OFFICE OF WATER RESOURCES MANAGEMENT COORDINATION

REVISION TO THE OCEAN COUNTY WATER QUALITY MANAGEMENT
PLAN

TAKE NOTICE that on OCT 19 2015, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision (Program Interest No. PI 435448; Activity No. REV 150004) to the Ocean County Water Quality Management Plan (WQMP) was adopted by the Department. This revision also modifies the Monmouth County Future Wastewater Service Area (FWSA) Map. The revision addresses an 84.8 acre site in Howell Township, Monmouth County that was added to the Manasquan River Regional Sewerage Authority (MRRSA) sewer service area in a WQMP amendment entitled "Harms and Pinnacle Sewer Service Area", adopted by the Department on April 13, 2015 (see May 20, 2015 DEP Bulletin, Volume 39 Issue 10, Pages 12-14). The amendment was preliminary noticed on February 18, 2015 in the Asbury Park Press and DEP Bulletin Volume 39 Issue 4, Pages 14-17. The MRRSA conveys wastewater to the Ocean County Northern Water Pollution Control Facility in Brick Township, Ocean County. The site is located on portions of the following lots: Block 130 / Lots 17, 22, 57-61. The amendment allowed for the construction of 57 single family homes and the connection of 3 existing single family homes to the MRRSA. Subsequent to the adoption of the amendment it was discovered that the amendment notice had incorrectly stated that the Monmouth County WQMP was amended. This revision corrects the record to identify the correct WQMP area which is the Ocean County WQMP. This revision is being adopted in accordance with N.J.A.C.7:15-3.5(b)1, which allows revisions in order to correct, clarify, or update erroneous, unclear, or outdated statements in an areawide WQMP.
