

DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF WATERSHED MANAGEMENT

REVISION TO THE UPPER RARITAN WATER QUALITY MANAGEMENT PLAN

TAKE NOTICE that on FEB 20 1999, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision to the Upper Raritan Water Quality Management Plan was adopted by the Department. This revision corrects the Chester Township Wastewater Management Plan (WMP) map delineation of the Four Seasons at Chester Development (formerly known as Westminster Estates). A small triangular shaped piece of the property (formerly Lot 5) on the southwest corner of the tract was inadvertently omitted from the USGS quadrangle map delineation of the property. Department records specify that Block 20, Lots 2, 3, and 5 comprised the Westminster Estates Tract. Lots 2, 3, and 5 were subsequently consolidated as Block 20, Lot 2. No building or wastewater treatment or disposal is proposed for this portion of the tract which also contains an access easement for the adjacent lot. The WMP delineation of the property and service area has been corrected to identify the entirety of Block 20, Lot 2.
