# ACO Compliance Monitoring

- ▶ PRCRs - please share settlement agreements with your attorneys, LSRP and other professionals assisting you with remediation.
- ▶ LSRPs - please ask your client to share any settlement agreements that may have previously been executed.
- ▶ Please check DataMiner to make sure the timeframes in NJEMS are what is reflected in the ACO. If they don't match, please contact BEI.
- ▶ DataMiner can be accessed via the Department's website at <https://njems.nj.gov/DataMiner>

# ACO Compliance Monitoring

- ▶ For ACOs primarily executed between 2015-2020, BEI is encountering responsible parties that are not maintaining compliance with timeframes and other requirements articulated in settlement documents.
- ▶ If a party cannot maintain compliance with the ACO, please contact BEI as soon as possible before the timeframe or other requirement is missed.
- ▶ BEI wants to avoid stipulated penalties and legal action against remediating parties.
