About this Guide

The objective of this directory is to help immigrants to the United States find English as a second language (ESL) programs in their area that are best suited to their needs. Originally created as a collaborative project between the New Jersey Departments of Community Affairs and Education (NJDOE), it is annually revised by the NJDOE. The resources in the directory are current as of June 2014; however, programs are constantly changing. The listings are grouped alphabetically by county. The directory also contains a listing of Internet ESL resources (page 41), resources for businesses that wish to provide their employees with ESL training (page 38), and an index of the listings. Individuals searching for ESL classes should also explore the following options:

- Many libraries offer ESL classes and other community services free of charge. Please visit <http://www.publiclibraries.com/newjersey.htm> which lists and provides websites for all New Jersey libraries.
- Additional ESL classes may be available through the Department of Labor and Workforce Development One-Stop Career Centers (pg. 40). These offer services to help individuals develop the skills needed to succeed in a 21st century work environment.
- Some individuals may be eligible to enroll in ESL classes at no cost from Workforce Advantage, a government agency that provides training leading to employment. For more information, visit their website at <http://www.workforceadvantageusa.com/index.asp>

The Resource Guide for Adult English Language Learners comprises a list of agencies in New Jersey that offer English as a second language classes for adults. The New Jersey Department of Education updates the list annually. However, the Department neither endorses the listed agencies nor attests to the veracity of the information. It is the responsibility of individuals using this guide to ensure that the information provided herein is accurate.

The Institute for Intensive English provides an English for Academic Purposes (EAP) program for ESL students to enhance their English language abilities in order to further their academic, career, and/or personal goals. After placement testing, students enter an appropriate ESL level of instruction commensurate with their abilities. In all levels, students can register for two core EAP courses: Grammar/Writing and Reading/Listening/Speaking. Upon completing each course, there is an exit test, to assess a student's proficiency. Upon completion of Level 6, students take ENG 111-112, a two-semester sequence of college composition for ESL students (equivalent to ENG 101), along with other courses. While enrolled in EAP courses, students can take some additional content area courses, depending on a student's level.
