100 acres and generates less than 8,000 gpd.

because the site is adjacent to the current sewer service area, the site is less than

1,875 gpd. This project is being processed as a revision pursuant to N.J.A.C. 7:15-3.5

20,800 square feet. The wastewater generated by the Mount Olive Library, the existing

facilities of less than 2,000 gallons per day (gpd). Upon completion of the library, the

To-revision extends the sewer service area of the Mount Olive Village sewer

layout of the Mount Olive Library is currently underway in the Mount Olive

Company. Sewer Trenching Plan is to include Block 700/lot 3, the site of the new

Olive Library. The Mount Olive Library is currently located at the edge of the new Mount

Olive Library, the Mount Olive Township Wastewater Management Plan.

Olive Library, the current location of the Mount Olive Library. The Mount Olive Town.

Quality Management Plan was adopted by the Department. This revision is to the
