Amending the Following Areawide Water Quality Management Plan(s): Upper Delaware Wastewater Management Plan

Date of Current Submittal: May 21, 2012

Revised: September 6, 2012

Quality Management Plan(s): Upper Delaware WQMP

Prepared by: Eric K. Snyder, Township Planner

Management Planning Agency.

Basemap, Esri, 2011

Water Quality Management Boundary, NJDEP, 2009

Existing and Future Sewer Service Areas: NJDEP, 2011

Highlands Boundary:, NJ Highlands Council, 2012

Ground Water Discharge: NJDEP, 2007

entirely within the Upper Delaware WQMP.

The portion of the Township not within the Highlands Preservation Area is within the Upper Delaware Water Quality Management Plan Area, the portion of the Township within the Highlands Preservation Area shall be managed consistent with a future management plan that will be prepared by the Township and approved by the NJDEP. The portion of the Township that is within the Highlands Preservation Area shall be managed consistent with the requirements of the Highlands Act, as implemented by the NJDEP and any future management plan.

The Township's Wastewater Management Plan identifies that the Township will be addressing the sewer service needs for the future developed parcels in the Township. The Township is currently served exclusively by subsurface disposal systems and there are no existing sewage treatment facilities within the Township. The Township is planning to develop the necessary infrastructure to serve the Township’s anticipated growth needs.

The Township’s Wastewater Management Plan makes recommendations regarding the sewer service needs of the Township. The Township is currently served exclusively by subsurface disposal systems and there are no existing sewage treatment facilities within the Township. The Township is planning to develop the necessary infrastructure to serve the Township’s anticipated growth needs.

The Township’s Wastewater Management Plan is consistent with the goals and objectives of the Upper Delaware WQMP. The Township’s Wastewater Management Plan will be updated to reflect the Township’s sewer service needs as growth occurs in the Township.

The Township’s Wastewater Management Plan is consistent with the goals and objectives of the Upper Delaware WQMP. The Township’s Wastewater Management Plan will be updated to reflect the Township’s sewer service needs as growth occurs in the Township.
