DIVISION OF WATERSHED MANAGEMENT

REVISION TO THE UPPER RARITAN WATER QUALITY MANAGEMENT PLAN

TAKE NOTICE that on **FEB 18 2010**, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A.58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision to the Upper Raritan Water Quality Management Plan (WQMP) was adopted by the Department. This revision corrects the Union Township Wastewater Management Plan (WMP) facility table for the Pilot Travel Center formally known as Johnny's Truck Stop, located in Union Township, Hunterdon County at Block 11/Lot 24.03. The site is regulated under Sanitary Subsurface Sewage Disposal System General Permit (T-1 Permit) NJG0167550. Pilot proposes to remodel the existing facility. The proposed remodeled facility's design flow for its 36 seat restaurant, 5,718 square foot retail/office space, 60 showers per day, seven diesel pumps, eight gasoline pumps and two washing machines is 6,367 gallons per day (gpd). The remodeling plans do not increase the design flow beyond the previous facility design. As a result the existing/remodeled Pilot Travel Center continues to be eligible for regulation under the existing T1 Permit. In accordance with N.J.A.C. 7:15-3.5(b)1(i) the Union Township WMP is updated to accurately reflect the existing/remodeled Pilot Travel Center.

Lawrence J. Baier, Director
Division of Watershed Management
