REVISION TO THE UPPER RARITAN WATER QUALITY MANAGEMENT PLAN

TAKE NOTICE that on **APR 29 1999** pursuant to the provisions of the Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision to the Upper Raritan Water Quality Management Plan was adopted by the Department. This revision to the Tewksbury Township Wastewater Management Plan is to address minor changes regarding the proposed Route 78/Bellemead Development Corporation Sewage Treatment Plant (NJPDES # NJ0102563). This revision reflects the merger of Lots 47 and 48 of Block 47 into a single Lot 48, Block 47 conforming to Township zoning requirements. Additionally, the revision reflects the minor shift in the location of the proposed treatment plant which was agreed to by Bellemead Development Corporation in response to concerns of neighboring residents and the request of the Township. No change in service area, discharge location, flow or other activity is part of this revision.

Lance R. Miller, Director
Division of Watershed Management
