided, however, that upon a Leasehold Mortgagee's acquisition of possession of the Premises, foreclosure of a Leasehold Mortgage or other extinguishment of Lessee's interest in this Lease, the rights of Lessor and such Leasehold Mortgagee, or a purchaser of this Lease pursuant to a foreclosure proceeding or otherwise in accordance with the provisions of this Lease,

in respect of such Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction shall be as set forth in paragraph 16(f) below, and it being further understood and agreed that the Leasehold Mortgagee shall not have any right to extend the effective date of termination of this Lease in the event of a termination of this Lease by Lessor for an Extended Initial Construction). If either (A) each and every Leasehold Mortgagee fails to give Lessor the notice required by clause (y) of the immediately preceding sentence, (B) the most senior Leasehold Mortgagee which gives Lessor such notice thereafter notifies Lessor of such Leasehold Mortgagee's discontinuance of its efforts, or discontinues its efforts, to acquire possession of the Premises and foreclose its Leasehold Mortgage or otherwise extinguish Lessee's interest in this Lease with due diligence, and, at the time of such notice to Lessor or such discontinuance, any Default giving rise to a Termination Notice shall remain unremedied, (C) any Default giving rise to a Termination Notice remains unremedied and such Leasehold Mortgagee fails to promptly commence and diligently prosecute to completion the correction thereof to the extent possible without acquiring possession of the Premises, (D) such Leasehold Mortgagee fails to execute and deliver to Lessor the written instrument described in clause (z) of the immediately preceding sentence, or (E) such Leasehold Mortgagee delivers to Lessor the written instrument described in clause (z) of the immediately preceding sentence but then

fails to cure, within the applicable time periods specified in this paragraph 16(a), the Defaults upon which a Termination Notice was predicated to the extent such Defaults can be cured by the payment of money to Lessor or to any third party, then the effective date of termination of this Lease, as specified in the Termination Notice which was included with the Leasehold Mortgagee Notice, shall not be extended beyond the date of the occurrence of the event specified in clause (A), (B), (C), (D) or (E) above, as the case may be, and Lessor may thereafter, subject to paragraph 16(b) hereof, exercise its rights and remedies under paragraph 21 hereof and elsewhere in this Lease resulting from a termination of this Lease. If (1) a Leasehold Mortgagee takes such actions as are necessary to satisfy the conditions specified in clauses (x), (y) and (z) above of the seventh sentence of this paragraph 16(a), (2) a Leasehold Mortgagee acquires possession, completes foreclosure or otherwise extinguishes Lessee's interest in this Lease (or if a purchaser of this Lease pursuant to any foreclosure proceeding or otherwise in accordance with the provisions of this Lease does so), (3) a Leasehold Mortgagee or such purchaser cures any Defaults giving rise to the Termination Notice to the extent such Defaults are susceptible of cure by such Leasehold Mortgagee or such purchaser and (4) a Leasehold Mortgagee or such purchaser performs all of the covenants and agreements herein contained except such covenants and agreements which are not susceptible of being performed by such Leasehold

Mortgagee or such purchaser, then the following shall apply: (A) the rights of Lessor and such Leasehold Mortgagee or purchaser in respect of any Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction shall be as set forth in paragraph 16(f) below, (B) Lessor's right to serve a Termination Notice and to re-enter and repossess the Premises, based upon the occurrence and continuance of any Defaults, Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction shall be, and be deemed to be, waived, (C) any Termination Notice, and any corresponding Leasehold Mortgagee Notice, shall be, and be deemed to be, void and of no further force or effect and (D) the provisions of clause (C) above shall not constitute a waiver of any Termination Notice as against Lessee for purposes of any foreclosure or other proceeding brought against Lessee by any Leasehold Mortgagee. Nothing herein contained shall be deemed to require any Leasehold Mortgagee to continue with any foreclosure or other proceedings or, in the event such Leasehold Mortgagee shall otherwise acquire possession of the Premises, to continue such possession, if the Default in respect of which Lessor shall have given a Default Termination Notice shall be remedied. Nothing herein shall affect the right of Lessor, upon the occurrence of any Default, Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction during the period the effective date of termination of this Lease, pursuant to a Termination Notice, has been extended in accordance with this

paragraph 16(a), to exercise any right or remedy herein reserved to Lessor, provided, however, that all Leasehold Mortgagees shall be entitled to the same notice and, subject to the immediately following sentence with respect to multiple Leasehold Mortgagees, the same opportunity to cure such Default or acquire possession of the Premises, foreclose the Leasehold Mortgage or otherwise extinguish Lessee's interest in this Lease as provided above. If two (2) or more Leasehold Mortgagees shall hold Leasehold Mortgages at the time any Leasehold Mortgage Notice is given hereunder, only the Leasehold Mortgagee holding the Leasehold Mortgage which is most senior in lien shall have any rights to cure or to give notices under this paragraph 16(a) unless such Leasehold Mortgagee holding the Leasehold Mortgage which is most senior in lien (i) elects, in such Leasehold Mortgagee's sole discretion, to permit the Leasehold Mortgagee holding the Leasehold Mortgage which is second in lien priority to exercise such rights to cure and give notices and (ii) notifies Lessor of such election, provided, however, that if the senior Leasehold Mortgagee gives Lessor the notice described in clause (ii) above, then such senior Leasehold Mortgagee shall not have any additional rights to notices or cure periods under this paragraph 16(a), regardless of any action or inaction on the part of the second Leasehold Mortgagee and provided, further, that the determination of which Leasehold Mortgagee shall have the aforesaid rights shall be subject to paragraph 16(g) below.

(b) In the event this Lease shall terminate on account of a Default, an Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction, Lessor shall promptly give written notice to each of the Leasehold Mortgagees of such termination and, subject to the immediately following sentence, the Leasehold Mortgagee holding the Leasehold Mortgage which is most senior in lien shall have a right to a new lease, to be entered into by such Leasehold Mortgagee or an Affiliate thereof designated by such Leasehold Mortgagee within thirty (30) days after the service of such notice, containing substantially the same provisions as this Lease, provided that (i) such provisions shall not include a restatement of any obligations of Lessee which have been performed and satisfied in full and (ii) such Leasehold Mortgagee or such Affiliate shall be entitled to a new lease only upon payment to Lessor of a sum of money equal to any and all sums, fees, charges and rentals, including basic rent and Percentage Rent, due to Lessor under this Lease as of the date of termination of this Lease. Lessor shall provide to Lessee, such Leasehold Mortgagee or such Affiliate, promptly upon request on or after the date of termination of this Lease, a statement of the total amount of money Lessor claims to be due to Lessor under this Lease as of the date of termination of this Lease. If at the time of any such termination of the Lease, more than one Leasehold Mortgage shall then exist, the Leasehold Mortgagee holding the Leasehold Mortgage which has the most senior

ranking record priority among the Leasehold Mortgages shall have the right, exercisable within thirty (30) days after the service of such notice, to enter into, or to cause its designated Affiliate to enter into, the new lease contemplated by the immediately preceding sentence, provided, however, that if such senior Leasehold Mortgagee elects, in its sole discretion, not to enter into such new lease, then the Leasehold Mortgagee holding the Leasehold Mortgage having the next most senior ranking record priority may enter into, or cause its designated Affiliate to enter into, such new lease within such thirty (30) day period and provided, further, that the initial thirty (30) day period referred to in the immediately preceding proviso shall not be extended, regardless of when the senior Leasehold Mortgagee elects not to enter into such new lease and provided, further, that the determination of which Leasehold Mortgagee shall have the aforesaid rights shall be subject to paragraph 16(g) below. In the event a Leasehold Mortgagee or its designated Affiliate shall enter into such new lease, (A) only the liens of the Leasehold Mortgages senior in record priority to the Leasehold Mortgage which had been held by the new tenant under such new lease (or had been held by the Leasehold Mortgagee which designated its Affiliate as such new tenant) shall be deemed to be spread to encumber such new lease, (B) the lessee under such new lease shall enter into an agreement confirming such encumbrances, which agreement shall be in form and substance satisfactory to each of the holders of

such surviving Leasehold Mortgages and (C) the obligations of the lessee under such new lease, and the rights of Lessor under such new lease, shall not be impaired in the event of a dispute between such lessee and the holders of any Leasehold Mortgages with respect to the confirmatory agreement referred to in clause (B) above.

(c) It is expressly understood that, for the purposes of this paragraph 16, Defaults under clauses (ii)(C), (ii)(D), (ii)(E), (ii)(F) and (ii)(G) of paragraph 21(a) shall not be considered Defaults which are susceptible of cure by a Leasehold Mortgagee or a purchaser of this Lease pursuant to any foreclosure proceeding or otherwise.

(d) No Person other than an Institutional Lender (or an Affiliate of a Leasehold Mortgagee) shall be entitled to become the owner of, or acquire any interest in, Lessee's interest in this Lease pursuant to a judgment of foreclosure and sale or as a result of an assignment in lieu of foreclosure except if Lessor approves such Person as a Replacement Lessee in accordance with the provisions of paragraph 19(e) below and if, so long as the Authority is Lessor, Lessor determines that there would not be a conflict of interest as defined under the laws of the States of New York and New Jersey, as of the date of the request for approval or thereafter until such approval is given, between any commissioner of Lessor and the proposed Person or any officer, director or partner thereof or any Person having an outright or beneficial interest in twenty percent (20%) or more of the mon-

ies invested in the proposed Person, if said proposed Person is a corporation, association or partnership, by loans thereto, stock ownership therein or any other form of financial interest; Lessor shall notify such proposed Person of its determination as to a conflict of interest promptly upon a request for such determination by such proposed Person.

(e) No Person which becomes the owner of, or acquires any interest in, Lessee's interest in this Lease pursuant to a judgment of foreclosure and sale or as a result of an assignment in lieu of foreclosure in accordance with paragraph 16(d) above, and no Person which acquires a new lease in accordance with paragraph 16(b) above, shall be entitled to operate the Improvements until such Person has been approved by Lessor as a Replacement Lessee pursuant to paragraph 19(e) below.

(f) If a Person, in accordance with the terms and conditions of this Lease, becomes the owner of, or acquires Lessee's interest in, this Lease pursuant to a judgment of foreclosure and sale or as a result of an assignment in lieu of foreclosure or as a result of a new lease under paragraph 16(b) above, then Lessor and such Person (including such Person's permitted successors and assigns) shall be bound by the following provisions:

(i) as of the date (the "Acquisition Date") which is the later to occur of the date of such Person's acquisition of Lessee's interest in this Lease or the date such Person actually obtains possession of the

Premises, the Available Cessation Period shall be deemed to be the greater of (X) six (6) months or (Y) the Available Cessation Period as determined without reference to this paragraph 16(f), and the Available Reconstruction Period shall be deemed to be the greater of (A) one (1) year or (B) the Available Reconstruction Period as determined without reference to this paragraph 16(f), provided, however, that, if an Extended Reconstruction is deemed to exist on the Acquisition Date pursuant to clause (ii) of this paragraph 16(f), then the Available Reconstruction Period shall be the Available Reconstruction Period as determined without reference to this paragraph 16(f);

(ii) if an Extended Reconstruction existed immediately prior to the Acquisition Date, then an Extended Reconstruction shall be deemed to exist as of the Acquisition Date unless (A) such Person has commenced, within ninety (90) days after the Acquisition Date, actions in connection with the completion of the addition to, or alteration or removal of, the Improvements related to such Extended Reconstruction (which actions may include any of the following: applications for building permits, engagement of contractors and subcontractors, preparation or revision of plans or other actions which do not occur on the Premises) and (B) such Person diligently prosecutes to completion, subject to Force Majeure Interruptions (as limited by

clause (iv) below), such addition to, or alteration or removal of, the Improvements;

(iii) if an Extended Force Majeure Restoration existed immediately prior to the Acquisition Date, then an Extended Force Majeure Restoration shall be deemed to exist as of the Acquisition Date unless (A) such Person has commenced, within ninety (90) days after the Acquisition Date, actions in connection with the completion of the addition to, or alteration or removal of, the Improvements related to such Extended Force Majeure Restoration (which actions may include any of the following: applications for building permits, engagement of contractors and subcontractors, preparation or revision of plans or other actions which do not occur on the Premises) and (B) such Person diligently prosecutes to completion, subject to additional Force Majeure Interruptions (as limited by clause (iv) below), such addition to, or alteration or removal of, the Improvements; and

(iv) any Force Majeure Restoration which occurs in connection with a Reconstruction during the period referred to in clause (ii) above, shall be deemed to be an Extended Force Majeure Restoration if the total length of all such Force Majeure Restorations with respect to such Reconstruction exceeds two (2) years.

If an Extended Reconstruction or Extended Force Majeure Restoration is deemed to exist pursuant to, respectively,

clause (ii), (iii) or (iv) of this paragraph 16(f), then the provisions of paragraphs 18 and 26 shall govern with respect to such Extended Reconstruction or Extended Force Majeure Restoration with the same force and effect as if the Person who has become the owner of, or has acquired any interest in, Lessee's interest in this Lease pursuant to a judgment of foreclosure and sale or as a result of an assignment in lieu of foreclosure or as a result of a new lease under paragraph 16(b) above, were the original Lessee under this Lease. If, after the Acquisition Date, a Cessation Period extends beyond the Available Cessation Period (as the same may be increased pursuant to this paragraph 16(f)), a Reconstruction extends beyond the Available Reconstruction Period (as the same may be increased pursuant to this paragraph 16(f)), or a Force Majeure Restoration becomes an Extended Force Majeure Restoration, then the provisions of paragraphs 18 and 26 below shall govern with respect to such Extended Cessation, Extended Reconstruction or Extended Force Majeure Restoration with the same force and effect as if the Person who has become the owner of, or has acquired any interest in, Lessee's interest in this Lease pursuant to a judgment of foreclosure and sale or as a result of an assignment in lieu of foreclosure in accordance with paragraph 16(d) above or as a result of a new lease under paragraph 16(b) above, were the original Lessee under this Lease.

(g) No Leasehold Mortgagee shall be entitled to foreclose its Leasehold Mortgage or to have Lessee's interest assigned to itself in lieu of such foreclosure unless at least sixty (60) days prior to commencing such foreclosure or requesting such assignment in lieu of foreclosure, such Leasehold Mortgagee shall have given Lessor written notice of its intention to foreclose or to have this Lease assigned to itself, which notice shall state the then principal balance of the Leasehold Mortgage, the amount of accrued and unpaid interest and other sums due thereon, the per diem interest which will accrue on the Leasehold Mortgage from and after the giving of such notice and such Leasehold Mortgagee's good faith estimate, with reasonable detail, of the other sums which will become due under the Leasehold Mortgage from and after the giving of such notice to the 60th day after the giving of such notice. Lessor shall have the right, within sixty (60) days following the giving of such notice to Lessor by such Leasehold Mortgagee, to purchase the Leasehold Mortgage for an amount equal to the total amount specified in such notice from the Leasehold Mortgagee, including per diem interest to the date of purchase and such other sums to the extent the same have become due under the Leasehold Mortgage, provided, however, that if there exists any Leasehold Mortgage which is junior in lien to the Leasehold Mortgage Lessor intends to purchase and as to which Lessor has received notice pursuant to paragraph 19(c) below, then (i) Lessor shall, within twenty (20) days

after such notice to Lessor by such senior Leasehold Mortgagee, notify the Leasehold Mortgagee(s) holding such junior Leasehold Mortgage(s) of Lessor's intention to purchase such senior Leasehold Mortgage and (ii) all Leasehold Mortgagees holding any junior Leasehold Mortgage shall give Lessor a notice, within twenty (20) days after such notice by Lessor to such junior Leasehold Mortgagees, stating the information described above with respect to the principal, interest and other sums due under such junior Leasehold Mortgages. Lessor may, if Lessor elects, in its sole discretion, to proceed with the purchase of the senior Leasehold Mortgage, also purchase such junior Leasehold Mortgage(s) pursuant to the procedures set forth in this paragraph 16(g), provided, however, that if Lessor elects to purchase the senior Leasehold Mortgage but elects not to purchase any one or more of the junior Leasehold Mortgages, then, from and after the date of Lessor's purchase of any senior Leasehold Mortgage(s), the holder of the Leasehold Mortgage which is most senior in lien of the Leasehold Mortgages which Lessor has elected not to purchase pursuant to this paragraph 16(g) shall be entitled to exercise all the rights of the senior Leasehold Mortgagee under this paragraph 16. If Lessor shall fail to notify such Leasehold Mortgagee, within the sixty (60) day period specified above, of Lessor's intention to purchase such Leasehold Mortgage, such Leasehold Mortgagee shall be entitled to proceed to foreclose such Lease-

hold Mortgage or to accept an assignment in lieu of foreclosure in accordance with the provisions of this Lease.

(h) Notwithstanding any provision of this Lease to the contrary, in the event that during the Primary Term (i) a Leasehold Mortgagee or any other purchaser completes foreclosure of a Leasehold Mortgage, takes a deed or assignment in lieu of foreclosure or otherwise extinguishes Lessee's interest in this Lease in connection with the exercise of remedies under such Leasehold Mortgage in accordance with paragraph 16(d) above and (ii) at the time such Leasehold Mortgagee or such other purchaser forecloses a Leasehold Mortgage, takes a deed or assignment in lieu of foreclosure or otherwise so extinguishes Lessee's interest in this Lease, such Leasehold Mortgagee or such other purchaser has not been approved by Lessor as a Replacement Lessee in accordance with paragraph 19(e) below, then a Default shall exist under paragraph 21(a) of this Lease unless, within thirty (30) days after the Acquisition Date, either (x) such Leasehold Mortgagee or such other purchaser is so approved or (y) such Leasehold Mortgagee or such other purchaser assigns the leasehold interest in this Lease to a Person who is so approved. If, during the Primary Term, Lessor exercises its right to terminate this Lease based on the Default described in this paragraph 16(h), then (A) no Leasehold Mortgagee shall have any right to cure such Default under this paragraph 16(h), (B) any notice of termination given by Lessor by reason of such Default shall not be extended by

any actions of any Leasehold Mortgagee and (C) no Leasehold Mortgagee shall have any right to a new lease under paragraph 16(b) above.

(i) The provisions of this paragraph 16 shall survive any expiration or termination of this Lease.

17. Right to Remove Improvements. (a) The provisions of this paragraph 17 shall have no force and effect until the Renewal Terms. Subject to Lessee's obligations under paragraphs 17(b) and 26 below, and subject to the Sale Agreement during the term thereof, at any time during the Renewal Terms, and for a period of two (2) years after the expiration or termination of this Lease, Lessee shall have the right, at its option, upon written notice given to Lessor, to remove and/or dispose of all or any portion of the Improvements. Notwithstanding the foregoing, Lessee may not during the Renewal Terms of this Lease remove or dispose of any of the Original Improvements (A) unless and until Lessee shall have acquired title to such Original Improvements pursuant to Section 5.01 of the Sale Agreement and (B) if such removal or disposition would render the Original Improvements inoperable for the purposes contemplated by this Lease unless:

(i) such removal or disposition is made in connection with a Reconstruction which in Lessee's good faith judgment can, absent Events of Force Majeure, be substantially completed within the applicable Available Reconstruction Period,

(ii) such removal or disposition is made in connection with a Force Majeure Restoration or a Maintenance Period or

(iii) if either (1) such removal or disposition is made in connection with a Reconstruction but, in Lessee's good faith judgment, such Reconstruction cannot be substantially completed, absent Events of Force Majeure, within the applicable Available Reconstruction Period or (2) such removal or disposition is not made in connection with a Reconstruction, Force Majeure Restoration or Maintenance Period, and in the case of either (1) or (2) above of this clause (iii) Lessee shall have given Lessor at least 180 days' written notice of Lessee's intention to so remove or dispose of such portion of the Original Improvements and Lessor shall have failed to notify Lessee, within the periods required by paragraph 18 below, of Lessor's election to determine the Fair Market Value of the Improvements and of Lessor's election to purchase the Improvements pursuant to paragraph 18.

The provisions of this paragraph 17 shall survive any expiration or termination of this Lease.

(b) In the event that a removal and/or disposition of all or any portion of the Improvements pursuant to paragraph 17(a) above occurs in connection with, or causes, an Extended Cessation, Extended Reconstruction or Extended Force Majeure Restoration, Lessor shall have all the rights

set forth in paragraphs 18 and 26 hereof. In connection with any such removal and/or disposition, Lessee shall cause any Improvements remaining on the Property to be put in a condition which shall not constitute a fire hazard or a hazard to safety or health and shall, upon completion of the removal and of any restoration undertaken by Lessee, comply with the requirements of paragraphs 8(b), 24(c) and 11 above, provided, however, that Lessee shall not be obligated to cause such remaining Improvements to be in working order or to be useful for any purpose whatsoever.

18. Purchase Option of Lessor; Lease Termination. (a) Lessor shall have the options to purchase the Improvements following the date or dates (the "Option Commencement Date") which shall be each of:

(i) the earlier to occur of (x) the 90th day before the Scheduled Service Expiration Date or (y) the Primary Term Expiration Date;

(ii) a date which shall be either (x) if no Leasehold Mortgages exist and this Lease expires or terminates other than pursuant to paragraph 4(f) above, the date on which this Lease shall expire or terminate, or (y) if any Leasehold Mortgages exist and this Lease expires or terminates other than pursuant to paragraph 4(f) above, the date following such expiration or termination when all rights of all Leasehold Mortgagees to obtain a new lease pursuant to paragraph 16 above shall have expired without the granting of such new lease

(provided, however, that Lessor shall not have any option to purchase in connection with a termination or expiration of this Lease pursuant to paragraph 4(f) above);

(iii) as to each Extended Cessation, the earlier to occur of (x) the date of any notice by Lessee under paragraph 26(d) below of Lessee's election to commence or continue a Cessation of Operations, in either case for a period that may result in the occurrence of an Extended Cessation, (y) the date of any notice by Lessee under paragraph 26(b) below of such Extended Cessation or (z) if such Extended Cessation occurs and Lessee does not give Lessor any of the notices referred to above in this clause (iii), the date Lessor notifies Lessee that, based on Lessor's knowledge, an Extended Cessation exists;

(iv) as to each Extended Reconstruction, the earlier to occur of (w) the date of any notice by Lessee under clause (iii) of paragraph 17(a) above of Lessee's intention to remove or dispose of all or certain parts of the Original Improvements in connection with such Extended Reconstruction, (x) the date of any notice by Lessee under paragraph 26(d) below of Lessee's determination that a Reconstruction may become an Extended Reconstruction, (y) the date of any notice by Lessee under paragraph 26(b) below of such Extended Reconstruction or (z) if such Extended Reconstruction

occurs and Lessee does not give Lessor any of the notices referred to above in this clause (iv), the date Lessor notifies Lessee that, based on Lessor's knowledge, an Extended Reconstruction exists;

(v) as to an Extended Initial Construction, the earlier to occur of (x) the date of any notice by Lessee under paragraph 26(d) below of Lessee's determination that an Initial Construction may become an Extended Initial Construction, (y) the date of any notice by Lessee under paragraph 26(b) below of such Extended Initial Construction or (z) if such Extended Initial Construction occurs and Lessee does not give Lessor any of the notices referred to above in this clause (v), the date Lessor notifies Lessee that, based on Lessor's knowledge, an Extended Initial Construction exists; and

(vi) as to each Extended Force Majeure Restoration, the earlier to occur of (x) the date of any notice by Lessee under paragraph 26(d) below of Lessee's determination that a Force Majeure Restoration may become an Extended Force Majeure Restoration, (y) the date of any notice by Lessee under paragraph 26(b) below of such Extended Force Majeure Restoration or (z) if such Extended Force Majeure Restoration occurs and Lessee does not give Lessor any of the notices referred to above in this clause (vi), the date Lessor notifies Lessee that, based on Lessor's knowledge, an Extended Force Majeure Restoration exists.

