### **2020 Census Data for Fiscal Year 2022 Title I, Part A Allocations**

Annually, the United States Department of Education (USED) provides [Census data on population and poverty estimates for local educational agencies \(LEAs\)](#). These data are used by both the USED and the New Jersey Department of Education to calculate LEA Title I, Part A allocations. The Census data estimates are based on a statistical model that incorporates information from the Census Bureau's American Community Survey, administrative records taken from Federal income tax returns and the Supplemental Nutrition Assistance Program, the most recent decennial Census, updates to populations' estimates that the Census Bureau may have completed since the last decennial census, data on Supplementary Security Income recipients, and economic data from the Bureau of Economic Analysis.

The Census Bureau is providing a challenge period for LEAs to review the 2020 LEA poverty and population data for certain non-statistical errors. These errors are those that the Census Bureau may have made in: (1) processing input data or running the estimation models/programs; or (2) preparing or processing information to define geographic boundaries (e.g., school district boundaries).

The challenge period ends on March 16, 2022. To obtain information on the process to challenge the data, LEAs must contact the Small Area Income and Poverty Estimates (SAIPE) Branch at the Census Bureau at (301) 763-3193 or email [sehsd.saipe@census.gov](mailto:sehsd.saipe@census.gov).
