

DEPARTMENT OF ENVIRONMENTAL PROTECTION  
OFFICE OF WATER RESOURCES MANAGEMENT COORDINATION

REVISION TO THE CAPE MAY COUNTY WATER QUALITY  
MANAGEMENT PLAN

TAKE NOTICE that on **JUN 29 2016**, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision (Program Interest No.: 435464; Activity No.: REV160002) to the Cape May County Water Quality Management Plan (WQMP) was adopted by the Department. This revision modifies the Cape May County Wastewater Management Plan (WMP) and the Cape May County Future Wastewater Service Area (FWSA) Map. The revision, entitled "Brown/Steinberg Property", submitted on behalf of Sandra Brown expands the Cape May County Municipal Utilities Authority's Cape May Regional Sewage Treatment Plant's (CMCMUA STP) sewer service area (SSA) by 0.24 acres. The site is located in Cape May Point Borough on Block 32 Lots 25-28 along the eastern side of Lighthouse Avenue (County Route 629) north of Sea Grove Avenue.

The above referenced property was removed from the SSA, among others throughout Cape May County, by the adoption of the Cape May County Future Wastewater Service Area (FWSA) Map amendment to the WQMP on November 6, 2013. Notice of this decision was formally published in the December 2, 2013 New Jersey Register at 45 N.J.R. 2488(a). Prior to the removal of the property from the SSA, the property owner had signed a Stipulation of Settlement agreement (Office of Administrative Law Docket Number ELU 4991-07) with the Department on February 3, 2010 that allowed for the construction of a single family home on the site.

This revision is being adopted in accordance with N.J.A.C.7:15-3.5(b)1, which allows revisions in order to correct, clarify, or update erroneous, unclear, or outdated statements in an areawide WQMP.