The purchase option granted by this paragraph 18 shall be exercisable as follows: (x) by written notice given by Lessor to Lessee within thirty (30) days after the occurrence of the Option Commencement Date (which notice shall not obligate Lessor to purchase the Improvements), Lessor may elect to have the Fair Market Value of the Improvements determined in accordance with paragraph 28 below and (y) if the notice provided for in clause (x) above has been given within the thirty (30) day period referred to in clause (x) and Lessor elects to purchase the Improvements, by written notice given by Lessor to Lessee on or prior to the later to occur of the 150th day after the occurrence of the Option Commencement Date or the 90th day after the date the Fair Market Value of the Improvements has been established pursuant to paragraph 28 below, provided, however, that Lessor's option to purchase under this paragraph shall, as to each Option Commencement Date, terminate unless both of the notices described in clauses (x) and (y) above are given within the respective time periods referred to in said clauses. The net purchase price for the Improvements shall in any of the above cases be an amount equal to the Fair Market Value of the Improvements determined in accordance with the provisions of paragraph 28 below and shall be paid by certified or official bank check payable to the order of Lessee, and such net purchase price shall be paid on the date of the closing of the transfer of the Improvements. The transfer of the Improvements shall be made in the manner

described in paragraph 18(b) below. If such option is duly exercised, (a) the closing of the transfer shall, subject to adjournment in accordance with paragraph 18(b) below, occur on the date designated by Lessor in Lessor's notice to Lessee that Lessor has elected to purchase the Improvements, which designated date shall be a date no later than forty-five (45) days after such notice from Lessor, and (b) Lessor shall accept such Improvements (i) in the condition which existed on the date of determination of the Fair Market Value of the Improvements, reasonable wear and tear excepted, and (ii) in the approximate working order which existed on such date of determination, and without any further representation or warranty, including, without limitation, any warranty of merchantability, habitability or fitness for any particular purpose. There shall be no closing adjustment in connection with any such transfer (except as provided in paragraph 26 below), and Lessor shall reimburse Lessee for all transfer taxes, if any, or similar costs incidental to such transfer, if any. Nothing herein shall be construed to imply that the Authority is subject to transfer taxes or similar costs incidental to such transfer. In the event that Lessor exercises a right under the terms of the Service Agreement to purchase the Improvements and Lessor thereafter so purchases the Improvements pursuant to the Service Agreement, the purchase provisions of the Service Agreement shall govern Lessor's purchase notwithstanding the existence of any concurrent purchase option rights

of Lessee under this paragraph 18. The provisions of this paragraph 18 shall survive any termination or expiration of this Lease.

(b) In case of any transfer, pursuant to the purchase option described in paragraph 18(a) above, Lessee shall deliver to Lessor such instruments of transfer with respect to the assets comprising the Improvements as Lessor shall reasonably request and will warrant that it has good and marketable, indefeasible, fee simple title to those portions of the Improvements that constitute real property, insurable at regular rates by a title insurance company licensed to do business or subject to the service of process in the State of New Jersey, and that it has title to those portions of the Improvements that constitute personal property, in each case free and clear of all liens and encumbrances except (A) Permitted Liens and (B) any liens and encumbrances created by or as a result of the acts or omissions of Lessor; provided, however, that Lessor may, at its option, accept such lesser title as Lessee may warrant if Lessee pays the cost of, or makes provision for, removing or discharging all liens and encumbrances affecting the quality of title described above (except those liens and encumbrances described in clauses (A) and (B) above), and provided, further, that Lessee shall not be required to deliver title with respect to any property, real or otherwise, which is in any respect superior to the title with respect to such property previously delivered to Lessee by the Authority at

the Time of Sale in accordance with the Sale Agreement, and any such title delivered by Lessee may be subject to all exceptions existing at such Time of Sale. Lessee shall also deliver to Lessor such instruments of assignment with respect to the DBA Project License to the extent required to be existent pursuant to paragraph 38 below and the Product Sales Agreements to the extent existent and assignable as Lessor may reasonably request, in each case free and clear of all liens and encumbrances except (i) Permitted Liens and (ii) any liens and encumbrances created by or as a result of the acts or omissions of Lessor. Lessor shall, at the time of transfer of the Improvements, remove and discharge any liens or encumbrances on the Property which Lessee is required to remove or discharge pursuant to paragraph 26(f) below. In the event Lessee is unable to convey title to the Improvements in accordance with the provisions of this paragraph 18, Lessee shall have the right to adjourn, at its option, the date of the closing of the transfer of the Improvements for a period of up to sixty (60) days, during which time Lessee shall cure any defects in the title to the Improvements required to be conveyed hereby. If Lessee elects to exercise its aforementioned option to adjourn the date of closing of the transfer of the Improvements, Lessee shall send Lessor a notice to such effect, which notice shall specify the new date of the closing of the transfer of the Improvements, which date shall be not less than ten (10) days from the date such notice is sent nor more than sixty

(60) days from the originally scheduled date of the closing of the transfer of the Improvements.

(c) Upon the date of the closing for the transfer of the Improvements pursuant to this paragraph 18 or any transfer of the Improvements by Lessee to Lessor, or any assignee of Lessor, pursuant to the Service Agreement, unless the term of this Lease shall have previously terminated or expired, Lessor shall have the right to terminate this Lease and the letting hereunder. If Lessor elects not to so terminate the term of this Lease, (i) Lessee's interest in this Lease shall be assigned to Lessor simultaneously with such transfer and (ii) there shall be no merger of the leasehold estate hereby created with the fee estate in the Premises, provided, however, that upon any such transfer of the Improvements pursuant to this paragraph 18, Lessee shall be released from all obligations under this Lease (other than obligations which, by the express provisions of this Lease, are to survive the termination of this Lease).

(d) Lessor's options to purchase under this paragraph 18 may be assigned, without recourse, to any party, provided, however, that a notice by any such assignee of the exercise of any of Lessor's rights hereunder shall be accompanied by a copy of the instrument by which Lessor has assigned to such assignee such options to purchase.

19. Subletting; Assignment; Mortgaging; Subcontracting; Replacement Lessees. (a) Lessee shall not have the right to sublet all or any portion of its leasehold inter-

ests created hereby, provided, however, that in no event shall any contracting or subcontracting by Lessee with respect to the construction, operation or maintenance of the Premises in accordance with the provisions of this Lease be deemed to be an assignment or subletting under this paragraph 19.

(b) Lessee shall not assign or transfer all or any portion of its leasehold interest under this Lease to any Person except in accordance with this paragraph 19 and paragraph 16 above. Until Lessee's acquisition of title to the Improvements pursuant to Section 5.01 of the Sale Agreement, (i) Lessee shall not assign its leasehold interest under this Lease except to the extent that Lessee is permitted to assign, and does assign, its interests under the Sale Agreement and (ii) in conjunction with any such permitted assignment under the Sale Agreement, Lessee must assign its leasehold interest to such permitted assignee under the Sale Agreement. During the Primary Term (i) Lessee shall not assign its leasehold interest under this Lease except to the extent that Lessee is permitted to assign, and does assign, its interest under the Service Agreement and (ii) in conjunction with any such permitted assignment under the Service Agreement, Lessee must assign its leasehold interest to such permitted assignee under the Service Agreement, provided, however, that after Lessee's acquisition of title to the Improvements pursuant to Section 5.01 of the Sale Agreement, this sentence shall not prohibit Lessee from assigning

its leasehold interest under this Lease, as collateral, to a Leasehold Mortgagee in accordance with paragraph 19(c) below. Subject to the foregoing, Lessee shall not assign its leasehold interests created hereby without Lessor's prior written consent, provided, however, that Lessee may, without Lessor's consent, assign its leasehold interest hereunder either (A) to the extent permitted under, and in accordance with, the Sale Agreement and the Escrow Agreement, (B) after Lessee's acquisition of title to the Improvements pursuant to Section 5.01 of the Sale Agreement, to an Institutional Lender as Leasehold Mortgagee in accordance with paragraph 19(c) hereof or (C) to any one or more of (x) Lessee's Affiliates or (y) the Partners, Parents or Grandparents or (z) the Affiliates of any entity referred to in clause (y) above, provided, however, that an assignee under clause (C) above shall, as a condition to the effectiveness of the assignment, either (1) during the Primary Term, deliver to Lessor a fully effective assignment and assumption agreement, in the form attached as Schedule 31 to the Service Agreement, which assignment and assumption agreement has been executed by such assignee and by which such assignee assumes all the obligations of Lessee in this Lease and under the Service Agreement, the Sale Agreement and the Escrow Agreement and the Product Sales Agreements, to the extent existent and assignable, the DBA Project License to the extent required to be existent pursuant to paragraph 38 below, and all rights and obligations of the Company under

the Company Support Agreement (which in the case of the Company Support Agreement shall be effective only upon consent of each of the Grandparents), or (II) during the Renewal Terms, deliver to Lessor a fully effective assignment and assumption agreement, in the form attached as Schedule E hereto, which assignment and assumption agreement has been executed by such assignee and by which such assignee assumes all the obligations of Lessee in this Lease and under the Sale Agreement and the Escrow Agreement and the Product Sales Agreements, to the extent existent and assignable, the DBA Project License to the extent required to be existent pursuant to paragraph 38 below, and all rights and obligations of the Company under the Company Support Agreement (which in the case of the Company Support Agreement shall be effective only upon consent of each of the Grandparents) and provided, further, that a Leasehold Mortgagee which becomes the owner of, or acquires any interest in, Lessee's interest in this Lease pursuant to a judgment of foreclosure and sale or as a result of an assignment in lieu of foreclosure, or which acquires a new lease pursuant to paragraph 16(b) above, shall not be entitled to operate the Improvements, or subcontract for the operation of the Improvements, unless and until such Leasehold Mortgagee has complied with the requirements of paragraph 19(e) below with respect to approval by Lessor of such Leasehold Mortgagee as a Replacement Lessee. In cases where Lessor's consent is required to an assignment of Lessee's interest in this Lease, Lessor's

consent will be given or withheld on the basis set forth in paragraph 19(e) hereof. Lessor, Lessee and any assignee approved by Lessor (other than any assignees permitted pursuant to clause (A), (B) or (C) of the fourth sentence of this paragraph 19(b)) shall, prior to the execution of the applicable assignment of this Lease, enter into an Assignment of Lease with Assumption and Consent in the form of Schedule F hereto. An assignment pursuant to this paragraph 19 shall not relieve Lessee from primary liability for all of Lessee's obligations under this Lease, the Service Agreement, the Sale Agreement, the Escrow Agreement, the Product Sales Agreements, the DBA Project License and the Company Support Agreement if and to the extent that Lessee remains in existence after such assignment.

With respect to any assignment or proposed assignment of Lessee's interest in this Lease pursuant to this paragraph 19(b) for which Lessor's consent is required, Lessee may, at its sole option, at any time submit documents or instruments to Lessor pursuant to paragraph 19(e) below for advance approval, in whole or (as to specific portions of the approval criteria identified by Lessee) in part, of any Person designated by Lessee as a Replacement Lessee. Lessor shall approve or disapprove, in whole or (as to specific portions of the approval criteria identified by Lessee) in part, in accordance with paragraph 19(e), such Person as a Replacement Lessee, and any approval by Lessor shall be binding upon Lessor in the event that Lessee subsequently

requests Lessor's approval pursuant to paragraph 19(e) of such designated Person as a Replacement Lessee, provided, however, that such approval shall not be binding upon Lessor if there have been changes (other than immaterial changes) with respect to the matters approved, which changes would, if such changes had occurred prior to the approval, have caused Lessor to deny its approval.

(c) Notwithstanding anything in this Lease to the contrary, including, without limitation, paragraph 19(b) above, Lessee shall have no right to grant a Leasehold Mortgage during the term of the Sale Agreement until Lessee's acquisition of title to the Improvements pursuant to Section 5.01 of the Sale Agreement. After Lessee's acquisition of title to the Improvements pursuant to Section 5.01 of the Sale Agreement, Lessee shall, at any time and from time to time during the term of this Lease, subject to compliance with the provisions of this paragraph 19(c), have the right to (x) assign this Lease to a Leasehold Mortgagee as collateral by means of a Leasehold Mortgage and (y) mortgage or cause a lien to be placed upon any of its leasehold interest created hereby, provided any such mortgage shall constitute a Leasehold Mortgage, and in connection with each Leasehold Mortgage, on request of Lessee or the applicable Leasehold Mortgagee, Lessor shall deliver to such Leasehold Mortgagee an estoppel certificate of the type contemplated by paragraph 24 below. So long as the Authority is Lessor hereunder, prior to the creation of any Leasehold Mortgage or the

assignment of this Lease to a Leasehold Mortgagee as collateral, Lessee shall submit the name of the Institutional Lender which would hold such Leasehold Mortgage, or would be the assignee of the Lease, to Lessor for a determination by Lessor of whether there would be a conflict of interest as defined under the laws of the States of New York and New Jersey as of the date of the request for approval or thereafter until such approval is given, between any commissioner of Lessor and the proposed Institutional Lender or any officer, director or partner thereof or any Person having an outright or beneficial interest in twenty percent (20%) or more of the monies invested in the proposed Institutional Lender, if said Institutional Lender is a corporation, association or partnership, by loans thereto, stock ownership therein or any other form of financial interest. Lessee shall not have any right to grant a Leasehold Mortgage under this Lease unless Lessor shall have (i) approved the proposed Leasehold Mortgagee and (ii) approved the form of the proposed Leasehold Mortgage. Lessor shall not withhold its approval of the proposed Leasehold Mortgagee if Lessor determines that (x) there is no conflict of interest with such proposed Leasehold Mortgagee as aforesaid and (y) such proposed Leasehold Mortgagee constitutes an Institutional Lender under this Lease. Lessor shall notify Lessee of its aforesaid determinations within twenty (20) days after the aforesaid submission to Lessor. Lessor shall not withhold its approval of the form of any proposed Leasehold Mortgage

if such form conforms to all of the terms of this Lease. Lessee shall submit to Lessor for its approval a copy of the form of the proposed Leasehold Mortgage, and Lessor shall give its approval thereto, within twenty (20) days after the submission of such form, if such form conforms to all the terms of this Lease. If Lessee and any Leasehold Mortgagee intend to amend any Leasehold Mortgage held by such Leasehold Mortgagee, Lessee shall submit to Lessor for its approval a copy of the form of the proposed amendment, and Lessor shall give its approval thereto, within twenty (20) days after submission of such form, if such form conforms to all the terms of this Lease. On the date of its execution or within twenty (20) days thereafter, Lessee or the Leasehold Mortgagee shall deliver to Lessor a conformed copy of the executed Leasehold Mortgage or executed amendment, as the case may be. If such Leasehold Mortgagee desires to receive copies of notices in accordance with this Lease, such Leasehold Mortgagee, or Lessee on behalf of such Leasehold Mortgagee, shall give Lessor a notice to that effect, which notice shall specify the address(es) for notices to such Leasehold Mortgagee, and changes in such address(es) may be made from time to time by such Leasehold Mortgagee by notice to Lessor and Lessee. Notwithstanding anything contained in any Leasehold Mortgage or any consent or approval of Lessor thereto, it is understood and agreed that the rights of all Leasehold Mortgagees shall in all respects be as specified in and shall be subject and subordinate to the

terms, covenants, conditions and provisions set forth in this Lease. The terms, covenants, conditions and provisions of this Lease shall govern as between Lessor and either or both of Lessee and all Leasehold Mortgagees in the event of any inconsistency between the terms, covenants, conditions and provisions of this Lease and the terms, covenants, conditions and provisions of any Leasehold Mortgages. Each Leasehold Mortgage shall make reference to the provisions of this Lease and shall provide that such Leasehold Mortgage and the rights of the Leasehold Mortgagee thereunder are and shall be in all respects subject hereto. Any actual or prospective Leasehold Mortgagee may, at its sole option, at any time submit documents or instruments to Lessor pursuant to paragraph 19(e) below for advance approval, in whole or (as to specific portions of the approval criteria identified by such Leasehold Mortgagee) in part, of such Leasehold Mortgagee, or any Person designated by such Leasehold Mortgagee, as a Replacement Lessee. Lessor shall approve or disapprove, in whole or (as to specific portions of the approval criteria identified by such Leasehold Mortgagee) in part, in accordance with paragraph 19(e), such Leasehold Mortgagee or such designated Person as a Replacement Lessee, and any approval by Lessor shall be binding upon Lessor in the event that such Leasehold Mortgagee subsequently requests Lessor's approval pursuant to paragraph 19(e) of such Leasehold Mortgagee or such designated Person as a Replacement Lessee, provided, however, that such approval shall not

be binding upon Lessor if there have been changes (other than immaterial changes) with respect to the matters approved, which changes would, if such changes had occurred prior to the approval, have caused Lessor to deny its approval.

(d) The provisions of this paragraph 19(d) shall have no force or effect until the Renewal Terms. Lessee may subcontract to any Person all or any portion of its obligations under this Lease with respect to the construction, operation and maintenance of the Improvements without the prior consent of Lessor; provided, however, that in the event any such subcontracting would involve the transfer by Lessee of overall, day-to-day Processing responsibility to a Person other than an Affiliate of Lessee or the Partners, Parents or Grandparents or an Affiliate thereof, such subcontracting shall only be to a Person of substantially equal standing, with respect to capability of operating the Improvements, with American REF-FUEL Company of Essex County, as its capability would be determined as of the date of such subcontracting, or with any one of the following, as the capability of such entity would be determined as of the date of this Lease: Signal Energy Systems Inc., Ogden-Martin Corp., Blount Inc., Montenay S.A., Air Products and Chemicals, Inc. or BFI. Any subcontracting in accordance with this paragraph 19(d) shall not (i) relieve Lessee from primary liability for all of its obligations under this Lease, the Sale Agreement and the Escrow Agreement, (ii) adversely

affect either Lessee's rights and obligations or the Grandparents' obligations under the Company Support Agreement, (iii) adversely affect Lessee's rights and obligations or the obligations of BFI under the DBA Project License, (iv) adversely affect the rights and obligations of Lessee under the Electric Sales Contract, or (v) be deemed to be an assignment in whole or in part of Lessee's interests in this Lease. In addition, no such subcontract nor any act or omission of Lessor shall create any rights in favor of any such subcontractor and against Lessor, and solely as between Lessor and Lessee all such subcontractors shall be deemed to be agents of Lessee in respect of their acts and omissions in connection with their performance under such subcontracts.

(e) Lessee or any actual or prospective Leasehold Mortgagee may request Lessor's approval of a Person as Replacement Lessee from time to time in accordance with the provisions of paragraphs 16 and 19 of this Lease. Lessor shall not withhold or delay its approval of a Person as Replacement Lessee if such Person meets all of the following requirements set forth below in this paragraph 19(e):

(A) The delivery to Lessor, and approval by Lessor, of an assumption agreement from such Person (which shall be effective only upon Lessor's approval of such Person as Replacement Lessee) by which such Person (i) assumes all of the covenants and obligations of Lessee under this Lease, (ii) if and to the extent that either

or both of the Service Agreement and the Escrow Agreement remain in effect, assumes all of the covenants and obligations of Lessee under either or both of the Service Agreement and the Escrow Agreement, as the case may be, and complies with all requirements of the Service Agreement and the Escrow Agreement, as the case may be, with respect to assignments by Lessee and assumptions by Lessee's assignee and (iii) if and to the extent that the Sale Agreement remains in effect and has not been assumed by one of the Grandparents, assumes all of the covenants and obligations of Lessee under the Sale Agreement and complies with all requirements of the Sale Agreement with respect to assignments by Lessee and assumptions by Lessee's assignee.

(B) Lessor's determination, which shall not be unreasonably withheld or delayed, that such Person has the necessary ability to operate the Improvements for the purposes set forth in paragraph 3 above and in compliance with all the terms and conditions of this Lease. Lessor, in making such determination, shall have the right to consider all criteria appropriate thereto, including, without limitation, the previous operational experience of such Person with respect to a resource recovery facility substantially similar to the Improvements.

(C) The delivery to Lessor of evidence, which shall be reasonably satisfactory to Lessor in all re-

spects, that (i) such Person has either obtained or has kept in full force and effect all material governmental or regulatory approvals, permits, consents, authorizations and/or licenses, which are required for the ongoing operation of the Premises, provided that such approvals, permits, consents, authorizations and/or licenses may, at such Person's option and subject to applicable Legal Requirements, either be newly obtained by such Person or assigned by Lessee to such Person, (ii) if and to the extent that the Electric Sales Contract is in effect and prohibits assignments without approval, Public Service Electric & Gas Company (or the utility under any contract which constitutes the Electric Sales Contract) has approved such Person as assignee under the Electric Sales Contract and (iii) if and to the extent that any Thermal Energy Sales Contract is in effect and prohibits assignments without approval, the thermal energy purchaser under any Thermal Energy Sales Contract has approved such Person as assignee under the Thermal Energy Sales Contract.

