DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF WATERSHED MANAGEMENT

AMENDMENT TO THE **MONMOUTH COUNTY** WATER QUALITY MANAGEMENT  
PLAN

Public Notice

Take notice that on **AUG 11 1999** pursuant to the provisions of the New Jersey Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15-3.4), an amendment to the Monmouth County Water Quality Management Plan was adopted by the Department of Environmental Protection (Department).

This amendment identifies the site of the **Laurel Pond RV and Camping Resort**, on Block 34, Lot 7 (formerly Block 34, Lots 7.01, 7.02, 7.03 and 13) in Upper Freehold Township, as the service area for an on-site treatment facility with discharge to ground water. Three unrounded septic systems with a maximum combined total projected flow of 26,650 gallons per day will serve the campground. This amendment proposal was noticed in the New Jersey Register on May 3, 1999. No comments on this amendment were received during the public comment period.

This amendment represents only one part of the permit process and other issues will be addressed prior to final permit issuance. Additional issues which were not reviewed in conjunction with this amendment but which may need to be addressed may include, but are not limited to, the following: antidegradation; effluent limitations; water quality analysis; exact locations and designs of future treatment works (pump stations, interceptors, sewers, outfalls, wastewater treatment plants); and development in wetlands, flood prone areas, designated Wild and Scenic River areas, or other environmentally sensitive areas which are subject to regulation under Federal or State statutes or rules.
