# GW Elevation Trends

- \* Follow-up to discussion from February 2019 WMAC meeting
  - Ground water elevation trends, especially NJ Critical Area 2 (NJ2) and Southeast PA Groundwater Protected Area (SEPA-GWPA)
- \* Reviewed wells reported through USGS NWIS in NJ2 and SEPA-GWPA
- \* Screened for currently monitored wells
- \* Revised existing scripts - pull, process, & plot data

# Plots online now

- \* Fully scripted
- \* Expandable to other NWIS sites
- \* Will plan updating plots weekly