(D) During the Primary Term, Lessor's determination, which shall not be unreasonably withheld or delayed, that such Person satisfies both of the following requirements:

(I) Such Person is, at the time of the request for approval, either (i) of substantially equal standing, with respect to capability of

operating the Improvements, with American REF-FUEL Company of Essex County, as its capability would be determined as of the date of such request for approval, or with any one of the following, as the capability of such entity would be determined as of the date of this Lease: Signal Energy Systems Inc., Ogden-Martin Corp., Blount Inc., Montenay S.A., Air Products and Chemicals, Inc. or BFI, or (ii) a major electric utility or major oil company.

(II) Such Person has, or has the right to obtain, at the time of the request for approval, such rights under the DBA Project License as are necessary to permit the use and operation of the Improvements by such Person and to permit such Person to obtain replacement parts for the Improvements.

(E) Lessor's determination, which shall not be unreasonably withheld or delayed, that such Person has the financial wherewithal (either by itself or together with any other Person who has agreed, by a written instrument which is (i) reasonably satisfactory in all respects to Lessor, (ii) made for the benefit of and assigned to Lessor and (iii) irrevocable without the consent of Lessor, to assume all of Lessee's obligations under this Lease, including but not limited to those under paragraph 10 of this Lease in respect of

Judgments (as such term is defined in the Company Support Agreement), or unconditionally to provide financial support to such Person in respect of Lessee's obligations under this Lease and under paragraph 10 in respect of such Judgments), to assume and perform all of Lessee's obligations under this Lease, including but not limited to those under paragraph 10 in respect of such Judgments.

(f) This paragraph 19(f) shall apply only with respect to periods when the Authority is Lessor. Lessee shall not, without first securing a determination from the Authority's Ethics Board, or any successor thereto, as to the lack of a conflict of interest, enter into a subcontract with or assign its leasehold interest under this Lease to Montenay S.A. so long as Stephen S. Passage is an officer, director or stockholder of Montenay S.A. or of an Affiliate of Montenay S.A.

(g) Lessee agrees that it will maintain its partnership existence, will not dissolve or otherwise dispose of all or substantially all of its assets and will not consolidate with or merge with or into another entity; provided, however, that Lessee may consolidate with or merge with or into, or sell or otherwise transfer all or substantially all of its assets (and may thereafter dissolve), to another partnership or a corporation, created under the laws of the United States, one of the states thereof or the District of Columbia, owned directly or indirectly, either by one or

both of BFI and Air Products and Chemicals, Inc.; and provided, further, that if any merger, consolidation, sale or transfer pursuant to this paragraph 19(g) occurs during the Primary Term, prior to such merger, consolidation, sale or transfer, the partnership or corporation with which Lessee is consolidating, with or into which Lessee is merging, or to which Lessee is selling or otherwise transferring all or substantially all of its assets, shall assume, by delivery to Lessor (with a copy to the Escrow Agent if the Escrow Agreement is still in effect) of a fully effective instrument in the form attached to the Service Agreement as Schedule 31, all the obligations of Lessee under this Lease and under the Escrow Agreement, the Service Agreement and the Sale Agreement and all rights and obligations of Lessee under the Company Support Agreement (which in the case of the Company Support Agreement shall be effective only upon the consent of BFI and Air Products and Chemicals, Inc.), to the extent existent and assignable the Product Sales Agreements and the DBA Project License to the extent required to be existent pursuant to paragraph 38 below; and provided, further, that if any merger, consolidation, sale or transfer pursuant to this paragraph 19(g) occurs during any Renewal Term, prior to such merger, consolidation, sale or transfer, the partnership or corporation with which Lessee is consolidating, with or into which Lessee is merging, or to which Lessee is selling or otherwise transferring all or substantially all of its assets, shall assume, by delivery to Les-

sor (with a copy to the Escrow Agent if the Escrow Agreement is still in effect) of a fully effective instrument in the form attached hereto as Schedule E, all the obligations of Lessee under this Lease and under the Escrow Agreement and the Sale Agreement and all rights and obligations of Lessee under the Company Support Agreement (which in the case of the Company Support Agreement shall be effective only upon the consent of BFI and Air Products and Chemicals, Inc.), to the extent existent and assignable the Product Sales Agreements and the DBA Project License to the extent required to be existent pursuant to paragraph 38 below. If consolidation, merger or sale or other transfer is made as permitted by this paragraph 19(g), the provisions of this paragraph 19(g) shall continue in full force and effect and no further consolidation, merger or sale or other transfer shall be made except in compliance with the provisions of this paragraph 19(g).

20. Permitted Contests. (a) The provisions of this paragraph 20(a) shall have no force or effect until the Renewal Terms. Subject to paragraphs 20(c) and 24(c) below, notwithstanding anything in this Lease to the contrary, Lessee shall not be required, nor shall Lessor (unless a Default shall have occurred with respect to Lessee's obligations under this paragraph 20(a)) have the right, to pay, discharge or remove any tax, assessment, levy, fee, rent, (other than rent payable to Lessor under this Lease), charge, lien or encumbrance, or to comply or cause the

Premises to comply with any Legal Requirement applicable to the Premises or the use thereof, or to comply or cause the Premises to comply with any contract or agreement (other than this Lease) or restriction applicable to the Premises or the ownership, occupancy or use thereof (other than restrictions imposed by this Lease), so long as Lessee shall contest, in good faith, at its sole cost and expense, the existence, amount, applicability or validity thereof by appropriate proceedings, provided, however, that if, during or with respect to any period when the Authority is Lessor, Lessee is served with a stop notice pursuant to N.J. Stat. Ann. § 2A: 44-77 (West 1952), Lessee will comply with the payment bond requirement of paragraph 9 hereof and provided, further, that (i) Lessee shall comply, and cause the Premises to comply, with Legal Requirements involving fire, health or safety if and to the extent that noncompliance therewith would present a clear and present danger to the public, (ii) either Lessee's contest by appropriate proceedings, or any bond or other security furnished by Lessee with respect to such contest, shall prevent the collection against the Premises, or other realization from the Premises, of the tax assessment, levy, fee, rent (other than rent payable to Lessor under this Lease), charge, lien or encumbrance, or any part thereof, so contested and (iii) Lessee's contest shall not subject Lessor to any irreparable injury. No provision in this paragraph 20(a) shall confer upon Lessee any right to contest the existence of this Lease

during the term hereof or to contest the validity of this Lease or any provision hereof, provided, however, that the foregoing shall not prevent Lessee from contesting under this paragraph 20(a) either (i) Lessor's interpretation of any provision of this Lease or (ii) any claim by Lessor that Lessee is not in compliance with this Lease. In the event Lessee contests, pursuant to this paragraph 20(a), Lessee's obligation to comply, in the manner directed by Lessor, with any provision of or to pay any amount claimed by Lessor to be due under this Lease, Lessee shall be excused from such compliance or payment to the extent of the disputed matter or amount during the pendency of such contest, and Lessee's failure to so comply or pay shall not, during the pendency of such contest, be deemed to constitute a Default under paragraph 21 below or any other provision of this Lease, provided, however, that if, upon the final resolution (including appeals) of such contest, it is determined that Lessee shall comply with such disputed provision of or pay such disputed amount due under this Lease, then the date of such final resolution shall be deemed, unless Lessee immediately complies with such disputed provision or pays such disputed amount, to be the first day of Lessee's failure to so comply or so pay, and such failure, if it thereafter continues for the applicable period of time for cure specified in paragraph 21 below, shall upon the termination of such applicable period of time for cure be deemed to constitute a Default in accordance with paragraph 21 below. Les-

see shall notify Lessor in writing of any proceedings commenced pursuant to this paragraph 20(a) within ten (10) days after the commencement thereof, and shall describe such proceedings in reasonable detail. Lessee will conduct all such contests in good faith and with due diligence and will, promptly after the final determination (including appeals) of such contest, pay and discharge all amounts which shall be determined to be payable therein. Lessor shall be permitted to participate in any such contest against third parties at Lessor's sole expense.

(b) Notwithstanding anything in this Lease to the contrary, Lessor shall not be required to pay, discharge, contest or remove any tax, assessment, levy, fee, rent, charge, lien or encumbrance, or to comply or cause the Premises to comply with any Legal Requirement imposed on Lessor which is applicable to the Premises or the use thereof, so long as Lessor's nonpayment, noncompliance or contest shall not subject Lessee to any criminal penalties and shall not interfere with Lessee's quiet enjoyment of the Premises pursuant to paragraph 33 below. If Lessor elects to contest, Lessor shall notify Lessee in writing of any such proceedings within ten (10) days after the commencement thereof, and shall describe such proceedings in reasonable detail. If Lessor elects to commence a contest and Lessee, in Lessee's reasonable judgment, determines that such contest, or the related nonpayment or noncompliance by Lessor, may subject Lessee to any criminal proceedings, then Lessee

shall be permitted to participate in any such contest at Lessee's sole expense.

(c) This paragraph 20(c) shall only apply with respect to periods when the Authority is Lessor, but, if the Authority ceases to be Lessor, this paragraph 20(c) shall remain in effect as to any action, claim, demand or proceeding which relates to the Authority. Except in a suit in which Lessee and the Authority are adverse parties, Lessee shall not, without obtaining express advance permission of the General Counsel of the Authority, raise or take any action concerning any issue involving in any way the jurisdiction of any tribunal over the person of the Authority, its commissioners, officers, agents or employees, the governmental nature of the Authority, and the provisions of any statutes respecting suits against the Authority or the immunity from taxes of the Authority or its obligations. Regardless of whether any action, claim, demand or proceeding in which any such issue is raised or is proposed to be raised is defended on behalf of the Authority by Lessee or by the Authority itself or by both, no action with respect to any such issue, and no settlement thereof proposed by Lessee, shall be taken or effected without the prior written consent of the General Counsel of the Authority to each such action or settlement, which consent need not be given if, in the opinion of the General Counsel of the Authority, such action or settlement would adversely affect any interest of the Authority even though the proposed settlement may ex-

pressly state that it is without prejudice to any interests of the Authority, is not to be binding on the Authority and is not to have any precedential effect with respect to the Authority. If the General Counsel of the Authority disapproves or fails to approve the proposed action or settlement by Lessee with respect to any such issue, then, the Authority, whether or not the Authority is Lessor, shall assume full responsibility for any claim or cause of action related to such issue and any indemnity obligation of Lessee under paragraph 10(a) as to said claim or cause of action shall not apply. In any suit defended by Lessee pursuant to paragraph 10(a), Lessee shall raise such defenses therein as the General Counsel of the Authority may request in addition to those which may be raised by Lessee. Subject to the foregoing provisions of this paragraph 20(c), in the event that, during any Renewal Term, any action permitted to be taken by Lessee under paragraph 20(a) must, by its nature, be taken by Lessor, Lessor shall, at Lessee's request and at Lessee's sole expense (including reasonable attorneys' fees), take such action in the manner reasonably directed by Lessee. Subject to the foregoing provisions of this paragraph 20(c), in the event that, during any Renewal Term, any action permitted to be taken by Lessor under paragraph 20(b) must, by its nature, be taken by Lessee, Lessee shall, at Lessor's request and at Lessor's sole expense (including reasonable attorneys' fees), take such action in the manner reasonably directed by Lessor.

(d) This paragraph 20(d) shall only apply with respect to periods when the Authority is Lessor. Lessee shall not comply with any Legal Requirements which constitute City, municipal, local and departmental laws, enactments, ordinances, orders, rules or regulations to the extent that the Authority directs in writing that Lessee not comply, at least five (5) Business Days prior to the date on which the Authority directs that such non-compliance commence, except with respect to any non-compliance which, in the opinion of Lessee's counsel, has a reasonable possibility of (i) subjecting Lessee or any Lessee Indemnified Parties to criminal penalties or (ii) causing Lessee to breach any contract to which Lessee, the Contractor or their Materialmen or Subcontractors are a party in which Lessee, using reasonable efforts, was unable to obtain a provision corresponding to this paragraph, as to which non-compliance Lessee may in its sole discretion decline to follow the Authority's notice. For purposes of the preceding sentence, the term Lessee Indemnified Parties shall include any Person in privity of contract with Lessee, Contractor or a Lessee Indemnified Party. The Authority's direction shall be effective upon the earlier to occur of five (5) Business Days from the receipt by Lessee of such direction or a determination by Lessee's counsel that neither clauses (i) or (ii) of the second sentence of this paragraph 20(d) apply. Lessee shall, promptly after receipt and for the Authority's information, deliver to the Authority a true copy of any no-

tice, warning, summons, or other legal process for the enforcement of any such laws, enactments, ordinances, orders, resolutions, rules or regulations referred to in this paragraph 20(d).

21. Conditional Limitation; Default Provisions. (a)

Any of the following occurrences or acts shall constitute a Default under this Lease:

(i) During the Primary Term, (A) Lessee shall fail to pay any basic rent or additional rent or other sum required to be paid by Lessee hereunder and such failure shall continue for fifteen (15) days after written notice by Lessor is given to Lessee; or (B) Lessee shall fail to maintain its partnership existence or shall dissolve (other than in accordance with paragraph 19(g) above), and such failure or dissolution shall continue for forty-five (45) days after written notice is given by Lessor to Lessee of such failure or dissolution, provided that, in the case of any such failure or dissolution which cannot with due diligence be cured within such forty-five (45) day period, if Lessee or any Leasehold Mortgagee shall commence promptly to cure the same and thereafter prosecute the correction thereof with due diligence, the time within which such failure or dissolution may be cured shall be extended for such period as is reasonably necessary to complete the correction thereof with due diligence; or

(ii) On or after the first day of the first Renewal Term, (A) Lessee shall fail to keep, perform or

observe each and every promise, covenant and agreement set forth in this Lease (including any promises, covenants and agreements set forth in paragraph 19(g) above) on its part to be kept, performed or observed (excluding promises, covenants and agreements which were imposed solely under the Controlling Documents and which were to be kept, performed or observed solely during the respective terms of the Controlling Documents), and such failure shall continue for sixty (60) days after written notice is given by Lessor to Lessee of such failure, provided that, in the case of any such failure which cannot with due diligence be cured within such sixty (60) day period, if Lessee or any Leasehold Mortgagee shall commence promptly to cure the same and thereafter prosecute the correction thereof with due diligence, the time within which such failure may be cured shall be extended for such period as is reasonably necessary to complete the correction thereof with due diligence; or (B) any representation or warranty of Lessee contained in (1) this Lease, or (2) any certificate or other instrument delivered pursuant to or in connection with the execution or delivery of this Lease, shall prove to be incorrect in any material respect as of the time when the same shall have been made, to the detriment of any person to whom or for whose benefit the representation or warranty was made; or (C) the estate or interest of Lessee in the Premises

shall be levied upon or attached in any proceeding and such process shall not be vacated or discharged within one hundred eighty (180) days after such levy or attachment, unless such levy or attachment is being contested pursuant to paragraph 20; or (D) final judgment or judgments in a U.S. court of competent jurisdiction for the payment of money aggregating in excess of Twenty-Five Million Dollars (\$25,000,000) shall be outstanding against Lessee and any one of such judgments shall have been outstanding for more than sixty (60) days after notice and shall not have been discharged in full or been stayed or had adequate security provided therefor; or (E) (1) Lessee shall commence a voluntary case under the Federal Bankruptcy Code or file a petition in bankruptcy or for reorganization or for an arrangement pursuant to any state bankruptcy law or any similar federal or state law, or (2) Lessee shall be adjudicated a debtor or a bankrupt under any federal or state bankruptcy law or become insolvent or (3) Lessee shall make an assignment for the benefit of creditors or shall admit in writing its inability to pay its debts generally as they become due, or (4) (a) any involuntary case against Lessee as debtor is commenced by a petition for reorganization or liquidation under any federal bankruptcy or similar law, or (b) a petition or answer proposing the adjudication of Lessee as a bankrupt or its reorganization pursuant to any

state bankruptcy law or any similar state law shall be filed in any court, and, upon any of the occurrences described in clauses (a) and (b) above, Lessee shall consent to or acquiesce in the filing thereof; or (F) a custodian for purposes of any federal bankruptcy statute is appointed or otherwise takes possession of a substantial portion of Lessee's assets; or (G) a receiver, U.S. Trustee, trustee or liquidator of Lessee or of all or a substantial portion of the assets of Lessee or of the Premises or Lessee's estate therein shall be appointed in any proceeding brought by Lessee, or any such receiver, U.S. Trustee, trustee or liquidator shall be appointed in any proceeding brought against Lessee and shall not be discharged within one hundred eighty (180) days after such appointment, or Lessee shall consent to or acquiesce in such appointment; or (H) Lessee shall fail to pay any basic rent, Percentage Rent or additional rent or other sum required to be paid by Lessee hereunder and such failure shall continue for fifteen (15) days after written notice by Lessor is given to Lessee; or (I) any purchaser of this Lease at a foreclosure sale of a Leasehold Mortgage or a Leasehold Mortgagee or anyone else to whom this Lease has been assigned or transferred in lieu of foreclosure in accordance with the terms and conditions of this Lease fails to execute and deliver

to Lessor an acquisition assumption agreement in accordance with paragraph 16(d) hereof; or

(iii) A Default shall occur as described in paragraph 16(h) above; or

(iv) During the Primary Term or during any Renewal Term, (A) the entry by a court of competent jurisdiction of (1) a decree or order for relief in respect of either of the Grandparents or either Partner, respectively, in an involuntary case or proceeding under any applicable federal or New Jersey bankruptcy, insolvency, reorganization or other similar law or (2) a decree or order adjudging either of the Grandparents or either Partner, respectively, a bankrupt or insolvent, or approving as properly filed a petition seeking reorganization, arrangement, adjustment or composition of or in respect of either of the Grandparents or either Partner, respectively, under any applicable federal or New Jersey law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official of either of the Grandparents or either Partner, respectively, or of any substantial part of its property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree or order for relief or any such other decree or order unstayed and in effect for a period of ninety (90) consecutive days; or (B) the commencement by either of the Grandparents or either Partner, re-

spectively, of a voluntary case or proceeding under any applicable federal or New Jersey bankruptcy, insolvency, reorganization or other similar law or of any other case or proceeding to be adjudicated a bankrupt or insolvent, or the consent by it to the entry of a decree or order for relief in respect of either of the Grandparents or either Partner, respectively, in an involuntary case or proceeding under any applicable federal or New Jersey bankruptcy, insolvency, reorganization or other similar law, or to the commencement of any bankruptcy or insolvency case or proceeding against it, or the filing by it of a petition or answer or consent seeking reorganization or relief under any applicable federal or New Jersey law, or the consent by it to the filing of such petition, or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or similar official of the Grandparents or either Partner, respectively, or of any substantial part of its property, or the making by it of an assignment for the benefit of creditors, or the admission by it in writing of its inability to pay its debts generally as they become due, or the taking of corporate action by either of the Grandparents or either Partner, respectively, in furtherance of any such action; provided, however, the occurrence of any event described in this paragraph 21(a)(iv) shall not be a Default if (x) either of the

Grandparents, if it shall not have experienced such event, shall, within one hundred eighty (180) days of the occurrence of any such event, exercise the option provided in section 3 of the Company Support Agreement or (y) the Person with respect to which such event occurs no longer owns, directly or indirectly, an equity interest in Lessee. Lessor and Lessee hereby agree that the exercise of the option provided in section 3 of the Company Support Agreement with respect to this Lease shall not require the exercise of such option with respect to the Service Agreement or the Sale Agreement.

(b) If a Default shall have occurred and be continuing, Lessor shall, subject to the rights of Leasehold Mortgagees under paragraph 16(a) above, have the right to give Lessee a notice terminating the term of this Lease, and the letting hereunder, on a date not less than thirty (30) days after the date of such notice. Upon the giving of such notice of termination, the term of this Lease and the estate hereby granted shall expire and terminate on such date, which expiration and termination shall be as full and complete, subject to the rights of Leasehold Mortgagees under paragraph 16 above, and with the same effect as if such date were the date herein fixed for the expiration of the term of this Lease, and all rights of Lessee hereunder, other than Lessee's rights under the provisions of this Lease which expressly provide that they survive the expiration or termi-

nation of this Lease, shall expire and terminate on such date, but Lessee shall remain liable as hereinafter provided in this paragraph 21 and as provided elsewhere in this Lease. Such right of termination and the exercise thereof shall be and operate as a conditional limitation.

(c) If a Default shall have occurred and be continuing, Lessor shall, subject to the rights of Leasehold Mortgagees under paragraph 16 above and Lessee's rights under paragraph 17 above, have the immediate right, whether or not the term of this Lease shall have been terminated pursuant to paragraph 21(b), to re-enter and repossess the Premises by summary proceedings, ejectment or in any other lawful manner Lessor determines to be necessary or desirable and the right to remove all persons and property therefrom. Lessor shall be under no liability by reason of any such re-entry, repossession or removal. No such re-entry or repossession of the Premises shall be construed as an election by Lessor to terminate the term of this Lease unless a notice of such intention is given to Lessee pursuant to paragraph 21(b), or unless such termination is decreed by a court of competent jurisdiction.

