

DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF WATERSHED MANAGEMENT

REVISION TO THE NORTHEAST WATER QUALITY MANAGEMENT PLAN

TAKE NOTICE that on JAN - 7 2009, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A.58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision to the Northeast Water Quality Management Plan (WQMP)/Pequannock River Basin Regional Sewerage Authority Wastewater Management Plan was adopted by the New Jersey Department of Environmental Protection (Department). This revision modifies the Pequannock River Basin Regional Sewerage Authority Wastewater Management Plan and updates the digital sewer service area (SSA) mapping adopted on October 6, 2006 to identify certain specific buildings within the site of The Salvation Army, Star Lake Camp located on Block 5, Lot 26.01 Bloomingdale Borough, Passaic County as Two Bridges Sewerage Authority Sewage Treatment Plant sewer service area.

The proposal located at Block 5, Lot 26.01 demonstrated with valid documentation that the collection system had been installed as of the date of the Highlands Water Protection and Planning Act (August 10, 2004). In accordance with N.J.A.C. 7:15-3.5(b)1, the Department has determined that the proposed project qualifies as a revision to correct, clarify, or update erroneous, unclear, or outdated statements in an areawide WQMP. This area, therefore, is reinstated as sewer service area in the Northeast WQMP/Pequannock River Basin Regional Sewerage Authority Wastewater Management Plan and the digital sewer service area mapping. This mapping correction is authorized as a revision pursuant to N.J.A.C. 7:15-3.5(b)1.

  
Lawrence J. Baier, Director  
Division of Watershed Management  
Department of Environmental Protection
