EXPERIMENTAL or INVESTIGATIONAL.
Services or supplies, including treatments, procedures, Hospitalizations, drugs, biological products or medical devices, which We Determine are:
a) not of proven benefit for the particular diagnosis or treatment of Your particular condition; or
b) not generally recognized by the medical community as effective or appropriate for the particular diagnosis or treatment of Your particular condition; or
c) provided or performed in special settings for research purposes or under a controlled environment or clinical protocol.

Unless otherwise required by law with respect to drugs which have been prescribed for treatment for which the drug has not been approved by the United States Food and Drug Administration (FDA), We will not cover any services or supplies, including treatment, procedures, drugs, biological products or medical devices or any Hospitalizations in connection with Experimental or Investigational services or supplies.

We will also not cover any technology or any Hospitalization in connection with such technology if such technology is obsolete or ineffective and is not used generally by the medical community for the particular diagnosis or treatment of Your particular condition.

Governmental approval of a technology is not necessarily sufficient to render it of proven benefit or appropriate or effective for a particular diagnosis or treatment of Your particular condition as explained below.

We will apply the following five criteria in Determining whether services or supplies are Experimental or Investigational:
1) any medical device, drug, or biological product must have received final approval to market by the United States Food and Drug Administration (FDA) for the particular diagnosis or condition. Any other approval granted as an interim step in the FDA regulatory process, e.g., an Investigational Device Exemption or an Investigational New Drug Exemption, is not sufficient. Once FDA approval has been granted for a particular diagnosis or condition, use of the medical device, drug or biological product for another diagnosis or condition will require that one or more of the following established reference compendia:
-The American Hospital Formulary Service Drug Information; or
-The United States Pharmacopeia Drug Information.
recognize the usage as appropriate medical treatment. As an alternative to such recognition in one or more of the compendia, the usage of the drug will be recognized as appropriate if it is recommended by a clinical study or recommended by a review article in a major peer-reviewed professional journal. A medical device, drug, or biological product that meets the above tests will not be considered Experimental or Investigational.

In any event, any drug which the Food and Drug Administration has determined to be contraindicated for the specific treatment for which the drug has been prescribed will be considered Experimental or Investigational.
2) conclusive evidence from the published peer-reviewed medical literature must exist that the technology has a definite positive effect on health outcomes; such evidence must include well-

designed investigations that have been reproduced by nonaffiliated authoritative sources, with measurable results, backed up by the positive endorsements of national medical bodies or panels regarding scientific efficacy and rationale;
3) demonstrated evidence as reflected in the published peer-reviewed medical literature must exist that over time the technology leads to improvement in health outcomes, i.e., the beneficial effects outweigh any harmful effects;
4) proof as reflected in the published peer-reviewed medical literature must exist that the technology is at least as effective in improving health outcomes as established technology, or is usable in appropriate clinical contexts in which established technology is not employable; and
5) proof as reflected in the published peer-reviewed medical literature must exist that improvements in health outcomes, as defined in paragraph 3, is possible in standard conditions of medical practice, outside clinical investigatory settings.

Health Benefits Plan shall not include the following if it is offered as a separate policy, certificate or contract of insurance: Medicare supplemental health insurance as defined under section 1882(g)(1) of the federal Social Security Act; and coverage supplemental to the coverage provided under chapter 55 of Title 10, United States Code; and similar supplemental coverage provided to coverage under a Group Health Plan.

Notice of Hospital Admission Required

We require notice of all Hospital admissions. The times and manner in which the notice must be given is described below. When a Covered Person does not comply with the requirements of this section We reduce what We pay for covered Hospital charges as a penalty.

Pre-Hospital Review

All non-Emergency Hospital admissions must be reviewed by [ABC] before they occur. The Covered Person or the Covered Person's Practitioner must notify [ABC] and request a pre-hospital review. [ABC] must receive the notice and request as soon as possible before the admission is scheduled to occur. For a maternity admission, a Covered Person or his or her

Practitioner must notify [ABC] and request a pre-hospital review at least [60 days] before the expected date of delivery, or as soon as reasonably possible.

