To: Chief School Administrators

From: Isaac Bryant, Assistant Commissioner  
Division of Student Services

Subject: Sending and Receiving Schools

**ATTENTION!**  
Important Information Requested

A key provision of New Jersey's new single accountability system requires that all public schools and their students be included in the state's accountability system. New Jersey's accountability system requires that those schools without a state test grade, e.g., K-2, be included in the accountability system by joining schools without test grades to the receiving school with a test grade, and treating them as one accountability unit. Specifically, the [Accountability Workbook](#) states "Those schools without a test grade, e.g., K-2 schools, are linked to their respective receiving schools and treated as a single unit for accountability purposes since their outcomes are part of a continuum of the curriculum and instructional process." (The workbook can be found on the New Jersey Department of Education (NJDOE) web site at: <http://www.state.nj.us/njded/grants/nclb/workbook.pdf>)

However, there may be exceptions in the case of several sending schools feeding into one receiving school. If the receiving school is identified as in need of improvement, but a sending school can clearly demonstrate that it made adequate yearly progress by extrapolating its student data from the receiving school's test scores, the sending school's identification as a school in need of improvement may be changed and recorded accordingly. Sending schools may also present other test data that indicate students are achieving to high levels if they lack the capacity at this time to extrapolate state assessment data back to their school.

In reviewing New Jersey's school data base, it has been determined that a school in your district has been identified as one without a state test grade. When the NJDOE reports the state assessment results, the sending/receiving school results will be reported as one entity. The NJDOE will review the outcomes of the 2003 state assessment data in the next month. The attached list shows the sending/receiving relationships shown on the NJDOE data base. Completion and submission of the attached document will assure the accuracy of the data base.

Please confirm the accuracy of our data by checking or completing the appropriate sections (A, B, C, D). If there is a specific reason why this accountability linkage should not apply to the school in your district, please indicate your alternate accountability design by completing Section C. This document must be signed and dated (in Section D).

**Please complete the attached document, Sending/Receiving Schools, and submit it to the NJDOE by September 26, 2003 at:**

New Jersey Department of Education  
Office of Title I Program Planning and Accountability  
PO Box 500  
Trenton, NJ 08625

Please contact Linda Dold-Collins, director, Office of Title I Program Planning and Accountability, at 609-943-4283, with questions or circumstances that differ from the model. Thank you for your cooperation and support in implementing this federal requirement to ensure that all students are included in the state's single accountability system.

**New Jersey Department of Education  
Single Accountability System  
Sending/Receiving Schools**

A.  The information on the NJDOE data base (attached) is correct.

B.  The information on the NJDOE data base (attached) is incorrect. Following is the corrected information.

**Sending School**

List the name of each school without a test grade, the school code, the grade span, the district and county and the codes for each.

**Receiving School**

List the name of the receiving school, its school code and grade span. List the district, county and the codes for each.

*Note:* For schools sending to multiple receiving schools, list all. For schools receiving from multiple sending schools, list all.

<b>Sending School</b>	<b>Name</b>	<b>Code</b>	<b>Receiving School</b>	<b>Name</b>	<b>Code</b>
County			County		
District			District		
School			School		
Grade Span			Grade Span		
County			County		
District			District		
School			School		
Grade Span			Grade Span		
County			County		
District			District		
School			School		
Grade Span			Grade Span		

C. If the linkage does not apply, **check** how the school without a test grade will be held accountable (*either or both*):

Student tracking to test grade

Sending alternate school assessment data

D. I certify that the information provided is correct and complete.
