WATER RESOURCE MANAGEMENT

DIVISION OF WATER MONITORING AND STANDARDS

Proposed Amendment to the Northeast Water Quality Management Plan

Public Notice

Take notice that the New Jersey Department of Environmental Protection (Department) is seeking public comment on a proposed amendment to the Northeast Water Quality Management (WQM) Plan in accordance with the New Jersey Water Quality Planning Act, N.J.S.A. 58:11-1 et seq., and the Water Quality Management Planning rules, N.J.A.C. 7:15. The proposed amendment, identified as “Dollar Tree Building Expansion” (Program Interest No. 435442, Activity No. AMD200001), would modify the West Milford Township Wastewater Management Plan (WMP) to expand the Belcher Run Shopping Center discharge to ground water (DGW) wastewater treatment facility sewer service area (SSA) by 0.125 acres to include a proposed increase in square footage of the existing shopping center for a proposed Dollar Tree retail store. The Dollar Tree store is proposed to be located within the shopping center on Block 6401, Lot 1 (portion), West Milford Township, Passaic County. The proposed project consists of demolition of a portion of the existing shopping center with reconstruction resulting in an overall increase of 5,449 square feet to the shopping center. The wastewater from the existing shopping center is treated by the Belcher Run Shopping Center DGW facility regulated under the New Jersey Pollutant Discharge Elimination System (NJPDES) Sanitary Subsurface Sewage Disposal System General Permit T1 permit (NJG0173908). The

NOTE: THIS IS A COURTESY COPY OF THIS PLAN AMENDMENT PROPOSAL. THE OFFICIAL VERSION WILL BE PUBLISHED IN THE FEBRUARY 16, 2021 NEW JERSEY REGISTER. SHOULD THERE BE ANY DISCREPANCIES BETWEEN THIS TEXT AND THE OFFICIAL VERSION OF THE AMENDMENT, THE OFFICIAL VERSION WILL GOVERN.

Department has determined, due to the proposed demolition and reconfiguring of existing retail space, that the overall wastewater design flow volume of the shopping center will not increase. As a result, Belcher Run Shopping Center will continue to be regulated under the existing T1 permit and is not required to obtain a new individual NJPDES permit. This notice represents the Department's determination that the proposed amendment is compliant with the applicable regulatory criteria at N.J.A.C. 7:15, as described below.

The proposed project is located in the Highlands Region, as defined in the Highlands Water Protection and Planning Act, N.J.S.A. 13:20-7.a. Areas eligible for sewer service in the Highlands Region are defined at N.J.A.C. 7:15-4.4(c). The proposed project is located within an Existing Community Zone of the Highlands preservation area portion of West Milford Township. In a November 30, 2018 letter, the Highlands Council determined that the project was eligible for an exemption (Highlands Act Exemption #4), which allows for areas to be redeveloped in the preservation area in accordance with N.J.A.C. 7:38-2.3. The Highlands Council reviewed the proposed amendment for consistency with the Highlands Regional Master Plan (RMP) and issued a letter dated January 9, 2020 stating that the proposed project is consistent with the RMP. The Highlands Council reviewed the proposed amendment for consistency with the Net Water Availability provisions of the RMP and stated in the above referenced January 9, 2020 letter that an Executive Order 114 (2008) review was not required as the consumptive/depletive uses are remaining the same post development and the net water availability deficit will not be exacerbated due to the proposed project.

In accordance with N.J.A.C. 7:15-3.3(b), site specific amendments are limited to proposed alterations to the eligible SSA needed to address a specific project or activity. N.J.A.C. 7:15-3.5(j)2 requires that site

NOTE: THIS IS A COURTESY COPY OF THIS PLAN AMENDMENT PROPOSAL. THE OFFICIAL VERSION WILL BE PUBLISHED IN THE FEBRUARY 16, 2021 NEW JERSEY REGISTER. SHOULD THERE BE ANY DISCREPANCIES BETWEEN THIS TEXT AND THE OFFICIAL VERSION OF THE AMENDMENT, THE OFFICIAL VERSION WILL GOVERN.

specific amendments proposing to add 100 or more acres or generating 20,000 gallons per day (gpd) or more of wastewater flow must update the wastewater treatment capacity analysis prepared in accordance with N.J.A.C. 7:15-4.5(b) to include the proposed project or activity. The proposed project involves less than 100 acres and will generate less than 20,000 gpd of wastewater flow; therefore, update of the wastewater treatment capacity analysis is not required.

Pursuant to N.J.A.C. 7:15-4.4(d), the following are not eligible for delineation as SSAs, except as otherwise provided at N.J.A.C. 7:15-4.4(i), (j), (k), and (l): environmentally sensitive areas (ESAs) identified under N.J.A.C. 7:15-4.4(e), as any contiguous area of 25 acres or larger consisting of any of the following features, alone or in combination: endangered or threatened wildlife species habitat, Natural Heritage Priority Sites, 300-foot riparian zones of Category One (C1) waters and their tributaries, or wetlands; coastal planning areas identified under N.J.A.C. 7:15-4.4(f); and ESAs subject to 201 Facilities Plan grant conditions under N.J.A.C. 7:15-4.4(g). The Department conducted an evaluation of the project site using a GIS shapefile provided by the applicant compared to the Department's GIS data layers available at <http://www.nj.gov/dep/gis/listall.html> and/or other information as noted below, to determine the presence of any such areas in accordance with N.J.A.C. 7:15-4.4(e), (f), and (g) and made the following findings:

- The Department determined that the proposed SSA does not contain any areas mapped as endangered or threatened wildlife species habitat Rank 3, 4 or 5 on the Department's Landscape Maps of Habitat for Endangered, Threatened or Other Priority Wildlife based on the "Landscape Project Data" Version 3.3 GIS data layers in accordance with N.J.A.C. 7:15-4.4(e)1.

