AMENDMENT TO THE MERCER COUNTY WATER QUALITY MANAGEMENT PLAN

Public Notice

Take notice that on **MAY 27 1994**, pursuant to the provisions of the New Jersey Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15-3.4), an amendment to the Mercer County Water Quality Management Plan was adopted by the Department. This amendment to the East Windsor Township Wastewater Management Plan (WMP) submitted on behalf of the East Windsor Township Municipal Utilities Authority (EWTMUA), expands the sewer service area of the EWTMUA to include the following parcels: Block 46, Lots 1-3, Block 47, Lots 13-29, and Block 50, Lots 1-5, portion of 6, 6.01, 7, 7.01, 8, 14, 15, 17, 18, and 18.01. This amendment is a result of East Windsor Township rezoning various parcels in December, 1992, either R-1/Residential Low Density or HC/Highway Commercial. *(Windsor Crossing)*

This amendment also amends the Washington Township WMP wherein Block 14, Lot 56, located on Hankins Road in Washington Township and experiencing septic system failure, is added to the EWTMUA sewer service area.

This amendment represents only one part of the permit process and other issues will be addressed prior to final permit issuance. Additional issues which were not reviewed in conjunction with this amendment but which may need to be addressed may include, but are not limited to, the following: antidegradation; effluent limitations; water quality analysis; exact locations and designs of future treatment works (pump stations, interceptors, sewers, outfalls, wastewater treatment plants); and development in wetlands, flood prone areas, designated Wild and Scenic River areas, or other environmentally sensitive areas which are subject to regulation under federal or State statutes or rules.
