

Historically Applied Pesticide Site Technical Guidance

List of Significant changes from Version 1.0 (December 2015) to Version 2.0 (August 2016)

1. Cover Page: Changed date from December 2015 to August 2016.
2. Cover Page: Changed Version from 1.0 to 2.0.
3. Section 1 Intended Use of Document: Added Language regarding the 6-month “phase-in” period between the date the technical guidance is issued final (or the revision date) and the time it should be used.
4. Section 2 Purpose: Clarified a HAP deferral option for active farms and added a HAP deferral option for and golf courses.
5. Section 3 Document overview: No changes.
6. Section 4 Site Investigation: Added sampling location recommendations for golf courses in 4.1.
7. New Section 5: A new section was added to describe the HAP Deferral Process for active farms and active golf courses. The addition of a new Section 5 changed the numbering sequence for the following Sections.
 - a. Previous Section 5 is now Section 6. No changes have been made to this Section.
 - b. Previous Section 6 is now Section 7. No changes have been made to this Section
 - c. Previous Section 7 is now Section 8. No changes have been made to this Section
 - d. Previous Section 8 is now Section 9. No changes have been made to this Section
8. Appendix A: No changes
9. Appendix B: Amended the definition of HAP and added definitions for agriculture and golf course.
10. Appendix C: No Change
11. Appendix D: No Change
12. Appendix E: No Change
13. Appendix F: Newly added appendix: provides a Historically Applied Pesticides Notice to be used in the HAP Deferral Process
14. Appendix G: Newly added appendix: provides a Historically Applied Pesticides Notice Termination Form to be used when removing a HAP Deferral Historically Applied Pesticides Notice after the site has been remediated.