NOTE: THIS IS A COURTESY COPY OF THIS PLAN AMENDMENT PROPOSAL. THE OFFICIAL VERSION WILL BE PUBLISHED IN THE FEBRUARY 16, 2021 NEW JERSEY REGISTER. SHOULD THERE BE ANY DISCREPANCIES BETWEEN THIS TEXT AND THE OFFICIAL VERSION OF THE AMENDMENT, THE OFFICIAL VERSION WILL GOVERN.

- The Department determined that the proposed SSA does not contain any areas mapped as Natural Heritage Priority Sites based on the “Natural Heritage Priority Sites” GIS data layer in accordance with N.J.A.C. 7:15-4.4(e)2.
- The Department determined, based on a review of the “Surface Water Quality Standards” GIS data layer, that the Dollar Tree Store and the Belcher Run Shopping Center in which it is located, are within a 300-foot riparian zone associated with Belcher’s Creek which is a tributary to the Green Brook, a designated C1 waterbody. However, the shopping center was constructed in 1955 which predates the designation of Green Brook as a C1 waterbody in the New Jersey Surface Water Quality Standards. The expanded sewer service area is limited to an existing disturbed area with an impervious surface (the shopping center’s parking lot); therefore, no additional areas within the 300-foot riparian zone of the C1 waterbody will be disturbed. Furthermore, the discharge from the shopping center is to a DGW and not to the C1 waterbody.
- The Department determined that the proposed SSA does not contain any wetlands based on the “Wetlands 2012” GIS data layer in accordance with N.J.A.C. 7:15-4.4(e)4.
- The Department determined that the proposed SSA does not contain any areas mapped as Fringe Planning Areas, Rural Planning Areas, or Environmentally Sensitive Planning Areas within the Coastal Area Facility Review Act (CAFRA) zone based on the “CAFRA (polygon)” GIS layer and the “State Plan Data” GIS layer, in accordance with N.J.A.C. 7:15-4.4(f).
- The Department determined that there are no 201 Facilities Plan grant conditions applicable to the project based on the USEPA list of New Jersey Counties with ESA Grant Conditions at

NOTE: THIS IS A COURTESY COPY OF THIS PLAN AMENDMENT PROPOSAL. THE OFFICIAL VERSION WILL BE PUBLISHED IN THE FEBRUARY 16, 2021 NEW JERSEY REGISTER. SHOULD THERE BE ANY DISCREPANCIES BETWEEN THIS TEXT AND THE OFFICIAL VERSION OF THE AMENDMENT, THE OFFICIAL VERSION WILL GOVERN.

<https://www.epa.gov/npdes-permits/environmentally-sensitive-area-esa-grant-condition-waiver-program-region-2> in accordance with N.J.A.C. 7:15-4.4(g).

Pursuant to N.J.A.C. 7:15-4.4(h)1 and 2, the Department considered the land uses allowed in adopted zoning ordinances, future land uses shown in adopted municipal or county master plans, and other local land use objectives. The West Milford Township Planning Board adopted Resolution 2019-10 granting Preliminary and Final Site Plan with Bulk Variances approval on October 24, 2019. Passaic County did not respond to the applicant's request for a statement of consistency with the County master plan.

This notice is to inform the public that a plan amendment has been proposed for the Northeast WQM Plan. All information related to this plan and the proposed amendment is located at:

New Jersey Department of Environmental Protection
Division of Water Monitoring and Standards
Bureau of Environmental Analysis, Restoration and Standards
Water Quality Management Planning Program
PO Box 420, Mail Code 401-041
401 East State Street
Trenton, New Jersey 08625-0420

NOTE: THIS IS A COURTESY COPY OF THIS PLAN AMENDMENT PROPOSAL. THE OFFICIAL VERSION WILL BE PUBLISHED IN THE FEBRUARY 16, 2021 NEW JERSEY REGISTER. SHOULD THERE BE ANY DISCREPANCIES BETWEEN THIS TEXT AND THE OFFICIAL VERSION OF THE AMENDMENT, THE OFFICIAL VERSION WILL GOVERN.

The Department's file is available for inspection between 9:00 A.M. and 4:00 P.M., Monday through Friday, upon request. An appointment to inspect the file must be arranged by calling the Bureau of Environmental Analysis, Restoration and Standards at (609) 633-1441.

Interested persons may submit written comments on the proposed amendment to the Department at the address cited above or at the email: wqmp.publiccomments@dep.nj.gov. Comments should reference Program Interest No. 435442, Activity No. AMD200001 and must be submitted within 60 days of the date of this public notice.

Interested persons may request in writing that the Department hold a nonadversarial public hearing on the amendment or extend the public comment period specified in this notice. Such requests should reference Program Interest No. 435442, Activity No. AMD200001 and must demonstrate sufficient public interest for the public hearing or extension of the comment period, as defined under N.J.A.C. 7:1D-5.2(d). The request must be submitted within 30 days of the date of this notice to the Department address cited above. Should the Department decide to hold a public hearing, additional notice will be published in a future New Jersey Register and the comment period will be extended to 15 days after the Department's public hearing. All comments submitted prior to the close of the comment period shall be considered by the Department before making a final decision on the proposed amendment.

Sewer service is not guaranteed should this amendment be adopted, since it represents only one part of the permit process and other issues may need to be addressed. Inclusion in the SSA as a result of approval of this amendment does not eliminate the need to obtain all necessary permits,
