

DEPARTMENT OF ENVIRONMENTAL PROTECTION
OFFICE OF WATER RESOURCE MANAGEMENT (WRM) COORDINATION

REVISION TO THE NORTHEAST COUNTY WATER QUALITY
MANAGEMENT PLAN

SEP - 8 2015

TAKE NOTICE that on _____, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A.58:11A-1 et seq, and the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15), a revision to the Northeast Water Quality Management Plan (Program Interest No.: 435442; Activity No.: REV150001) was adopted by the New Jersey Department of Environmental Protection (the Department). This revision modifies the Morris County Future Wastewater Service Area (FWSA) Map 3 to identify Block 20401; Lots 3 and 11, within Denville Township, Morris County, as sewer service area (SSA) of the Rockaway Valley Regional Sewerage Authority, (RVRSA) Sewage Treatment Plant (STP). The inclusion of this 6.4 acre property as SSA to the RVRSA STP will allow for the construction of the Mary Farm Roads Subdivision, a proposed 5 unit residential development.

As shown on the Morris County FWSA Map, adopted by the Department on April 25, 2013 the Mary Farms Road property was removed from the SSA. However, the Department determined that at the time of the adoption of the Morris County FWSA Map, the proposed project had obtained Preliminary and Final Major Subdivision site plan approval, a Department treatment works approval (Permit #08-0484) and local approval to convey wastewater to the RVRSA STP. The projected wastewater flow for the proposed new development, calculated in accordance with N.J.A.C. 7:14A-23.3 is 1,500 gallons per day (gpd). No expansion of the RVRSA STP is necessary to accommodate the new development.

As provided under N.J.A.C. 7:15-3.5(b)1.ii, the adoption of this revision is necessary to correct and update statements regarding proposed projects, provided all other Department approvals, in full compliance with the applicable regulations, were received, at the time of the most recently adopted amendment to the areawide WQM Plan.

Colleen Kokas, Director
Office of WRM Coordination