(d) Lessor, upon termination pursuant to paragraph 21(b) above, or upon any re-entry, regaining or resumption of possession pursuant to paragraph 21(c) above, may, subject to Lessee's rights under paragraph 17 above, occupy the Premises, provided, however, that, notwithstanding anything in this Lease to the contrary, Lessor may not

use or operate, or permit any other Person to use or operate, the Improvements in any manner whatsoever until the earlier to occur of (i) the expiration of Lessee's rights under paragraph 17 above to remove the Improvements or (ii) Lessor's acquisition of title to the Improvements pursuant to paragraph 18 or 26(f) hereof. Upon the earlier to occur of the events described in clauses (i) or (ii) of the immediately preceding sentence, Lessor may use and operate the Improvements and may relet the Premises, and shall thereafter have the right to permit any Person to enter upon the Premises and use the same in any manner. Lessor may grant free rental or other concessions and such reletting may be of the Premises or a part thereof, whether or not together with other space, and for a period of time the same as or different from the balance of the term hereunder remaining, and on terms and conditions and for purposes the same as or different from those set forth in this Lease, provided, however, that Lessor may not use or operate, or permit any other Person to use or operate, the Improvements until the earlier to occur of the events described in clause (i) or (ii) of the first sentence of this paragraph 21(d). Lessor shall, upon the earlier to occur of the aforesaid events described in clause (i) or (ii) of the first sentence of this paragraph 21(d), have the right to repair or make structural or other changes in the Premises, including changes which alter the character of the Premises and the suitability thereof for the purposes of Lessee under this

Lease, without affecting, altering or diminishing the obligations of Lessee hereunder. In the event either of any reletting or of any actual use and occupancy by Lessor (the mere right to use and occupy not being sufficient however), there shall be credited to the account of Lessee against its survived obligations hereunder any net amount remaining after deducting from (a) the sum of (i) the amount actually received from any lessee, licensee, permittee or other occupier as the rental or fee for the use of the said Premises or portion thereof during the balance of the letting as the same is originally stated in this Lease and (ii) the fair market value of the occupancy of such portion of the Premises as Lessor may during such period actually use and occupy (with the determination of such fair market value taking into account the restrictions on use of the Improvements imposed under paragraph 17 above and under the first sentence of this paragraph 21(d)), an amount equal to (b) all expenses, costs and disbursements incurred or paid by Lessor in connection therewith. No such reletting or such use and occupancy shall be or be construed to be an acceptance of a surrender.

(e) Subject to Lessee's rights under paragraph 17 above, Lessee hereby waives any and all rights of redemption granted by or under any present or future law, arising in the event it is evicted or dispossessed for any cause, or in the event Lessor obtains or regains possession of the Premises in any lawful manner.

(f) Upon the occurrence of any termination, re-entry or repossession of the Premises by reason of the occurrence and continuation of any Default, the following provisions shall apply:

(i) All of the obligations of Lessee under this Lease shall survive such termination or re-entry, regaining or resumption of possession and shall remain in full force and effect for the full term of this Lease, and the amount or amounts of damages or deficiency shall become due and payable, as more specifically stated in clause (ii) below, to Lessor to the same extent, at the same time or times and in the same manner as if no termination, cancellation, re-entry, regaining or resumption of possession had taken place, provided, however, that upon any such termination, or re-entry, regaining or resumption of possession, any obligation of Lessee to pay Percentage Rent, in respect of any period subsequent to such termination or re-entry, regaining or resumption of possession, shall terminate and be of no further force or effect and provided, further, that, for all purposes of this paragraph 21(f), after any termination, re-entry or repossession under this paragraph 21, the term of this Lease shall be deemed to expire either (i) at the end of the then current Primary Term or Renewal Term, as the case may be, or (ii) in the case of a termination, re-entry or repossession during the first Renewal Term but prior

to the second anniversary of the later to occur of the Primary Term Expiration Date or the Renewal Term Measurement Date, on the date of such termination, re-entry or repossession.

(ii) Immediately upon any such termination, or re-entry, regaining or resumption of possession, there shall become due and payable by Lessee to Lessor, in addition to rental which accrued prior to the effective date of termination, without notice or demand and as damages, the sum of the following:

(A) the amount of all unfulfilled monetary obligations of Lessee under this Lease, including without limitation thereto, all sums constituting basic rent and additional rental hereunder (excluding Percentage Rent) and the cost to and expenses of Lessor for fulfilling all other obligations of Lessee which would have accrued or matured during the balance of the term or on the expiration date originally fixed or within a stated time after expiration or termination, but excluding from all of the foregoing all sums referred to in clauses (B) and (C) below of this paragraph 21(f)(ii);

(B) an amount equal to the cost to and the expenses of Lessor in connection with the termination, cancellation, regaining possession and restoring and reletting the Premises, Lessor's legal

expenses and costs, and Lessor's costs and expenses for the care and maintenance of the Premises and the furnishing and equipping thereof during any period of vacancy, and any brokerage fees and commissions in connection with any reletting; and

(C) subject to the provisions of clause (iii) below, on account of Lessee's basic rent obligation an amount equal to the then present value of all basic rent payable under this Lease for the entire term following the effective date of termination as originally fixed in this Lease.

(iii) Lessor may at any time bring an action to recover all damages as set forth above in this paragraph 21(f) not previously recovered in separate actions, or it may bring separate actions to recover the items of damages set forth in paragraphs 21(f)(ii)(A) and (B) above and separate actions periodically to recover from time to time only such portion of the damages set forth in paragraph 21(f)(ii)(C) above as would have accrued as rental up to the time of the action if there has been no termination or cancellation. In any such action under paragraph 21(f)(ii)(C) above Lessee shall be allowed a credit, against its survived damages obligations, equal to the sum of (A) the amounts which Lessor shall have actually received from any tenant, licensee, permittee or other occupier

of the Premises or a part thereof and (B) the fair market value of the occupancy of such portion of the Premises as Lessor may actually use and occupy (with the determination of such fair market value taking into account the restrictions on use of the Improvements imposed under paragraph 17 above and under the first sentence of paragraph 21(d)), in each case during the period for which damages are sought, and if recovery is sought for a period subsequent to the date of suit a credit equal to the market rental value of the Premises during such period (properly discounted to reflect the then present value thereof). If at the time of such action Lessor has relet the Premises, the rental for the Premises obtained through such reletting shall be deemed to be the market rental value of the Premises or be deemed to be the basis for computing such market rental value if less than the entire Premises were relet. In determining present value of rental a fair and reasonable interest rate shall be used.

22. Additional Rights of Lessor and Lessee. (a) Lessor and Lessee agree that, except as provided in paragraphs 21(b) and 21(c) hereof, Lessor shall not have the right to terminate this Lease or to re-enter and repossess the Premises in the event of any breach by Lessee of an obligation under this Lease which does not constitute a Default, provided, however, that nothing in this paragraph 22(a) shall limit Lessor's rights under paragraphs 18 and 26 to

terminate the term of this Lease and the letting hereunder in accordance with the provisions of said paragraphs.

(b) No right or remedy of Lessor or Lessee hereunder shall be exclusive of any other right or remedy, but shall be cumulative and in addition to any other right or remedy hereunder or now or hereafter existing. Failure to insist upon the strict performance of any provision hereof or to exercise any option, right, power or remedy contained herein shall not constitute a waiver or relinquishment of any other option, right, power or remedy for the future. No acceptance by Lessor of rentals, fees, charges or other payments in whole or in part for any period or periods after a default in any of the terms, covenants and conditions to be performed, kept or observed by Lessee shall be deemed a waiver of any right on the part of Lessor to terminate the letting. No waiver by Lessor of any default on the part of Lessee in performance of any of the terms, covenants or conditions hereof to be performed, kept or observed by Lessee shall be or be construed to be a waiver by Lessor of any other or subsequent default in performance of any of the said terms, covenants and conditions. No waiver by Lessee of any default on the part of Lessor in performance of any of the terms, covenants or conditions hereof to be performed, kept or observed by Lessor shall be or be construed to be a waiver by Lessee of any other subsequent default in performance of any of the said terms, covenants and conditions.

(c) If Lessee shall be in breach in the performance of any of its obligations hereunder, Lessee shall pay to Lessor, on demand, all expenses incurred by Lessor as a result thereof, including reasonable attorneys' fees and expenses. If Lessor shall be in breach in the performance of any of its obligations hereunder, Lessor shall pay to Lessee, on demand, all expenses incurred by Lessee as a result thereof, including reasonable attorneys' fees and expenses.

23. Notices. Except as otherwise expressly provided in this Lease, all notices or communications required to be given pursuant to this Lease shall be in writing (including telegraphic or facsimile communication) and shall be sufficiently given if delivered in person or sent by certified or registered mail, return receipt requested, postage prepaid, or telegraphed or sent by facsimile communication and confirmed received, as follows:

If to Lessee:

AMERICAN REF-FUEL COMPANY OF ESSEX COUNTY

If By Hand:

14701 St. Mary's
Houston, TX 77079

New York, New York 10048
Attn: Secretary

If to any Leasehold Mortgagee, at its address set forth in the notice given pursuant to paragraph 19(c) above.

Changes in the respective addresses to which such notices may be directed may be made from time to time by any party by notice to the other parties.

If delivered personally on a Business Day, any such notice or communication shall be deemed delivered and given on the Business Day delivered, or if delivered personally on other than a Business Day, on the first Business Day following delivery. If sent by telegraphic or facsimile communication, any such notice or communication shall be deemed delivered and given upon confirmation of receipt. If mailed, any such notice or communication shall be deemed delivered and given on the fifth Business Day after deposit thereof, postage prepaid by certified or registered mail, return receipt requested, in a United States Post Office.

24. Estoppel Certificates; Inspections; Enforcement of Laws by Lessor. (a) Lessor and Lessee will, from time to time, upon twenty (20) days' prior written request by the other party hereto, execute, acknowledge and deliver to the party requesting same, an estoppel certificate containing the information described below, provided, however, that such estoppel certificates shall only be requested in connection with (i) an actual or prospective assignment or other transfer in accordance with the provisions of this

Lease, (ii) a judicial action or proceeding involving Lessor or Lessee (but not with both Lessor and Lessee as adverse parties) or (iii) an actual or prospective granting or assignment of a Leasehold Mortgage in accordance with the provisions of this Lease. Any estoppel certificate given under this paragraph 24(a) shall be a certificate stating (i) that this Lease is unmodified and in full force and effect (or, if there have been modifications, that this Lease is in full force and effect as modified, and setting forth such modifications), (ii) the dates to which basic rent, Percentage Rent, additional rent and other sums payable hereunder have been paid, (iii) that to the knowledge of Lessor or Lessee, as the case may be, no breach of this Lease has occurred hereunder or specifying each such breach of which Lessor or Lessee, as the case may be, has knowledge, (iv) that to the knowledge of Lessor or Lessee, as the case may be, no Extended Cessation, Extended Reconstruction, Extended Force Majeure Restoration or Extended Initial Construction has occurred hereunder or specifying each such Extended Cessation, Extended Reconstruction, Extended Force Majeure Restoration or Extended Initial Construction of which Lessor or Lessee, as the case may be, has knowledge and (v) as to certificates from Lessor, such other information with respect to the Premises as may reasonably be requested by Lessee in accordance with the reasonable and customary requirements imposed on Lessee by an actual or prospective Leasehold Mortgagee, provided, however, that

such other information shall be certified to be subject to the knowledge of Lessor, and provided, further, that in no event shall Lessor be obligated to certify to such other information to the extent that disclosure of such information is prohibited under Lessor's generally applicable disclosure policies.

(b) The provisions of this paragraph 24(b) shall have no force or effect until the Renewal Terms. Lessor may, at Lessor's cost and expense and with full cooperation of Lessee, inspect the Improvements to determine whether Lessee is substantially in compliance with Lessor's obligations under this Lease. Documents and information provided or made available to Lessor in connection with any such inspections or any other activities of Lessor in connection with this Lease shall be subject to the provisions of paragraph 37 below. The provisions of this paragraph 24(b) shall not limit Lessor's rights under paragraph 24(c) below.

(c) Lessee acknowledges that, during the term of the Host Municipality Agreement and to the extent provided in any subsequent or successor delegation of authority by the City to Lessor, the Chief Engineer of the Authority shall determine in his sole discretion compliance by Lessee with respect to all of the following (collectively, "Local Laws"): (a) requirements with respect to the Premises relating to the issuance of Street and Sidewalk Opening Permits, if required (pursuant to Title 22 of the Revised Ordinances of the City); (b) requirements with respect to the

Premises relating to the granting of permission to connect to the water supply of the City (pursuant to Section 25:2-3 of the Revised Ordinances of the City); (c) requirements with respect to the Premises relating to the approval of a Soil Erosion and Sediment Control Plan (pursuant to Section 21A:4-2 of the Revised Ordinances of the City); and (d) the standards set forth in the laws, enactments, ordinances, orders, rules and regulations of the City and its departments, boards and bureaus relating to the design, construction, reconstruction, start-up, Acceptance Testing, operation and maintenance of the Premises. Notwithstanding the foregoing, the use of the phrase "in his sole discretion" in the immediately preceding sentence shall not be construed to limit the right of Lessee to, or the scope of, judicial review that would otherwise apply to such determination under the Local Laws if the Chief Engineer were not the determining official. Paragraph 12(e) above shall not apply to any determinations of the Chief Engineer under this paragraph 24(c). The Chief Engineer shall have the same powers as any other Person which ordinarily would have been vested with jurisdiction to enforce the Local Laws. The provisions of this paragraph 24(c) shall not prevent Lessee from contesting the Chief Engineer's determination under this paragraph 24(c) or the applicability of any such federal, New Jersey, municipal and local laws, enactments, ordinances, orders, resolutions, rules and regulations, including non-

compliance therewith. In no event shall paragraph 12(e) be applicable to any such contest.

25. No Merger. There shall be no merger of this Lease or of the leasehold estate hereby created with the fee estate in the Premises by reason of the fact that the same Person acquires or holds, directly or indirectly, this Lease or the leasehold estate hereby created or any interest herein or in such leasehold estate as well as the fee estate in the Premises or any interest in such fee estate.

26. Cessation; Reconstruction; Force Majeure Restoration; Surrender; and Adjustments. (a) The provisions of this paragraph 26 shall have no force or effect until the Renewal Terms. With respect to each month during each Renewal Term, if on one or more days within such month, a Cessation of Operations occurs, then Lessee shall, within sixty (60) days after the end of such month, deliver to Lessor a statement indicating the number of such days which fall within each of the following categories: (i) Cessation Periods, (ii) Reconstruction, (iii) Event of Force Majeure or Force Majeure Restoration, (iv) Maintenance Periods and (v) Initial Construction. The information in any such statement shall be deemed to be conclusive and binding upon Lessor and Lessee unless Lessor notifies Lessee of a dispute with respect to such information within sixty (60) days after Lessor's receipt of such statement. In the event of any such dispute, Lessor and Lessee agree to negotiate in good faith with respect to the resolution thereof. In addi-

tion to the foregoing statement, Lessee shall give Lessor (x) not less than sixty (60) days prior notice of the planned commencement of any Reconstruction and (y) notice of the end of any Reconstruction within sixty (60) days after the end thereof.

(b) If there shall have occurred an Extended Cessation, Extended Force Majeure Restoration, Extended Initial Construction or Extended Reconstruction, then Lessee shall in any such case promptly so notify Lessor, provided, however, that Lessee's failure to so notify Lessor shall not be deemed to negate the occurrence of such event if one has occurred.

(c) If a Force Majeure Interruption occurs which constitutes a Casualty or a Taking, then, unless such Force Majeure Interruption thereafter ceases to cause the continuance of a Cessation of Operations Lessee shall, within the applicable Force Majeure Decision Period, either (i) notify Lessor of Lessee's election to commence any restoration, alteration or removal of, or any addition to, the Improvements, including any construction of Additional Improvements, in connection with such Casualty or Taking or (ii) give Lessor a notice pursuant to paragraph 26(b) above that an Extended Force Majeure Restoration has occurred. If there occurs an Event of Force Majeure (i) which interferes with the use, operation or construction of the Improvements, (ii) which causes a Cessation of Operations and (iii) which does not constitute a Casualty or a Taking but as to which

Lessee determines in good faith that the performance of any restoration, alteration or removal of, or any addition to, the Improvements, including any construction of Additional Improvements, would enable Lessee to eliminate the Cessation of Operations; then Lessee may elect, at Lessee's sole option to be exercised within the applicable Force Majeure Decision Period, to treat such Event of Force Majeure as a Force Majeure Interruption and to commence a restoration, alteration or removal of, or an addition to, the Improvements. If Lessee makes the aforesaid election, Lessee shall, within the applicable Force Majeure Decision Period after the occurrence of such Event of Force Majeure, notify Lessor of such election by Lessee. Any work commenced by Lessee pursuant to a notice from Lessee to Lessor given in accordance with this paragraph 26(c) shall be considered to be work in connection with a Force Majeure Restoration

(d) In addition to the notices which Lessee is required to give to Lessor pursuant to paragraphs 26(a), 26(b) and 26(c) above, Lessee may, at its sole option subject to written consent by all Leasehold Mortgagees, notify Lessor of any of the following:

(i) Lessee's election to either commence or continue a Cessation Period, in either case for a period that may result in the occurrence of an Extended Cessation;

(ii) Lessee's determination that work which Lessee either has commenced, or intends to

commence, in connection with a Reconstruction may result in such Reconstruction becoming an Extended Reconstruction;

(iii) Lessee's determination that work which Lessee either has commenced, or intends to commence, in connection with a Force Majeure Restoration may result in such Force Majeure Restoration becoming an Extended Force Majeure Restoration;

(iv) Lessee's determination that work which Lessee either has commenced, or intends to commence, in connection with Initial Construction may result in the Initial Construction becoming an Extended Initial Construction.

(e) If either (i) an Extended Initial Construction shall occur at any time or (ii) an Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction shall occur at any time during or after the third Renewal Term, Lessor may terminate this Lease by giving Lessee at least thirty (30) days' notice thereof (an "Extended Period Termination Notice"), and this Lease shall terminate, subject to the rights of Leasehold Mortgagees under paragraph 16 above, on the date set forth in such Extended Period Termination Notice as the Lease termination date, provided, however, that Lessor's right to give such an Extended Period Termination Notice shall terminate separately, as to each Extended Initial Construction, Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction, on either (i) the sixtieth (60th) day after the Option Commencement Date with respect to each such Extended Initial Construc-

tion, Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction (in the event Lessor does not notify Lessee of Lessor's election, pursuant to paragraph 18 above, to determine the Fair Market Value of the Improvements) or (ii) the earlier of (A) the Option Exercise Date with respect to such Extended Initial Construction, Extended Cessation, Extended Force Majeure Restoration or Extended Reconstruction or (B) the date Lessor notifies Lessee that Lessor has elected not to purchase the Improvements (in the event Lessor does notify Lessee of Lessor's election, pursuant to paragraph 18 above, to determine the Fair Market Value of the Improvements).

(f) Upon the expiration or termination of this Lease, Lessee shall remove or discharge all liens and encumbrances affecting the Property (including Permitted Liens) other than (i) liens and encumbrances existing as of the Commencement Date, (ii) liens for taxes and assessments not yet payable and (iii) liens and encumbrances created by Lessor. If this Lease shall terminate or expire for any reason, then, subject to the rights of any Leasehold Mortgagee to a new lease under paragraph 16(b), upon written demand to Lessee served by Lessor within one year of the date of expiration or termination of this Lease, Lessee shall, or shall cause another Person to, within two years of the date of such expiration or termination, remove or otherwise dispose of all of the Improvements (other than the Process Bunker constructed pursuant to the Service Agree-

ment) and put the Property in a condition, to the extent reasonably practicable (taking into consideration the contamination of the Property prior to the Commencement Date and the fact that Lessee shall not be required to remove, eliminate or treat pollutants or contaminants unless such pollutants or contaminants were caused by Lessee), which shall be substantially the same as the condition of the Property immediately prior to the commencement of the Primary Term, damage by the elements and reasonable wear and tear excepted, provided, however, that Lessee shall not be obligated to remove any alteration of the Property which is permitted by this Lease and is intended to be permanent in nature and provided, further, that notwithstanding the foregoing proviso, Lessee shall not be obligated to remove, or to cause the removal of, the aforesaid Process Bunker but shall be obligated to fill, or to cause to be filled, the Process Bunker. Any portions of the Improvements, and any personal property of Lessee, which are not removed within two (2) years after the expiration and termination of this Lease, as aforesaid, shall, at Lessor's sole option, become the property of Lessor unless provided otherwise in any Leasehold Mortgage. To the extent that any portions of the Improvements and any personal property of Lessee becomes property of Lessor in accordance with the immediately preceding sentence, title thereto shall rest in Lessor free and clear of any rights of Lessee. If Lessee fails to remove the Improvements and restore the Property in accordance with

this paragraph 26(f) within two (2) years after the expiration or termination of this Lease, Lessor, in addition to any other rights and remedies and regardless of whether Lessor has obtained title to the remaining Improvements, may effect such removal and restoration, and the costs of such removal and restoration shall be reimbursed to Lessor by Lessee promptly upon Lessor's demand therefor.

(g) Upon any termination or expiration of this Lease, an amount equal to any taxes, assessments or similar expenditures then paid by Lessee in respect of any period following such expiration or termination shall be reimbursed to Lessee by Lessor promptly following said termination or expiration. Upon any termination or expiration of this Lease, Lessee shall, except to the extent otherwise provided in paragraphs of this Lease which by their express terms survive the expiration or termination of this Lease, be automatically released from all obligations and liabilities under this Lease, provided, however, that nothing herein shall release Lessee from any obligations which have accrued on or prior to the effective date of termination or expiration of this Lease.

(h) The provisions of paragraphs 26(f) and 26(g) above, and of this paragraph 26(h), shall survive any expiration or termination of this Lease.

27. Easements. (a) Upon the establishment of those easements described in Schedule H hereto which have been given or obtained pursuant to Sections 2.01(6) and 2.02(6)

of the Service Agreement and prior to the Construction Date, Lessor and Lessee shall enter into one or more amendments of this Lease, which amendment(s) shall (i) add a description of each such easement to Schedule A hereto as a separate parcel, (ii) confirm that the definition in this Lease of the term "Property" includes such easements and (iii) designate such easements as either "Full Term Easements" or "Construction Easements" for purposes of paragraph 27(b) below. At the time of each such amendment, Lessor and Lessee shall also execute an amendment, in recordable form, of the memorandum of lease referred to in paragraph 30 below, which shall conform the legal description of the Property attached to such memorandum of lease to Schedule A as so amended. As used herein, (i) the term "Construction Easement" means any easement which is added to the definition of the term "Property" by an amendment executed by Lessor and Lessee pursuant to this paragraph 27(a) and which is designated in such amendment as a "Construction Easement" and (ii) the term "Full Term Easement" means any easement which is added to the definition of the term "Property" by an amendment executed by Lessor and Lessee pursuant to this paragraph 27(a) and which is designated in such amendment as a "Full Term Easement". Nothing in this paragraph 27(a) shall be construed to impose upon Lessor any obligation to create any easement described in Schedule H except those easements given or obtained pursuant to Sections 2.01(6) and 2.02(6) of the Service Agreement.

