DEPARTMENT OF ENVIRONMENTAL PROTECTION
OFFICE OF ENVIRONMENTAL PLANNING

AMENDMENT TO THE ATLANTIC COUNTY WATER QUALITY MANAGEMENT
PLAN

Public Notice

Take notice that on **SEP 07 1995**, pursuant to the provisions of the New Jersey Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15-3.4), an amendment to the Atlantic County Water Quality Management Plan was adopted by the Department of Environmental Protection. This amendment was submitted on behalf of **Lenape Car Wash**, a proposed five bay self service car wash to be located on Route 50 (Block 735, Lot 5) on 2.01 acres in Mays Landing, Hamilton Township, Atlantic County. The facility will be designed to accommodate 1,500 gallons of commercial wastewater flow per day to be conveyed by the Hamilton Township Municipal Utilities Authority collection system to the Atlantic County Utilities Authority-City Island Sewage Treatment Plant in Atlantic City for wastewater treatment. Discharge is to the Atlantic Ocean. The site lies within the Pinelands National Reserve and has been designated as a Forest Management Area by the Pinelands Comprehensive Management Plan and also lies within the Coastal Area Facility Review Act zone.

This amendment represents only one part of the permit process and other issues will be addressed prior to final permit issuance. Additional issues which were not reviewed in conjunction with this amendment but which may need to be addressed may include, but are not limited to, the following: antidegradation; effluent limitations; water quality analysis; exact locations and designs of future treatment works (pump stations, interceptors, sewers, outfalls, wastewater treatment plants); and development in wetlands, flood prone areas, designated Wild and Scenic River areas, or other environmentally sensitive areas which are subject to regulation under Federal or State statutes or rules.
