Footnotes

(1) **Plan Names** were supplied by the Carrier. Please contact the Carrier for explanations of the abbreviations used in the plan names.

(2) Employers, that qualify as **"religious employers"** under Federal law, *may* have the option to purchase plans with certain exclusion provisions. Contact the Carrier for information about the exclusion provisions, if any.

(3) **Metal Level** indicates the actuarial value of the plan. Each metal level is designed to cover an expected percentage of the covered charges: Bronze 60%, Silver 70%, Gold 80%, and Platinum 90%.

(4) **Monthly Base Rate** applies to plans newly issued or renewed during the quarter. Multiply the Monthly Base Rate by the Territory Rating Factor and the Age Rating Factor.

(5) **Territory Rating Factor** is based on the employer's principal place of business.

(6) **Age Rating Factor** is used to calculate the monthly premium for each person to be covered.

(7) These are high deductible health plans and are compatible with **Health Savings Accounts (HSA)**. Contact the Carrier for additional information.

(8) These plans are **not available in all counties.** Contact the Carrier, or your broker, for additional information.

*For details about plans and coverage options, e.g. HSA, please contact the Carrier or your broker directly.

Premium Calculation

Monthly premium per person (whether employee or employee's dependents) = ((Monthly Base Rate[4] x Territory Rating Factor[5]) x Age Rating Factor [6])

Monthly premium per each employee's family = sum of the premiums for the employee and the employee's dependents.

Note: For **dependent children under age 20** the premium is capped at the sum of the premiums for three children.

Monthly premium per small employer group = sum of the premiums for all employees and dependents to be covered.
