Dear Mr. Rutala:

Re: Environmental Park, Egg Harbor Township  
Atlantic County Water Quality Management Plan Amendment

A plan amendment was submitted for approval and adoption by the Department of Environmental Protection (Department). This amendment includes the site of the Environmental Park in Egg Harbor Township in the Atlantic County Utilities Authority (ACUA) sewer service area. The Environmental Park includes a 900 tons per day Resource Recovery Facility, an ash landfill, a regional recycling center, and associated uses on 343 acres. Wastewater generation is estimated at 80,000 gallons per day. Treatment will be at the ACUA's City Island Sewerage Treatment Plant.

This amendment was given preliminary approval on November 22, 1988 and was noticed in the N.J. Register on December 19, 1988. Since we have received no significant comments on this amendment during the 30 day comment period, I am pleased to inform you that pursuant to the N.J. Water Quality Planning Act (N.J.S.A. 58:11A-1 et seq.), and the Water Quality Management Planning and Implementation Process Regulations (N.J.A.C. 7:15-3.4 et seq.), this amendment is now formally approved and

adopted as of the date of this letter. Final notice of this adoption will be placed in the New Jersey Register.

Sincerely,

*Eric J. Evenson for*
