

**TITLE 7. DEPARTMENT OF ENVIRONMENTAL PROTECTION  
CHAPTER 1L. PAYMENT SCHEDULE FOR PERMIT APPLICATION FEES**

**SUBCHAPTER 1. GENERAL PROVISIONS**

**7:1L-1.1 Purpose and applicability**

(a) This chapter institutes a system for the payment of permit application fees in installments. The amount of each installment is one-third of the total fee. The due dates for the installments are based upon the Department's completion of its duties and responsibilities at specific stages of the application review process.

(b) This chapter applies to any application for a permit for which the permit application fee is more than \$1,000, except as provided in (c) and (d) below. If an applicant submits applications for more than one permit, the applicability of this chapter is based on the permit application fee for each permit, and not upon the aggregate of the permit application fees for all of the permits.

(c) This chapter does not apply to any license or certification fee.

(d) This chapter does not apply to the payment of a permit application fee if:

1. Another applicable provision of this title provides for the permit application fee to be payable in installments based on milestones in the permit process; and

2. The fee for a given milestone under that other provision of this title is less than the installment would be payable under N.J.A.C. 7:1L-2.1.

(e) This chapter does not apply to a fee for an application to renew or modify a New Jersey Pollutant Discharge Elimination System permit under N.J.A.C. 7:14A.

## **SUBCHAPTER 2. PAYMENT SCHEDULES**

### **7:1L-2.1 Payment of permit application fees in installments**

(a) If the fee for a permit application is more than \$1,000, the applicant seeking the permit may pay the fee in accordance with the schedule set forth in (a)1, 2 and 3 below:

1. One-third of the total fee at the time the applicant files the application for the permit.

2. One-third of the total fee within 20 calendar days after the date specified in the notice under N.J.A.C. 7:1L-2.2, stating that the application for the permit is a "completed application"; and

3. One-third of the total fee within 20 calendar days after the date specified in the notice under N.J.A.C. 7:1L-2.2, stating that the Department has taken final action on the permit application. The due date of this final installment may be postponed in accordance with N.J.A.C. 7:1L-2.3.

### **7:1L-2.2 Notice by the Department**

(a) After the Department determines that an application for a permit is a "completed application," the Department shall send written notice of this determination to the applicant. In the notice, the Department shall:

1. Certify that it has completed administrative review of the application;

2. State that it has determined that the application is a "completed application";
3. State the amount of the fee installment that is due; and
4. State the date on which the fee installment is due. The due date is 20 calendar days after the date the notice is mailed to the applicant.

(b) If an application becomes a "completed application" by operation of N.J.S.A. 13:1D-30, 13:1D-102(b), or any other law that deems an application complete if the Department fails to notify the applicant of deficiencies in the application within a specified time, the Department shall send written notice to the applicant. In the notice, the Department shall:

1. Certify that the application has become a "completed application" by operation of law; and
2. State the amount of the fee installment that is due; and
3. State the date on which the fee installment is due. The due date is 20 calendar days after the date the notice is mailed to the applicant.

(c) After the Department determines the final action to be taken on a permit, the Department shall send written notice of the action to the applicant, specifying therein the date on which the action was taken. If the final action is to issue the permit or to conditionally issue a permit, the Department may satisfy this requirement by sending a copy of the permit (which may be marked "void" on one or more pages) to the applicant, and stating the amount of the fee installment that is due and the due date of the installment. If the Department does not send a copy of the permit, in the notice the Department shall:

1. Certify that it is taking final action on the permit;
2. Specify the action and its findings or conclusions with regard to the application;
3. State the amount of the fee installment that is due; and
4. State the date on which the fee installment is due. The due date is 20 calendar days after the date the notice is mailed to the applicant.

### **7:1L-2.3 Payment of fees in contested cases**

(a) When an applicant appeals a decision of the Department to deny a permit or to include certain terms or conditions in a permit, and the appeal results in a contested case pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 through 21, the fee installment required under N.J.A.C. 7:1L-2.1(a)3 shall not be payable until:

1. A final decision in the contested case has been issued by the Commissioner of

the Department pursuant to N.J.A.C. 1:1-18.6(a) or (c); or

2. The contested case has been concluded before the issuance of the final decision, such as through a settlement under N.J.A.C. 1:1-19.1 or a withdrawal under N.J.A.C. 1:1-19.2.

#### **7:1L-2.4 Payment of fees when permit review is discontinued**

If the Department discontinues its review of an application at the applicant's request, the applicant shall pay the Department the costs it incurred in reviewing the application before receiving the request to discontinue review. The Department shall send a written notice to the applicant, stating the amount of such costs and the date on which payment of such costs is due. The due date is 20 calendar days after the date the notice is mailed to the applicant.

#### **7:1L-2.5 Effect of non-payment of fees**

(a) The determination that an application is a "completed application" depends in part upon the submission of the requisite fee. Accordingly, if an applicant fails to pay an installment of a permit application fee when the installment is due, the application will no longer be considered a "completed application" until the installment is paid.

(b) In determining when the time allotted to the Department to approve, condition or disapprove an application for a permit under any law or regulation (including, without limitation, N.J.S.A. 13:1D-31 and 32) expires, the running of that time shall be considered suspended during the period in which an application is temporarily not considered a "completed application" pursuant to (a) above.

(c) If an applicant fails to pay an installment of a permit application fee when the installment is due, that non-payment is grounds for the Department to suspend its review of the permit until the installment is paid.

(d) If an applicant has not yet paid an installment of a permit application fee within 20 calendar days after payment was due, that non-payment is grounds for the Department to deny the application.

(e) If within 120 calendar days after a denial for non-payment under (d) above, the Department receives a written request from the applicant stating that the applicant desires to reinstate the application, then:

1. The original application will be deemed to have been resubmitted as a new application, and any time limit for reaching a decision on the application will again be allotted to the Department in full; and

2. The fees that the applicant paid in connection with the original application shall

be credited toward the new application.

(f) Fees may be credited under (e)2 above only for the first resubmittal under (e)1 above.

**7:1L-2.6 Permit conditioned on payment of fee**

No permit issued by the Department shall become effective until the applicant pays the fee in full. After the Department receives payment in full in connection with a permit that is to be issued or conditionally issued, the Department shall notify the applicant in writing that the permit is effective. If the Department has previously sent the applicant a copy of the permit marked "void" on selected pages, the Department shall send the applicant the originals of such pages without the marking.

**7:1L-2.7 Action for nonpayment**

This subchapter shall not be construed to limit the Department's remedies under any applicable law or regulation in connection with an unpaid installment of a permit application fee. Such remedies may include, without limitation, the assessment of penalties and interest, and the taking of administrative or legal action to collect the unpaid installments and interest thereon.