(b) Lessee's use of the Full Term Easements and the Construction Easements shall be subject to and in accordance with all of the terms and conditions of this Lease, except as specifically provided otherwise. Lessor hereby covenants and agrees that Lessee may use and enjoy the easements described as "Full Term Easements" on Schedule A hereto until the expiration or termination of this Lease. Lessor further covenants and agrees that, (i) until the Final Completion Date under the Service Agreement, Lessee may use and enjoy the easements described as "Construction Easements" on Schedule A hereto in connection with the construction of the Original Improvements and (ii) after the Final Completion Date under the Service Agreement, Lessee may use and enjoy such Construction Easements, to the extent reasonably required by Lessee, upon thirty (30) days prior written notice by Lessee to Lessor (which notice shall state the intended purpose of the requested Construction Easement(s)), in connection with any Work or any Lessee Construction in accordance with this Lease, provided, however, that Lessor shall have no obligation to permit Lessee to use or enjoy such Construction Easements if this Lease has expired or terminated and provided, further, that Lessor shall be released from Lessor's obligations under clause (ii) above to the extent the land encumbered by such easements (A) has been sold, assigned or transferred by Lessor to a Person that is not an Affiliate of Lessor or (B) has been, is being or will be leased, encumbered or otherwise used in

a manner that Lessor deems to be incompatible with the intended use of such land by Lessee, and provided, further, that if Lessor is not obligated to permit Lessee to so use such land pursuant to clause (B) of the immediately preceding proviso, Lessor shall be obligated to permit Lessee to so use such land upon the termination or expiration of the lease, encumbrance or other use of such land that Lessor deemed to be incompatible with the intended use of such land by Lessee. Notwithstanding anything to the contrary contained in this Lease, Lessee agrees that if Lessor, prior to the Final Completion Date, delivers to Lessee a written notice of termination requesting that Lessee vacate the Materials Recovery Site and if a Change Order pursuant to Section 10.02 of the Service Agreement is executed within twenty (20) days after such delivery, Lessee shall vacate the Materials Recovery Site within thirty (30) days after such delivery. If, prior to the Final Completion Date, Lessor delivers to Lessee a written notice of termination requesting that Lessee vacate the Materials Recovery Site and if a Change Order pursuant to Section 10.02 of the Service Agreement is not executed within twenty (20) days after such delivery, Lessor and Lessee shall commence a proceeding pursuant to Section 10.20 of the Service Agreement and Lessee shall vacate the Materials Recovery Site within ten (10) days after any determination by the Independent Engineer, pursuant to Section 10.20 of the Service Agreement, of the amount, terms and conditions of the Cost of Extra Work,

provided, however, that if the amount determined by the Independent Engineer to be the Cost of Extra Work would cause the Cost of Basic Construction (as defined in the Sale Agreement) to exceed such amount set forth in Section 4.01(b) of the Sale Agreement and if the County fails or refuses to pay the amount of such excess directly to Lessee in accordance with Section 10.20 of the Service Agreement, then Lessor shall be deemed not to have issued the notice of termination with respect to the Materials Recovery Site. Upon the effective date of the termination notice referred to in the immediately preceding sentence, the Construction Easement described in item 6 on Schedule H shall, with respect to Area B only, cease to be a part of the Property and Lessor and Lessee shall enter into an amendment of this Lease, which amendment (i) shall remove the description of such Construction Easement, with respect to Area B only, from Schedule A hereto and (ii) confirm that the definition in this Lease of the term "Property" does not include such Construction Easement, with respect to Area B only. At the time of such amendment, Lessor and Lessee shall also execute an amendment, in recordable form, of the memorandum of lease referred to in paragraph 30 below, which shall conform the legal description of the Property attached to such memorandum of lease to Schedule A as so amended. Upon the completion of any Initial Construction, Work or Lessee Construction in accordance with this Lease, or upon Lessee's vacating the Materials Recovery Site in accordance with a notice

of termination as aforesaid, as the case may be, Lessee shall, to the extent and as soon as reasonably practicable, remove all construction materials and personal property from the land encumbered by the Construction Easements used by Lessee in connection with such construction or from the Materials Recovery Site, as the case may be, and put such land or such Materials Recovery Site in a condition substantially the same as the condition of such land or such Materials Recovery Site immediately prior to the commencement of such construction or such use of the Materials Recovery Site, damage by the elements and reasonable wear and tear excepted.

(c) Notwithstanding anything in this Lease to the contrary, Lessee has no obligation to expend any money or provide any services in connection with the creation or obtaining of any of the easements to be created or obtained in accordance with this paragraph 27. Lessor and Lessee agree that (i) Lessee shall provide all equipment, materials and services with respect to the construction of all such easements, and shall construct such easements, within the boundaries of the Land, and (ii) Lessor shall provide all equipment, materials and services with respect to the construction of all such easements, and shall construct such easements, outside the boundaries of the Land. Lessor and Lessee further agree that Lessor shall provide maintenance (including all equipment, materials and services in connection with such maintenance) with respect to all such ease-

ments within the boundaries of the Land (excluding Area A). Lessor shall also, with respect to water, sewer and utility connections, arrange for the hook-up of such connections to the respective public utility lines or pipes, and provide appropriate maintenance with respect to such connections from the boundary of the Land to such point of hook-up with the respective public utility lines or pipes. In addition, Lessor shall maintain the main access easement described in item number 1 of Schedule H from the point at which such easement crosses the boundary of the Land to the point at which such easement intersects with a public road or street, provided, however, that Lessee shall provide all necessary snow removal and street sweeping services (including all equipment and materials related thereto) with respect to the main access easement described in item number 1 of Schedule H from the point at which such easement crosses the boundary of Area A to the point at which such easement intersects with a public road or street.

28. Appraisal Procedures. (a) If a determination of the Fair Market Value of Basic Rent is required by paragraph 6 hereof, Lessee shall notify Lessor of its estimate of such Fair Market Value of Basic Rent, either: (A) within 10 days following the date (the "Renewal Exercise Date"), with respect to each Renewal Term, when Lessee's right, pursuant to paragraph 4(c) above, to give Lessor notice that Lessee elects not to renew this Lease for such Renewal Term expires without such notice having been given, or (B) with respect

to the first Renewal Term, if the Service Agreement is terminated or expires prior to the Scheduled Service Expiration Date, thirty (30) days following the Primary Term Expiration Date, or (C) without waiving Lessee's right to elect not to renew this Lease, at any time prior to four (4) months before the Renewal Exercise Date with respect to such Renewal Term.

(b) If a determination of the Fair Market Value of the Improvements is required by paragraph 18 hereof, Lessee shall notify Lessor of its estimate of such Fair Market Value of the Improvements within ten (10) days following the date of the giving of notice that the option to determine the Fair Market Value of the Improvements provided for in paragraph 18 above has been exercised.

(c) If a determination of the Fair Market Value of the Property is required by paragraph 13 hereof, Lessee shall notify Lessor of its estimate of such Fair Market Value of the Property within ten (10) days following the earlier to occur of (A) the date of notice to Lessee of receipt by the Proceeds Trustee of the award with respect to the Taking of the Premises or any portion thereof, or (B) the date of notice to Lessee of the final amount of such award for such Taking.

(d) Lessee's estimate of the Fair Market Value of Basic Rent, the Fair Market Value of the Improvements, or the Fair Market Value of the Property, as the case may be, in accordance with paragraph 28(a), 28(b) or 28(c) above

shall be deemed accepted by Lessor unless Lessor notifies Lessee in writing within thirty (30) days following the giving of notice to Lessor of such estimated Fair Market Value that Lessor rejects such estimate. If Lessee shall fail to give Lessor an estimate of Fair Market Value as required by paragraph 28(a), 28(b) or 28(c) above and such failure shall continue for a period of twenty (20) days following Lessor's demand to Lessee for such estimate, then Lessor shall have the right, at Lessor's sole option, to thereafter notify Lessee of Lessor's estimate of the applicable Fair Market Value, and in such event Lessor's estimate of such Fair Market Value shall be deemed accepted by Lessee unless Lessee notifies Lessor in writing within thirty (30) days following the giving of notice to Lessee of such estimated Fair Market Value that Lessee rejects such estimate. If either (i) Lessor shall not accept Lessee's estimate of such applicable Fair Market Value as provided for in the first sentence of this paragraph 28(d), (ii) Lessee shall not accept Lessor's estimate of such applicable Fair Market Value as provided for in the immediately preceding sentence or (iii) Lessee shall have notified Lessor, pursuant to paragraph 32(a) below, that Lessee objects to Lessor's estimate of the Fair Market Value of the Extra Land, then within sixty (60) days of the occurrence of the Option Commencement Date, the Renewal Exercise Date, the Primary Term Expiration Date, the date of any notice given by Lessee pursuant to paragraph 28(a)(C) or 28(b), the date of Lessee's notice to

Lessor referred to in clause (iii) of this sentence or the date of Lessor's notice to Lessee in accordance with the immediately preceding sentence, as the case may be, the question of the amount of such applicable Fair Market Value shall be submitted to a board of appraisers, three in number, one named by Lessor and one named by Lessee, and one (the "Additional Appraiser") named by the other appraiser(s). Each such appraiser shall be a qualified member of the American Institute of Real Estate Appraisers, or any successor organization, or if such organization or successor shall no longer be in existence, a national association or institute of real estate appraisers selected either (i) by the President of the Real Estate Board of New York, Inc. or any successor organization, or (ii) if such organization or successor shall no longer be in existence, by Lessee and Lessor, by mutual agreement. If the other appraiser(s) fail to name the Additional Appraiser on or before the 40th day of said 60-day period, an Additional Appraiser shall be named by the President of The Real Estate Board of New York, Inc. or any successor organization, or if such organization or successor shall no longer be in existence, by the President of the American Institute of Real Estate Appraisers or any successor organization, or any replacement association or institute selected as aforesaid. Each appraiser so appointed shall be instructed to determine independently the Fair Market Value of Basic Rent, the Fair Market Value of the Extra Land, the Fair Market Value of the Improvements,

or the Fair Market Value of the Property, as the case may be, in accordance with the definition of such term contained in this Lease, within thirty (30) days after the end of such 60-day period. If all of such appraisers shall have been appointed and shall have made their determination within thirty (30) days after the end of such 60-day period, then such applicable Fair Market Value shall be an amount equal to the middle determination of the highest and lowest determinations (provided the highest and lowest determinations shall be equally different from the dollar amount of the middle determination), and otherwise shall be an amount equal to the average of the two determinations which are closer in dollar amounts. If less than all of such appraisers shall have been appointed or shall have made their determination within thirty (30) days after the end of such 60-day period, then the Fair Market Value shall be an amount equal to the average of the amounts so determined, provided, however, that no Fair Market Value shall be established until the appointment of the Additional Appraiser. This provision for determination by appraisal shall be specifically enforceable to the extent such remedy is available under applicable law, and any such determination hereunder shall be final and binding upon the parties except as otherwise provided by applicable law. Such appraisers shall be deemed to be acting as appraisers and not as arbitrators. The provisions of this paragraph 28 shall survive any expiration or termination of this Lease.

29. Severability; Binding Effect; Governing Law; Recourse; Company Support; Third Parties; Entire Agreement; Modification. (a) If any provision of this Lease or the application of any provision of this Lease to any Person or circumstance shall to any extent be invalid or unenforceable, the remaining provisions of this Lease, or the application of such provision to Persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each provision hereof shall be valid and shall be enforceable to the extent permitted by law.

(b) All provisions contained in this Lease shall be binding upon, inure to the benefit of, and be enforceable by, the successors and assigns of Lessor and the permitted successors and assigns of Lessee in accordance with this Lease to the same extent as if each such successor or assign were named as a party hereto. This Lease may not be changed, modified or discharged except by a writing signed by Lessor and Lessee.

(c) This Lease and any question concerning its validity, construction or performance shall be governed by the laws of the State of New Jersey, irrespective of the place of execution or of the order in which the signatures of the parties are affixed or of the place or places of performance.

(d) Notwithstanding anything to the contrary contained herein, no recourse under this Lease with respect

to any financial obligations as distinguished from performance obligations hereunder shall be had against either Partner, it being expressly understood and agreed that such financial obligations as distinguished from performance obligations under this Lease are solely the obligations of Lessee and that the non-partnership property of the Partners is not available for the satisfaction of such financial obligations, and no personal liability whatsoever shall attach to, or be incurred by, any Partner, as such, because of such financial obligations of Lessee arising under this Lease and any recourse under this Lease with respect to performance obligations against either Partner shall be several and not joint.

(e) If, and to the extent that (i) either (A) during the Primary Term, Lessee does not have sufficient monies to perform its obligations under paragraph 35 hereof (except to the extent such insufficiency is a result of a Default (as such term is defined in the Service Agreement, without taking into account the definition of said term in this Lease)), or (B) during the Renewal Terms, Lessee does not have sufficient monies to perform its obligations under paragraphs 18 or 35 hereof or, in respect of judgments under paragraph 10(a) above arising as a result of (1) Air Emissions occurring due to the operation of the Improvements, (2) the character or composition of Waste obtained by Lessee or (3) an Event of Force Majeure giving rise to a termination of this Lease, and (ii) Lessee shall be entitled under

the terms of the Company Support Agreement to call upon the Grandparents for Contributions of Capital (as defined in the Company Support Agreement) or the provision of monies in accordance with section 4 of the Company Support Agreement, Lessee shall take all necessary and appropriate steps to cause sufficient monies to be provided in accordance with the Company Support Agreement in such amounts and at such times as shall be necessary to satisfy such obligations. The provisions of this paragraph 29(e) shall survive any expiration or termination of this Lease.

(f) After the date of this Lease, Lessee shall not enter into or permit any material modification of the Company Support Agreement nor waive any of its rights nor release Air Products and Chemicals, Inc. or BFI from any of their obligations set forth in the Company Support Agreement without the prior written consent of Lessor, during the term of this Lease and thereafter with respect to any obligations which survive the termination of this Lease. Lessor shall not unreasonably withhold its consent to any such modifications, waivers or releases. This paragraph 29(f) shall not apply to an assignment of the Company Support Agreement permitted by its terms.

(g) No commissioner or director, nor any officer, agent, representative or employee of (i) either party, (ii) the Partners, (iii) the Affiliates of Lessee or (iv) the Affiliates of the Partners shall be charged personally by the other party or held contractually liable thereto under

any term or provision of this Lease, because of either party's execution or attempted execution or because of any breach or alleged breach thereof.

(h) Except as herein otherwise specifically provided, nothing in this Lease is intended or shall be construed to confer upon any Person other than Lessor and Lessee, any right, remedy or claim under or by reason of this Lease, this Lease being intended to be for the sole and exclusive benefit of Lessor and Lessee.

(i) The provisions of this Lease, including the present and all future Schedules, shall (1) together with the Service Agreement, the Sale Agreement, the Escrow Agreement and the assignments which comprise Exhibit B to the Company Support Agreement, constitute the entire agreement between the parties hereto and (2) be modified, unless provided herein to the contrary, only by written instrument duly executed by both parties hereto.

30. Table of Contents; Headings; Counterparts; Lease Memo. The table of contents, table of schedules, table of defined terms, captions and headings used in this Lease are for ease of reference only and do not constitute a part of this Lease. This Lease may be executed in more than one counterpart, each of which shall be deemed to be an original. Lessor and Lessee agree that this Lease shall not be recorded, but that a recordable memorandum hereof in the form of Schedule B hereto shall be recorded promptly after the date of this Lease.

31. Limitation of Rights; Services; Payments; Brokerage. (a) No greater rights or privileges with respect to the use of the Premises or any part thereof are granted or intended to be granted to Lessee by this Lease, or by any provision hereof, than the rights and privileges expressly and specifically granted hereby.

(b) Lessor shall not be obligated by this Lease to provide any utilities or services whatsoever with respect to the Premises nor to police the same or keep the same free from snow, ice or otherwise unobstructed and available for use by Lessee.

(c) All payments required of Lessee by this Lease shall be made at the office of the Treasurer of Lessor, One World Trade Center, New York, New York 10048, or to such other office or address as may be substituted therefor by notice in writing from Lessor to Lessee. Subject to the immediately following sentence, all payments to be made under this Lease outstanding after the applicable due date shall bear interest at the maximum rate of interest permitted by the law of the State of New Jersey, if applicable, or the fluctuating annual interest rate announced publicly from time to time by Citibank, N.A. as its base rate charged to its substantial commercial borrowers on short term domestic loans (if such rate is not publicly announced, a substantially equivalent publicly announced rate by a commercial banking institution shall be selected upon the mutual agreement of Lessor and Lessee, which agreement shall not be

unreasonably withheld), whichever rate is lower. Whenever a date upon which a payment is to be made under this Lease falls on a day which is not a Business Day, such payment shall be made on the next succeeding day that shall be a Business Day, without interest for the intervening period.

(d) Lessor and Lessee represent to each other that no broker has been concerned in the negotiation of this Lease and that there is no broker, finder or similar agent who is or may be entitled to be paid a commission in connection therewith. Lessee shall indemnify and save harmless Lessor from any claims for commission, brokerage or fee made by any Person for services based upon discussions or communications with Lessee in connection with the negotiation or execution of this Lease. Lessor shall indemnify and hold harmless Lessee from any claims for commission, brokerage or fee made by any Person for services based upon discussions or communications with Lessor in connection with the negotiation or execution of this Lease. The provisions of this paragraph 31(d) shall survive any expiration or termination of this Lease.

32. Obligations of Lessor; Lessee's Right of First Refusal. (a) All covenants, stipulations, promises and agreements contained in this Lease, by or on behalf of, or for the benefit of, Lessor, shall bind or inure, as the case may be, to the benefit of the successors and assigns of Lessor, from time to time. Upon the sale, assignment or other transfer by Lessor of all of Lessor's interest in all

of the Property to any Person other than Lessee, the Lessor so selling, assigning or transferring the Property (the "Selling Lessor") shall be released from all its obligations, covenants and responsibilities under this Lease, provided, however, that:

(i) the Selling Lessor shall remain liable for all obligations, covenants and responsibilities under paragraph 35 hereof (regardless of whether such obligations, covenants and responsibilities arise before or after such sale, assignment or transfer) unless the Selling Lessor has satisfied the conditions of paragraph 32(b) below,

(ii) the successor Lessor shall be liable for all obligations, covenants and responsibilities of Lessor under this Lease (including any liabilities of the Selling Lessor and any prior Lessors), and

(iii) unless the Selling Lessor has satisfied the conditions of paragraph 32(b) below, the Selling Lessor shall remain liable for its obligations, covenants and responsibilities under paragraph 33 hereof to the extent that either:

(A) any act or acts of the Selling Lessor constitute a breach of its obligations, covenants and responsibilities under paragraph 33 (regardless of whether such act or acts occur before or after such sale, assignment or transfer) or

(B) any act or acts of any Person claiming through or under the Selling Lessor with respect to the Premises (which claims (1) derive from acts of the Selling Lessor and (2) constitute the assertion of rights which were given to such Person, directly or through intermediaries, by the Selling Lessor) constitute a breach of the Selling Lessor's obligations, covenants and responsibilities under paragraph 33 (regardless of whether such act or acts occur before or after such sale, assignment or transfer).

Notwithstanding the foregoing, at all times while an Affiliate of the Authority is the owner of the Property, regardless of any sale, assignment or other transfer of all or part of Lessor's interest in the Property, the Authority shall remain liable for all of the obligations of Lessor under this Lease (regardless of whether such obligations arise before or after such sale, assignment or transfer).

During the term of this Lease, Lessor agrees that (i) Lessor shall not sell, assign or otherwise transfer any of its interests in the Property unless such sale, assignment or transfer by Lessor is a sale, assignment or transfer by Lessor of all of Lessor's interest in all of the Property (it being understood that the term "Property" does not include Lessor's fee interest, if any, in any portion of the Land underlying any easements included in the term "Property" pursuant to the definition of such term in paragraph 2

above, but that Lessor's rights under any such easements are part of the Property) and (ii) Lessor shall not sell, assign or otherwise transfer any of its interests in any Area unless such sale, assignment or transfer is a sale, assignment or transfer by Lessor of all of Lessor's interest in the Area being sold, assigned or transferred (other than Lessor's interest, as fee owner of any other Area, in any easements which encumber the Area being sold). During the term of this Lease, Lessor shall not sell, assign or otherwise transfer in any manner all or any portion of its fee title interest in all or any part of the Land (except for a sale, assignment or transfer of all or any portion of its fee title interest in the Land (x) which does not include all or any part of Area A or (y) to an Affiliate of the Authority) unless Lessor shall (A) first send a written notice (the "Option Land Notice") to Lessee specifying (1) the portion of and/or interest in the Land Lessor proposes to sell, assign or otherwise transfer (the "Third Party Land"), (2) the name of the proposed purchaser, assignee or transferee, (3) all of the terms and conditions of the proposed sale, assignment or transfer, (4) the price of the proposed sale, assignment or transfer, (5) the Extra Land, if any and (6) Lessor's estimate of the Fair Market Value of the Extra Land, and (B) comply with the provisions set forth below in this paragraph 32(a). Upon Lessee's receipt of the Option Land Notice, Lessee shall have one hundred twenty (120) days to determine whether to purchase or acquire the Option Land

set forth in the Option Land Notice (I) on the same terms and conditions as are set forth in the Option Land Notice with respect to the Third Party Land and at a price equal to the Fair Market Value of the Extra Land with respect to the Extra Land or (II) for a consideration which, viewed in its entirety, is as favorable to Lessor as the sum of (x) the price set forth in the Option Land Notice with respect to the Third Party Land plus (y) the Fair Market Value of the Extra Land with respect to the Extra Land (it being understood and agreed that Lessor shall not sell, assign or otherwise transfer its fee title interest in the Option Land set forth in the Option Land Notice during such one hundred twenty (120) day period to any Person other than Lessee). If the Option Land Notice includes Lessor's estimate of the Fair Market Value of the Extra Land and Lessee, within twenty (20) days of Lessee's receipt of such Option Land Notice, fails to notify Lessor that it objects to Lessor's estimate of Fair Market Value of the Extra Land, then Lessor's estimate shall, for the purposes of such Option Land Notice only, be deemed to be the Fair Market Value of the Extra Land. If Lessee objects within such twenty (20) day period to Lessor's estimate of the Fair Market Value of the Extra Land, then the Fair Market Value of the Extra Land shall be determined in accordance with the provisions of paragraph 28(d) above. If Lessee fails to notify Lessor of Lessee's intention to purchase or acquire the Option Land set forth in the Option Land Notice within the aforesaid one

hundred twenty (120) day period, then Lessor may sell, assign or otherwise transfer the Property free of Lessee's right to purchase or acquire under this paragraph 32(a) no later than one (1) year from the expiration of such one hundred twenty (120) day period if the Property is sold, assigned or transferred with the remainder of the Third Party Land, if any, set forth in the Option Land Notice and only (i) either (x) on the same terms and conditions as are set forth in the Option Land Notice or (y) for a consideration which, viewed in its entirety, is at least as favorable to Lessor as the price set forth in the Option Land Notice for such Third Party Land and (ii) to the proposed purchaser, assignee or transferee identified in the Option Land Notice. Except as set forth in the immediately preceding sentence with respect to a sale, assignment or transfer in connection with an Option Land Notice within the aforesaid one (1) year period, the failure by Lessee to purchase the Option Land set forth in any Option Land Notice shall not constitute a waiver of Lessee's rights under this paragraph 32(a) with respect to any subsequent sale, assignment or transfer of Lessor's fee title interest in all or any portion of the Land which includes the Property. The provisions of this paragraph 32(a) are subject to section 5.12(b) of the Host Municipality Agreement.

