# WHERE DO I START?

Car insurance is required in New Jersey. Whether you are buying a new insurance policy or renewing your current policy, you must make many decisions about what coverage you need and how much you can pay. The following guide outlines how to make choices that work for you.

**UNDERSTAND YOUR NEEDS.** Do you rent or own your own home? Do you have assets to protect (including income from a job)? Will your own health insurance cover auto accident injuries? How much insurance coverage can you afford? These are some of the questions you should ask yourself before choosing a specific coverage plan.

**UNDERSTAND YOUR OPTIONS.** Use this guide to learn about the words and phrases used in auto policies. Know the many coverage options. Review the different benefits of each option.

**UNDERSTAND CONSUMER PROTECTIONS.** As a New Jersey auto insurance consumer, you have rights. You have a right to fair and equal treatment, and you have the right to get the information you need to make informed decisions.

- Agents, brokers and companies must inform you of your coverage options when applying for a new policy, or at any time upon your request if you are already insured. You have the right to know how each choice may affect what you pay and what your benefits would be in the event of an accident. You always have the right to ask about additional options.
- You can shop for auto insurance at any time – not just when your policy is up for renewal, and if you find a better price, you can cancel your old policy and seek a refund of your unused premium.
- You have the right to change your coverages and policy limits at any time, even if you are not near your renewal date. If you select options that save you money, you have a right to a refund of your unused premium within 60 days.

# UNDERSTANDING YOUR POLICY

## *Types of Coverages*

Insurance policies use terms that may be unfamiliar to the average driver. It is useful to understand what these terms mean so you can make better, more informed decisions about your coverage.

**COVERAGES** — Your auto insurance policy is divided into different coverages based on the type of claim that will be paid to you or others.

These **COVERAGES** are:

**PERSONAL INJURY PROTECTION** — Otherwise known as “**PIP**,” this is your medical coverage for injuries you (and others) suffer in an auto accident. PIP pays if you or other persons covered under your policy are injured in an auto accident. It is sometimes called “no-fault” coverage because it pays your own medical expenses *no matter who caused the auto accident*. PIP has two parts — (1) coverage for the cost of treatment you receive from hospitals, doctors and other medical providers and any medical equipment that may be needed to treat your injuries and (2) reimbursement for certain other expenses you may have because you are hurt, such as lost wages and the need to hire someone to take care of your home or family.

**LIABILITY** — This coverage pays others for damages from an auto accident that *you cause*. It also pays for a lawyer to defend you if you are sued for damages that *you cause*.

There are two kinds of liability coverage: **BODILY INJURY** and **PROPERTY DAMAGE**.

**BODILY INJURY LIABILITY COVERAGE** — Pays for claims and lawsuits by people who are injured or die as a result of an auto accident *you cause*. (See page 10 for lawsuit options). It compensates others for pain, suffering and economic damages, such as lost wages.

*This coverage is typically given as two separate dollar amounts: (1) an amount paid per individual and (2) an amount paid for total injuries to all people injured in any one accident that you cause. It can sometimes be purchased as a **combined single limit**, which offers a maximum limit of protection per accident of **bodily injury** and **property damage liability combined**.*

# UNDERSTANDING YOUR POLICY

*Types of Coverages continued*

**PROPERTY DAMAGE LIABILITY COVERAGE** — Pays for claims and lawsuits by people whose property is damaged as a result of an auto accident *you cause*. (May also be purchased as a **combined single limit with bodily injury liability coverage**.)

**UNINSURED MOTORIST COVERAGE** — Pays you for property damage or bodily injury if you are in an auto accident *caused by an uninsured motorist*.

**UNDERINSURED MOTORIST COVERAGE** — Pays you for property damage or bodily injury if you are in an auto accident *caused by a driver who is insured, but who has less coverage than your underinsured motorist coverage*.

## EXAMPLE of UNDERINSURED MOTORIST COVERAGE

*Jane purchases \$100,000 in liability coverage and \$100,000 in underinsured motorist coverage. Sam purchases only \$25,000 in liability coverage. Sam crashes his car into Jane's car, causing \$35,000 in damages. Sam's insurance company pays \$25,000 of the damages, while Jane's insurance company pays the remaining \$10,000 from her underinsured motorist coverage.*

**COLLISION COVERAGE** — Pays for damage to your vehicle as the result of a collision with another car or other object.

**COMPREHENSIVE COVERAGE** — Pays for damage to your vehicle that is not a result of a collision, such as theft of your car, vandalism, flooding, fire or a broken windshield. However, it will pay if you collide with an animal.

