REVISION TO THE ATLANTIC COUNTY WATER QUALITY MANAGEMENT  
PLAN

TAKE NOTICE that on **JUL 25 1997**, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision to the Atlantic County Water Quality Management Plan (WQMP) was adopted by the Department. This revision corrects the Egg Harbor Township Wastewater Management Plan sewer service area mapping with regard to the **Harbor Pines Golf Community** sewer service area in Egg Harbor Township, Atlantic County. The mapping submitted with an amendment to the Atlantic County WQMP adopted on January 5, 1994 failed to identify Block 54E, Lot 15 (now known as Block 6601, Lot 7) as part of the proposed sewer service area of the Egg Harbor Township Municipal Utilities Authority collection system and the Atlantic County Utilities Authority (ACUA) City Island Sewage Treatment Plant (STP). However, Lot 15 of Block 54E was identified and listed as a parcel to be included within the proposed sewer service area of the ACUA City Island STP in the original and final amendment notices. This revision adds Block 54E, Lot 15 to the proposed sewer service area mapping of the ACUA City Island STP.