When [ABC] receives the notice and request, [they] evaluate:
a) the Medical Necessity and Appropriateness of the Hospital admission
b) the anticipated length of stay and
c) the appropriateness of health care alternatives, like home health care or other out-patient care.

[ABC] notifies the Covered Person's Practitioner [by phone, of the outcome of their review. And [they] confirm the outcome of [their] review in writing.]

If [ABC] authorizes a Hospital admission, the authorization is valid for:
a) the specified Hospital;
b) the named attending Practitioner; and
c) the authorized length of stay.

The authorization becomes invalid and the Covered Person's admission must be reviewed by [ABC] again if:
a) he or she enters a Facility other than the specified Facility
b) he or she changes attending Practitioners; or
c) more than [60 days] elapse between the time he or she obtains authorization and the time he or she enters the Hospital, except in the case of a maternity admission.

Emergency Admission
[ABC] must be notified of all Emergency admissions by phone. This must be done by the Covered Person or the Covered Person's Practitioner no later than the end of the next regular working day or as soon as possible after the admission occurs.
When [ABC] is notified [by phone,] they require the following information:
a) the Covered Person's name, social security number and date of birth;
b) the Covered Person group plan number;
c) the reason for the admission
d) the name and location of the Hospital
e) when the admission occurred; and
f) the name of the Covered Person's Practitioner.

Continued Stay Review
The Covered Person or his or her Practitioner, must request a continued stay review for any Emergency admission. This must be done at the time [ABC] is notified of such admission.

The Covered Person, or his or her Practitioner, must also initiate a continued stay review whenever it is Medically Necessary and Appropriate to change the authorized length of a Hospital stay. This must be done before the end of the previously authorized length of stay.

[ABC] also has the right to initiate a continued stay review of any Hospital admission. And [ABC] may contact the Covered Person's Practitioner or Hospital by phone or in writing.

In the case of an Emergency admission, the continued stay review evaluates:
a) the Medical Necessity and Appropriateness of the Hospital admission;
b) the anticipated length of stay; and
c) the appropriateness of health care alternatives.

In all other cases, the continued stay review evaluates:
a) the Medical Necessity and Appropriateness of extending the authorized length of stay; and
b) the appropriateness of health care alternatives.

[ABC] notifies the Covered Person's Practitioner [by phone, of the outcome of the review. And [ABC] confirms the outcome of the review in writing.] The notice always includes any newly authorized length of stay.

Penalties for Non-Compliance

c) [ABC's] authorization becomes invalid and the Covered Person does not obtain a new one; or
d) [ABC] does not authorize the Hospital admission.

In the case of an Emergency admission, as a penalty for non-compliance, We reduce what We pay for covered Hospital charges by 50%], if:
a) [ABC] is not notified of the admission at the times and in the manner described above;
b) the Covered Person does not request a continued stay review; or
c) the Covered Person does not receive authorization for such continued stay.

The penalty applies to covered Hospital charges incurred after the applicable time limit allowed for giving notice ends.

For any Hospital admission, if a Covered Person stays in the Hospital longer than [ABC] authorizes, We reduce what We pay for covered Hospital charges incurred after the authorized length of stay ends [by 50%] as a penalty for non-compliance.

Penalties cannot be used to meet this [Policy's] Cash Deductible or Coinsurance.

We require a Covered Person to get a pre-surgical review for any non-Emergency procedure performed outside of a Practitioner's office. When a Covered Person does not comply with the requirements of this section We reduce what We pay for covered professional charges for Surgery, as a penalty.

The Covered Person or his or her Practitioner, must request a pre-surgical review from [ABC]. [ABC] must receive the request at least 24 hours before the Surgery is scheduled to occur. If the Surgery is being done in a Hospital, on an Inpatient basis, the pre-surgical review request should be made at the same time as the request for a pre-hospital review.