# UNDERSTANDING YOUR POLICY

## *Standard and Basic Policies*

There are two common types of auto insurance policies in New Jersey. They are referred to as **STANDARD** and **BASIC**. Both offer options as well.

**STANDARD POLICY** — The Standard Policy provides a number of different coverage options and the opportunity to buy additional protection. The Standard Policy is the type of policy chosen by most New Jersey drivers.

**BASIC POLICY** — The Basic Policy usually costs significantly less than a Standard Policy, but provides limited benefits. It is not for everyone, but it does provide enough coverage to meet the minimum insurance requirements of New Jersey law. The Basic Policy could be an option for those with few family responsibilities and few assets to protect (including income from a job).

*See chart on page 5 for differences between the **STANDARD** and **BASIC** policies.*

### **SPECIAL POLICY FOR MEDICAID RECIPIENTS ONLY**

*The Special Policy is a new initiative to help make limited auto insurance coverage available to drivers who are eligible for Federal Medicaid with hospitalization. Such drivers can obtain a medical coverage-only policy at a cost of \$365 a year. For more information, ask your agent or company representative or call the Department of Banking and Insurance at 1-800-446-7467.*

# UNDERSTANDING YOUR POLICY

*Standard and Basic Policies continued*

The chart below compares the differences between the **STANDARD** and **BASIC** policies:

COVERAGE	STANDARD POLICY	BASIC POLICY
BODILY INJURY LIABILITY	<p><b>As low as:</b> \$25,000 per person, \$50,000 per accident</p> <p><b>As high as:</b> \$250,000 per person, \$500,000 per accident</p>	Coverage is <b>not</b> included, but \$10,000 for all persons, per accident, is available as an <b>option</b>
PROPERTY DAMAGE LIABILITY	<p><b>As low as:</b> \$25,000 per accident</p> <p><b>As high as:</b> \$100,000 or more</p>	\$5,000 per accident
PERSONAL INJURY PROTECTION	<p><b>As low as:</b> \$15,000 per person or accident</p> <p><b>As high as:</b> \$250,000 or more</p> <p><i>Up to \$250,000 for certain injuries* <b>regardless of selected limit</b></i></p>	<p>\$15,000 per person, per accident</p> <p>Up to \$250,000 for certain injuries*</p>
UNINSURED/ UNDERINSURED MOTORIST COVERAGE	Coverage is available up to amounts selected for liability coverage	None
COLLISION	Available as an option	Available as an option (from some insurers)
COMPREHENSIVE	Available as an option	Available as an option (from some insurers)

\*permanent or significant brain injury, spinal cord injury or disfigurement or for medically necessary treatment of other permanent or significant injuries rendered at a trauma center or acute care hospital immediately following an accident and until the patient is stable, no longer requires critical care and can be transferred to another facility in the judgment of the physician.

# UNDERSTANDING YOUR POLICY

*What are Policy Limits and Deductibles?*

**LIMITS** — The maximum dollar amount the insurer will pay following an auto accident. Limits vary with each coverage within the policy.

**DEDUCTIBLES** — Payments you have to make *before* the insurer pays. For example, a \$750 deductible means that you pay the first \$750 of each claim.

## EXAMPLE

*John has a car accident. His repair shop estimates the cost of repairs at \$2,000. John pays \$750 of the bill and his insurance company pays the remainder.*

# UNDERSTANDING YOUR OPTIONS

*Personal Injury Protection (PIP)*

**Choosing a higher deductible may save you money on your premium.**

**DEDUCTIBLE OPTIONS** — In addition to any savings you may realize from how much coverage you buy, deductibles also provide savings opportunities. Cost savings can be achieved by choosing higher deductibles. Thus, if you feel you need a high level of PIP coverage but want to reduce your premium, you can save money by agreeing to pay more out-of-pocket through a higher deductible if you are injured in an auto accident. Your insurer will pay the medical bills over the deductible amount you choose. No matter what deductible you choose, there is also a 20 percent co-payment for medical expenses between the deductible selected and \$5,000. That means you pay 20 percent, and your insurer pays 80 percent.

