What Plan:

Atlantic

Amendment Being Proposed

(Include location within the WQM Plan(s) of the changes):

This amendment adopts a Wastewater Management Plan (WMP) for Egg Harbor City. The WMP makes provision for the construction of an interceptor through Galloway Township. The interceptor will connect the Egg Harbor City collection system to the Atlantic County Utilities Authority regional plant at City Island. The WMP additionally delineates the existing sewer area and a proposed sewer service area coinciding with the Pinelands Town designation. The remainder of the municipality is designated as a septic service area.