(b) Upon (i) the sale, assignment or other transfer by Lessor to Lessee of all of Lessor's interest in all of the Property, Lessor shall be released from all obliga-

tions, covenants and responsibilities under this Lease with respect to the Property (and any Improvements thereon) or (ii) the sale, assignment or other transfer by Lessor to Lessee of any portion of Lessor's interest in the Land which does not include all or any portion of Lessor's interest in the Property, Lessor shall be released from all obligations, covenants and responsibilities under this Lease with respect to such Land, provided, however, that Lessor agrees that, during the term of this Lease, Lessor shall not sell, assign or otherwise transfer any of its interests in the Property unless such sale, assignment or transfer is a sale, assignment or transfer by Lessor of all of Lessor's interest in all of the Property. Upon the sale, assignment or other transfer of all or any portion of the Land by Lessor to a Person other than Lessee, Lessor may, at Lessor's sole option and at any time after such sale, assignment or other transfer of the Land (or portion thereof) by Lessor, seek Lessee's approval of the Person to whom the Land (or portion thereof) has been or is proposed to be sold, assigned or transferred, which approval shall not be unreasonably withheld or delayed, but such approval shall be obtained solely for purposes of releasing Lessor from its obligations, covenants and responsibilities under paragraphs 33 (as modified, in the case of a sale, assignment or transfer, by paragraph 32(a) above) and 35 of this Lease with respect to the Land or portion thereof to be sold, assigned or otherwise transferred and the effectiveness of any such sale, assignment or

other transfer by Lessor shall not be conditional upon Lessee's approval. Lessor may at any time, in order to release itself from its obligations, covenants and responsibilities under paragraphs 33 (as modified, in the case of a sale, assignment or transfer, by paragraph 32(a) above) and 35 of this Lease, submit documents or instruments to Lessee for advance approval of such actual or proposed purchaser, assignee or transferee pursuant to this paragraph 32(b), and any such approval by Lessee shall be binding upon Lessee in the event Lessor subsequently requests Lessee's approval pursuant to this paragraph 32(b) of such actual or proposed purchaser, assignee or transferee, provided, however, that such approval shall not be binding upon Lessee if there have been changes (other than immaterial changes) with respect to the matters approved, which changes would, if such changes had occurred prior to the approval, have caused Lessee to deny its approval. In determining whether to grant or withhold its approval of such actual or proposed purchaser, assignee or transferee, Lessee shall give primary consideration to the financial ability of such actual or proposed purchaser, assignee or transferee (or of such actual or proposed purchaser, assignee or transferee together with any other Person who has agreed, by a written instrument which is (i) reasonably satisfactory to Lessee, (ii) made for the benefit of and assigned to Lessee and (iii) irrevocable without the consent of Lessee, to assume Lessor's (including any prior Lessor's) obligations under this Lease, including

paragraphs 33 and 35 of this Lease, or unconditionally to provide financial support to such actual or proposed purchaser, assignee or transferee in respect of Lessor's (including any prior Lessor's) obligations under this Lease, including paragraphs 33 and 35 of this Lease) to assume and perform Lessor's obligations under paragraphs 33 and 35 of this Lease. Upon the closing of the sale, assignment or other transfer of the Land (or portion thereof) by Lessor and Lessee's approval of the purchaser, assignee or transferee, as the case may be, pursuant to this paragraph 32(b), Lessor shall be released from all its obligations, covenants and responsibilities under this Lease, including paragraphs 33 (as modified, in the case of a sale, assignment or transfer, by paragraph 32(a) above) and 35 hereof, with respect to the Land or portion thereof so sold, assigned or transferred, and if the Land (or portion thereof) so sold, assigned or transferred includes all of the Property, then Lessor shall be released from all obligations, covenants and responsibilities imposed by this Lease with respect to the Property and any Improvements thereon.

33. Quiet Enjoyment. Lessor covenants and agrees that Lessee, upon paying the basic rent, additional rent and all other charges herein provided for and upon observing and keeping all of the covenants, agreements and provisions of this Lease on its part to be observed and kept, shall lawfully and quietly hold, occupy and enjoy the Premises during the term of this Lease without hindrance or molestation from

any act or acts of Lessor or any Person claiming through or under Lessor with respect to the Premises (which claims (1) derive from the act(s) of Lessor and (2) constitute the assertion of rights which were given to such Person, directly or through intermediaries, by Lessor), except as expressly permitted in this Lease.

34. Certain Lease Modifications. In the event that a qualified Institutional Lender which is to be the proposed holder of a Leasehold Mortgage shall request an amendment to this Lease as a condition of its acceptance of such Leasehold Mortgage, Lessor shall not unreasonably refuse to consent to such amendment provided that the proposed amendment does not in the opinion of Lessor adversely affect Lessor's rights hereunder or the operation of the Improvements in the manner contemplated by the provisions hereof.

35. Site Indemnification. (a) Lessor and Lessee have been and will be involved in the formulation of the Mitigation Plan. Notwithstanding Lessee's involvement, Lessor hereby agrees to assume full responsibility and liability that may arise from the failure or inadequacy of the Mitigation Plan, when implemented in accordance with the terms and conditions of such Mitigation Plan, to contain, eliminate, or adequately treat pollutants and/or contaminants which may exist on the Land as of the Construction Date or prevent the release of inadequately treated pollutants and/or contaminants at or from the Land subject to the exclusions with

Company
Support
Agreement
cap of
E/10M²

respect to Lessee and others set forth at subsection (b) below.

(b) Lessor agrees to protect, indemnify and hold harmless Lessee, its Partners, Parents, and Grandparents and their respective officers, members, employees, agents, contractors, including Contractor, subcontractors, including EJV, and materialmen, including DBA, from and against all liabilities, actions, damages, claims, demands, requests, judgments, losses, costs, expenses, suits or actions, including reasonable attorney's fees for investigation and defense, for or on account of personal injury to, or death of, any person or persons (excluding employees of Lessee, its Partners, Parents and Grandparents); clean-up or other mitigation; loss of or damage to property of third persons, excluding property of Lessee and its Partners, Parents and Grandparents and their respective officers, members, employees, agents, contractors, subcontractors and materialmen; physical loss of or physical damage to property of Lessee, its Partners, Parents and Grandparents and their respective officers, members, employees, agents, contractors, subcontractors and materialmen; and notices of compliance or non-compliance (to the extent such indemnification is legally permitted) arising in any manner whatsoever out of:

(i) failure or inadequacy of the Mitigation Plan, when implemented in accordance with the terms and conditions of such Mitigation Plan, to contain or adequately treat pollutants and/or contaminants (existing

as of the Construction Date) or prevent the release of inadequately treated pollutants and/or contaminants (existing as of the Construction Date) at or from the Land (collectively, the "Clause (i) Liability Costs") except: (A) as to Clause (i) Liability Costs arising hereunder, not exceeding \$10,000,000, to the extent Clause (i) Liability Costs arising hereunder result from Lessee's, its contractors', subcontractors', materialmen's or agents' failure to follow the specific procedures or instructions set forth in the Mitigation Plan or failure to conform to generally accepted construction standards that would apply to the Work or the Lessee Construction under the then existing conditions of the Land and (B) as to Clause (i) Liability Costs arising hereunder exceeding \$10,000,000, to the extent that such Clause (i) Liability Costs arising hereunder result from Lessee's, its contractors', subcontractors', materialmen's or agents' (1) gross negligence in failing to follow the specific procedures or instructions set forth in the Mitigation Plan or (2) gross negligence in failing to conform to generally accepted construction standards that would apply to such Work or such Lessee Construction under the then existing conditions of the Land.

(ii) pollutants and/or contaminants existing as of the Construction Date and which are deposited on or may discharge into or from the soil, groundwater, sur-

face water or air (to the extent such air emissions result from such pollutants and/or contaminants and not from Facility operations) at or near the Land, including the Ottilio Site and other adjacent sites as well as present and future cross-contamination related thereto (collectively, the "Clause (ii) Liability Costs") except: (A) as to Clause (ii) Liability Costs arising hereunder not exceeding \$10,000,000, to the extent Clause (ii) Liability Costs arising hereunder result from Lessee's, its contractors', subcontractors', materialmen's or agents' failure to follow the specific procedures or instructions set forth in the Mitigation Plan or failure to conform to generally accepted construction standards that would apply to the Work or the Lessee Construction under the then existing conditions of the Land and (B) as to Clause (ii) Liability Costs arising hereunder exceeding \$10,000,000, to the extent that such Clause (ii) Liability Costs arising hereunder result from Lessee's, its contractors', subcontractors', materialmen's or agents' (1) gross negligence in failing to follow the specific procedures or instructions set forth in the Mitigation Plan or (2) gross negligence in failing to conform to generally accepted construction standards that would apply to such Work or such Lessee Construction under the then existing conditions of the Land.

To the extent that the Mitigation Plan specifies a particular construction standard applicable to specific Work or to specific Lessee Construction, Lessee shall only be responsible for the performance of such Work or such Lessee Construction in the specified manner. The cumulative amount of all Clause (i) Liability Costs and Clause (ii) Liability Costs to be paid and satisfied by or on behalf of Lessee under the foregoing paragraphs 35(b)(i)(A) and 35(b)(ii)(A) shall in no case exceed a total of \$10,000,000.

(c) Lessee agrees to protect, indemnify and hold harmless Lessor from and against all Clause (i) Liability Costs and Clause (ii) Liability Costs for which Lessee is not entitled to indemnification from Lessor under paragraph 35(b) above.

(d) Unless an amendment, modification or supplement is ordered by the NJDEP, any amendment, modification or supplement to all or any portion of the Permit Plan or the Implementation Plan shall be mutually agreed to by Lessee and Lessor (which agreement shall not be unreasonably withheld) and any necessary approval by the NJDEP of such amendment, modification or supplement shall have been obtained prior to its execution. Any such amendments, modifications or supplements shall upon such order, agreement or approval become a part of the respective Schedule 25 to the Service Agreement or Schedule 24 to the Service Agreement, as the case may be. Any such amendment, modification or supplement shall not be considered to be an amendment to this Lease.

(e) The provisions of this paragraph 35 shall survive any expiration or termination of this Lease.

36. Force Majeure. Each party hereto (including any Leasehold Mortgagee) shall be excused from performing any of its affected obligations or undertakings or complying with any affected conditions provided in this Lease for so long as the performance of such obligation or compliance with such condition is prevented or delayed by any Events of Force Majeure. Without limiting the generality of the foregoing, (i) the time periods established in connection with Available Cessation Periods, Available Reconstruction Periods, Extended Initial Construction, Extended Cessation, Extended Reconstruction and Extended Force Majeure Restoration shall be extended by reason of delays caused by Events of Force Majeure (subject to any limitations set forth in the definitions of such terms) and (ii) covenants which are to be performed, conditions which are to be complied with, and time periods which are to be measured, by due diligence, shall in all cases, except as specifically otherwise provided in this Lease, be extended by reason of delays caused by Events of Force Majeure. Whenever an Event of Force Majeure, including any Force Majeure Interruption, shall occur, the party claiming to be adversely affected thereby shall, as soon as reasonably possible, eliminate the cause therefor in a manner consistent with this Lease and resume such performance or compliance under this Lease, which elimination shall include the obligation to eliminate, as

soon as reasonably possible, the cause of an Event of Force Majeure where obligations, undertakings, conditions or time periods are affected, provided, however, that (x) the failure by the party claiming to be adversely affected by the Event of Force Majeure to eliminate the cause of such Event of Force Majeure as soon as reasonably possible shall not be deemed to be a breach under this Lease, (y) upon such failure to so eliminate the Event of Force Majeure as soon as reasonably possible, said Event of Force Majeure shall, from and after such failure, cease to excuse such party from performing any obligations or undertakings or complying with any conditions in this Lease affected by such Event of Force Majeure and (z) any time periods in this Lease that have been or would have been extended pursuant to clauses (i) or (ii) above during the duration of such Event of Force Majeure shall, from and after such failure, not be so extended and provided, further, that, with respect to any Force Majeure Interruptions, this paragraph 36 shall not be construed to reduce the Force Majeure Decision Period applicable to Lessee's elections under paragraph 26(c) above. In the event of the occurrence or continuance of an Event of Force Majeure, the party whose performance or compliance has been affected shall provide prompt notice to the other party of the commencement and the cessation of such Event of Force Majeure.

37. Confidential Information. (a) The Authority recognizes that the drawings, designs, specifications, mate-

rial lists and other engineering documents and information, including the DBA Technology (as defined in the DBA Project License), contained in the plans and specifications or otherwise provided or made available to the Authority in connection with the Improvements (collectively, the "Technical Data"), and the Improvements operating data (the "Operating Data"), are proprietary to, and are the property of, Deutsche Babcock Anlagen, A.G., BFI or Lessee, as the case may be. The Authority further recognizes that Lessee has, prior to the date of this Lease, provided or made available to the Authority certain of the Technical Data. The Authority agrees to retain in confidence and to use its best efforts not to disclose to others (except as required by applicable law as determined by a court of law having jurisdiction or except as provided in Section 7.10(d) of the Service Agreement or paragraph 37(d) below) or to use or permit the use for the benefit of itself or by others (other than in connection with the Improvements), without the prior written consent of Lessee in each such instance, any (i) Technical Data made available to the Authority, orally or otherwise, prior to the date of this Lease, (ii) Technical Data provided or made available to the Authority in writing on or subsequent to the date of this Lease, provided such data has been marked "Confidential", (iii) Technical Data provided or made available to the Authority orally and thereafter confirmed in writing to be proprietary and/or confidential, and (iv) the Operating Data. It shall be presumed that any

Technical Data not marked as provided in clause (ii) above or, if oral, not so confirmed in writing, was provided or made available to the Authority prior to the date of this Lease.

(b) Except as required by Local Laws, the Authority agrees, upon the earlier to occur of (i) the termination of this Lease, (ii) the sale, assignment or transfer by the Authority of the Property or (iii) the termination of the DBA Project License, to use its best efforts to return promptly to Lessee all copies of all documents, drawings, designs, programs and other tangible evidence of the Technical Data and the Operating Data and the Authority will retain no copies or reproductions of any form thereof, except to the extent that the Authority retains the right to any such copies or reproductions as assignee of the DBA Project License or pursuant to an agreement entered into under the Covenant of Further Assurance (annexed to the Service Agreement as Appendix IV to the DBA Project License).

(c) Lessee has provided and agreed to provide the Technical Data and the Operating Data to the Authority expressly upon the condition that such Technical Data and such Operating Data are or would be classified within category (4) of the minutes of the Committee on Operations of the Board of Commissioners of the Authority, adopted on September 20, 1977, entitled "Freedom of Information - Port Authority Policy and Procedure" and that access of the general

public to such records for public inspection and copying would be denied. In the event that the Technical Data and the Operating Data would not be so classified, the consent of Lessee to the Authority's maintenance of the Technical Data and the Operating Data within its official records is revoked and on or prior to the moment in time at which the Technical Data and the Operating Data would cease to be so classified, the Technical Data and the Operating Data shall be returned to Lessee.

(d) While the Host Municipality Agreement and the County Service Contract, respectively, remain in full force and effect, the Authority may disclose the Technical Data and the Operating Data to the City and the County, respectively. The Authority, the City or the County may disclose the Technical Data and the Operating Data to professional advisors and consultants only after the Authority, the City or the County, as the case may be, shall have obtained an executed confidentiality agreement from each of their respective professional advisors or consultants prior to such disclosure, in substantially the form annexed to the DBA Project License as Appendix III, an executed copy of which confidentiality agreement shall be promptly delivered to Lessee, and after having advised such professional advisor or consultant of the confidential nature of the information. Execution of such an agreement by each such professional advisor or consultant shall completely and absolutely discharge the Authority, the City or the County, as the case

may be, from any and all liability with respect to the disclosure of any confidential information so obtained from the Authority, the City or the County, as the case may be; provided, however, that the Authority, the City or the County, as the case may be, shall use reasonable efforts to notify Lessee of any breaches of such agreement by its respective professional advisor or consultant of which it has knowledge.

(e) The provisions of this paragraph 37 shall survive any expiration or termination of this Lease.

38. DBA Project License. (a) Lessee shall obtain the DBA Project License on or before the earlier of the Construction Date or the date of the Interim Notice to Proceed.

(b) Lessee shall make or cause the Contractor to make the payments required to secure the perpetual and paid-up sub-license referred to in section 2.3 of the DBA Project License.

(c) Lessee represents that the conditions set forth in section 2.3 of the DBA Project License are the only conditions relevant to the grant and maintenance of the perpetual and paid-up sub-license referred to therein.

(d) After the date of this Lease, Lessee shall not enter into any material modification to, nor waive any of its rights in, nor release any other party to, the DBA Project License from any of its obligations in, the DBA

Project License, except to the extent such modifications, waivers or releases relate to the Improvements (as such term is defined in the DBA Project License, without taking into account the definition of said term in this Lease), without the prior written consent of Lessor, during the term of this Lease. Lessor shall not unreasonably withhold or delay its consent to any such modifications, waivers or releases.

IN WITNESS WHEREOF, Lessor and Lessee have each caused this Lease to be duly executed and delivered, all as of the date first above written.

SCHEDULE A

Description of Property

Parcel 1 (Area A)

All that certain parcel of land situate in the City of Newark, the County of Essex and the State of New Jersey, being Area "A", Plant Lease Area across P/O Tax Lot 92, Block 5001 (all tax lot information taken from the City of Newark Tax Atlas Data), and being more particularly bounded and described as follows:

BEGINNING at a point, said point being within Tax Lot 92, Block 5001, said point being the following four courses, as measured from a northwesterly corner of said Lot 92 at its intersection with the easterly line of Blanchard Street (50 feet right-of-way): a) along a curve to the left, having a radius of 275.00 feet, a length of 71.11 feet to a point; b) N 21° 07' 30" E, 366.12 feet to a point of curvature; c) along a curve to the right, having a radius of 270.00 feet, a length of 121.71 feet to a point of tangency; d) S 43° 03' 03" E, 1.00 foot to the point of beginning, said point of beginning also having the New Jersey State Plane Coordinates of N 694,284.16 and E 2,149,269.86, and from said point of Beginning running, thence -

- 1) N 46° 56' 57" E, 154.23 feet running parallel with and 1 foot southeastwardly of the westerly boundary line of said Tax Lot 92 to a point of curvature, thence -
- 2) Northeastly along a curve to the left, having a radius of 312.00 feet, a length of 140.64 feet also having a chord bearing of N 34° 02' 08" E, and a chord length of 139.45 feet, running concentric with and 1 foot eastwardly of the westerly line of said Lot 92 to a point of tangency, thence -
- 3) N 21° 07' 20" E, 12.86 feet still running parallel with and 1 foot eastwardly of the westerly line of said Lot 92 to an angle point, thence -
- 4) N 61° 07' 20" E, 146.20 feet running parallel with and 1 foot southeastwardly of the westerly line of said Lot 92 to an angle point, thence -
- 5) N 21° 07' 20" E, 545.00 feet still running parallel with and 1 foot eastwardly of the westerly line of said Lot 92 to a point, thence -
- 6) S 68° 52' 40" E, 155.00 feet across Lot 92 to an angle point, thence -
- 7) S 21° 07' 20" W, 68.52 feet still across the same to an angle point, thence -
- 8) S 64° 12' 37" E, 309.80 feet still across the same to an angle point, said point being 1 foot westwardly of the westerly line of a 20 foot wide Transco Easement, thence -

- 9) Southwesterly along a curve to the left, having a radius of 4165.00 feet, a length of 411.89 feet also having a chord bearing of $S 06^{\circ} 03' 33'' W$, and a chord length of 411.72 feet, running concentric with and 1 foot westwardly of the westerly line of said 20 foot wide Transco Easement to a point of tangency, thence -
- 10) $S 03^{\circ} 13' 54'' W$, 447.47 feet running parallel with and 1 foot westwardly of the westerly line of said 20 foot wide Transco Easement to a point, thence -
- 11) Southwesterly along a curve to the right, having a radius of 339.00 feet, a length of 294.22 feet also having a chord bearing of $S 77^{\circ} 16' 09'' W$, and a chord length of 285.08 feet, running concentric with and 1 foot northwardly of the northerly line of a 15 foot wide Transco Easement to a point of tangency, thence -
- 12) $N 77^{\circ} 52' 00'' W$, 233.46 feet running parallel with and 1 foot northwardly of said 15 foot wide Transco easement and beyond, running parallel with and 1 foot northwardly of the northerly line of a 50 foot wide access easement to an angle point, thence -
- 13) $S 69^{\circ} 28' 00'' W$, 125.00 feet running parallel with and 1 foot northwardly of the northerly line of said 50 foot wide access easement to a point, thence -
- 14) $N 32^{\circ} 26' 10'' W$, 422.38 feet running across Lot 92 to a point, being the first mentioned point and place of Beginning.

Containing 15.429 acres of land, more or less.

The above is intended to describe all that parcel of land shown as Area "A", Plant Lease Area, on a plan entitled, "Plan Showing Certain Lease & Non-Exclusive Easement Areas Tax Lot 92, Block 5001, Situate in the City of Newark, Essex County, New Jersey", prepared by Thomas Tyler Moore Associates, dated November 11, 1985 and revised to February 27, 1986, and marked as File No. RP-43-35.

