The examination was made as of December 31, 2024, and addressed the five-year period from January 1, 2020, to December 31, 2024, including any material transactions and/or events occurring subsequent to the examination date and noted during the course of this examination. During this period, the Company reported admitted assets increased by \$53,612,496 to \$178,122,183 from \$124,509,687, liabilities increased by \$14,844,018 to \$54,651,962 from \$39,807,944, and capital and surplus increased by \$38,768,478 to \$123,470,221 from \$84,701,743.

The examination was conducted in accordance with the standards and procedures established by the National Association of Insurance Commissioners (“NAIC”) and prescribed by the current NAIC *Financial Condition Examiners Handbook* (the “Handbook”). The Handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer’s surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process as defined in the Handbook. This included assessing significant estimates made by management and evaluating management’s compliance with Statements of Statutory Accounting Principles (“SSAP”). The examination does not attest to the fair presentation of the financial statements included herein.

This examination report includes significant findings of fact and general information about the insurer and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but separately communicated to other regulators and/or the Company.

The Certified Public Accounting firm of PricewaterhouseCoopers, LLP (“PwC”) provided an unqualified audit opinion on the fair presentation of the Company’s year-end financial statements based on Statutory Accounting Principles for the reporting year period ending December 31, 2024. Relevant work performed by PwC during its annual audit of the Company was reviewed during the examination and incorporated into the examination work papers whenever feasible to facilitate efficiencies. Certain PwC work papers were utilized in determining the scope and areas of emphasis in conducting the examination.