When [ABC] receives the request, they evaluate the Medical Necessity and Appropriateness of the Surgery and they either:
a) approve the proposed Surgery, or
b) require a second surgical opinion regarding the need for the Surgery.

[ABC] notifies the Covered Person's Practitioner, [by phone, of the outcome of the review. [ABC] also confirms the outcome of the review in writing.]

If the second opinion does not confirm the medical necessity of the Surgery, the Covered Person may obtain a third opinion, although he or she is not required to do so.

[ABC] will give the Covered Person a list of Practitioners in his or her area who will give a second opinion. The Covered Person may get the second opinion from [a Practitioner on the list, or from] a Practitioner of his or her own choosing, if the Practitioner:
a) is board certified and qualified, by reason of his or her specialty, to give an opinion on the proposed Surgery;

COORDINATION OF BENEFITS AND SERVICES

Purpose Of This Provision

A Member may be covered under this Policy and subsequently become covered by or eligible for coverage under Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan**.** This provision allows Us to coordinate the services and supplies We provide with what Medicare pays or what Medicare would pay. This provision also allows us to coordinate benefits with what a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays**.** Coordination of benefits is intended to avoid duplication of benefits while at the same time preserving certain rights to coverage under all Plans under which the Covered Person is covered.

Please note: The ONLY circumstances in which a person may be covered under both this Policy and under Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan occur when a Covered Person is already covered under this Policy and subsequently becomes eligible for Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan.

DEFINITIONS

The words shown below have special meanings when used in this provision. Please read these definitions carefully. [Throughout this provision, these defined terms appear with their initial letter capitalized.]

Allowable Expense: The charge for any health care service, supply or other item of expense for which the Covered Person is liable when the health care service, supply or other item of expense is covered at least in part under any of the Plans involved, except where a statute requires another definition, or as otherwise stated below.

We will not consider the difference between the cost of a private hospital room and that of a semi-private hospital room as an Allowable Expense unless the stay in a private room is Medically Necessary and Appropriate.

Allowed Charge: An amount that is not more than allowance for the service or supply as determined by Us, based on a standard which is most often charged for a given service by a Provider within the same geographic area .

Claim Determination Period: A Calendar Year, or portion of a Calendar Year, during which a Covered Person is covered by this Policy and covered by or eligible to be covered by Medicare and incurs one or more Allowable Expense(s) under such plans.

Plan: Coverage with which coordination of benefits is allowed. Plan includes:

a) Group insurance and group subscriber contracts, including insurance continued pursuant to a Federal or State continuation law;
b) Self-funded arrangements of group or group-type coverage, including insurance continued pursuant to a Federal or State continuation law;

c) Group or group-type coverage through a health maintenance organization (HMO) or other prepayment, group practice and individual practice plans, including insurance continued pursuant to a Federal or State continuation law;
d) Group hospital indemnity benefit amounts that exceed $150 per day;
e) Medicare or other governmental benefits, except when, pursuant to law, the benefits must be treated as in excess of those of any private insurance plan or non-governmental plan.

For purposes of determining plans with which this plan can coordinate, Plan does not include:
a) Individual or family insurance contracts or subscriber contracts;
b) Individual or family coverage through a health maintenance organization or under any other prepayment, group practice and individual practice plans;
c) Group or group-type coverage where the cost of coverage is paid solely by the [Covered Person], except that coverage being continued pursuant to a Federal or State continuation law shall be considered a Plan;
d) Group hospital indemnity benefit amounts of $150 per day or less;
e) School accident –type coverage;
f) A State plan under Medicaid.

PRIMARY AND SECONDARY PLAN

We consider each plan separately when coordinating payments.

For the purpose of coordinating benefits with this individual policy, Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan is always the Primary Plan and this Policy is always the Secondary Plan. Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays or provides services or supplies first, without taking into consideration the existence of this Policy.