# UNDERSTANDING YOUR OPTIONS

*Personal Injury Protection continued*

## EXAMPLE

*Sam and Jane each have an accident that results in \$10,000 of medical expenses. Sam chose the minimum \$250 deductible. He pays the \$250 deductible plus \$950 (20 percent of the \$4,750 that is left of the first \$5,000) and the insurer pays the remaining \$8,800). Jane chose the \$2,500 PIP deductible for a 25 percent reduction in the PIP premium. She pays the first \$2,500 as the deductible. She also pays \$500 (20 percent of the \$2,500 that is left of the first \$5,000) and the insurer pays the remaining \$7,000.*

**HEALTH CARE PRIMARY** — Cost savings can also be achieved by using your own health insurance as a primary source of coverage in the case of injury related to an auto accident. Before selecting this option, you should find out if your health insurance will cover auto accident injuries and how much coverage is provided. *MEDICARE and MEDICAID cannot be used for the Health Care Primary option.*

**EXTRA PIP PACKAGE COVERAGE** — These are additional benefit options provided under the **STANDARD POLICY**.

**INCOME CONTINUATION** — If you cannot work due to accident-related injuries, this coverage pays lost wages, less Temporary Disability Benefits you may receive if your disability prevents you from working, up to the amount you select.

**ESSENTIAL SERVICES** — Pays for necessary services that you normally do yourself, such as cleaning your house, mowing your lawn, shoveling snow or doing laundry, if you are injured in an auto accident.

**DEATH BENEFIT** — In the case of death, family members or estates will receive any benefits not already collected under the income continuation and essential services coverages.

**FUNERAL EXPENSE BENEFIT** — Pays for reasonable funeral expenses up to the limit you select if you die as a result of an auto accident.

# UNDERSTANDING YOUR OPTIONS

## *Uninsured/Underinsured Motorist Coverage*

**UNINSURED MOTORIST COVERAGE** — Pays you if you are in an auto accident caused by a driver who does not have the minimum level of insurance required by law. Claims that you would have made against the uninsured driver who caused the accident are paid by your own policy. *Uninsured motorist coverage does not pay benefits to the uninsured driver.*

### If you choose the **STANDARD POLICY:**

*A minimum amount of **Uninsured/Underinsured Motorist Coverage** is required. You can purchase higher limits if you want more coverage.*

### **UNDERINSURED MOTORIST COVERAGE**

— Pays you if you are in an auto accident caused by a driver who is insured, but who has less coverage than your underinsured motorist coverage. Damages greater than the limits of the other driver's policy are covered by your policy up to the difference between the limits of your underinsured motorist coverage and the other driver's policy limit.

# UNDERSTANDING YOUR OPTIONS

## *Comprehensive Coverage/Collision Coverage*

**COMPREHENSIVE** (also known as comp or other than collision) and **COLLISION** coverage are not required by law, but may be required under the terms of an automobile leasing or financing contract.

Collision coverage pays you for damage that *you cause* to your automobile. You can also make a claim under your own collision coverage for damage to your car from an auto accident *you did not cause*. This may take less time

# UNDERSTANDING YOUR OPTIONS

## *Comprehensive Coverage/Collision Coverage continued*

than making a property damage liability claim against the driver who caused the auto accident. Your insurer then seeks reimbursement (subrogation) from the insurer of the driver who caused the auto accident.

Comprehensive coverage pays you if your automobile is stolen or for damage to your automobile caused by things not covered under collision coverage, such as vandalism, flooding, fire, a broken windshield or damage from an animal.

**DEDUCTIBLE** — The **STANDARD** deductible for comprehensive and collision coverage is \$750. Higher and lower deductibles are available as options. Higher deductibles can reduce your premium.

**NAMED DRIVER EXCLUSION** — Prevents certain drivers on your policy from being covered by collision and/or comprehensive coverage on a specific automobile. This can lower your premium, but if the excluded driver operates the automobile and is involved in an auto accident, you are not insured for collision and/or comprehensive coverage; which means you could be personally responsible.

**If you choose the  
STANDARD POLICY:**

**Comprehensive and Collision  
Coverage** are *always available as  
options of the STANDARD POLICY.*

**If you choose the  
BASIC POLICY:**

*Insurers are not required to provide these  
options in the BASIC POLICY.*

# UNDERSTANDING YOUR OPTIONS

*The Right to Sue*

For the **STANDARD POLICY**, you must make a choice about the rights you will have if you are injured in an automobile accident. (The **BASIC POLICY** *includes* the **LIMITED RIGHT TO SUE** option.)

## IMPORTANT

*The choice you make affects how much your insurance will cost and what claims will be paid in the event of an accident.*

The choice you make regarding your right to sue another driver applies to you, your spouse, children and other relatives living with you who are not covered under another automobile insurance policy.

