Webinar for Discussion of Updates to School Health Guidance

On February 23, 2022, Governor Murphy and the New Jersey Department of Health (NJDOH) released revisions to the [COVID-19 Public Health Recommendations for Local Health Departments for K–12 Schools](#). The New Jersey Department of Education (NJDOE) and the NJDOH will host a webinar on Friday, February 25, 2022 at 9:00 a.m. to provide an overview of the revisions, including the expiration of the universal school mask mandate. The webinar will also include a question and answer session. To facilitate an orderly discussion, participants should submit questions in advance at the time of registration. In addition, the NJDOE will monitor the chat feature for any additional questions during the course of the webinar. The NJDOE invites you to share the invitation with those who work most closely with health guidance, including but not limited to school nurses; however, considering capacity constraints, please only share the invitation with essential team members.