This Policy takes into consideration the benefits provided by Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan. During each Claim Determination Period, this Policy will pay up to the remaining unpaid allowable expenses, but this Policy will not pay more than it would have paid if it had been the Primary Plan. The method this Policy uses to determine the amount to pay is set forth below in the "**Procedures to be Followed by the Secondary Plan to Calculate Benefits"** section of this provision.

This Policy shall not reduce Allowable Expenses for medically necessary and appropriate services or supplies on the basis that precertification, preapproval, notification or second surgical opinion procedures were not followed.

Procedures to be Followed by the Secondary Plan to Calculate Benefits

In order to determine which procedure to follow it is necessary to consider:
a) the basis on which the Primary Plan and the Secondary Plan pay benefits; and
b) whether the provider who provides or arranges the services and supplies is in the network of either the Primary Plan or the Secondary Plan.

Benefits may be based on the Allowed Charge (AC), or some similar term. This means that the provider bills a charge and the Covered Person may be held liable for the full amount of the billed charge. In this section, a Plan that bases benefits on an allowed charge is called an "AC Plan."

Benefits may be based on a contractual fee schedule, sometimes called a negotiated fee schedule, or some similar term. This means that although a provider, called a network provider, bills a charge, the Covered Person may be held liable only for an amount up to the negotiated fee. In this section, a Plan that bases benefits on a negotiated fee schedule is called a "Fee Schedule Plan." If the Covered Person uses the services of a non-network provider, the plan will be treated as an AC Plan even though the plan under which he or she is covered allows for a fee schedule.

Payment to the provider may be based on a "capitation". This means that then HMO or other plans pays the provider a fixed amount per Covered Person. The Covered Person is liable only for the applicable deductible, coinsurance or copayment. If the Covered Person uses the services of a non-network provider, the HMO or other plans will only pay benefits in the event of emergency care or urgent care. In this section, a Plan that pays providers based upon capitation is called a "Capitation Plan."

In the rules below, "provider" refers to the provider who provides or arranges the services or supplies and "HMO" refers to a health maintenance organization plan.

Primary Plan is AC Plan and Secondary Plan is AC Plan

The Secondary Plan shall pay the lesser of:

a) the difference between the amount of the billed charges and the amount paid by the Primary Plan; or
b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

When the benefits of the Secondary Plan are reduced as a result of this calculation, each benefit shall be reduced in proportion, and the amount paid shall be charged against any applicable benefit limit of the plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in both the Primary Plan and the Secondary Plan, the Allowable Expense shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The total amount the provider receives from the Primary plan, the Secondary plan and the Covered Person shall not exceed the fee schedule of the Primary Plan. In no event shall the Covered Person be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is AC Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in the Secondary Plan, the Secondary Plan shall pay the lesser of:

a) the difference between the amount of the billed charges for the Allowable Expenses and the amount paid by the Primary Plan; or

b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The Covered Person shall only be liable for the copayment, deductible or coinsurance under the Secondary Plan if the Covered Person has no liability for copayment, deductible or coinsurance under the Primary Plan and the total payments by both the primary and Secondary Plans are less than the provider's billed charges. In no event shall the Covered Person be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is AC Plan

If the provider is a network provider in the Primary Plan, the Allowable Expense considered by the Secondary Plan shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is AC Plan or Fee Schedule Plan

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the Covered Person receives from a non-network provider is not considered as urgent care or emergency care, the Secondary Plan shall pay benefits as if it were the Primary Plan.

Primary Plan is Capitation Plan and Secondary Plan is Fee Schedule Plan or AC Plan

If the Covered Person receives services or supplies from a provider who is in the network of both the Primary Plan and the Secondary Plan, the Secondary Plan shall pay the lesser of:

a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Capitation Plan or Fee Schedule Plan or AC Plan and Secondary Plan is Capitation Plan

If the Covered Person receives services or supplies from a provider who is in the network of the Secondary Plan, the Secondary Plan shall be liable to pay the capitation to the provider and shall not be liable to pay the deductible, coinsurance or copayment imposed by the Primary Plan. The Covered Person shall not be liable to pay any deductible, coinsurance or copayments of either the Primary Plan or the Secondary Plan.

