AMENDMENT TO THE ATLANTIC COUNTY WATER QUALITY MANAGEMENT
PLAN

Public Notice

Take notice that on **SEP 12 1995**, pursuant to the provisions of the New Jersey Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15-3.4), an amendment to the Atlantic County Water Quality Management Plan was adopted by the Department of Environmental Protection. This amendment, to modify the Egg Harbor Township Wastewater Management Plan, was submitted on behalf of the **Scullville Volunteer Fire House** (Block 79E, Lot 12 in Egg Harbor Township), which is currently experiencing a failing septic system. The fire house will be included in the sewer service area of the Egg Harbor Township Municipal Utilities Authority (EHTMUA). The wastewater flow to EHTMUA will be 1,000 gallons per day or less. Design of the EHTMUA collection system, as well as the Treatment Works Approval permit, will limit access to this sanitary sewer extension so that only the Scullville Volunteer Fire House will be able to use the extension to the EHTMUA's collection system. EHTMUA sends its wastewater flow, for treatment, to the Atlantic County Utilities Authority-City Island Sewage Treatment Plant, located in Atlantic City, which discharges into the Atlantic Ocean. The Scullville Volunteer Fire House is located in a Limited Growth Region of the Coastal Management Zone.

This amendment represents only one part of the permit process and other issues will be addressed prior to final permit issuance. Additional issues which were not reviewed in conjunction with this amendment but which may need to be addressed may include, but are not limited to, the following: antidegradation; effluent limitations; water quality analysis; exact locations and designs of future treatment works (pump stations, interceptors, sewers, outfalls, wastewater treatment plants); and development in wetlands, flood prone areas, designated Wild and Scenic River areas, or other environmentally sensitive areas which are subject to regulation under Federal or State statutes or rules.
