ANNUAL STATEMENT FOR THE YEAR 2020 OF THE WellCare Health Insurance Company of New Jersey, Inc.
NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of the WellCare Health Insurance Company of New Jersey, Inc. (the “Company”), domiciled in the state of New Jersey, are presented on the basis of accounting practices prescribed or permitted by the New Jersey Insurance Department (the “Department”).

The Department recognizes only statutory accounting practices prescribed or permitted by the state of New Jersey for determining and reporting the financial condition, results of operations, and cash flows of an insurance company for determining its solvency under New Jersey insurance law. The National Association of Insurance Commissioners’ (“NAIC”) Accounting Practices and Procedures manual, (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the state of New Jersey.

A reconciliation of the Company’s net income (loss) and capital and surplus between NAIC SAP and practices prescribed and permitted by the state of New Jersey is shown below:

B. Uses of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in accordance with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The primary use of estimates are related to the Company’s reserve for claims unpaid. Actual results could differ significantly from those estimates.

C. Accounting Policy

1. Cash and short-term investments are carried at cost, which approximates fair value. Short-term investments include securities purchased within twelve months or less of maturity date.
2. Investment grade bonds (NAIC designations 1 or 2) not backed by other loans are valued at amortized cost using the scientific (constant yield) method. Bonds containing call provisions, except “make whole” call provisions, are amortized to the call or maturity value/date which produces the lowest asset value (yield to worst). Bonds which are below investment grade (NAIC designation 3 to 6) are carried at lower of amortized cost or fair value.
3. The Company holds no common stocks.
4. The Company holds no preferred stocks.
5. The Company holds no mortgage loans.
6. The Company holds no loan-backed securities.
7. The Company has no investment in subsidiaries, controlled or affiliated companies.
8. The Company has no interest in joint ventures.
9. The Company holds no derivatives.
10. The Company reviews expectations regarding the profitability of contracts in force to determine whether a premium deficiency reserve is required. The Company considers anticipated investment income when calculating its premium deficiency reserves. The adequacy of reserve requirements is continually reviewed by management, with any reductions in the reserve being recorded as a beneficial effect in the statement of revenue and expense. The Company's premium deficiency reserve is \$1,895,020 at December 31, 2020.
11. Unpaid losses and loss adjustment expenses include amounts determined from claims estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates

ANNUAL STATEMENT FOR THE YEAR 2020 OF THE WellCare Health Insurance Company of New Jersey, Inc.
NOTES TO FINANCIAL STATEMENTS

and while management believes the amount to be adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is continually reviewed and any adjustments are reflected in the period determined.