[Primary Plan is an HMO and Secondary Plan is an HMO

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the Covered Person receives from a non-network provider is not considered as urgent care or emergency care, but the provider is in the network of the Secondary Plan, the Secondary Plan shall pay benefits as if it were the Primary Plan. Except that the Primary Plan shall pay out-of-Network services, if any, authorized by the Primary Plan.]

[Note to carriers: This paragraph should only be included in plans issued as HMO coverage.]

SERVICES FOR AUTOMOBILE RELATED INJURIES

When You are the named insured under a motor vehicle insurance [Policy], You have two options under the terms of Your motor vehicle insurance [Policy]. The option You select will also determine coverage of any resident relative in the named insured's household who is not a separate named insured under another motor vehicle [Policy].

a) You may choose to have primary coverage for such services covered under Your motor vehicle insurance [Policy] (the Personal Injury Protection or compulsory Medical Payment provisions of a New Jersey motor vehicle insurance [Policy] or under similar provisions of a motor vehicle [Policy] required by any other federal or state no-fault motor vehicle insurance law).

If You choose this option, We will provide secondary coverage in accordance with regulations issued by the New Jersey Department of Banking and Insurance.

b) You may choose to have primary coverage for such services provided by this [Policy].

If You choose this option, We will provide benefits for any Covered Charges incurred for the diagnosis or treatment of an Injury or Illness resulting from a motor vehicle accident. However, these benefits are subject to the terms, conditions, and limits set forth in this [Policy].

In addition, the motor vehicle insurance [Policy] may provide for secondary benefits in accordance with regulations issued by the New Jersey Department of Banking and Insurance.

If there is a dispute as to primacy between the motor vehicle insurance [Policy] and this [Policy], this [Policy] will be primary.

This order of benefit determination does not apply if You are enrolled in a government health benefit program which provides that it is always secondary, or otherwise will not be a primary provider of benefits for motor vehicle injuries.

GENERAL PROVISIONS

AMENDMENT

We may make amendments to the Policy upon 30 days' notice to the Policyholder, and as provided in (b) and (c) below. An amendment will not affect benefits for a service or supply furnished before the date of change; and no change to the benefits under this Policy will be made without the approval of the Board.

Only Our officers have authority: to waive any conditions or restrictions of the Policy, to extend the time in which a Premium may be paid, to make or change a Policy, or to bind Us by a promise or representation or by information given or received.

No change in the Policy is valid unless the change is shown in one of the following ways:

a) it is shown in an endorsement on it signed by one of Our officers.
b) if a change has been automatically made to satisfy the requirements of any state or federal law that applies to the Policy, as provided in the section of this Policy called **Conformity With Law**, it is shown in an amendment to it that is signed by one of Our officers.

CLERICAL ERROR - MISSTATEMENTS

No clerical error nor programming or systems error by the Policyholder or by Us in keeping any records pertaining to coverage under this Policy will reduce a Covered Person's Coverage. Neither will delays in making entries on those records reduce it. However, if We discover such an error or delay, a fair adjustment of Premiums will be made.

Except as described in the **Premium Amounts** section, premium adjustments involving return of unearned premium to the Policyholder will be limited to the period of 12 months preceding the date of Our receipt of satisfactory evidence that such adjustments should be made.

If any relevant facts, are found to have been misstated, and the premiums are thereby affected, an equitable adjustment of premiums will be made. If such misstatement involves whether or not the person's coverage would have been accepted by Us, subject to this Policy's **Incontestability** section, the true facts will be used in determining whether coverage is in force under the terms of this Policy.
