Change log for CID Ver 1.4 to 1.5

Moved instructions for CID to FAQs.

Removed CID Validation tab.

Added new button to Validate data in CID.

Added new button to unlock the CID for editing after upload.

Added new field for Activity #.

Updated instructions at top of CID.

Removed hidden formula columns.

"Confirmed Contamination" Column: Added "No Sampling Trigger" to drop down menu.

Added new column: "Exclude AOC from Billing".

"AOC Status" Column name changed to "AOC Status Achieved" All RAO status values from the Rules and ISRA Limited Conveyance added. "No Sampling Trigger" Removed. "RAR" changed to "RA".

"Status Date" Column name changed to "Status Achieved Date".

"Incident #" Column name changed to "'Incident Comm. Center #s Managed in Case"

"DEP AOC Number" Column name changed to "NJDEP ID".

"Contaminated Media" Column: removed "None" from drop down list, added sediment, Surface Water, Indoor Air.

"Contaminants of Concern" Columns: removed 'Not Applicable' from drop down list

"Applicable Remediation Standard" Column: removed 'MUST have' from "Soil Cleanup Criteria (MUST have RAW approved for AOC prior to 12/2/2008)", so it reads: "Soil Cleanup Criteria (RAW approved for AOC prior to 12/2/2008)"

"RA Type" Columns: Changed "No Remedial Action" in drop down menu to "Remedial Action Not Required". Added "Attainment"

"Additional RA Type" second column removed

"Was an Order of Magnitude Evaluation Conducted?" Column: Added N/A or Not Applicable to drop down menu.
