

Variance Identification Form

Posted 23 July 2012

The Department has determined not to require advance notice on a separate form prior to varying from a technical requirement pursuant to [N.J.A.C. 7:26E-1.7](#). Rather, on each Key Document form (i.e., SI, RI, RA, etc.), complete the section indicating that the particular phase of the remediation includes a variance taken under N.J.A.C. 7:26E-1.7.