SCHEDULE B

Lease Memo

MEMORANDUM OF LEASE

BETWEEN :

THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY

AS LESSOR,

AND

AMERICAN REF-FUEL COMPANY OF ESSEX COUNTY

AS LESSEE.

DATED AS OF FEBRUARY 28, 1986

**This Memorandum of Lease prepared
by, and after recording please
return to:**

**Stephen R. MacDonald, Esq.
Dewey, Ballantine, Bushby,
Palmer & Wood
101 Park Avenue
New York, New York 10178**

THIS MEMORANDUM OF LEASE, made as of February 28, 1986, between THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY, a bi-state agency created by Compact between the States of New York and New Jersey with the consent of the Congress of the United States and having its principal office at One World Trade Center, New York, New York ("Lessor"), and AMERICAN REF-FUEL COMPANY OF ESSEX COUNTY, a New Jersey partnership, having an office at 14701 St. Mary's, Houston, Texas 77079 ("Lessee").

W I T N E S S E T H:

LEASED PREMISES: Lessor, as lessor, and Lessee, as lessee, have this day entered into a lease (the "Lease"), of the Property, which Property is described in Schedule A annexed hereto and by this reference made a part hereof.

DEFINITIONS: Capitalized terms used herein without definition have the respective meanings ascribed thereto in the Lease.

TERM OF LEASE: The original term of the Lease commences on the Commencement Date and expires on the Primary Term Expiration Date.

TITLE TO IMPROVEMENTS: In accordance with the Sale Agreement Lessor shall have title to the Improvements until such time as title thereto may be transferred to Lessee pursuant to the Sale Agreement.

RENEWAL TERMS: At the expiration of its original term, the Lease shall be automatically renewed for up to six (6) Renewal Terms, as provided in paragraph 4(b) of the Lease, subject to Lessee's right not to renew this Lease pursuant to paragraph 4(c) of the Lease.

RIGHTS OF LESSEE'S LENDERS: The Lease contains provisions which specifically benefit Leasehold Mortgagees. Lessee has the right, under certain circumstances, to grant a Leasehold Mortgage of its leasehold interest in the Lease. Upon a default by Lessee, Leasehold Mortgagees are entitled to copies of default notices, and Leasehold Mortgagees have the rights to cure and obtain a new lease, as set forth in paragraph 16 of the Lease.

LESSOR'S PURCHASE OPTION: Lessor has the option to purchase the Improvements from Lessee as provided in paragraph 18 of the Lease.

LESSEE'S RIGHT OF FIRST REFUSAL: Lessee has, pursuant to paragraph 32(a) of the Lease, a right of first refusal with respect to the sale, transfer or assignment by

Lessor of certain portions of, or interests in, the Land described in Schedule B annexed hereto and by this reference made a part hereof.

THE LEASE: The provisions hereof are subject in all respects to the provisions of the Lease to which reference must be made in connection with any matters affecting the Lease and nothing herein shall in any manner be deemed to affect or diminish the rights or obligations of Lessor and Lessee under the Lease. In the event of any discrepancy or inconsistency between the terms and conditions of this Memorandum of Lease and the Lease, the terms and conditions of the Lease shall control.

IN WITNESS WHEREOF, the parties hereto have caused this Memorandum of Lease to be executed the day and year first above written, for the purpose of providing an instrument for recording.

- 14) N 32° 26' 10" W, 422.38 feet running across Lot 92 to a point, being the first mentioned point and place of Beginning.

Containing 15.429 acres of land, more or less.

The above is intended to describe all that parcel of land shown as Area "A", Plant Lease Area, on a plan entitled, "Plan Showing Certain Lease & Non-Exclusive Easement Areas Tax Lot 92, Block 5001, Situate in the City of Newark, Essex County, New Jersey", prepared by Thomas Tyler Moore Associates, dated November 11, 1985 and revised to February 27, 1986, and marked as File No. RP-43-35.

SCHEDULE B TO MEMORANDUM OF LEASE

Description of Land

All that certain tract or parcel of land and premises, situate, lying, and being in the City of Newark, County of Essex and State of New Jersey:

Beginning at a point in the easterly line of Blanchard Street (50 feet wide) distant northerly 847.35 feet as measured along the easterly line of Blanchard Street from the northerly line of Raymond Boulevard, said point being further described as the intersection of the easterly line of Blanchard Street with the northerly line of the relocated Lister Branch of the New York Bay Railroad (Conrail) and having coordinates North 893,805.139 feet and East 2,149,008.174 feet in the New Jersey State Plane Coordinate System and running:

1. N5° -45' -14" W 54.82 feet along the easterly line of Blanchard Street to a point of curvature of a nontangent curve, to which point of curvature a radial line bears S20° -42' -12.5" W; thence along the northerly line of lands acquired in condemnation by the Housing Authority of the City of Newark by order vesting title dated November 3, 1978 in the action entitled, "Housing Authority of the City of Newark, Plaintiff vs. 275 Casson Avenue Realty Corp. et al., Defendants" in the Superior Court of New Jersey, Law Division, Essex County, Docket No. L-12102-78 the following ten (10) courses and distances:

2. Along the arc of a circle concave to the north having a radius of 275.00 feet, a central angle of 14° -48' -56" and an arc length of 71.11 feet to a point; thence

3. $N21^{\circ}-07'-30''$ E 368.12 feet to a point of curvature; thence
4. Along the arc of a circle concave to the southeast having a radius of 270.00 feet, a central angle of $25^{\circ}-49'-37''$ and an arc length of 121.71 feet to a point of tangency; thence
5. $N46^{\circ}-56'-57''$ E 154.23 feet to a point of curvature; thence
6. Along the arc of a circle concave to the northwest having a radius of 311.00 feet, a central angle of $25^{\circ}-49'-37''$ and an arc length of 140.19 feet to a point of tangency; thence
7. $N21^{\circ}-07'-20''$ E 13.18 feet to a point; thence
8. $N61^{\circ}-07'-20''$ E 146.23 feet to a point; thence
9. $N21^{\circ}-07'-20''$ E 885.00 feet to a point; thence
10. $S88^{\circ}-07'-10''$ E 94.07 feet to a point; thence
11. $S80^{\circ}-54'-10''$ E 228.79 feet to a point in the westerly line of a Riparian Grant to the Public Service Electric and Gas Company by the State of New Jersey on April 15, 1929 and recorded in the Office of the Register for Essex County on May 10, 1929 in Deed Book N-79 at page 543; thence

12. $N11^{\circ}-08'-10''$ E 88.32 feet to a point in the Pierhead and Bulkhead line of the southwesterly side of the Passaic River, which Pierhead and Bulkhead Line was approved by the Assistant Secretary of War on April 12, 1923 and adopted February 18, 1924, by the Board of Commerce and Navigation of the State of New Jersey; thence

13. $S78^{\circ}-51'-50''$ E 135.20 feet along said Pierhead and Bulkhead Line to a point in the westerly right of way line of lands granted to the New Jersey Turnpike Authority by deed from the Public Service Electric and Gas Company, dated December 29, 1975 and recorded in the Office of the Register for Essex County in Deed Book 4559 at page 598; thence the following three (3) courses and distances along said westerly right of way line:

14. $S13^{\circ}58'-48''$ W 234.08 feet to a point of curvature; thence

15. along the arc of a circle concave to the east having a radius of 4104.00 feet, a central angle of $10^{\circ}-42'-54''$ and an arc length of 787.49 feet to a point of tangency; thence

16. $S3^{\circ}-13'-54''$ W 474.01 feet to a point of curvature of a nontangent curve, to which point a radial line bears $S41^{\circ}-43'-28''$ E and to a point in the northerly line of the said New York Bay Railroad; thence the

following five (5) courses and distances along the aforesaid northerly line of the
New York Bay Railroad:

17. Along the arc of a circle concave to the north having a radius of 400.00 feet, a central angle of $53^{\circ}-51'-28''$ and an arc length 376.00 feet to a point of tangency; thence

18. $N77^{\circ}-52'-00''$ W 234.11 feet to a point; thence

19. $S69^{\circ}-28'-00''$ W 304.47 feet to a point; thence

20. $S86^{\circ}-19'-00''$ W 196.51 feet to a point of curvature; thence

21. Along the arc of a circle concave to the north having a radius of 325.00 feet, a central angle of $20^{\circ}-04'-35''$ and an arc length of 113.88 feet to a point in the easterly line of Blanchard Street and the point and place of beginning.

The above is intended to describe all that parcel of land shown on a plan entitled "Boundary Survey of Tax Lot 92, Block 5001 For Port Authority of New York and New Jersey, Situate in City of Newark, Essex County, New Jersey", prepared by Thomas Tyler Moore Associates, Inc., 67 Scotch Road, West Trenton, New Jersey 08628, dated January 25, 1985 and revised to February 5, 1986 and marked as File No. RP-43-30.

SCHEDULE C

Percentage Rent

In addition to the annual basic rental payable for each Lease Year of each Renewal Term, Lessee shall pay Lessor an annual Percentage Rent for each Lease Year of each Renewal Term, such annual Percentage Rent to be an amount equal to five percent (5%) of the total of the following amounts described in clauses (i) and (ii) below (collectively, the "Applicable Revenues"): (i) the Net Revenues actually received by Lessee during such Lease Year from the sale of electricity and thermal energy produced at the Premises and (ii) the gross tipping fees actually received by Lessee during such Lease Year.

For purposes of this provision, the term "Net Revenues" shall mean total revenues derived from sales of electricity and thermal energy produced at the Premises (including any revenues in respect of charges for the generation capacity of the Improvements), less (A) administrative costs charged by, and paid to, purchasers in connection with such sales pursuant to the Electric Sales Contract, the Thermal Energy Sales Contract or any other agreement for the sale of thermal energy produced at the Premises and (B) commissions, transportation and wheeling and similar direct charges paid by Lessee in connection with such sales.

For purposes of this provision, the term "gross tipping fees" shall mean the gross amount received by Lessee for the service of receiving Solid Waste at the Premises.

SCHEDULE D

Recordkeeping and Audits
for Percentage Rent

(a) Audits. If Lessor disputes a certification by Lessee pursuant to paragraph 6(c) of this Lease, then Lessor may, upon notice to Lessee of such dispute, at Lessor's cost and expense and with the full cooperation of Lessee, audit the books and records of Lessee solely for the purposes of verifying the financial calculations required to be made in connection with Lessee's Percentage Rent obligations under paragraph 6(c) of this Lease; provided, however, that for the purposes of such audit the books and records of Lessee shall not include Lessee's profit and loss statement or any other information or records not required for such Percentage Rent calculations. Notwithstanding and in addition to the foregoing, Lessor may audit the books and records of Lessee absent a dispute between Lessor and Lessee, not more than one (1) time with respect to each Lease Year, for any purpose whatsoever, upon reasonable notice to Lessee, at Lessor's cost and expense and with the full cooperation of Lessee, provided, however, that for the purposes of such audit the books and records of Lessee shall not include Lessee's profit and loss statement. Any audit conducted by Lessor hereunder with respect to a particular Lease Year, including a dispute involving Percentage Rent for a particular Lease Year, shall be completed within

thirty-nine (39) months from the end of such Lease Year, provided, however, that Lessor's right to audit with respect to disputed items shall terminate upon final resolution of the dispute.

(b) Recordkeeping by Lessee. Lessee shall retain and store, for a period of thirty-nine (39) months from the end of each Lease Year, proper, accurate and complete books, records and accounts of all Applicable Revenues, Net Revenues, gross tipping fees and sales of services and recovered resources in connection with the Improvements during such Lease Year, which books, records and accounts shall be prepared in accordance with generally accepted accounting principles and procedures. The use of remote storage media, consisting of maintaining photocopies, microfilm or microfiche copies, access to electronic storage media or any other commonly used storage system with respect to such books, records and accounts within the Port District, shall constitute such retention and storage, regardless of where the foregoing storage media, books, records and accounts are physically located.

SCHEDULE E

Assignment and Assumption Agreement

ASSIGNMENT AND ASSUMPTION AGREEMENT, dated as of
, between AMERICAN REF-FUEL COMPANY OF ESSEX
COUNTY, a New Jersey general partnership ("Assignor"), and
("Assignee").

W I T N E S S E T H :

WHEREAS, Assignor has determined to assign to Assignee its right, title and interest in and to the Lease and Agreement dated as of February 28, 1986 (the "Lease") with The Port Authority of New York and New Jersey (the "Authority"), a bi-state agency created by Compact between the States of New York and New Jersey with the consent of the Congress of the United States, which provides for the letting by the Authority to Assignor of property located in Newark, New Jersey for the purpose of constructing, operating and maintaining the Improvements (such term and all other capitalized terms used herein without definition having the respective meanings ascribed thereto in the Lease) the Sale Agreement, the Escrow Agreement, to the extent assignable the Product Sales Agreements and the DBA Project License to the extent required to be existent pursuant to paragraph 38 of the Lease, and the Company Support Agreement (collectively, the "Assigned Agreements"); and

WHEREAS, Assignee agrees to accept Assignor's
right, title and interest in and to the Assigned Agreements

and in accordance therewith assume all obligations of Assignor with respect to the Assigned Agreements; and

WHEREAS, paragraph 19(b) of the Lease, section 6.02 of the Sale Agreement and section 7.15 of the Escrow Agreement provide, inter alia, that Assignor may, without the consent of the Authority, assign its right, title and interest under each of such agreements, respectively, to a Person which is one of (i) Assignor's Affiliates, (ii) the Partners, Parents or Grandparents or (iii) the Affiliates of an entity referred to in clause (ii) above, provided that Assignor shall have delivered to the Authority a fully effective assignment and assumption agreement in the form represented by this Assignment and Assumption Agreement, executed by the assignee thereof, by which such assignee assumes all of the obligations of Assignor under the Assigned Agreements; and

WHEREAS, Assignee is one of the entities described in clauses (i) through (iii) above; and

WHEREAS, the Company Support Agreement, pursuant to Section 11(c) thereof, provides that each of the Grandparents shall have given its consent prior to the assumption of all rights and obligations of Assignor in and under the Company Support Agreement by an assignee to whom Assignor may assign the Assigned Agreements (including the Company Support Agreement); and

WHEREAS, the Grandparents have determined to consent to the assumption by Assignee of all Assignor's rights and obligations in and under the Company Support Agreement;

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration, receipt of which is hereby acknowledged, Assignor and Assignee hereby agree as follows:

Section 1. Effective as of the date hereof, Assignor hereby assigns to Assignee all of Assignor's right, title and interest in, to and under each of the Assigned Agreements, subject to the terms of this Assignment and Assumption Agreement.

Section 2. Effective as of the date hereof, Assignee hereby agrees to assume and perform all the duties and obligations to be performed by Assignor under each of the Assigned Agreements, in each case as if Assignee had been the original party to each of such Assigned Agreements.

Section 3. Assignor hereby represents and warrants that, except for the assignments of the Company Support Agreement pursuant to clauses (i), (ii) and (iii) of section 11(a) thereof, there has not been any other assignment by Assignor of its interest under any of the Assigned Agreements.

Section 4. Neither the assignment nor the assumption provided in this Assignment and Assumption Agreement shall be deemed to effect an amendment of or otherwise change in any of the terms or conditions of any of the As-

signed Agreements or otherwise relieve the Authority or either of the Grandparents or, if Assignor continues in existence after execution of this Assignment and Assumption Agreement, Assignor from liability for the performance of their respective obligations under the Assigned Agreements.

Section 5. This Assignment and Assumption Agreement shall be binding upon, and inure to the benefit of, Assignor, Assignee, the Authority and each of the Grandparents.

Section 6. This Assignment and Assumption Agreement and any question concerning its validity, construction or performance shall be governed by and construed under and pursuant to, the laws of the State of New York, irrespective of the place of execution or of the order in which the signatures of the parties are affixed or of the place or places of performance.

Section 7. If any provision hereof or the application thereof to any Person or circumstance shall to any extent be invalid or unenforceable, the remaining provisions hereof, or the application of such provision to Persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each provision hereof shall be valid and shall be enforceable to the extent permitted by law.

Section 8. This Assignment and Assumption Agreement may not be amended other than by written agreement duly

authorized and executed by Assignor and Assignee, together with the prior written consent of each of the Grandparents.

Section 9. This Assignment and Assumption Agreement may be executed in more than one counterpart, each of which shall be deemed to be an original.

Section 10. No commissioner or director, nor any officer, agent, representative or employee of either Assignor, Assignee, the Authority, the Grandparents, or of the Partners in, and Affiliates of, Assignor, shall be charged personally by the other or held contractually liable thereto under any term or provision of this Assignment and Assumption Agreement, because of either party's execution or attempted execution or because of any breach or alleged breach thereof.

Section 11. Except as herein otherwise specifically provided, nothing in this Assignment and Assumption Agreement is intended or shall be construed to confer upon any Person other than Assignor, Assignee, the Authority and each of the Grandparents, any right, remedy or claim under or by reason of this Assignment and Assumption Agreement, this Assignment and Assumption Agreement being intended to be for the sole and exclusive benefit of the Assignor, the Assignee, the Authority and each of the Grandparents.

IN WITNESS WHEREOF, the undersigned parties have
executed and delivered this Assignment and Assumption Agree-
ment on the date first above written.

SCHEDULE F

Assignment of Lease
with Assumption and Consent (Lease No.)

THIS AGREEMENT made as of _____ by
_____ (hereinafter
called "the Lessor"), having an office for the transaction of
business at _____, and

(hereinafter called "the Assignor"),
a corporation organized and existing under the laws of the State
of _____ with an office for the transaction of business at

an individual, residing at

a partnership, consisting of

and
(hereinafter called "the Assignee")
a corporation organized and existing under the laws of the State
of _____ with an office for the transaction of business at

an individual, residing at

a partnership, consisting of

the representative of which is

WITNESSETH, THAT:

WHEREAS, the Assignor desires to assign to the Assignee that
certain Lease and Agreement dated as of February 28, 1986, made
by and between Lessor and the Assignor, and hereinafter, as the
same has been heretofore amended and extended, called "the
Lease";

covering premises at _____; and

WHEREAS, the Lessor is willing to consent to such assignment on
certain terms, provisions, covenants and conditions;

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, the Lessor, the Assignor and the Assignee hereby agree as follows:

1. The Assignor does hereby assign, transfer and set over to the Assignee, heirs, executors, administrators and successors, to and their own proper use, benefit and behalf forever, the Lease, to have and to hold the same unto the Assignee heirs, executors, administrators and successors from the day of , 19 , for and during all the rest, residue, and remainder of the term of the letting under the Lease, subject nevertheless to all the terms, provisions, covenants and conditions therein contained; and the Assignor does hereby assign, transfer and set over unto the Assignee heirs, executors, administrators and successors, all right, title and interest of the Assignor in and to a certain deposit (whether of cash or bonds) in the amount of

made by the Assignor with the Lessor, as security for the performance of the terms, provisions, covenants and conditions of the Lease, but subject to the provisions of the Lease and to any claim or right to the said deposit or any part thereof heretofore or hereafter made or to be made on the part of the Lessor.

2. The Lessor hereby consents to the foregoing assignment. Notwithstanding anything herein to the contrary, the granting of such consent by the Lessor shall not be, or be deemed to operate as, a waiver of the requirement for consent (or consents) to each and every subsequent assignment by the Assignee or by any subsequent assignee. The Assignor is not hereby relieved of liability under the terms, provisions, covenants and conditions of the Lease, except to the extent otherwise specified in paragraph 19 of the Lease.

3. The Assignor agrees that this assignment of the Lease and this consent of Lessor thereto shall not in any way whatsoever affect or impair the liability of the Assignor to perform all the terms, provisions, covenants and conditions including, without limitation thereto, the obligation to pay rent, of the Lease on the part of Lessee thereunder to be performed, and that the Assignor shall continue fully liable for the performance of all the terms, provisions, covenants and conditions including, without limitation thereto, the obligation to pay rent, on the part of Lessee thereunder to be performed.

4. The Assignee does hereby assume the performance of and does hereby agree to perform all the terms, provisions, covenants and conditions, including without limitation thereto the obligation to pay rent, contained in the Lease, to be performed on the part of the lessee or tenant thereunder, as though the Assignee were the original signatory to the Lease. The execution of this instrument by the Lessor does not constitute a representation by it that the Assignor has performed or fulfilled every obligation

required by the Lease; as to such matters the Assignee agrees to rely solely upon the representation of the Assignor.

5. Neither the Commissioners of the Lessor nor any of them, nor any officer, agent or employee thereof, shall be charged personally by the Assignor or by the Assignee with any liability or held liable to either of them under any term or provision of this Agreement, or because of its execution or attempted execution, or because of any breach or attempted or alleged breach thereof.

IN WITNESS WHEREOF, the Lessor, the Assignor and the Assignee have executed these presents as of the date first hereinabove set forth.

G. Bodily Injury and Property Damage arising out of design error	
H. Automobile Liability	
I. Workmen's Compensation - Coverage B (Employer's Liability)	
4. Workmen's Compensation Insurance in accordance with applicable law, including coverage for the United States Longshoremen and Harbor Workers Act, Voluntary Compensation, All States Endorsement, and FELA liability	(as required by applicable New Jersey law)
Workmen's Compensation - Coverage B (Employer's Liability)	\$500,000

SCHEDULE H

Easements

Full Term Easements

1. A non-exclusive main access easement from Raymond Boulevard or from a road or ramp connecting with Raymond Boulevard, to Area A, which easement will be for the purpose of constructing and using a primary route of ingress to and egress from Area A. Said main access easement shall enter Area A at or near the southeastern corner of Area A, and shall be at least sixty (60) feet in width at all points. Said easement will require a grant from Lessor with respect to the approximately sixty (60) feet of land within Area F from the southern border of Area A to the southern border of the Land, as well as grants from the fee owners of the lands necessary to cross from the southern border of the Land to Raymond Boulevard or to a road or ramp connecting with Raymond Boulevard, it being understood that said main access easement shall connect to a public right of way. Lessor acknowledges that the main purpose of the easement described in this item 1 is access to the Improvements on Area A. Lessor will use reasonable efforts (including the insertion of appropriate restrictions in both the document by Lessor creating the easement (with respect to the portion of such easement within the boundaries of the Land) and the document(s) obtaining the easement from third parties (with respect to the portion of such easement outside the boundaries of the Land), if obtainable at no additional expense, and any documents granting other Persons non-exclusive rights with respect to the easement area) to prevent those Persons who are not seeking access to the Improvements on Area A from materially interfering with access to the Improvements on Area A.

