Revision to the Monmouth County Water Quality Management Plan

Take notice that on ~~MAR 12 2018~~ pursuant to the provisions of the Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.4, the Department adopted a revision (Program Interest No.: 435462; Activity No.: REV170001) to the Monmouth County Water Quality Management Plan (WQMP). This revision modifies the Monmouth County Future Wastewater Service Area (FWSA) Map, with respect to the existing Wall Business Center and Allaire Corporate Campus, both of which are in Wall Township, Monmouth County. The Wall Business Center is located on a portion of Block 915, Lot 2 and the Allaire Corporate Campus is located on Block 916, Lots 1.03-1.06, west of State Highway 34 and north of Belmar Boulevard.

N.J.A.C. 7:15-3.4(a)1 allows the Department to adopt a revision to the areawide WQMP to correct or clarify erroneous or unclear information in the areawide WQMP plan provided the change is not a substantive change. These commercial developments are currently connected to the South Monmouth Regional Sewerage Authority (SMRSA) (NJ0024562) sewage treatment plant and were identified as within sewer service area in the SMRSA Wastewater Management Plan (WMP) adopted on September 10, 1992, but were inadvertently omitted from the sewer service area depiction when the Department adopted the Monmouth FWSA map in 2013. No new construction or flows are proposed beyond that which was previously approved for sewer service in the SMRSA WMP.-The Wall Business Center received a final site plan approval extension in 1999 and a treatment works approval in 2000. The Allaire Corporate Campus received preliminary

and final site plan approval in 2000 and a treatment works approval in 2001. Accordingly, the Department adopts this amendment to correct the accidental omissions of these commercial developments from SSA in the Monmouth FWSA map adopted in 2013.
