Release of 2021-2022 Statewide Assessment Data Files

The New Jersey Department of Education (NJDOE) is scheduled to release the State, District and School data files for the 2021-2022 statewide assessments on **December 16, 2022**. While districts have had access to the overall state level performance since receiving their data files in late August, this is the first time state-level data that can be disaggregated will be available for the 2021-2022 statewide assessments.

Release of Data Files

Beginning on December 16, 2022, State, District and School data files will be available on the [Statewide Assessment Results webpage](#) for the following assessment programs: New Jersey Student Learning Assessments (NJSLA), Dynamic Learning Maps (DLM), New Jersey Graduation Proficiency Assessment (NJGPA) and ACCESS for English Language Learners (ELLs). These files contain the percentage of students at each performance level for students with valid scale scores in the state, district and school, and each demographic group (i.e., race/ethnicity, gender, economic disadvantage, English learners, and students with disabilities).

It is important to note that certain data may be suppressed in the posted files to protect the confidentiality of the students. When this occurs, an asterisk (*) will be used to indicated suppressed data.