The **UNLIMITED RIGHT TO SUE** and **LIMITED RIGHT TO SUE** options only cover lawsuits for “pain and suffering” or non-economic losses. Your medical expenses and some economic losses for injuries in auto accidents will be paid up to the limits of your PIP coverage and are not affected by the choice you make here.

# UNDERSTANDING YOUR OPTIONS

*The Right to Sue continued*

**UNLIMITED RIGHT TO SUE** — Under the No Limitation on Lawsuit Option, you retain the right to sue the person who caused an auto accident for pain and suffering for *any* injury.

**LIMITED RIGHT TO SUE** — By choosing the Limitation on Lawsuit Option, you agree *not* to sue the person who caused an auto accident for your pain and suffering *unless* you sustain one of the permanent injuries listed below: (Choosing this option *does not* affect your ability to sue for economic damages such as medical expenses and lost wages.)

- loss of body part
- significant disfigurement or significant scarring
- a displaced fracture
- loss of a fetus
- permanent injury (Any injury shall be considered permanent when the body part or organ, or both, has not healed to function normally and will not heal to function normally with further medical treatment based on objective medical proof.)
- death

**WARNING: Insurance companies or their producers or representatives shall not be held liable for your choice of lawsuit option (Limited Right to Sue or Unlimited Right to Sue) or for your choices regarding amounts and types of coverage. You cannot sue an insurance company or its producers or representatives if the Limited Right to Sue option is imposed by law because no choice was made on the coverage selection form. Insurers and their producers or representatives can lose this limitation on liability for failing to act in accordance with the law. See N.J.S.A. 17:28-1.9 for more information.**

# POLICY OPTIONS CHART

COVERAGES	Options That Cost Less	What Most Drivers Choose	Options That Cost More
LIABILITY - Bodily Injury and Property Damage	\$75,000; \$100,000	\$300,000	\$500,000
PERSONAL INJURY PROTECTION (PIP)			
Medical Expense Limit	\$15,000; \$50,000; \$75,000; \$150,000	\$250,000	Some insurers may offer more than \$250,000
Medical Deductible	\$500; \$1,000; \$2,000; \$2,500	\$250	---
Extra PIP Options: Income Continuation, Essential Services, Death Benefit and Funeral Expense Benefit	You can decline the Extra PIP Package	Most consumers choose the Extra PIP Package	Packages may be available in higher amounts
Health Insurer for PIP Option	Choose your own health insurer	Most consumers do not choose their own health insurer	---
UNINSURED/ UNDERINSURED MOTORIST COVERAGE	\$75,000; \$100,000	\$300,000	\$500,000
COLLISION COVERAGE DEDUCTIBLE	\$750; \$1,000; \$1,500; \$2,000	\$500	\$50; \$100; \$150; \$200; \$250
COMPREHENSIVE COVERAGE DEDUCTIBLE	\$750; \$1,000; \$1,500; \$2,000	\$500	\$50; \$100; \$150; \$200; \$250
LAWSUIT OPTION	---	Limitation on Lawsuit Option	No Limitation on Lawsuit Option

the 1990s, the number of people with diabetes has increased in all industrialized countries. In the Netherlands, the prevalence of diabetes is estimated to be 10% in 2000, with a projected increase to 15% by 2010. The prevalence of diabetes is also increasing in developing countries, where the incidence of diabetes is still low, but the prevalence is increasing rapidly because of the increasing life expectancy (1).

Diabetes is a chronic disease, and the long-term complications of diabetes are a major cause of morbidity and mortality. The most common long-term complications of diabetes are cardiovascular disease, nephropathy, retinopathy, and neuropathy. The prevalence of these complications is increasing in all industrialized countries, and this is due to the increasing prevalence of diabetes and the increasing life expectancy (2).

The long-term complications of diabetes are preventable, and the most effective way to prevent these complications is by maintaining good glycaemic control. The most common measure to improve glycaemic control is by increasing the use of insulin. In the Netherlands, the use of insulin has increased from 1.5% in 1980 to 10% in 2000. This increase in the use of insulin is due to the increasing prevalence of diabetes and the increasing life expectancy (3).

The increasing use of insulin is a major challenge for the health care system. The most common problem is the increasing cost of insulin. In the Netherlands, the cost of insulin has increased from 1.5% of the total health care cost in 1980 to 10% in 2000. This increase in the cost of insulin is due to the increasing prevalence of diabetes and the increasing life expectancy (4).

The increasing cost of insulin is a major challenge for the health care system. The most common problem is the increasing cost of insulin.
