

## Art & Essay Contest

Dear Educators and Students,

Peace Islands Institute announces its 4th Annual Art & Essay Contest for the middle and high school students in the State of New Jersey. Since its inception in 2010 PII's Art & Essay contest for grades 6-12 has reached a prominent number of submissions each year. The board later decided to limit the submissions 5 per teacher per grade, where more than 200 NJ schools are participating. You can see previous Award Ceremonies and winners by visiting our webpage. [www.peaceislands.org](http://www.peaceislands.org)

**Sponsors:** PSEG, Star Ledger, Ebru TV

### About the Contest:

PII helps to make New Jersey a stronger and more prosperous state by advancing the causes of peace, cross-cultural tolerance and human dignity. PII believes that establishment of dialog environments is a means to appreciate diverse opinions and eliminate the stereotypes often assigned to 'others'. In this respect the Art and Essay Contest is very instrumental in building bridges between New Jersey communities as well as other segments of the larger society.

To contribute to the improvement of diversity, pluralism and multiculturalism in society, PII organizes the ART & ESSAY CONTEST to instill some of these values among the youth of our state and to give them a forum with various platforms in which they can express their understanding and analysis of these values. The contest's objective is to make our future leaders aware of social problems at an early age and to think globally.

The contest consists of 2 categories; art and essay, and is made up of 2 participant categories; Middle school (grades 6 through 8), and high school (grades 9 through 12). Each participant can compete in one or both categories listed below. For more information about the contest and the location of the events you can visit PII's website: [www.Peaceislands.org](http://www.Peaceislands.org).

Each year we have a different theme. This year's theme is: **Cyber Bullying: Coping with the Electronic Realm; be heard, organize, achieve**

### **Definition of the theme and Brainstorming worksheet:**

When planning your submission(s), it is important to think about the theme, “Cyber Bullying; Coping with the Electronic Realm; be heard, organize, achieve” in many different ways.

In other words, try to think about the following ...

- The internet has a lot of awesome places to be and at the same time, there are places where nobody should be.
- Technology (social media) could ruin people’s lives, and we should realize the power of that.
- What is being safe on the internet?
- How to balance technology in our lives without banning it.
- Why do individuals Cyber Bully?
- What are the outcomes of being Cyber Bullied?
- What could be done to prevent Cyber Bullying?
- How I would help someone I know who is being Cyber Bullied?
- How would I react to someone who is Cyber Bullying?
- How can we mobilize people around us to come together to stand against cyber bullying?
- What role can parents and school officials play to prevent Cyber Bullying?
- What more could the state of New Jersey and law makers do to prevent Cyber Bullying?

The theme of “Cyber Bullying?” means much more than you think. When composing your work, feel free to be creative. Just remember you want to create a work that makes the reader think and realize the theme and why it is important to consider it in today’s global context.

### **Who can participate & Important Dates**

Students at grades 6-12 from the State of New Jersey can enter the contest. Each student may submit only one work in each category.
