REVISION TO THE NORTHEAST WATER QUALITY MANAGEMENT PLAN

TAKE NOTICE that on MAY 3 2011, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A.58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision to the Northeast Water Quality Management Plan (WQMP)/RVRSA Wastewater Management Plan was adopted by the New Jersey Department of Environmental Protection (Department). This revision modifies the RVRSA Wastewater Management Plan and updates the digital sewer service area (SSA) mapping adopted on October 6, 2006 to identify the following lots in Rockaway Township, Morris County as existing RVRSA sewer service area:

- Block 20203, Lots 29-37
- Block 20506, Lots 1-17
- Block 20601, Lots 1-48
- Block 20802, Lots 1-31
- Block 20902, Lots 1-19
- Block 21001, Lots 1-41
- Block 21006, Lots 1-25
- Block 21005, Lots 15-20
- Block 21102, Lots 1-5

In accordance with Section 58:11A-7.1 of the New Jersey Water Quality Planning Act, the amendment adopted on October 6, 2006 immediately revoked previously approved sewer service area in the Highlands Preservation Area where wastewater collection systems had not been installed as of August 10, 2004. This revocation, however, did not extend to any designated sewer service area with existing collection systems installed as of the date of the Highlands Water Protection and Planning Act (August 10, 2004).

In accordance with N.J.A.C. 7:15-3.5(b)1, the Department has determined that the proposed project qualifies as a revision to correct, clarify, or update erroneous, unclear, or outdated statements in an areawide WQMP. This area, therefore, is reinstated as sewer service area in the Northeast WQMP/ RVRSA Wastewater Management Plan and the digital sewer service area mapping. This mapping correction is authorized as a revision pursuant to N.J.A.C. 7:15-3.5(b)1.