2. A non-exclusive utility and emergency access easement from Blanchard Street to Area A, which easement will be a secondary route of ingress to and egress from Area A, to be used in emergency situations and when the aforesaid main access easement is unavailable for use, an easement for subsurface drainage at or near the northeastern corner of Area D, and an easement for the laying of such utility connections and pipelines as Lessee and Lessor may mutually agree to be necessary for the construction or operation of the Improvements. Said utility and emergency access easement shall encumber, and shall require a grant from Lessor with respect to, Area D.

3. A non-exclusive drainage easement for the purpose of permitting drainage from Area A and surrounding areas within the Land to the Passaic River. Said easement shall encumber, and shall require a grant from Lessor with respect to, Area E.

4. A non-exclusive drainage easement for the purpose of permitting drainage from Area A and surrounding areas within the Land to the Passaic River, which easement will encompass the ditch labelled "Ditch" within Area C from the boundary between Area A and Area C to the Tide Gate and the ditch labelled "Central Ditch" from the Tide Gate to the published mean high water line of the Passaic River, as indicated on that certain survey by Thomas Tyler Moore Associates, Inc. entitled "Plan Showing Certain Lease and Non-Exclusive Easement Areas in Tax Lot 92, Block 5001 Situate in City of Newark, Essex County, New Jersey," file number RP-43-35, dated November 11, 1985 and last revised February 27, 1986. Said easement shall encumber, and shall require a grant from Lessor with respect to, those portions of the aforementioned "Ditch" and "Central Ditch" located within Area C.

5. Such other easements as Lessee and Lessor may mutually agree to be necessary to construct or operate the Improvements as a mass-burning resource recovery facility.

Construction Easements

6. Two non-exclusive construction laydown and vehicle parking easements, to be used for the storage of building materials, the erection of such temporary building facilities and the parking of automobiles, trucks, trailers and such other vehicles necessary in connection with the construction of the Improvements. Said easements shall encumber, and shall require a grant from Lessor with respect to, Area B and Area C.

7. Such other easements as Lessee and Lessor may mutually agree to be necessary to construct or operate the Improvements as a mass-burning resource recovery facility.

Annex 1 (Land)

All that certain tract or parcel of land and premises, situate, lying, and being in the City of Newark, County of Essex and State of New Jersey:

Beginning at a point in the easterly line of Blanchard Street (50 feet wide) distant northerly 847.35 feet as measured along the easterly line of

Blanchard Street from the northerly line of Raymond Boulevard, said point being further described as the intersection of the easterly line of Blanchard Street with the northerly line of the relocated Lister Branch of the New York Bay Railroad (Conrail) and having coordinates North 693,805.139 feet and East 2,149,006.174

feet in the New Jersey State Plane Coordinate System and running:

1. N5°-45'-14" W 54.82 feet along the easterly line of Blanchard Street to a point of curvature of a nontangent curve, to which point of curvature a radial line bears S20°-42'-12.5" W; thence along the northerly line of lands acquired in condemnation by the Housing Authority of the City of Newark by order vesting title dated November 3, 1978 in the action entitled, "Housing Authority of the City of Newark, Plaintiff vs. 275 Casson Avenue Realty Corp. et al., Defendants" in the Superior Court of New Jersey, Law Division, Essex County, Docket No. L-12102-78 the following ten (10) courses and distances:

2. Along the arc of a circle concave to the north having a radius of 275.00 feet, a central angle of 14°-48'-56" and an arc length of 71.11 feet to a point; thence

3. $N21^{\circ}-07'-30''$ E 386.12 feet to a point of curvature; thence

4. Along the arc of a circle concave to the southeast having a radius of 270.00 feet, a central angle of $25^{\circ}-49'-27''$ and an arc length of 121.71 feet to a point of tangency; thence

5. $N46^{\circ}-56'-57''$ E 154.23 feet to a point of curvature; thence

6. Along the arc of a circle concave to the northwest having a radius of 311.00 feet, a central angle of $25^{\circ}-49'-37''$ and an arc length of 140.19 feet to a point of tangency; thence

7. $N21^{\circ}-07'-20''$ E 13.18 feet to a point; thence

8. $N61^{\circ}-07'-20''$ E 146.23 feet to a point; thence

9. $N21^{\circ}-07'-20''$ E 885.00 feet to a point; thence

10. $S88^{\circ}-07'-10''$ E 94.07 feet to a point; thence

11. $S80^{\circ}-54'-10''$ E 228.79 feet to a point in the westerly line of a Riparian Grant to the Public Service Electric and Gas Company by the State of New Jersey on April 15, 1929 and recorded in the Office of the Register for Essex County on May 10, 1929 in Deed Book N-79 at page 543; thence

12. $N11^{\circ}-08'-10'' E$ 66.32 feet to a point in the Pierhead and Bulkhead line of the southwesterly side of the Passaic River, which Pierhead and Bulkhead Line was approved by the Assistant Secretary of War on April 12, 1923 and adopted February 18, 1924, by the Board of Commerce and Navigation of the State of New Jersey; thence

13. $S78^{\circ}-51'-50'' E$ 135.20 feet along said Pierhead and Bulkhead Line to a point in the westerly right of way line of lands granted to the New Jersey Turnpike Authority by deed from the Public Service Electric and Gas Company, dated December 29, 1975 and recorded in the Office of the Register for Essex County in Deed Book 4559 at page 598; thence the following three (3) courses and distances along said westerly right of way line:

14. $S13^{\circ} 58' -48'' W$ 234.08 feet to a point of curvature; thence

15. along the arc of a circle concave to the east having a radius of 4104.00 feet, a central angle of $10^{\circ}-42'-54''$ and an arc length of 767.49 feet to a point of tangency; thence

16. $S3^{\circ}-13'-54'' W$ 474.01 feet to a point of curvature of a nontangent curve, to which point a radial line bears $S41^{\circ}-43'-28'' E$ and to a point in the northerly line of the said New York Bay Railroad; thence the

following five (5) courses and distances along the aforesaid northerly line of the New York Bay Railroad:

17. Along the arc of a circle concave to the north having a radius of 400.00 feet, a central angle of $53^{\circ}-51'-28''$ and an arc length 376.00 feet to a point of tangency; thence

18. $N77^{\circ}-52'-00''$ W 234.11 feet to a point; thence

19. $S69^{\circ}-28'-00''$ W 304.47 feet to a point; thence

20. $S86^{\circ}-19'-00''$ W 196.51 feet to a point of curvature; thence

21. Along the arc of a circle concave to the north having a radius of 325.00 feet, a central angle of $20^{\circ}-04'-35''$ and an arc length of 113.88 feet to a point in the easterly line of Blanchard Street and the point and place of beginning.

The above is intended to describe all that parcel of land shown on a plan entitled "Boundary Survey of Tax Lot 92, Block 5001 For Port Authority of New York and New Jersey, Situate in City of Newark, Essex County, New Jersey", prepared by Thomas Tyler Moore Associates, Inc., 67 Scotch Road, West Trenton, New Jersey 08628, dated January 25, 1985 and revised to February 5, 1986 and marked as File No. RP-43-30.

Annex 2 (Area D)

All that certain parcel of land situate in the City of Newark, the County of Essex and the State of New Jersey, being Area "D" a Utility and Emergency Access Road Non-Exclusive Easement Area across P/O Tax Lot 92, Block 5001 (all tax lot information taken from City of Newark Tax Atlas Data) and being more particularly bounded and described as follows:

BEGINNING at a point on the easterly line of Blanchard Street (50 feet right-of-way per tax map), said point being distant N 05° 45' 14" W, 848.43' as measured along the easterly line of Blanchard Street from its intersection with the northerly line of Raymond Boulevard, said point also having New Jersey State Plane Coordinates of North 693,806.21 and East 2,149,006.07, and from said point of Beginning running, thence -

- 1) N 05° 45' 14" W, 52.62 feet along the easterly line of said Blanchard Street to a point, thence -
- 2) Southeastwardly along a curve to the left, having a radius of 276.00 feet, a length of 71.63 feet and having a chord bearing of S 76° 50' 06" E, and a chord length of 71.43 feet running concentric with and 1.00 foot southwardly of a northerly line of said Lot 92 to a point, thence -
- 3) N 21° 07' 30" E, 366.88 feet running parallel with and one foot eastwardly of the westerly line of said Lot 92 to a point of curvature, thence -
- 4) Northeastwardly along a curve to the right, having a radius of 269.00 feet, a length of 121.24 feet and having a chord bearing of N 34° 02' 13" E, and a chord length of 120.21 feet running concentric with and 1.00 foot eastwardly of the westerly line of said Lot 92 to a point, said point being on a southwesterly line of Area "A", "Plant Lease Area", thence -
- 5) S 32° 26' 10" E, 60.00 feet along the southwesterly line of said Area "A" to a point, said point being a northerly corner of Area "B", "Temporary Trailer Parking and Construction Laydown Non-Exclusive Easement Area", thence -
- 6) Southwestwardly along a curve to the left, having a radius of 190.00 feet, a length of 117.40 feet and having a chord bearing of S 38° 49' 37" W, and a chord length of 115.54 feet running along a northerly line of said Area "B", to a point of tangency, thence -
- 7) S 21° 07' 30" W, 375.81 feet running along the westerly line of said Area "B" and beyond to a point, said point being 1.00 foot northwardly of the southerly line of said Lot 92, thence -

- 8) Northwestwardly along a curve to the right, having a radius of 324.00 feet, a length of 89.37 feet and having a chord bearing of N 81° 26' 11" W and a chord length of 89.08 feet running concentric with and one foot northwardly of the southerly line of said Lot 92 to a point on the aforementioned easterly line of Blanchard Street, being the first mentioned point and place of Beginning.

Containing 0.564 acres of land, more or less.

The above is intended to describe all that parcel of land shown as, Area "D", "Utility and Emergency Access Road Non-Exclusive Easement Area", on a plan entitled, "Certain Lease and Non-Exclusive Easement Areas in Tax Lot 92, Block 5001, Situate in the City of Newark, Essex County, New Jersey", prepared by Thomas Tyler Moore Associates, Inc., dated November 11, 1985 and revised to February 27, 1986, and marked as File No. RP-43-35.

Annex 3 (Area B)

All that certain parcel of land situate in the City of Newark, the County of Essex and the State of New Jersey, being an Essex County Materials Recovery Site Lease Area and Area "B", Temporary Trailer Parking & Construction Laydown Non-Exclusive Easement Area, Across P/O Tax Lot 92, Block 5001 (all tax lot information taken from the City of Newark Tax Atlas Data), and being more particularly bounded and described as follows:

BEGINNING at a point, said point being a southeasterly corner of Area "D", Utility and Emergency Access Road Non-Exclusive Easement", said point being the following two courses, as measured from a point in the easterly line of Blanchard Street (50' right-of-way), said point in Blanchard Street being a southwesterly corner of said Lot 92, Block 5001: a) N 05° 45' 14" W, 1.08 feet; b) Southeastwardly along a curve to the left having a radius of 324.00 feet, a length of 89.37 feet, having a chord bearing of S 81° 26' 11" E, and a chord length of 89.08 feet, said point of beginning also being 1' northerly of the southerly line of said Tax Lot 92, Block 5001, said point of beginning also having the New Jersey Plane Coordinates of N 693,792.95 and E 2,149,094.16, and from said point of beginning running, thence -

- 1) N 21° 07' 30" E, 375.81 feet across Lot 92 and along an easterly line of said Area "D" to a point of curvature, thence -
- 2) Northeastwardly along a curve to the right having a radius of 190.00 feet, a length of 87.22 feet and having a chord bearing of N 34° 16' 38" E and a chord length of 86.46 feet still along the same to a point, said point being a southwesterly corner of Area "E", Essex County Materials Recovery Site and Resource Recovery Plant Drainage Area, Non-Exclusive Easement, thence -
- 3) S 32° 26' 10" E, 404.22 feet along a southwesterly line of said "Area E" and beyond, crossing over an existing 50' wide access easement and running along a southwesterly line of Area "F", Transco/P.S.E.&G. Easement Area to a point, said point being 1' northerly of a southerly line of said Lot 92, Block 5001, thence -
- 4) S 69° 28' 00" W, 192.68 feet running parallel with and 1' northerly of a southerly line of said Lot 92 to an angle point, thence -
- 5) S 86° 19' 00" W, 196.36 feet still running parallel with and 1' northerly of the southerly line of said Lot 92 to a point of curvature, thence -

- 15) S 76° 28' 37" E, 16.25 feet along the same to an angle point, thence -
- 16) S 72° 46' 12" E, 16.54 feet along the same to an angle point, thence -
- 17) S 68° 50' 19" E, 13.30 feet along the same to an angle point, thence -
- 18) S 69° 07' 50" E, 17.12 feet along the same to an angle point, thence -
- 19) S 67° 34' 27" E, 13.63 feet along the same to an angle point, thence -
- 20) S 68° 56' 26" E, 18.64 feet along the same to an angle point, thence -
- 21) S 76° 28' 50" E, 18.82 feet along the same to an angle point, thence -
- 22) S 78° 29' 10" E, 16.53 feet along the same to an angle point, thence -
- 23) S 86° 08' 58" E, 20.85 feet along the same to an angle point, thence -
- 24) S 09° 48' 46" W, 221.95 feet across Lot 92 to a point, said point being 1.00 foot westwardly of a westerly line of a 20 foot wide Transco Easement, thence -
- 25) Southwestwardly along a curve to the left having a radius of 4165.00 feet and a length of 251.01 feet, also having a chord bearing of S 10° 37' 27" W and a chord length of 250.97 feet running concentric with and 1.00 foot westwardly of the westerly line of said Transco Easement to a point, said point being a northeasterly corner of Plant Lease Area "A", thence -
- 26) N 64° 12' 37" W, 309.80 feet along a northerly line of said Lease Area "A" to an angle point, thence -
- 27) N 21° 07' 20" E, 68.52 feet still along the same to an angle point, thence -
- 28) N 68° 52' 40" W, 155.00 feet still along the same to a point, said point being 1 foot eastwardly of the westerly line of said Tax Lot 92, thence -
- 29) N 21° 07' 20" E, 314.40 feet running parallel with and 1 foot eastwardly of the westerly line of said Lot 92 to a point, being the first mentioned point and place of Beginning.

Containing 3.816 acres of land, more or less.

The above is intended to describe all that parcel of land shown as Area "C", Temporary Construction Laydown Non-Exclusive Easement Area, on a plan entitled, "Plan Showing Certain Lease and Non-Exclusive Easement Areas in Tax Lot 92, Block 5001, Situate in the City of Newark, Essex County, New Jersey", prepared by Thomas Tyler Moore Associates, dated November 11, 1985 and revised to February 27, 1986, and marked as File No. RP-43-35.

Annex 5 (Area E)

All that certain parcel of land situate in the City of Newark, the County of Essex and the State of New Jersey, being Area "E", Resource Recovery Plant Drainage Area Non-Exclusive Easement, across part of Tax Lot 92, Block 5001, and being more particularly bounded and described as follows:

BEGINNING at a point, said point being distant the following four courses, as measured from a southwesterly corner of said Lot 92, also being on the easterly line of Blanchard Street (50 feet right-of-way): a) N 05° 45' 14" W, 1.08 feet; b) southeastwardly along a curve to the left, having a radius of 324.00 feet, a length of 89.37 feet and having a chord bearing of S 81° 26' 11" E, and a chord length of 89.09 feet; c) N 21° 07' 30" E, 375.81 feet; d) northeastwardly along a curve to the right, having a radius of 190.00 feet, a length of 117.40 feet and having a chord bearing of N 38° 49' 37" E, and a chord length of 115.54 feet, said point being a northerly corner of a Temporary Trailer Parking & Construction Laydown Non-Exclusive Easement Area, Area "B", said point also having New Jersey State Plane Coordinates of N 694,233.52 and E 2,149,302.04 and from said point of Beginning running, thence -

- 1) S 32° 26' 10" E, 362.38 feet across said Tax Lot 92 to a point, said point being located 1.00 foot westwardly of the northerly line of an existing 50' wide access easement, thence -
- 2) S 69° 28' 00" E, 30.66 feet to a point, thence -
- 3) N 32° 26' 10" W, 353.12 feet across said Tax Lot 92 to a point, said point being on the northwesterly line of the aforementioned Area "B", thence -
- 4) Northeastwardly along a curve to the right, having a radius of 190.00 feet, a length of 30.18 feet, and having a chord bearing of N 51° 58' 45" E, and a chord length of 30.14 feet to a point, being the first mentioned point and place of Beginning.

Containing 0.247 acres of land, more or less.

The above is intended to describe all that parcel of land shown as Area "E", Resource Recovery Plant Drainage Non-Exclusive Easement Area, on a plan entitled, "Plan Showing Certain Lease & Non-Exclusive Easement Areas in Tax Lot 92, Block 5001, Situate in the City of Newark, Essex County, New Jersey", prepared by Thomas Tyler Moore Associates, dated November 11, 1985 and revised to February 27, 1986, and marked as File No. RP-43-35.

Annex 6 (Area F)

All that certain parcel of land situate in the City of Newark, County of Essex and State of New Jersey, being Area F, Transco/Public Service Electric & Gas Company Easement Area Across P/O Tax Lot 92, Block 5001, and being more particularly bounded and described as follows:

BEGINNING at a point, said point being distant the following three courses, as measured from a south-westerly corner of said Lot 92, also being on the easterly line of Blanchard Street (50 foot right-of-way): a) Southeasterly along a curve to the left, having a radius of 325.00 feet and a length of 113.88 feet and having a chord bearing of S 83° 38' 42" E and a chord length of 113.30 feet; b) N 86° 19' 00" E, 196.51 feet; c) N 69° 28' 00" E, 193.03 feet, said point of Beginning also having the New Jersey Plane Coordinates of N 693,872.93 and E 2,149,495.65 and from said point of Beginning, running, thence -

- 1) N 32° 26' 10" W, 52.12 feet along the easterly line of Area "B", Temporary Trailer Parking & Construction Laydown Non-Exclusive Easement Area to a point, said point being the southwesterly corner of Area "E", Resource Recovery Plant Drainage Area Non-Exclusive Easement and being located 1 foot northwardly of the northerly line of an existing 50' wide access easement, thence -
- 2) N 69° 28' 00" E, 155.66 feet along the southerly line of said Area "E" and beyond, along a southerly line of Area "A", Plant Lease Area, and also running parallel with and 1 foot northerly of said 50' wide access easement to an angle point, thence -
- 3) S 77° 52' 00" E, 233.46 feet still along the southerly line of said Area A and running parallel with and 1 foot northerly of the northerly line of said 50' wide access easement and beyond, running parallel with and 1 foot northerly of the northerly line of a 15 foot wide Transco easement to a point of curvature, thence -
- 4) Northeastwardly along a curve to the left having a radius of 339.00 feet, a length of 294.22 feet, and having a chord bearing of N 77° 16' 10" E and a chord length of 285.08 feet, still running along the southerly line of said Area "A" and running concentric with and 1 foot northerly of the northerly line of said 15 foot wide Transco Easement to a point, thence -
- 5) N 03° 13' 54" E, 447.47 feet running along a easterly line of said Area "A", also running parallel with and 1 foot westerly of the westerly line of a 20 foot wide Transco Easement to a point of curvature, thence -
- 6) Northeastwardly along a curve to the right, having a radius of 4165.00 feet, a length of 662.90 feet, and having a chord bearing of N 07° 47' 29" E and a chord length of 662.19 feet, still running along the easterly line of said Area "A" and beyond, running along a easterly line of Area "C", Temporary Construction Laydown, Non-Exclusive Easement Area, and also running concentric with and 1 foot westerly of the westerly line of an existing 20 foot wide Transco Easement to a point, thence -
- 7) N 09° 48' 46" E, 221.95 feet still running along the easterly line of said Area "E" to a point in the published Mean High Water Line of the Passaic River, thence -
- 8) S 84° 21' 51" E, 15.27 feet along the published Mean High Water Line of the Passaic River to an angle point, thence -
- 9) S 83° 34' 16" E, 14.29 feet still along the same to an angle point, thence -
- 10) S 84° 00' 34" E, 16.29 feet still along the same to an angle point, thence -

- 11) S 90° 00' 00" E, 14.20 feet still along the same to an angle point, thence -
- 12) S 84° 20' 55" E, 16.36 feet still along the same to a point, said point being on the westerly line of the New Jersey Turnpike, thence -
- 13) S 13° 56' 48" W, 117.49 feet along the westerly line of said New Jersey Turnpike to a point of curvature, thence -
- 14) Southwesterly along a curve to the left, having a radius of 4104.00 feet, a length of 767.49 feet and having a chord bearing of S 08° 35' 21" W and a chord length of 766.37 feet, along the westerly line of said New Jersey Turnpike to a point of tangency, thence -
- 15) S 03° 13' 54" W, 474.01 feet still along the same to a point, said point being a northeasterly corner of aforementioned Tax Lot 29, Block 5001, thence -
- 16) Southwesterly along a curve to the right, having a radius of 400.00 feet, a length of 376.00 feet and having a chord bearing of S 75° 12' 16" W, and a chord length of 362.31 feet, running along the northerly line of said Lot 29, Block 5001 to a point of tangency, thence -
- 17) N 77° 52' 00" W, 234.11 feet still along the same to an angle point, thence -
- 18) S 69° 28' 00" W, 111.44 feet still along the same to a point, being the first mentioned point and place of Beginning.

Containing 2.872 acres of land, more or less.

The above is intended to describe all that parcel of land shown as "Area F, Transco/P.S.E.&G. Easement Area", on a plan entitled "Plan Showing Certain Lease and Non-Exclusive Easement Areas in Tax Lot 92, Block 5001, situate in the City of Newark, Essex County, N.J.", prepared by Thomas Tyler Moore Associates, Inc., 67 Scotch Road, West Trenton, NJ 08628, dated November 11, 1985 and revised to February 27, 1986 and marked as File No. RP-43-35.
